Independent Auditor's Report

Board of Trustees
Recycling and General Industrial Union Local 108
Annuity Fund

Opinion

We have audited the accompanying financial statements of the Recycling and General Industrial Union Local 108 Annuity Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the years ended December 31, 2021 and 2020 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 16 through 20 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on page 21 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

RECYCLING AND GENERAL INDUSTRIAL UNION LOCAL 108 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2021 AND 2020

Note 1 - Description of Plan and Significant Accounting Policies

The following description of the Recycling and General Industrial Union Local 108 Annuity Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan first became effective January 1, 2002 and is a defined contribution profit sharing plan established under an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the Waste Material Recycling and General Industrial Union Local 108 (the "Union") and various employers and employer associations in the business of waste removal, recycling, manufacturing and scrap metal iron in the areas of New York City, Long Island, Upstate New York, New Jersey, Connecticut and Pennsylvania. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Purpose

The purpose of the Plan is to provide retirement benefits to eligible participants.

Participation

An individual becomes a participant in the Plan the first day his/her employer, subject to a collective bargaining agreement or a participation agreement, is required to make contributions to the Plan. Full-time employees of the Union and its related fringe benefit funds are also participants of the Plan.

Vesting

Participants are immediately 100% vested in all contributions and related earnings credited to their individual accounts.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Benefits

A participant, or the participant's beneficiary, is entitled to receive benefits, if the participant:

1. Attains age 65 and retires
2. Dies
3. Becomes totally and permanently disabled
4. Satisfies the plan's requirements for a hardship withdrawal
5. Ceases employment in the industry.
6. Retires. This distribution is limited to participants with an elective deferral account or supplemental employer contribution account. For this distribution, the definition of retirement shall include a severance from employment, instead of a termination of employment
7. Has attained age 59 ½. This distribution is limited to participants with an elective deferral account or supplemental employer contribution account

Plan regulations mandate that the distribution of a participant's benefit commences when the participant attains age 72.

Benefits are recorded when paid.

A participant may elect any one of the following methods of payment:

a. Single life annuity or a qualified joint survivor annuity
b. A series of equal annual installments, not to exceed ten (10) years
c. One lump sum
d. Direct rollover to an eligible retirement plan, as defined in the Plan document

In accordance with IRS Regulations, minimal account balances may be distributed in one lump sum payment without consent of the participant.

In accordance with provisions contained within the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), commencing on March 16, 2020 and continuing through December 31, 2020, the Plan was amended to allow participants a one time "coronavirus-related distribution" of up to $10,000 or the amount in his or her individual account. Coronavirus-related distributions included in benefits paid totaled $1,531,540 for the year ended December 31, 2020.

Hardship withdrawals

In the event of certain financial hardships, as defined in the Plan, a participant may apply for a distribution of up to the amount necessary to satisfy the need, from his/her profit sharing account.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Participant accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with contributions made on his/her behalf plus an annual allocation of Plan investment earnings reduced by the administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant directed accounts

A portion of each participant's account is "participant directed" for investment purposes. Under the "participant directed" strategy, each participant directs up to a maximum of 100% of compensation, but not to exceed the annual maximum established by the IRS, of his/her account into various investment options offered by the Plan. At the option of employers, participants' accounts ("Supplemental Employer Contribution Account") may be credited with employer contributions, which the participant also directs into various investment options offered by the Plan. Additionally, recordkeeping fees are also charged to each participant's account on a monthly basis.

Forfeitures

In the event that no activity has occurred in a participant's account and the Trustees have been unable to locate the participant, the balance of his/her accumulated share shall be forfeited and applied to the expenses of the Plan. Forfeited accounts will be reinstated, if the participant makes a subsequent claim for benefits.

Plan termination

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it as provided for by the applicable Trust Agreement and Plan provisions. If the Plan is terminated, the rights of all affected participants and beneficiaries, to the value of the amounts credited to participants' accounts, shall be non-forfeitable and the Plan assets will be allocated to pay all obligations of the Plan and to provide benefits to those eligible under the terms of the Plan and as otherwise required by law.

Basis of accounting

The financial statements are presented on the accrual basis of accounting.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Investment valuation and income recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. See "Fair value measurements" footnote for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Administrative expense allocation

The administrative office is occupied by the Plan, the Recycling and General Industrial Union Local 108 Welfare Fund (the "Welfare Fund") and the Recycling and General Industrial Union Local 108 Pension Fund (the "Pension Fund"), related organizations, and the Sports Arena Employees Local 137 Retirement Fund, an unrelated organization. Certain expenses not specifically applicable to a particular entity are allocated based on the estimated benefit received by each entity. Amounts reported as receivable from related organizations or payable to related organizations generally include balances for shared expenses.

Reimbursements paid to related organizations for the years ended December 31, 2021 and 2020 were $103,380 and $123,207, respectively.

Note 2 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices, in active markets, for identical assets that the Plan has the ability to access.

Note 2 - Fair value measurements (cont'd)

Level 2 inputs to the valuation methodology include: quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs are generally based on the best information available, which may include the reporting entity's own assumptions and data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies: Valued at the closing price reported in the active market in which the securities are traded.

Investments measured at net asset value: The common/collective trust fund's value is estimated by the management of the trust.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 2 - Fair value measurements (cont'd)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of December 31, 2021, with fair value measurements on a recurring basis:

	2021	Level 1	Level 2	Level 3
Investments at fair value				
Registered investment companies	$ 6,280,305	$ 6,191,452	$ 88,853	$ -
Total assets in the fair value hierarchy	6,280,305	$ 6,191,452	$ 88,853	$ -
Investments measured at net asset value	1,281,701			
Investments at fair value	$ 7,562,006			

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of December 31, 2020, with fair value measurements on a recurring basis:

	2020	Level 1	Level 2	Level 3
Investments at fair value				
Registered investment companies	$ 5,125,170	$ 5,072,487	$ 52,683	$ -
Total assets in the fair value hierarchy	5,125,170	$ 5,072,487	$ 52,683	$ -
Investments measured at net asset value	1,070,366			
Investments at fair value	$ 6,195,536			

Note 3 - Common/collective trust funds

The NewTower Trust Company Multi-Employer Property Trust is an open-ended, commingled real estate fund, established in 1982. Withdrawal requests must be received one year in advance of the valuation date (last business day of each calendar quarter) upon which the investor wishes the withdrawal to be paid. When available cash is insufficient to honor all withdrawal requests, each withdrawing investor receives a ratable portion of the available cash, and each withdrawal request not fully satisfied is treated as renewed for succeeding valuation dates, until the requested withdrawal is fully accomplished. The estimated fair value of the Plan's investment as of December 31, 2021 and 2020 was $1,281,701 and $1,070,366, respectively.

Note 4 - Unallocated investment contract

The Plan holds an investment in the Guaranteed Income Fund which is an unallocated investment contract issued by Prudential Retirement Insurance & Annuity Company. This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The crediting interest rate is reviewed and reset on a semi-annual basis every January 1st and July 1st. The minimum crediting interest rate under the contract is 1.50%. The contract value of the Plan's investment as of December 31, 2021 and 2020 was $6,755,109 and $5,858,515, respectively.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days, or in certain rate-based circumstances, paid over time.

Note 5 - Non-participant directed investments

Information about the net assets available for benefits and the significant components of the changes in net assets available for benefits relating to the non-participant directed investments for the years ended December 31, 2021 and 2020 are as follows:

	2021	2020
Net assets available for benefits:		
Common/collective trusts	$ 1,281,701	$ 1,070,366
Registered investment companies	3,313,174	2,951,034
Unallocated insurance contracts	6,755,109	5,858,515
Total	$ 11,349,984	$ 9,879,915

	2021	2020
Changes in net assets available for benefits:		
Net contributions / (withdrawals)	$ 800,000	$ (600,000)
Interest/dividends	145,809	173,375
Net appreciation (depreciation)	524,260	350,050
Net increase (decrease)	$ 1,470,069	$ (76,575)

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Note 7 - Participants' contributions

The Plan allows participants the option to contribute elective deferrals from their compensation, subject to the provisions and limitations pursuant to Internal Revenue Service Code Sections 401(k) and 402(g). For participants who take a hardship distribution from their elective deferral account, their elective deferrals are required to be suspended for a period of six months from the date of the distribution.

Participants also have the option to contribute eligible rollover contributions from an eligible retirement plan to the participant's Rollover Contribution Account, which is defined under the Plan as a separate account maintained for each participant who has contributed rollover contributions. Any participant who is entitled to receive an employer contribution allocated to their individual account shall be eligible to contribute a Rollover Contribution Account on the participant's behalf under the Plan.

Note 8 - Employers' contributions

In accordance with collective bargaining agreements and participation agreements, employers are required to make contributions to the Plan on behalf of employees performing covered work. Contribution rates vary depending on the agreement, but are generally required to be paid on an hourly basis up to a maximum of 55 hours per week. One employer contributed approximately 28% and 34% of the Plan's total employer contributions for the years ended December 31, 2021 and 2020, respectively.

The Plan allows employers the option to contribute an employer contribution to the participants' supplemental employer contribution accounts, in addition to, or in place of, the employer contributions described above, if provided in the collective bargaining agreement. This contribution must be in the form of either a matching contribution, or a non-elective employer contribution, and are not to exceed the annual maximum established by the Internal Revenue Service.

In March 2020, the COVID-19 outbreak in the United States caused business disruption through government mandated closings in various industries, negatively impacting the Plan's employers' contribution income. Due to the uncertainty regarding the duration of these business disruptions, the financial impact cannot be reasonably estimated at this time.

Note 9 - Reconciliation of participants' accounts to net assets available for benefits

	2021	2020
Participants' accounts at December 31	$ 14,068,322	$ 12,120,761
Participants' contributions receivable	19,000	54,000
Employers' contributions receivable	187,000	238,000
Contributions in transit	7,270	48,001
Unallocated assets	36,025	1,754
Net assets available for benefits	$ 14,317,617	$ 12,462,516

The Plan distributes to the Trustee directed participants' accounts the approximate net earnings (loss) of the Plan at the end of each fiscal year. Distributions of net earnings for the years ended December 31, 2021 and 2020 were approximately $538,000 and $345,000, respectively. The approximate net return applied to participants' accounts for the years ended December 31, 2021 and 2020 was 5.15% and 3.60%, respectively.

Note 10 - Reconciliation of financial statements to Form 5500

For financial statement purposes, investment expenses are reported as a reduction of investment income. The reporting requirements of the Department of Labor require these fees be shown as administrative expenses.

Note 10 - Reconciliation of financial statements to Form 5500 (cont'd)

The following is a reconciliation of the reclassifications:

	Per Financial Statements	Reclassification	Per Form 5500
Investment income	$ 974,025	$ 8,277	$ 982,302
Contributions	2,370,541	-	2,370,541
Total additions	3,344,566	8,277	3,352,843
Benefits paid directly to participants or beneficiaries	1,322,423	-	1,322,423
Administrative expenses	167,042	8,277	175,319
Total deductions	1,489,465	8,277	1,497,742
Net increase (decrease)	$ 1,855,101	$ -	$ 1,855,101

Note 11 - Tax status

The Plan has received a determination letter from the IRS dated November 12, 2015, stating that the Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Trustees believe that the Plan, including amendments subsequent to the IRS determination, is currently designed and operated in compliance with the requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.
