INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Kloeckner Metals 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Kloeckner Metals 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 11, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Kloeckner Metals 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Kloeckner Metals 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all nonunion hourly and salaried employees with at least three months of service with participating affiliates of Kloeckner Metals Corporation (the Company) who have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2021 (Transfer Date), the Plan's assets held at Charles Schwab Trust Bank were transferred to Fidelity Management Trust Company. As of the Transfer Date, Fidelity Workplace Services (Fidelity) is providing recordkeeping services for the Plan. The Plan's investment options with Fidelity are substantially similar to those offered for the Plan by Milliman, the previous recordkeeper.

The Plan was amended and restated effective July 1, 2021, to incorporate prior amendments, clarify and revise certain Plan provisions, and allow for certain additional Plan provisions. The Plan restatement is intended and should be construed as a continuation of the Plan as previously in effect. Effective December 31, 2021, the sponsor of the Plan, Kloeckner Namasco Holdings Corporation, merged into Kloeckner Metals Corporation.

Contributions

All employees are automatically enrolled in the Plan upon becoming eligible, with a default pre-tax deferral percentage of 6% of eligible compensation unless they elect otherwise. The Plan allows for an annual 1% automatic increase of participant pre-tax contributions up to a maximum of 12% unless they elect otherwise. However, if a participant's total combined deferral election rate for pre-tax and Roth contributions is 12% or higher, no automatic increase will apply. Participants may make pre-tax or Roth contributions between 1% and 75% of eligible compensation as defined by the Plan, not to exceed a maximum of \$19,500 in 2021 plus an additional \$6,500 for eligible employees over 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Once a participant has completed one year of service, the Company contributes an amount equal to 3% of a participant's eligible annual compensation (safe harbor contribution). For the Plan year ended December 31, 2021, the Company made approximately \$4,071,000 in safe harbor contributions.

Kloeckner Metals 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Participants with six months of service who were eligible to receive non-elective contributions under the Macsteel Service Centers USA, Inc. Employee Savings Plan (the Macsteel Plan) on December 31, 2012 are eligible to receive a profit-sharing contribution equal to the greater of 2% of eligible compensation or \$1,200. The Macsteel Plan merged into the Plan effective December 31, 2012. For the 2021 Plan year, the Company accrued approximately \$561,000 in profit-sharing contributions to former Macsteel Plan participants. Participants must be employed on the last day of the Plan year to be eligible for profit-sharing contributions.

The Plan allows any participant with an employment start date of January 1, 2013 or later, one year of eligible service and not eligible to accrue benefits under one of the Company's defined benefit pension plans to receive a profit-sharing contribution equal to 2% of eligible compensation. For the 2021 Plan year, the Company accrued approximately \$1,045,000 in profit-sharing contributions. Participants must be employed on the last day of the Plan year to be eligible for profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions and earnings and losses on the investments in their account, and is charged with certain administrative expenses and fees related to specific transactions. Participants direct the investment of their account into various investment options offered by the Plan. The Company currently offers mutual funds, a money market fund, and a stable value fund as investment options for participants. The Plan also offers a self-directed brokerage account as an additional investment option for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant's account may also include investments from a former defined benefit plan which was merged with the Plan. Prior to the Transfer Date, these investments were nonparticipant-directed and were managed by the Company. The plan administrator directed the investment of the nonparticipant-directed accounts based on the assessed risk of the investment environment and needs of the funds. Effective July 1, 2021, all nonparticipant-directed investments were transferred to participant-directed investments in accordance with the amended and restated Plan document.

Vesting

Participants are vested immediately in their contributions including rollovers and transfers plus earnings thereon. Participants are also vested immediately in the safe harbor contribution, and qualified non-elective contributions.

Participants employed on or after January 1, 2014 are 100% vested in the profit-sharing contribution. Participants terminated prior to January 1, 2014 are subject to a three-year cliff vesting. In the event of death, disability or attainment of normal retirement age while employed with the Company, a participant will become 100% vested in the Company's contribution portion of their account.

Kloeckner Metals 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have up to two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Prior to July 1, 2021, loans bore interest at the prime rate plus 1%. During 2021, notes had fixed rates ranging from 4.25% to 8.00% for the term of the note, not to exceed 5 years or 15 years if used for the purchase of the participant's principal residence. Principal and interest may be paid through payroll deductions or by check.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution. Participants who are not employees with account balances of at least \$20,000 may elect to receive quarterly, semiannual, or annual installments over a period of up to 25 years. Additionally, if an installment payment is not elected, partial withdrawals may be taken. In-service distributions are allowed for participants who have attained age 59½. The participants' contributions may also be withdrawn for certain hardship situations.

Prior to the Transfer Date, distributions of the portion of the participant's account attributable to the former defined benefit plan were paid through other payment options, as elected by the participant. The participant account attributable to this benefit was distributed in a lump sum and an annuity was purchased outside the Plan. These options included single life or joint and 50% survivor annuities. Effective July 1, 2021, these payment options were no longer offered in accordance with the amended and restated Plan document.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$45,891 and \$29,357, respectively. These accounts may be used to reduce future Company contributions or to pay administrative expenses of the Plan. During 2021, no forfeited amounts were used to reduce Company contributions to the Plan.

Administrative Expenses

Certain administrative expenses of the Plan may be allocated to participants pro rata based on participant balances or paid through forfeitures. Loan origination fees, fees related to qualified domestic relations orders, and certain transaction fees for withdrawals are charged directly to the respective participant. During 2021, administrative and professional service fees were paid by the Plan. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

Kloeckner Metals 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan has an ERISA account that is used to pay for certain administrative fees. During 2021, deposits into the account totaled \$422,718 of which \$198,977 represented revenue sharing amounts, and administrative expenses totaling \$309,261 were paid from the account. Deposits to this account are included in net change in fair value of investments on the accompanying statement of changes in net assets available for benefits. Payments from this account are included either in administrative expenses in the year paid or included in net change in fair value of investments, if related to investment management services, as they are paid through revenue sharing, rather than a direct payment. The account had an available balance of \$117,545 and \$187,278 as of December 31, 2021 and 2020, respectively, which is included in mutual funds and cash, respectively, on the accompanying statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer matching and profit-sharing contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Any unfunded participant, employer matching, or profit-sharing contributions are included in the employee or employer contributions receivables on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments.

Kloeckner Metals 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 29, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All investment information in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held at December 31, 2021 and 2020, notes receivable from participants at December 31, 2021, interest income for the period July 1, 2021 through December 31, 2021, and the net change in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank and Fidelity Management Trust Company, the Plan's certifying entities.

4. Investments

Certain Plan investments are managed by Fidelity, which is a service provider of the Plan. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or similar events. It is at least reasonably possible that changes in their fair value will occur in the near term, and such changes could materially affect participants' account balances.

Kloeckner Metals 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in common stock and mutual funds are based on quoted market prices for the identical security in an active market (Level 1).

Investments in the self-directed brokerage accounts include cash, common stock, and mutual funds. All assets are traded through a broker and are based on quoted market prices for the identical security in an active market (Level 1).

The Plan is invested in the Putnam Stable Value Fund, which is primarily invested in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, and security-backed contracts. The stable value fund trades at net asset value (NAV), which is based on the contract value of the underlying GIC investments. Participants transact at NAV daily in an inactive market (Level 2). There are no restrictions on withdrawal of these funds except that if the Company were to remove this investment option from the Plan, the Company would have to provide twelve months' notice prior to liquidating this investment.

Kloeckner Metals 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The investments at fair value as of December 31, 2021 and 2020 comprise the following:

	2021		
	Level 1	Level 2	Total
Mutual funds	\$ 242,136,467	\$ -	\$ 242,136,467
Stable value fund	-	26,953,568	26,953,568
Money market fund	100	-	100
Self-directed brokerage accounts	196,916	-	196,916
Total investments, at fair value	\$ 242,333,483	\$ 26,953,568	\$ 269,287,051

	2020		
	Level 1	Level 2	Total
Mutual funds	\$ 211,288,302	\$ -	\$ 211,288,302
Stable value fund	-	30,614,220	30,614,220
Total investments, at fair value	\$ 211,288,302	\$ 30,614,220	\$ 241,902,522

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments are as follows:

	As of December 31,	
	2021	2020
Net assets:		
Mutual funds	\$ -	\$ 768,970
Stable value fund	-	5,573
Total net assets (nonparticipant-directed)	\$ -	\$ 774,543

Kloeckner Metals 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

	For the Year Ended December 31, 2021
Changes in net assets:	
Net change in fair value of investments	\$ 75,474
Administrative expenses	(388)
Benefits paid to participants	(2,559)
Transfers to participant-directed investments	(847,070)
Net decrease in net assets (nonparticipant-directed)	\$ (774,543)

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all Company contributions.

7. Income Tax Status

The Plan obtained its latest determination letter on March 9, 2016, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and accordingly has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
