Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC
401(k) Safe Harbor Plan
Marion, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at year end are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CENTRAL OHIO FARMERS CO-OP, INC. / MORRAL COMPANIES, LLC
401(k) SAFE HARBOR PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

DESCRIPTION OF PLAN

The Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan (the Plan) was created as a new plan in 2013. Assets and participant accounts of plans sponsored individually by Central Ohio Farmers Co-op, Inc. and its wholly owned subsidiary, Morral Companies, LLC, were transferred into the Plan. The board of directors of Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC resolved March 17, 2021, to amend and restate the Morral Profit Sharing Plan to be consistent with the Plan and simultaneously merged its assets and participant accounts into the Plan. The following brief description is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description.

General

The Plan is a defined contribution retirement plan sponsored by Central Ohio Farmers Co-op, Inc. and its wholly owned subsidiary Morral Companies, LLC (collectively the Plan Sponsor) for the benefit of its eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's effective date was January 1, 2013.

Eligibility

An employee must be at least 18 years of age and have completed 6 months of service prior to entering the Plan. Entry dates into the Plan occur each month.

Contributions

To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer, authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, and to contribute such amount to the employee's account in the Plan. Participating employees have the option to contribute pre-tax salary deferrals and/or after-tax Roth deferrals. In accordance with Section 401(k) of the Internal Revenue Code, all pre-tax amounts withheld from wages and contributed to a participant's account, up to the maximum allowed, shall be excluded from gross income of the participant for federal income tax purposes. Employer matching contributions expressed as a percent of qualified wages are as follows:

<u>Employee Contributions</u>	<u>Employer Matching Contributions</u>
0%	0%
1%	1%
2%	2%
3%	3%
4%	3.5%
5% and above	4%

Vesting

All amounts contributed by both the employee and the employer and the earnings thereon are immediately vested.

Participant Accounts

Participant's accounts are credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees and Expenses

The Plan Sponsor absorbs a portion of trustee and administrator fees and expenses. Fees and expenses paid by the Plan are allocated to participant accounts on a prorated basis.

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2021 and 2020

DESCRIPTION OF PLAN - Continued

Forfeited Accounts

As all contributions are immediately vested, there are no forfeitures in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions to various mutual funds consisting of different investment types and goals as made available and determined by the Trustees. Participants may change their investment options any time throughout the year via internet or direct phone access to Great-West Trust Company, LLC. The change becomes effective the next business day.

Payment of Benefits

The normal form of benefit payments under the Plan are lump sum distributions. A participant's account shall be payable to him or her, or in the event of death to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Normal retirement date is upon attainment of age 65. Distributions may be made from any vested accounts upon attainment of age 59 ½. Roth deferrals are not available for in-service withdrawal. Hardship withdrawals may be made for an immediate and heavy financial need of the participant as defined in the Plan agreement.

Notes Receivable from Participants

Participant loans are permitted under the Plan. A participant must repay the loan within five years, unless the loan is being used to purchase a primary residence. Loans must be approved by the Plan administrator and Trustees. The maximum amount available to a participant is the lesser of 50% of his or her vested account balance (less any previous outstanding loans) or \$50,000 reduced by the highest outstanding loan balance in the past twelve months. One loan per participant is allowed at any one time with \$1,000 being the minimum amount available for each loan.

Termination of the Plan

Although it has not expressed any intention to do so, the Plan Sponsor may terminate or amend the Plan in whole or in part at any time.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements were prepared on the accrual basis of accounting and practices common to employee benefit plans. Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements:

Investments

Investments in mutual funds are recorded at fair value based upon quoted market prices at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined on the average cost basis and used to determine realized gains and losses upon disposition.

The Plan invests in a guaranteed investment contract maintained in a trust. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value for the investment contract is based upon contributions, withdrawals and earnings of the trust as reported by KeyBank. The statement of net assets available for benefits and the statements of changes in net assets available for benefits present the guaranteed investment contract on a contract value basis.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

Contributions

Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when due by the Plan Sponsor.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options consisting of various types of mutual funds. The funds and their underlying investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

In February 2022, military conflict began in eastern Europe. This region of the world is home to some of the largest producers and exporters of liquified natural gas, grain and agronomy commodities, and others, globally. Disruptions in these markets, and others, have contributed to issues in supply chains, inflation, and economic volatility and downturns on a broad and global level. The duration of this conflict and its lasting effects are currently unknown. In addition, governmental actions taken globally as a result of the COVID-19 pandemic have also contributed to current economic trends and effects. Although governmental actions related to COVID-19 have largely eased, it is unknown whether new orders or restrictions will be enacted. The Plan cannot reasonably estimate the impact of the conflict in eastern Europe and COVID-19 on its financial position for the fiscal year ending December 31, 2022.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Recent Accounting Standards

In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments – Credit Losses*. The ASU revises the measurement of credit losses for financial assets from an incurred loss methodology to an expected loss methodology. These expected credit losses for financial assets held at the reporting date are to be based on historical experience, current conditions, and reasonable and supportable forecasts. The ASU is effective for the years beginning after December 15, 2022. The Plan is currently evaluating the impact the adoption will have on its financial statements.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material impact on the Plan's significant accounting policies, net assets available for benefits, or changes in net assets available for benefits.

MORRAL PROFIT SHARING PLAN

As discussed in the note "Description of the Plan", the board of directors of Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC resolved to amend and restate the Morral Profit Sharing Plan and simultaneously merged its assets and participant accounts into the Plan. As part of this combination, the Plan received a deposit of \$7,210,056 allocated to participant accounts and participant notes balances receivable to the plan of \$331,247. The receipt of these balances had a significant impact on the increase in the Plan's net assets available for benefits for the year ended December 31, 2021.

GUARANTEED INVESTMENT CONTRACT

The Plan maintains a benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (KeyBank Guaranteed Portfolio Fund). As described within the heading "Summary of Significant Accounting Policies", because the investment contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract issuer is obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate for the KeyBank Guaranteed Portfolio Fund was 1.44% for the year ended December 31, 2021 (1.66% for 2020). The crediting interest rate is adjusted quarterly. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events may limit the Plan's ability to transact at contract value with the issuer such as premature termination of contracts by the Plan, layoffs, Plan termination, bankruptcy, mergers and early retirement incentives. The Plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value with the participants is probable.

FAIR VALUE MEASUREMENTS

The Plan complies with Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair values of certain assets and liabilities are determined based on the fair value hierarchy established in this standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1

Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

CENTRAL OHIO FARMERS CO-OP, INC. / MORRAL COMPANIES, LLC
401(k) SAFE HARBOR PLAN

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2021 and 2020

FAIR VALUE MEASUREMENTS - Continued

Level 3

Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Total</u>	<u>Fair Value Measurements Using:</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2021				
Mutual funds	\$ 22,301,341	\$ 22,301,341	\$ -	\$ -
December 31, 2020				
Mutual funds	\$ 13,283,875	\$ 13,283,875	\$ -	\$ -

The mutual funds are publicly traded, and their fair value represents the closing price or net asset value published as of December 31, 2021 and 2020. As a result, these investments are listed as Level 1.

The guaranteed investment contract included in investments on the statement of net assets available for benefits is reported at contract value and therefore not included in the fair value table.

INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The following information was prepared and certified to as complete and accurate by Great-West Trust Company, LLC, custodian of the Plan, and was utilized in the preparation of the Plan's financial statements as of December 31, 2021 and 2020, and for the years then ended. Certain adjustments have been made to the information, primarily to present the Plan's financial statements on the accrual basis and properly classify transactions.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments may be managed by the Plan's investment advisor, as is customary in retirement plans. As a result, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

BHM CPA Group, Inc. serves as the Plan's auditors and qualifies as a party-in-interest.

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and, as a result, the schedule of reportable transactions is not required.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Differences between the audited financial statements and the information on the Form 5500 were not significant and primarily related to different classifications.

INCOME TAX STATUS

The Plan Sponsor adopted a prototype plan on which an opinion letter relating only to the acceptability of the form of the Plan was obtained on March 31, 2014. A determination letter from the Internal Revenue Service has not been requested specifically for the Plan.

The Plan complies with ASC 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. The Plan administrator is not aware of any tax positions taken by the Plan that they consider to be uncertain. The tax returns for the years ended 2018, 2019 and 2020 are open and subject to examination by the Internal Revenue Service.

SUBSEQUENT EVENTS

Subsequent events were evaluated through October 7, 2022, which is the date the financial statements were available to be issued.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at year end are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CENTRAL OHIO FARMERS CO-OP, INC. / MORRAL COMPANIES, LLC
401(k) SAFE HARBOR PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

DESCRIPTION OF PLAN

The Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC 401(k) Safe Harbor Plan (the Plan) was created as a new plan in 2013. Assets and participant accounts of plans sponsored individually by Central Ohio Farmers Co-op, Inc. and its wholly owned subsidiary, Morral Companies, LLC, were transferred into the Plan. The board of directors of Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC resolved March 17, 2021, to amend and restate the Morral Profit Sharing Plan to be consistent with the Plan and simultaneously merged its assets and participant accounts into the Plan. The following brief description is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description.

General

The Plan is a defined contribution retirement plan sponsored by Central Ohio Farmers Co-op, Inc. and its wholly owned subsidiary Morral Companies, LLC (collectively the Plan Sponsor) for the benefit of its eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's effective date was January 1, 2013.

Eligibility

An employee must be at least 18 years of age and have completed 6 months of service prior to entering the Plan. Entry dates into the Plan occur each month.

Contributions

To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer, authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, and to contribute such amount to the employee's account in the Plan. Participating employees have the option to contribute pre-tax salary deferrals and/or after-tax Roth deferrals. In accordance with Section 401(k) of the Internal Revenue Code, all pre-tax amounts withheld from wages and contributed to a participant's account, up to the maximum allowed, shall be excluded from gross income of the participant for federal income tax purposes. Employer matching contributions expressed as a percent of qualified wages are as follows:

<u>Employee Contributions</u>	<u>Employer Matching Contributions</u>
0%	0%
1%	1%
2%	2%
3%	3%
4%	3.5%
5% and above	4%

Vesting

All amounts contributed by both the employee and the employer and the earnings thereon are immediately vested.

Participant Accounts

Participant's accounts are credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees and Expenses

The Plan Sponsor absorbs a portion of trustee and administrator fees and expenses. Fees and expenses paid by the Plan are allocated to participant accounts on a prorated basis.

DESCRIPTION OF PLAN - Continued

Forfeited Accounts

As all contributions are immediately vested, there are no forfeitures in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions to various mutual funds consisting of different investment types and goals as made available and determined by the Trustees. Participants may change their investment options any time throughout the year via internet or direct phone access to Great-West Trust Company, LLC. The change becomes effective the next business day.

Payment of Benefits

The normal form of benefit payments under the Plan are lump sum distributions. A participant's account shall be payable to him or her, or in the event of death to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Normal retirement date is upon attainment of age 65. Distributions may be made from any vested accounts upon attainment of age 59 ½. Roth deferrals are not available for in-service withdrawal. Hardship withdrawals may be made for an immediate and heavy financial need of the participant as defined in the Plan agreement.

Notes Receivable from Participants

Participant loans are permitted under the Plan. A participant must repay the loan within five years, unless the loan is being used to purchase a primary residence. Loans must be approved by the Plan administrator and Trustees. The maximum amount available to a participant is the lesser of 50% of his or her vested account balance (less any previous outstanding loans) or \$50,000 reduced by the highest outstanding loan balance in the past twelve months. One loan per participant is allowed at any one time with \$1,000 being the minimum amount available for each loan.

Termination of the Plan

Although it has not expressed any intention to do so, the Plan Sponsor may terminate or amend the Plan in whole or in part at any time.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements were prepared on the accrual basis of accounting and practices common to employee benefit plans. Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements:

Investments

Investments in mutual funds are recorded at fair value based upon quoted market prices at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined on the average cost basis and used to determine realized gains and losses upon disposition.

The Plan invests in a guaranteed investment contract maintained in a trust. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value for the investment contract is based upon contributions, withdrawals and earnings of the trust as reported by KeyBank. The statement of net assets available for benefits and the statements of changes in net assets available for benefits present the guaranteed investment contract on a contract value basis.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

Contributions

Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when due by the Plan Sponsor.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options consisting of various types of mutual funds. The funds and their underlying investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

In February 2022, military conflict began in eastern Europe. This region of the world is home to some of the largest producers and exporters of liquified natural gas, grain and agronomy commodities, and others, globally. Disruptions in these markets, and others, have contributed to issues in supply chains, inflation, and economic volatility and downturns on a broad and global level. The duration of this conflict and its lasting effects are currently unknown. In addition, governmental actions taken globally as a result of the COVID-19 pandemic have also contributed to current economic trends and effects. Although governmental actions related to COVID-19 have largely eased, it is unknown whether new orders or restrictions will be enacted. The Plan cannot reasonably estimate the impact of the conflict in eastern Europe and COVID-19 on its financial position for the fiscal year ending December 31, 2022.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Recent Accounting Standards

In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments – Credit Losses*. The ASU revises the measurement of credit losses for financial assets from an incurred loss methodology to an expected loss methodology. These expected credit losses for financial assets held at the reporting date are to be based on historical experience, current conditions, and reasonable and supportable forecasts. The ASU is effective for the years beginning after December 15, 2022. The Plan is currently evaluating the impact the adoption will have on its financial statements.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material impact on the Plan's significant accounting policies, net assets available for benefits, or changes in net assets available for benefits.

MORRAL PROFIT SHARING PLAN

As discussed in the note "Description of the Plan", the board of directors of Central Ohio Farmers Co-op, Inc. / Morral Companies, LLC resolved to amend and restate the Morral Profit Sharing Plan and simultaneously merged its assets and participant accounts into the Plan. As part of this combination, the Plan received a deposit of \$7,210,056 allocated to participant accounts and participant notes balances receivable to the plan of \$331,247. The receipt of these balances had a significant impact on the increase in the Plan's net assets available for benefits for the year ended December 31, 2021.

GUARANTEED INVESTMENT CONTRACT

The Plan maintains a benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (KeyBank Guaranteed Portfolio Fund). As described within the heading "Summary of Significant Accounting Policies", because the investment contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract issuer is obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate for the KeyBank Guaranteed Portfolio Fund was 1.44% for the year ended December 31, 2021 (1.66% for 2020). The crediting interest rate is adjusted quarterly. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events may limit the Plan's ability to transact at contract value with the issuer such as premature termination of contracts by the Plan, layoffs, Plan termination, bankruptcy, mergers and early retirement incentives. The Plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value with the participants is probable.

FAIR VALUE MEASUREMENTS

The Plan complies with Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair values of certain assets and liabilities are determined based on the fair value hierarchy established in this standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1

Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

CENTRAL OHIO FARMERS CO-OP, INC. / MORRAL COMPANIES, LLC
401(k) SAFE HARBOR PLAN

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2021 and 2020

FAIR VALUE MEASUREMENTS - Continued

Level 3

Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Total</u>	<u>Fair Value Measurements Using:</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2021				
Mutual funds	\$ 22,301,341	\$ 22,301,341	\$ -	\$ -
December 31, 2020				
Mutual funds	\$ 13,283,875	\$ 13,283,875	\$ -	\$ -

The mutual funds are publicly traded, and their fair value represents the closing price or net asset value published as of December 31, 2021 and 2020. As a result, these investments are listed as Level 1.

The guaranteed investment contract included in investments on the statement of net assets available for benefits is reported at contract value and therefore not included in the fair value table.

INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The following information was prepared and certified to as complete and accurate by Great-West Trust Company, LLC, custodian of the Plan, and was utilized in the preparation of the Plan's financial statements as of December 31, 2021 and 2020, and for the years then ended. Certain adjustments have been made to the information, primarily to present the Plan's financial statements on the accrual basis and properly classify transactions.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments may be managed by the Plan's investment advisor, as is customary in retirement plans. As a result, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

BHM CPA Group, Inc. serves as the Plan's auditors and qualifies as a party-in-interest.

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and, as a result, the schedule of reportable transactions is not required.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Differences between the audited financial statements and the information on the Form 5500 were not significant and primarily related to different classifications.

INCOME TAX STATUS

The Plan Sponsor adopted a prototype plan on which an opinion letter relating only to the acceptability of the form of the Plan was obtained on March 31, 2014. A determination letter from the Internal Revenue Service has not been requested specifically for the Plan.

The Plan complies with ASC 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. The Plan administrator is not aware of any tax positions taken by the Plan that they consider to be uncertain. The tax returns for the years ended 2018, 2019 and 2020 are open and subject to examination by the Internal Revenue Service.

SUBSEQUENT EVENTS

Subsequent events were evaluated through October 7, 2022, which is the date the financial statements were available to be issued.
