Report of Independent Auditors

The Board of Directors
Mount Sinai South Nassau

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the South Nassau Communities Hospital Employee Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Employee Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2021

1. Plan Description

The following description of the South Nassau Communities Hospital Employee Defined Contribution Retirement Plan (the Plan) provides only general information about the Plan's provisions. For a more complete description of the Plan's provisions, participants should refer to the Plan Document and Summary Plan Description, copies of which may be obtained from South Nassau Communities Hospital (the Hospital or Plan Sponsor).

General

The Plan was established on January 1, 2014 to provide retirement benefits to eligible employees of the Hospital. The Plan is a deferred compensation plan which is intended to satisfy the requirements of the Internal Revenue Code (the Code) Section 403(b). Employees covered by a collective bargaining agreement that does not provide for participation in the Plan and leased or temporary employees, students, residents, per diem employees, nonresident aliens, part-time physicians whose employment contract does not specifically state that they are eligible to participate, physician practice rank and file and/or mid-level provider employees, and any employees receiving (or who have received) a distribution under the Plan Sponsor's qualified defined benefit pension plan are not qualified and, therefore, are not eligible for Plan Sponsor contributions. Eligible participants are automatically enrolled in the Plan, unless they affirmatively decline to participate.

Effective in October 2018, concurrent with the execution and approval of an affiliation agreement, Mount Sinai Hospitals Group, Inc. (Mount Sinai) became the sole corporate member and active parent of the Hospital. Effective in September 2019, the Hospital is d/b/a Mount Sinai South Nassau.

Effective January 1, 2020, the Hospital and Mount Sinai are considered part of the same controlled group of employers. As a result, certain changes were made to the Plan, whereby any years of service within the controlled group are considered for eligibility and vesting. The Plan was amended and restated January 1, 2020, incorporating these changes.

State Street Bank and Trust Company (on behalf of Transamerica Retirement Solutions Corporation) (Transamerica) is the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Notes to Financial Statements (continued)

1. Plan Description (continued)

Coronavirus Disease 2019 Pandemic

On March 11, 2020, the World Health Organization designated the Coronavirus Disease 2019 (COVID-19) outbreak as a global pandemic. Federal, state and local government policies resulted in a substantial portion of the population remaining at home and forced the closure of certain businesses. The global economic uncertainty associated with COVID-19 has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2021 are not reflected in these financial statements and the future impact on the Plan's net assets available for benefits cannot be reasonably estimated due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.

In response to COVID-19, the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) was signed into law on March 27, 2020. The CARES Act includes various provisions that temporarily ease rules around contributions, distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic. Management reviewed and implemented certain provisions of the CARES Act related to loan payment deferrals, distributions and withdrawals from the Plan. The Plan was amended and restated January 1, 2020, incorporating these changes.

Contributions

Each participant is permitted to contribute, through payroll reductions each payroll period, a portion of his/her compensation, as defined by the Plan. If automatically enrolled, a participant's deferral is set at 2% of eligible compensation until changed by the participant. The Plan Sponsor contributes on behalf of each eligible active participant for each payroll period a basic contribution equal to a specified percentage of the participant's compensation (ranges from 3-7% based on years of service). In addition, the Plan Sponsor pays a matching contribution equal to 100% of the participant's year to date contribution, up to 2% of the participant's year to date eligible compensation. Contributions are subject to certain limitations of the Code.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants who are automatically enrolled have their contributions invested in the applicable target retirement fund based on their age until they change their election. The Hospital's contributions are invested in the same manner as that of the participant's elective contributions.

Employee Defined Contribution Retirement Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Active participants who have attained the age of 50 before the close of the plan year are eligible to make catch-up contributions in accordance with, and subject to, the limitations of Section 414(v) of the Code, and such procedures established by the plan administrator.

With the consent of the plan administrator, amounts may be rolled over from other eligible retirement plans by participants, provided that such rollovers do not jeopardize the tax-exempt status of the Plan.

Vesting

Participants are immediately vested in all employee contributions and earnings thereon and 100% vested in Plan Sponsor contributions after three years of vesting service. A participant who, while employed by the Plan Sponsor or a participating affiliate, dies, reaches normal retirement age, or becomes fully disabled, becomes fully vested in his or her account. In addition, a participant is fully vested in the event of the Plan's termination.

Payment of Benefits

The Plan provides for benefit distributions to Plan participants or their beneficiaries upon the participant's retirement, termination of employment, disability, or death. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (the IRS) and participants must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. Any participant may apply to withdraw all or part of their vested account balance, subject to specific hardship withdrawal criteria in the Plan.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances are used to reinstate previously forfeited participant accounts, reduce future Plan Sponsor contributions, or pay for administrative expenses. Forfeitures used to offset employer contributions for 2021 were approximately \$354,000.

Notes to Financial Statements (continued)

1. Plan Description (continued)

Notes Receivable From Participants

Notes receivable from participants represent loans to participants. Such loans must be for a minimum of \$1,000 and are limited to the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding loan balance owed by the participant during the one-year period ending on the day before the date of the loan, over the outstanding balance of all other loans from the Plan to the participant on the date of the loan, or (b) 50% of the participant's account. A participant may not have more than two loans outstanding at any one time. Each loan is to be repaid in substantially equal installments, consisting of principal and interest paid at least quarterly. Each loan has a repayment period of not less than one year and not more than five years, or ten years if the loan is used to acquire a principal residence for the participant. Interest is determined each month, and such interest rate is applied for the following 12 months.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Plan Sponsor. Investment advisory and management fees are paid by the Plan. Expenses that are paid by the Plan Sponsor are excluded from the accompanying financial statements.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses is recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan (other than the fully benefit-responsive investment contract which is stated at contract value, see Note 5) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company (on behalf of Transamerica Retirement Solutions Corporation), the custodian of the Plan.

4. Fair Value Measurements

The Plan measures fair value based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are applied based on the unit of account from the Plan's perspective. The unit of account determines what is being measured by reference to the level at which the asset or liability is aggregated (or disaggregated) for purposes of applying other accounting pronouncements.

The Plan follows a valuation hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2: Observable inputs that are based on inputs not quoted in active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. In determining fair value, the Plan uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, and considers nonperformance risk in its assessment of fair value.

4. Fair Value Measurements (continued)

The following table sets forth, by fair value hierarchy level, the Plan's assets carried at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,479,017	\$ —	\$ —	\$ 1,479,017
Self-directed brokerage account	363,193	—	—	363,193

	<u>\$ 261,029,090</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 261,029,090</u>

The following table sets forth, by fair value hierarchy level, the Plan's assets carried at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 397,269	\$ —	\$ —	\$ 397,269
Self-directed brokerage account	204,623	—	—	204,623
Mutual funds	211,641,147	—	—	211,641,147
	<u>\$ 212,243,039</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 212,243,039</u>

5. Fully Benefit-Responsive Investment Contract

The Plan has entered into a fully benefit-responsive guaranteed investment contract, the Stable Value Fund, with Metropolitan Life Insurance Company (MetLife). MetLife maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

South Nassau Communities Hospital
Employee Defined Contribution Retirement Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Interest is credited to the contract at interest rates that reflect the performance of the underlying account, net of fees to MetLife. The crediting interest rates are determined by MetLife annually on January 1 and cannot be less than 1.00%. For the year ended December 31, 2021, an average rate of 1.78% was credited to participant accounts.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Stable Value Fund at contract value. The existence of certain conditions can limit the Stable Value Fund's ability to transact at contract value with the issuers of its investment contracts. Examples of such events include, but are not limited to, partial or complete legal termination of the Stable Value Fund or a unitholder, tax disqualification of the Stable Value Fund or a unitholder, and certain amendments if issuers' consent is not obtained. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The Stable Value Fund does not mature and permits the contract holder and insurance company to terminate the agreement with proper notice, as defined by the contract.

6. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code and, therefore, it is not currently eligible to receive a determination letter from the IRS. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The Plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt.

Notes to Financial Statements (continued)

6. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

8. Party-In-Interest Transactions

Certain of the Plan's assets are invested in funds managed by the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Commitments and Contingencies

Effective January 1, 2009, the IRS issued final regulations for purposes of determining common control for qualified retirement plans sponsored by tax-exempt organizations. In general, tax-exempt entities that are under common control are treated as one entity for certain of the requirements of qualified plans. The regulations determine control based on facts and circumstances; for this purpose, common control would exist if, among other situations, at least 80% of the directors or trustees of one organization were either representatives of, or directly or indirectly controlled by, another organization. These regulations could have an effect on the operations of the Plan and the responsibilities of those entities for associated liabilities, such as the Hospital acting as the Plan Sponsor, although such effects are uncertain at this time.

10. Subsequent Events

Subsequent events have been evaluated through October 10, 2022, which is the date the financial statements were available to be issued. No subsequent events have occurred that require disclosure in or adjustment to the financial statements.
