To the Plan Administrator
thyssenkrupp 401(k) Plan North America

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of thyssenkrupp 401(k) Plan North America (f/k/a ThyssenKrupp North America, Inc. 401(k) Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
thyssenkrupp 401(k) Plan North America

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
thyssenkrupp 401(k) Plan North America

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that, (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the Plan's 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of thyssenkrupp 401(k) Plan North America (f/k/a ThyssenKrupp North America, Inc. 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by thyssenkrupp North America, LLC (the "Company") covering all eligible employees of the Company and its U.S. affiliates. Effective January 1, 2021, a new plan agreement was adopted. Employees are now eligible to participate in the Plan after completing 90 days of service and reaching 18 years of age. Previously, employees were subject to eligibility requirements defined by legacy plan documents.

The Plan's investments are managed by the trustee, Fidelity Management Trust Company (Fidelity or the "Trustee"), and disbursed to specific investment option offerings in proportions directed by each participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee contributions represent a percentage of each eligible participant's pretax or after-tax earnings, as defined in the plan agreement, and are subject to maximum tax-deferred limitations established by the Internal Revenue Code. Eligible employees not enrolling in the Plan within 30 days are automatically enrolled in the Plan at a pretax contribution amount of 3 percent of eligible compensation. All participants with a deferral rate greater than 0 percent are subject to automatic deferral increases at a rate of 1 percent annually until a deferral rate of 10 percent is reached. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Effective January 1, 2021, eligible nonunion employees receive safe harbor matching contributions equal to 100 percent of the first 3 percent of the participant's eligible contribution, and 50 percent of the next 4 percent of the participant's eligible contribution. Additional participant contributions beyond 7 percent are not matched by the Company for these participants. Previously, eligible nonunion employees received employer matching contributions of 100 percent of the first 5 percent of the participant's contribution.

Effective December 31, 2020, as a result of the plan merger described in Note 3, eligible union employees receive matching contributions in various amounts determined under applicable collective bargaining agreements. The Plan also provides that the Company and its U.S. affiliates may make annual discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of company matching contributions and plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in their elective deferrals and rollover contributions plus actual earnings thereon.

Effective January 1, 2021, participants vest in the Company's safe harbor matching contribution at 50 percent after one year of service and are fully vested after two years of service. Discretionary employer contributions vest 25 percent after two years of service and are fully vested after five years of service.

December 31, 2021 and 2020

Note 1 - Plan Description (Continued)

In addition, participants who were eligible for the Plan prior to January 1, 2021 are fully vested in all pre-2021 safe harbor matching contributions.

For participants who merged into the Plan from the Defined Contribution 401(k) Pension Plan for Certain ThyssenKrupp U.S. Group Companies, as described in Note 3, all employer contributions will vest 40 percent after one year of service and another 20 percent per year thereafter until becoming fully vested after four years of service.

In 2006, the Plan was considered partially terminated due to a substantial reduction in the number of plan participants. Accordingly, all participants affected by the partial termination became 100 percent vested in their entire account balances during 2006.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Hardship Withdrawals

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan agreement.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Participants are 100 percent vested upon termination of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity or its affiliates. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions.

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

As more fully described in Note 5, the Plan held an interest in the thyssenkrupp North America, LLC Defined Contribution Master Trust (the "Master Trust") through January 1, 2021. Investments held by the Plan as of December 31, 2021 are stated at fair value. The fair value of the Plan's interest in the Master Trust at December 31, 2020 was based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. The Master Trust's investments were stated at fair value.

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. The stable value common collective trust fund has certain limitations on withdrawals and exchanges as follows:

Participant directed: Withdrawals made in order to accommodate distributions to participants or transfers to noncompeting investments may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Non-participant directed: Withdrawals directed by a plan sponsor must be preceded by a 12-month written notice to Fidelity Management Trust Company. However, Fidelity may, at its discretion, complete any plan-level withdrawal before the expiration of such 12-month period. No such notice has been given to Fidelity.

There are no unfunded commitments or other redemption notice requirements with this class.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Additionally, the Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities and short-term cash. All other investments are valued based on quoted market prices. See Note 6 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies (Continued)***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 4, 2022, which is the date the financial statements were available to be issued.

Note 3 - Plan Merger and Transfers

Effective December 31, 2020, the Defined Contribution 401(k) Pension Plan for Certain ThyssenKrupp U.S. Group Companies, a plan sponsored by the Company, merged into the Plan. Accordingly, assets of approximately \$188 million were transferred into the Plan on this date.

The Company and members of its controlled group sponsor several defined contribution plans. For participants who incur a change in employment within companies of the controlled group, the plans allow the participants to move their participant accounts to the plan that corresponds to their new employer. During 2021, net participant account balances totaling approximately \$136,000 transferred into the Plan. During 2020, net participant account balances totaling approximately \$463,000 transferred out of the Plan.

Note 4 - Unaudited Information

Fidelity Management Trust Company holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year, including master trust information included in Note 5, are based solely on information certified by the Trustee.

Note 5 - Interest in Master Trust

The Plan's investments were in the Master Trust through January 1, 2021. On this date, investments available for benefits and related participant accounts of the Plan totaling approximately \$244 million were transferred out of the Master Trust. The Master Trust was established for the investment of assets of the Plan and several other thyssenkrupp North America, LLC sponsored benefit plans. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company.

Investment income and administrative expenses relating to the Master Trust is allocated to the individual plans based upon their pro rata share in the investments of the Master Trust. The participants may elect to have a percentage of their contributions allocated to one or more funds.

The fair value of investments for the Master Trust at December 31, 2020 was as follows:

	Master Trust Balances	Plan's Interest in Master Trust Balances
Investments:		
Money market funds	\$ 8,047,728	\$ 5,727,037
Mutual funds	232,358,704	156,890,930
Common collective trust funds	118,362,869	77,935,757
Self-directed brokerage investments	5,979,205	3,838,437
Total master trust investments	<u>\$ 364,748,506</u>	<u>\$ 244,392,161</u>

December 31, 2021 and 2020

Interest in Master Trust (Continued)

The net investment income for the Master Trust for the year ended December 31, 2020 was as follows:

Net realized and unrealized gains on investments	\$ 29,369,954
Interest and dividends	<u>12,581,993</u>
Net investment income	<u>\$ 41,951,947</u>

During 2020, investments available for benefits and related participant accounts totaling approximately \$474 million were transferred out of the Master Trust. The transfers related to other participating plans in the Master Trust.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan and the Master Trust have the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's and the Master Trust's assessments of the significance of particular inputs to these fair value measurements require judgment and consider factors specific to each asset.

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 7 - Tax Status

Effective January 1, 2021, the Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated June 30, 2020. The Plan has not individually sought its own determination letter.

Summary of 5% Reportable Transactions
Pursuant to Department of Labor Regulation (DOL) 2520.103-6(c)
For the Plan Year Ending 12/31/2021

Beginning Plan Balance(1):	\$66,938,438.02
5% of Beginning Balance (applicable for IRS Form 5500, Schedule H filers):	\$3,346,921.90

Schedule below is a record of all non-participant directed transactions pursuant to IRS Form 5500 instructions.

Transactions pursuant to DOL Sec. 2520.103-6(c) (1)(i) and 2520.103-6(d):

A transaction within the plan year, with respect to any plan asset, involving amount in excess of 5% for Schedule H filers of the current value of plan assets.

Description of <u>Asset/Transaction</u>	Date	Purchase <u>Price</u>	Sales <u>Price</u>	Expenses <u>Incurred</u>	Cost of <u>Assets</u>	Realized <u>Gain/Loss</u>	% to <u>Bal</u>
--	------	--------------------------	-----------------------	-----------------------------	--------------------------	------------------------------	--------------------

*** NO REPORTABLE TRANSACTIONS ***

Department of Labor regulations require that reportable transactions be determined based on the value of the plan assets as of the beginning of the plan year, (unless the Form 5500 is being filed for the initial plan year -- in which case the value of the plan assets as of the end of the plan year is used). Please note that if your plan converted to Fidelity during the plan year, or Fidelity did not recordkeep all of the plan assets as of the beginning of the plan year, Fidelity is unable to determine the actual value of the plan assets as of the beginning of the plan year. Therefore, the beginning of year value reflected on this report would not be correct. You should apply the value of the transactions identified on this report to the actual value of the assets as of the beginning of the plan year to determine whether or not they are reportable (i.e., exceed 5% of the actual value of plan assets as of the beginning of the year).

To the Benefits Administrative Committee
thyssenkrupp 401(k) Plan North America

We have audited the financial statements of thyssenkrupp 401(k) Plan North America (f/k/a ThyssenKrupp North America, Inc. 401(k) Plan) (the "Plan") as of and for the year ended December 31, 2021 and have issued our report thereon dated October 4, 2022. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated May 3, 2022, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to Mr. James Allison in our meeting about planning matters on April 7, 2022 and follow-up letter dated June 20, 2022.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No significant new accounting policies were adopted, and the application of existing policies was not changed during 2021.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian. We performed no specific procedures related to the valuation of the investments due to the scope and nature of an ERISA Section 103(a)(3)(C) audit.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention. The most significant matter discussed was the Plan's exit from the thyssenkrupp North America, LLC Defined Contribution Master Trust and adoption of the volume submitter plan document effective January 1, 2021.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 4, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a second opinion on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Form 5500 - Annual Return/Report of Employee Benefit Plan

Our responsibility for Form 5500 does not extend beyond the financial statements, and we do not express an opinion or any form of assurance on Form 5500. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Reportable Finding

The following deficiency in internal control was also communicated to us during our audit and, in our professional judgment, is of sufficient importance to merit management's attention:

Missed Deferral Opportunities - Shortly after the plan sponsor changed its payroll provider in 2021, plan management identified a population of participants whose elective deferrals were being calculated using incomplete eligible compensation, resulting in missed employee deferrals and employer match for the affected participants. These discrepancies resulted in the plan sponsor making a corrective contribution to the Plan to make these participants whole. We recommend plan sponsor management review its payroll procedures and controls to ensure future changes made within the payroll system are reflective of current plan document provisions.

Other Information Provided for Your Consideration

Timely Deposit of Employee Deferrals

A Department of Labor regulation requires that benefit plans remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. In no case can this amount of time exceed 15 business days after the end of the month in which the amounts were withheld. The 15-business-day rule, however, is not a safe harbor. The general rule has been interpreted as being as little as zero days for entities with more than 100 employees. The DOL also looks at the consistency of timing and holds employers to the least number of days for deposits when determining if contributions are timely.

This information is intended solely for the use of the benefits administrative committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
