INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR AND PARTICIPANTS OF SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their report dated September 15, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Saarman Construction, Ltd. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 1995 to provide retirement benefits for employees of Saarman Construction, Ltd. (the “Company”). Effective January 1, 2021 the terms of the Plan were restated with substantially the same provisions. The Plan is a defined contribution plan covering all employees who have attained twenty-one years of age and have completed 90 days of employment. Employees who are members of a collective bargaining agreement, leased employees, and non-resident aliens who do not receive any compensation from sources within the United States are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”). The 401(k) committee is responsible for the oversight of the Plan, including determining and monitoring the appropriateness of the Plan’s investment offerings.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

In November 2020, the Plan implemented certain loan and distribution provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020. The loan provisions permitted qualified Plan participants who had Plan loan repayments due in 2020 to defer such repayments beyond December 31, 2020. The distribution provisions permitted a coronavirus-related distribution up to \$100,000 in 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution (“RMD”) to waive such distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”). The Plan will be amended for the provisions implemented under the CARES Act and SECURE Act in accordance with the applicable law and Internal Revenue Service (“IRS”) guidance.

Participant Contributions – Participants in the Plan may elect to contribute, on a pre-tax basis or after-tax basis (“Roth”), either a percentage or set dollar amount of their annual eligible compensation, as defined by the Plan. Participants may voluntarily contribute up to 100% of their annual eligible pretax compensation, as defined, with maximum contributions totaling \$19,500 for the year ended December 31, 2021. The Plan allows participants who have attained 50 years of age by the end of the Plan year and who are making contributions to the Plan, to also make a catch-up contribution limited to \$6,500 for the year ended December 31, 2021. Participants are also allowed to rollover contributions from other qualified retirement plans, subject to approval by the plan administrator. A participant may increase or decrease the amount of contributions at the beginning of each payroll period.

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company matches participant contributions by contributing 50% of the employee's pretax contribution up to a maximum of \$250 each plan year. Discretionary matching and profit sharing contributions may be made at the option of the Company's board of directors, subject to limitations imposed by applicable provisions of the IRC. Additionally, prevailing wage contributions will be made to participants covered by a prevailing wage contract and only as to compensation paid under the prevailing wage contract. Employees must have completed 1,000 hours of service during a twelve-month eligibility period to be eligible to the employer matching and non-elective contributions.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions, rollover contributions, prevailing wage contributions, the Company's matching contributions, as well as allocations of the Company's profit sharing contributions, if any. Participant accounts are credited or charged with allocations of investment earnings and losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, matching contributions, prevailing wage contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into various investment securities offered through the Plan which include various pooled separate accounts and an investment contract.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The loans are secured by the balance in the participants' accounts. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000, reduced by the excess of the Participant's highest outstanding Participant loan balance during the preceding twelve-month period. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence, in which case the term of the loan may be for a period not to exceed 15 years.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants (Continued) – Loans are subject to interest charged at rates equal to prime rate as published daily in the Wall Street Journal plus 1% and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions, and loans are due immediately upon termination of employment.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution, a direct rollover distribution into a qualified plan, or annual installments equal to the value of the participant's vested interest in his or her account. Upon termination of service, if a participant's account balance is in excess of \$5,000, the participant may delay the receipt of distributions. If a terminated participant's vested interest does not exceed \$5,000, it will be distributed to the participant in a lump-sum amount. If a terminated participant's distribution exceeds \$1,000 including any rollover contribution and the Plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan on behalf of the participant, as determined by the Plan administrator. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 72 or the year in which the participant terminates employment.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeiture accounts may be used to reduce required employer contributions and to fund the Plan's administrative expenses. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$189 and \$10,587, respectively. During the year ended December 31, 2021, \$11,915 was used from the forfeiture account to pay administrative expenses, and \$250 was used to reduce employer contribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes within, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) committee determines the Plan's valuation policies utilizing information provided by its third party administrator and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") are described as follows:

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used by the Plan for assets measured at fair value.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by Transamerica Life Insurance Company ("Transamerica"), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are currently not subject to withdrawal limitations.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

<u>Pooled Separate Accounts</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2021	\$ 8,931,374	N/A	Daily	Daily
December 31, 2020	\$7,737,230	N/A	Daily	Daily

In accordance with FASB ASC Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, approximately 68% and 69% of total investments assets were from five investment funds, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the insurance company, has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits and in the Notes to Financial Statements as of December 31, 2021 and 2020, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment and interest income on notes receivable from participants reflected in the Statement of Changes in Assets Available for Benefits for the year ended December 31, 2021.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 5 – INVESTMENT CONTRACT

As part of the Stable Value Account, the Plan entered into a fully benefit-responsive group annuity contract with Transamerica. Transamerica (“the issuer”) maintains the contributions in a general account. The issuer is contractually obligated to repay the principal and a specified interest rate to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and there is no minimum rate. There is no minimum guaranteed interest rate under this Contract. Such interest rates are reviewed at six month intervals for resetting, and at least 45 days in advance of the date the new rate will be effective. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuers’ ability to meet its contractual obligations may be affected by future economic and regulatory developments.

All permitted participant-initiated transactions involving the investment occur at contract value with no conditions, limits or restrictions. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issues and that also would limit the ability of the Plan to transact at contract value with the participants.

Transamerica may terminate the contract with 30 days advanced written notice to the contract owner for reasonable cause, which includes the following: 1) the Plan is changed so as to significantly affect Transamerica’s obligations under the contract; or 2) the contract can no longer be treated as a pension plan contract, as that term is defined under the IRC, and Transamerica determines that it is not practical to continue providing benefits under the contract; or 3) the Plan is terminated; or 4) the contract holder fails to comply with the requirements under the contract, or 5) the contract holder, except by unintentional omission, fails to provide information Transamerica requires under the contract; or 6) the contract holder, except by unintentional omission, fails to furnish Transamerica with a copy of any amendments to the Plan or annual report records, as defined; or 7) the sum of the contract account values at any time equals \$20,000 or less. Upon termination by Transamerica, a market value adjustment may apply.

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 6 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was received on March 31, 2014 regarding the qualified status of the volume submitter profit sharing plan on which the terms of the Plan were based. In connection with the Plan restatement on January 1, 2021, the Plan adopted the Ascensus LLC Non-Standardized Defined Contribution Pre-Approved Plan. In a letter dated June 30, 2020, the IRS informed Ascensus LLC that, in their opinion, the form of the pre-approved plan is acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan has not filed for a separate determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by an affiliate of Transamerica. Transamerica maintains the assets of the Plan under a group annuity contract; therefore, transactions for investment management services qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Transamerica receives revenue from certain fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan. Because these expenses are paid through a revenue sharing arrangement, they are included in net appreciation or depreciation in fair value of investments.

Fees paid by the Plan for recordkeeping and administration fees amounted to approximately \$57,000 for the year ended December 31, 2021, and are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR AND PARTICIPANTS OF SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their report dated September 15, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Saarman Construction, Ltd. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 1995 to provide retirement benefits for employees of Saarman Construction, Ltd. (the “Company”). Effective January 1, 2021 the terms of the Plan were restated with substantially the same provisions. The Plan is a defined contribution plan covering all employees who have attained twenty-one years of age and have completed 90 days of employment. Employees who are members of a collective bargaining agreement, leased employees, and non-resident aliens who do not receive any compensation from sources within the United States are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”). The 401(k) committee is responsible for the oversight of the Plan, including determining and monitoring the appropriateness of the Plan’s investment offerings.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

In November 2020, the Plan implemented certain loan and distribution provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020. The loan provisions permitted qualified Plan participants who had Plan loan repayments due in 2020 to defer such repayments beyond December 31, 2020. The distribution provisions permitted a coronavirus-related distribution up to \$100,000 in 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution (“RMD”) to waive such distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”). The Plan will be amended for the provisions implemented under the CARES Act and SECURE Act in accordance with the applicable law and Internal Revenue Service (“IRS”) guidance.

Participant Contributions – Participants in the Plan may elect to contribute, on a pre-tax basis or after-tax basis (“Roth”), either a percentage or set dollar amount of their annual eligible compensation, as defined by the Plan. Participants may voluntarily contribute up to 100% of their annual eligible pretax compensation, as defined, with maximum contributions totaling \$19,500 for the year ended December 31, 2021. The Plan allows participants who have attained 50 years of age by the end of the Plan year and who are making contributions to the Plan, to also make a catch-up contribution limited to \$6,500 for the year ended December 31, 2021. Participants are also allowed to rollover contributions from other qualified retirement plans, subject to approval by the plan administrator. A participant may increase or decrease the amount of contributions at the beginning of each payroll period.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company matches participant contributions by contributing 50% of the employee's pretax contribution up to a maximum of \$250 each plan year. Discretionary matching and profit sharing contributions may be made at the option of the Company's board of directors, subject to limitations imposed by applicable provisions of the IRC. Additionally, prevailing wage contributions will be made to participants covered by a prevailing wage contract and only as to compensation paid under the prevailing wage contract. Employees must have completed 1,000 hours of service during a twelve-month eligibility period to be eligible to the employer matching and non-elective contributions.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions, rollover contributions, prevailing wage contributions, the Company's matching contributions, as well as allocations of the Company's profit sharing contributions, if any. Participant accounts are credited or charged with allocations of investment earnings and losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, matching contributions, prevailing wage contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into various investment securities offered through the Plan which include various pooled separate accounts and an investment contract.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The loans are secured by the balance in the participants' accounts. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000, reduced by the excess of the Participant's highest outstanding Participant loan balance during the preceding twelve-month period. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence, in which case the term of the loan may be for a period not to exceed 15 years.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants (Continued) – Loans are subject to interest charged at rates equal to prime rate as published daily in the Wall Street Journal plus 1% and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions, and loans are due immediately upon termination of employment.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution, a direct rollover distribution into a qualified plan, or annual installments equal to the value of the participant's vested interest in his or her account. Upon termination of service, if a participant's account balance is in excess of \$5,000, the participant may delay the receipt of distributions. If a terminated participant's vested interest does not exceed \$5,000, it will be distributed to the participant in a lump-sum amount. If a terminated participant's distribution exceeds \$1,000 including any rollover contribution and the Plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan on behalf of the participant, as determined by the Plan administrator. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 72 or the year in which the participant terminates employment.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeiture accounts may be used to reduce required employer contributions and to fund the Plan's administrative expenses. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$189 and \$10,587, respectively. During the year ended December 31, 2021, \$11,915 was used from the forfeiture account to pay administrative expenses, and \$250 was used to reduce employer contribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes within, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) committee determines the Plan's valuation policies utilizing information provided by its third party administrator and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") are described as follows:

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used by the Plan for assets measured at fair value.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by Transamerica Life Insurance Company ("Transamerica"), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are currently not subject to withdrawal limitations.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

<u>Pooled Separate Accounts</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2021	\$ 8,931,374	N/A	Daily	Daily
December 31, 2020	\$7,737,230	N/A	Daily	Daily

In accordance with FASB ASC Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, approximately 68% and 69% of total investments assets were from five investment funds, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the insurance company, has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits and in the Notes to Financial Statements as of December 31, 2021 and 2020, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment and interest income on notes receivable from participants reflected in the Statement of Changes in Assets Available for Benefits for the year ended December 31, 2021.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – INVESTMENT CONTRACT

As part of the Stable Value Account, the Plan entered into a fully benefit-responsive group annuity contract with Transamerica. Transamerica (“the issuer”) maintains the contributions in a general account. The issuer is contractually obligated to repay the principal and a specified interest rate to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and there is no minimum rate. There is no minimum guaranteed interest rate under this Contract. Such interest rates are reviewed at six month intervals for resetting, and at least 45 days in advance of the date the new rate will be effective. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuers’ ability to meet its contractual obligations may be affected by future economic and regulatory developments.

All permitted participant-initiated transactions involving the investment occur at contract value with no conditions, limits or restrictions. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issues and that also would limit the ability of the Plan to transact at contract value with the participants.

Transamerica may terminate the contract with 30 days advanced written notice to the contract owner for reasonable cause, which includes the following: 1) the Plan is changed so as to significantly affect Transamerica’s obligations under the contract; or 2) the contract can no longer be treated as a pension plan contract, as that term is defined under the IRC, and Transamerica determines that it is not practical to continue providing benefits under the contract; or 3) the Plan is terminated; or 4) the contract holder fails to comply with the requirements under the contract, or 5) the contract holder, except by unintentional omission, fails to provide information Transamerica requires under the contract; or 6) the contract holder, except by unintentional omission, fails to furnish Transamerica with a copy of any amendments to the Plan or annual report records, as defined; or 7) the sum of the contract account values at any time equals \$20,000 or less. Upon termination by Transamerica, a market value adjustment may apply.

SAARMAN CONSTRUCTION, LTD. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 6 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was received on March 31, 2014 regarding the qualified status of the volume submitter profit sharing plan on which the terms of the Plan were based. In connection with the Plan restatement on January 1, 2021, the Plan adopted the Ascensus LLC Non-Standardized Defined Contribution Pre-Approved Plan. In a letter dated June 30, 2020, the IRS informed Ascensus LLC that, in their opinion, the form of the pre-approved plan is acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan has not filed for a separate determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by an affiliate of Transamerica. Transamerica maintains the assets of the Plan under a group annuity contract; therefore, transactions for investment management services qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Transamerica receives revenue from certain fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan. Because these expenses are paid through a revenue sharing arrangement, they are included in net appreciation or depreciation in fair value of investments.

Fees paid by the Plan for recordkeeping and administration fees amounted to approximately \$57,000 for the year ended December 31, 2021, and are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
