Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of America's Fence Store Inc 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after October 11, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

America's Fence Store Inc 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Plan Description

The following brief description of the America's Fence Store Inc 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of America's Fence Store, Inc (the Company).

Employees are eligible to make salary reduction contributions after attaining age 21 and completing 60 days of service. Employees may receive discretionary employer matching and profit sharing contributions after attaining age 21 and completing one year of service with 1,000 hours. Eligible employees become participants on the first day of the first calendar month following the date on which entry requirements were fulfilled. Effective January 1, 2022, eligible employees become participants on the effective date of participation. Participants are eligible to receive employer discretionary profit sharing contributions only if they completed 1,000 hours of service during the Plan year and are employed on the last day of the Plan year.

Contributions

Participants may make voluntary pre-tax and effective January 1, 2022, Roth after-tax salary deferral contributions up to 100% of their eligible annual compensation in connection with the 401(k) provisions of the Plan. Participants may also contribute amounts representing distributions from other qualified plans. At any time, a participant can elect not to contribute or may increase or decrease his or her deferral rate to any rate allowed under Plan provisions. The Company may make discretionary matching contributions up to 6% of eligible compensation. The Company may also make discretionary profit sharing contributions. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch-up contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of a) the Company's discretionary matching and profit sharing contributions and b) Plan earnings or losses. The Company's discretionary matching contributions are allocated among participants based upon the participant's elected salary deferral. The Company's discretionary profit sharing contributions are allocated among participants based upon compensation of eligible participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Voya Retirement Insurance and Annuity Company (Voya) and, prior to October 13, 2020, Principal Life Insurance Company (Principal), see Note 2.

America's Fence Store Inc 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions credited to participants' accounts are based on years of continuous service. A participant is 20% vested after the second year of credited service and increasing by 20% each year until the participant is 100% vested after 6 years of credited service.

Notes Receivable from Participants

Notes receivable from participants were not allowed in 2021 or 2020. Effective January 1, 2022, participants may borrow from their fund a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes will be secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest payments must be made through payroll deductions for active participants.

Payment of Benefits

Upon retirement, termination, disability, or death, the participant or beneficiary may elect to receive a lump sum payment equal to the value of the vested funds allocated to the participant's account. The Plan requires that distribution payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. The Plan also allows in-service distributions for participants who have reached age 59 ½. Prior to October 19, 2020, in-service distributions were only allowed from fully vested accounts. Benefits are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of the Company's discretionary contributions not then vested shall be forfeited. Effective, October 19, 2020, the forfeited portion of any participant's account will be utilized to pay Plan administrative expenses or to reduce the Company's discretionary contributions. Prior to October 19, 2020 the forfeited portion of any participant's account was utilized to pay Plan administrative expenses, reduce the Company's discretionary contributions, or be reallocated to participants. As of December 31, 2021 and 2020, there were \$48,187 and \$27,462 of forfeited non-vested accounts available, respectively. During 2021 and 2020, \$0 and \$10,902 of forfeited amounts were used to reduce the Company's discretionary contributions, respectively. Also, during 2020 no forfeited amounts were reallocated to participants.

2. Custodian Change

Effective October 19, 2020, Voya was appointed as the new custodian of the Plan. Plan assets were transferred to Voya based on participant directed elections. The conversion initiated a "Black Out" period beginning October 5, 2020 and continued through October 18, 2020. During this period, funds could not be applied to the employee selected funds with Voya or withdrawn from the Plan until Voya had time to accurately complete the conversion. During the period, employee contributions continued to be made through payroll deductions and the contributions were wired to Voya and held in a trust account until the completion of the Black Out period, at which time these funds were invested in participant directed investments offered by Voya.

3. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 5 for discussion of fair value measurements.

America's Fence Store Inc 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Expenses

Certain expenses of maintain the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants and Voya investment related expenses are charged directly to the participants' accounts and are included in administrative expenses. Principal investment related expenses are included in net appreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 11, 2022, see "General", "Contributions" and "Notes Receivable from Participants" sections of Note 1 for descriptions of subsequent events.

4. Information Certified by Voya and Principal

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya, the current custodian of the Plan, and Principal, the former custodian of the Plan, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplementary information.

America's Fence Store Inc 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following table presents the value of the participant-directed Plan assets in this Plan that were certified by Voya as of December 31,:

	<u>2021</u>	<u>2020</u>
Investments at Fair Value	\$ 8,938,962	\$ 7,697,472
Investments at Contract Value	67,762	95,449
Total Investments	<u>\$ 9,006,724</u>	<u>\$ 7,792,921</u>

Voya and Principal also certified to the completeness and accuracy of the following related to aforementioned Plan assets for the years ended December 31,:

	<u>2021</u>	<u>2020</u>
Net Appreciation in Fair Value of Investments	\$ 1,307,689	\$ 1,146,739
Interest from Investments	1,026	298
Total Investment Income	<u>\$ 1,308,715</u>	<u>\$ 1,147,037</u>

5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
-

America's Fence Store Inc 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Valued at the Net Asset Value (NAV) of its underlying investments. The pooled separate accounts include underlying investments in mutual funds which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. FASB ASC 820, Fair Value Measurement, allows NAV per share to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that these accounts meet those requirements. Since the participants have the ability to redeem the accounts at NAV as of the measurement dates on a daily basis, the accounts are properly categorized as a Level 1 fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ 8,938,962	\$ -	\$ -	\$ 8,938,962

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ 7,697,472	\$ -	\$ -	\$ 7,697,472

6. Investment Contract with Voya

The Plan has entered into an investment contract with Voya. Voya maintains the contributions in pooled separate accounts and a guaranteed investment contract. The pooled separate accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya.

As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

America's Fence Store Inc 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Participant may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

7. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods prior to 2018.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distributions to participants of the account balances would be made as soon as practicable after the termination date.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net Assets Available for Benefits per the Financial Statements	\$ 9,070,595	\$ 7,844,973
Contributions Receivable	(63,871)	(52,052)
