Westlie Motor Company 401(k) Profit Sharing Plan
Minot, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Westlie Motor Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Westlie Motor Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westlie Motor Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Westlie Motor Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Westlie Motor Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2020 Financial Statement

Plan management is responsible for the accompanying financial statement of Westlie Motor Company 401(k) Profit Sharing Plan, which comprises the statement of net assets available for benefits as of December 31, 2020. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the financial statement.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF PLAN

The following description of the Westlie Motor Company 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Westlie Motor Company (the "Company"), who have worked for the Company for one month and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Company. A third party administrator performs general plan administration services. A separate party serves as the provider of the Plan, maintains the records of the participant data and holds the Plan assets.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things, an increase in the age limit for required minimum distributions from 70 ½ to 72.

Coronavirus-Related Distribution ("CRD") and Loan Relief

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law. The provisions of the CARES Act were optional. The provisions allowed for qualifying participants to:

- Take expanded distribution options to withdraw up to \$100,000 penalty free for qualifying reasons through December 31, 2020 with additional options to repay some or all of their CRD within three years.
- Borrow from their account up to a maximum of the lesser of \$100,000 or 100 percent of their vested account balance.
- Temporarily suspend required minimum distributions for 2020 for participants that turned 72 in 2020.

The Plan has not opted into the above mentioned provisions.

Contributions

Each participant in the Plan may withhold up to 100% of their compensation. However, the maximum deferral amount may not exceed IRS limits. The Employer makes matching contributions equivalent to 100% of the participant's elective deferral that do not exceed 2%. The Employer may also contribute an additional profit-sharing amount determined at its own discretion.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit, contribution plans, or individual retirement accounts.

WESTLIE MOTOR COMPANY 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

Participant's Accounts

Each participant's account is credited with the participant's contributions, the employer's matching contribution and profit sharing contribution, if any. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The value of each participant's account is determined daily.

Notes Receivable from Participants

Notes receivable from participants represents a participant loan that was established in prior years. The Plan currently does not allow for participant loans. The loan was carried on the records as the participant was making payments on the loan. During 2021, the participant loan was offset with the participant's account balance when the participant was terminated from the Company.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. If the vested value of the participant's account is less than \$5,000, the participant will be forced out of the Plan. The participant's mandatory distribution will be paid in a lump sum.

Hardship distributions and in-service retirement distributions are also permitted for participants who have not separated from service. Participants must have attained age 59 ½ to qualify for in-service retirement distributions.

Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Forfeitures

The non-vested portion of a paid participant's balance is used to offset administrative fees or to reduce the employer's matching contribution. At December 31, 2021 and 2020, there were forfeited non-vested amounts of \$23,243 and \$7,476, respectively. Forfeitures of \$0 and \$43,499 were used to offset employer matching contributions during the years ended December 31, 2021 and 2020, respectively. In addition, forfeitures of \$0 and \$1,579 were used to offset plan fees.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the guaranteed investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors and the plan provider. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year and is reflected in the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Fees

The investment funds in the Plan are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements.

WESTLIE MOTOR COMPANY 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

Certain administrative expenses paid from Plan assets are reflected in these financial statements. Other administrative expenses that are paid by the Company are not reflected in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit loss has been recorded at December 31, 2020. The loan was paid off before December 31, 2021.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change to the methodology used at December 31, 2021 and 2020.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

WESTLIE MOTOR COMPANY 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan does not have any assets to be classified within the fair value hierarchy table. See investments measured using the net asset value per share practical expedient in the following table to reconcile to investments at fair value on the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to this Plan.

	December 31				
	(Unaudited)				
	2021	2020	Unfunded	Redemption	Redemption
<u>Investment Type</u>	<u>Fair Market Value</u>	<u>Fair Market Value</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>
Pooled Separate Accounts					
Asset Allocation Funds	\$ 384,671	\$ 555,526	-	Daily	Daily
Bond Funds	2,524,728	2,102,296	-	Daily	Daily
International/Global	1,648,019	1,344,529	-	Daily	Daily
Large Cap	2,975,498	2,390,670			
Mid Cap	670,194	542,831	-	Daily	Daily
Small Cap	558,094	450,868	-	Daily	Daily

Asset allocation pooled separate accounts provide investors with a portfolio of a mix of stocks and bonds, as well as cash equivalents, with a variety of objectives.

Bond pooled separate accounts invest in bonds and are designed to provide regular income from interest paid by the bonds they hold.

International/global pooled separate accounts invest in international stocks that involve risks associated with interest-rate and currency-exchange-rate changes as well as with market, economic and political conditions of the countries where investments are made. There may be greater returns but also greater risks than with U.S. investments. International stocks fluctuate in value and may be worth more or less than their original cost.

Large cap pooled separate accounts invest in stocks that are subject to more risk than bonds or money market investments. Shares, when redeemed, may be worth more or less than their original cost. Large cap pooled separate accounts are made up of the stock of companies with a market capitalization value of more than \$10 billion.

WESTLIE MOTOR COMPANY 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

Mid cap pooled separate accounts invest in stocks that generally have higher risk and reward characteristics than large company stocks. Mid cap pooled separate accounts are made up of the stock of companies with a market capitalization value between \$10 billion and \$2 billion.

Small cap pooled separate accounts invest in stocks that generally have higher risk and reward characteristics than large company stocks. Mid cap pooled separate accounts are made up of the stock of companies with a market capitalization value less than \$2 billion.

NOTE 5 GUARANTEED INVESTMENT CONTRACT

A group variable funding agreement was entered into between the Plan and Great-West Life & Annuity Insurance Company on behalf of Talcott Resolution Life Insurance Company. At this time, the plan entered into a fully benefit-responsive guaranteed investment contract. The minimum guaranteed interest rate through December 31, 2021 under this contract was 3%. The interest crediting rate is determined quarterly. Great-West Life & Annuity Insurance Company on behalf of Talcott Resolution Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the Plan's ability to transact at contract value with Great-West Life & Annuity Insurance Company on behalf of Talcott Resolution Life Insurance Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

WESTLIE MOTOR COMPANY 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

NOTE 6 INCOME TAX STATUS

The Plan is a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by the TPA (FuturePlan by Ascensus) and adopted by the Company. The Internal Revenue Service informed the TPA by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan is acceptable under Section 401 of the Internal Revenue Code. The Plan has not requested its own determination letter from the IRS. However, the Company and plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

All investments held by the Plan are managed by Massachusetts Mutual Life Insurance Company. Fees paid to Massachusetts Mutual Life Insurance Company for administrative services during the years ended December 31, 2021 and 2020, were \$90,037 and \$59,411, respectively. In addition, during 2021 and 2020, \$1,495 and \$2,359 in loan set-up fees and distribution fees were paid to the third-party administrator for the Plan, respectively.

NOTE 8 PLAN TERMINATION AND AMENDMENTS

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the rights to all participants shall remain nonforfeitable. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

No significant events have occurred subsequent to the Plan's year end. Subsequent events have been evaluated through September 29, 2022, which is the date these financial statements were available to be issued.
