INDEPENDENT AUDITORS' REPORT

To the Compensation Committee of

SALT RIVER PROJECT EMPLOYEES' 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of **Salt River Project Employees' 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following description of the Salt River Project Employees' 401(k) Plan (the "Plan") provides only general information. Refer to the Plan Document for a more complete description of the Plan's provisions.

Administration

Operations of the Plan are governed by the terms of the Plan Document and Trust Agreements. The Plan is administered by the Salt River Project Agricultural Improvement and Power District (the "District" or "Plan Administrator"). The record keeper of the Plan is Empower Retirement Plan Services LLC. Participation in the Plan is available to any employee of the District; its agent, Salt River Valley Water Users' Association; and New West Energy and Papago Park Center, two wholly owned subsidiaries of the District (together, the "Employer").

Contributions

The Plan is a defined contribution retirement savings plan funded through employee payroll deductions and Employer matching contributions. Participants may deposit between 1% and 75% of their base pay on a before-tax basis or a Roth 401(k) after-tax basis, between 1% and 25% of their base pay on a regular after-tax basis, or some combination of the three, not to exceed 75%, (subject to Internal Revenue Code ("IRC") limits) into the Plan. Employees who have one year of service in which they have worked at least 1,000 hours and who are also contributing to the Plan are eligible to receive partial Employer matching contributions of $0.90 on every dollar contributed up to the first six percent of their base pay that they contribute to the Plan.

Employees are eligible to participate in the Plan at their date of hire. Employees are automatically enrolled at a 6% before-tax deferral rate unless they choose to change the deferral amount or opt out of the automatic enrollment. Participants are immediately vested in their voluntary contributions, Employer matching contributions and the investment earnings thereon.

Separate accounts are maintained with respect to the Plan participants' before-tax contributions, Roth 401(k) contributions, after-tax contributions, Employer matching contributions and rollover contributions. Each participant's account is credited with the appropriate contributions and allocation of investment earnings and losses and charged with Plan investment and administrative expenses, if applicable. Allocations of Plan earnings and losses are based on the proportion of each participant's account balance to the total of all account balances for each investment type. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow the lesser of $50,000 or 50% of their account balance, with a minimum loan amount of $1,000. Loans are repayable through payroll deductions over periods ranging from 12 to 60 months. Interest rates are established monthly at the U.S. prime lending rate plus 1% and are fixed over the life of the loan. Loans outstanding as of December 31, 2021 have interest rates of 4.25% - 6.50% with maturity dates through 2027. Principal and interest are paid ratably through payroll deductions.

Distributions

Upon retirement, death, permanent disability, or termination of service, a participant may elect to receive distributions from his or her account balance. At retirement, participants have the option to receive an immediate lump-sum distribution, receive annual installment distributions from a two to ten year period, rollover the funds to another retirement account of their choice, or take no action and defer payment until age 72. Deferring payment is only available to participants with an account balance of $5,000 or greater. Commencement of distributions is required at the time a participant reaches age 72. However, if the participant continues employment with the Employer past age 72, distribution of benefits may be deferred until retirement. In the event of death, a lump-sum distribution of the participant's account will be made to his or her designated beneficiary in accordance with Plan rules. For permanent disability or termination of service, participants have the option to receive a lump-sum distribution or defer payment until age 65. In any event, participants with account balances of $1,000 or less will receive a lump-sum distribution of their account upon retirement, permanent disability, or termination of service.

Participants are permitted to make in-service withdrawals that must be made from their account in the following sequence: (1) after-tax account, (2) rollover account, (3) Employer matching account, (4) before-tax non-Roth account, (5) Roth account and (6) Roth rollover account. Withdrawals from after-tax accounts are available at any time. Only participants who have completed five years of participation in the plan may make withdrawals from the Employer matching account. Participants must meet certain conditions of financial hardship as defined by Internal Revenue Service ("IRS") guidelines prior to withdrawal from before-tax and Roth 401(k) accounts.

Plan Termination

Although it has not expressed any intent to do so, the Plan may be amended or terminated at any time by the District's Board of Directors subject to provisions of Employee Retirement Income Security Act ("ERISA"). No such action may cause any portion of the Plan to revert to the Employer or to be used for any purpose other than the exclusive benefit of participants or their beneficiaries.

Administrative Expenses

Investment management fees are paid directly by participants via the investments' expense ratios. Administrative expenses are paid directly by participants. Certain other administrative costs are payable from Plan assets unless paid by the Employer, as provided by the Plan document. An individual participant fee is charged separately to accounts of those who choose to take advantage of a particular Plan service. These services include 401(k) loan origination charges, overnight mailing fees and managed accounts.

(2) Summary of Significant Accounting Policies and Pronouncements

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (3), Fair Value Measurements, for discussion of fair value of investments.

Purchases and sales of securities are recorded on a trade date basis. Expenses paid by the Plan in connection with such transactions include commissions and taxes, which are included in the cost of securities purchased and deducted from the proceeds of securities sold. The net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is recognized on the ex-dividend date. Interest income is recognized on an accrual basis.

Subsequent Events

Effective July 13, 2022, the Plan was amended to allow the President and Vice President of the District to participate in the 401(k) Plan. The Plan has evaluated, and disclosed if applicable, subsequent events through September 30, 2022, the date the financial statements were available to be issued.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

(3) Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market.

Level 2 – Financial assets and liabilities whose values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in non-active markets, pricing models whose inputs are observable for substantially the full term of the assets or liabilities and pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means.

Level 3 – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies ("Mutual Funds"): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded. Therefore, these funds are assigned to Level 1.

Common Collective Trusts: Valued at the respective NAV of units of the funds. Participant transactions (purchases and sales) may occur daily subject to frequent trading policies. Were the Plan to initiate a full redemption of a collective trust, the investment manager reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner. These funds are measured at fair value using NAV as a practical expedient and are not categorized in the fair value hierarchy. These assets are listed as "Other" in the fair value hierarchy table to permit the reconciliation to amounts presented in the financial statements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

(4) Tax Status

The IRS has determined and informed the Plan Administrator by a letter dated April 17, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Information Certified by Trustee

The following investment information in the financial statements, footnotes and supplemental schedule has been certified as complete and accurate by Great-West Trust Company LLC ("Trustee") as of December 31, 2021 and 2020, and for the year ended December 31, 2021 (in thousands):

	2021	2020
Investments	$ 1,184,486	$ 1,040,771
Income from investments, including:		
Net appreciation (depreciation) of investments	134,153	
Interest and dividend income	23,926	
Notes receivable from participants	17,097	18,097
Interest income on notes receivable from participants	938	

(6) Party-In-Interest Transactions

The following table provides information on party-in-interest and administrative expenses paid by the Plan or Participants for the year ended December 31, 2021 (in thousands):

	2021
Consultant fees	$ 131
Administrative expenses, paid to the Plan's record keeper	262
Managed account fees	894
	$ 1,287

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the increase in net assets from the financial statements to the Form 5500 (in thousands):

	2021
Total increase in net assets reported herein	$ 143,075
Plus: change in adjustment from 2020 to 2021 from GAAP reporting to Form 5500 value	4,824
Total increase in net assets reported on Form 5500	$ 138,251

The following reconciles net assets available for benefits from the financial statements to the Form 5500 (in thousands):

	2021	2020
Net assets available for benefits reported herein	$ 1,202,895	$ 1,059,820
Less: Stable Value Fund adjustment from GAAP reporting to Form 5500 value	3,196	8,020
