REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
World Wildlife Fund, Inc. Tax Deferred Pension Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We were engaged to perform an audit of the financial statements of World Wildlife Fund, Inc. Tax Deferred Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion on the 2021 financial statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 financial statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Basis for disclaimer of opinion on the 2021 financial statements

As described in Note 1 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to

January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the 2021 financial statements may have been affected by these conditions.

Further, as described in Note 1 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 financial statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matters*2021 supplemental schedule required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section on the 2021 financial statements of our report, it is inappropriate to and we do not express an opinion on the 2021 supplemental schedule referred to above.

Auditor's report on the 2020 financial statements

Other auditors performed an audit of the 2020 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2021, indicated that (a) because the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, (b) the Plan excluded from investments in the statement of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans and (c) accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. Because of the significance of the information that the other auditors did not audit and because they were unable to apply auditing procedures to satisfy themselves as to the appropriateness and completeness of the Plan's net assets available for benefits and changes in net assets available for benefits, they were unable to, and did not, express an opinion on the 2020 financial statements.

World Wildlife Fund, Inc. Tax Deferred Pension Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the World Wildlife Fund, Inc. Tax Deferred Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan pursuant to the provisions of Section 403(b) of the Internal Revenue Code ("IRC") covering all employees of World Wildlife Fund, Inc. ("WWF" or the "Organization"). All employees of WWF with income subject to United States federal income tax are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various custodial accounting and recordkeeping reports related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained. The third-party custodians were unable to provide those records to management necessary to substantiate the historical balances. Consequently, the financial statements and supplemental schedules have been prepared based on available records. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

Custodian and Administration of the Plan

The custodian and recordkeeper of the Plan is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"). The administrator of the Plan is WWF. The custodian holds all assets of the Plan in accordance with the service provider contract with WWF. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Department of Labor Field Assistance Bulletin (FAB) 2009-02

The U.S. Department of Labor issued FAB 2009-02 on July 20, 2009. FAB 2009-02 provided relief in the Form 5500 reporting requirements for Section 403(b) plans, stating:

Specifically, the administrator of a 403(b) plan does not need to treat annuity contracts and custodial accounts as part of the employer's Title I plan or as plan assets for purposes of ERISA's annual reporting requirements provided that:

1. The contract or account was issued to a current or former employee before January 1, 2009;
2. The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009;
3. All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and the individual owner of the contract is fully vested in the contract or account.

World Wildlife Fund, Inc. Tax Deferred Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Plan assets held by a legacy provider TIAA and CREF have been excluded from the statements of net assets available for benefits in accordance with the FAB 2009-02.

Management believes that the 403(b) Plan contracts held by the legacy service provider meet the criteria of the U.S. Department of Labor for exclusion from the Form 5500 filing. As permitted, management chose to exclude these contracts from Plan reporting.

Contributions and Eligibility

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to 100% of their compensation not to exceed the annual maximum allowable amount under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employees who have attained the age of 18 and have completed one year of service (a 12-month period starting on the date of hire, and the anniversary of that date each year, in which the employee has completed 1,000 hours of service) are eligible for WWF's matching contributions. Employees who have attained the age of 18 and have completed two years of service are eligible for WWF's basic contributions. WWF's matching contributions are equal to 100% of the first 3% of eligible compensation deferred by participants. WWF's basic contributions are equal to 6% of eligible compensation paid to participants during the Plan year.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution, (b) allocations of WWF's matching contribution and basic contribution, and (c) Plan earnings or losses based on account balances. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan. Currently, the Plan offers 39 active options to participants, including a self-directed brokerage account option.

Vesting

Participants are immediately vested in their contributions, as well as WWF's matching and basic contributions, plus actual earnings (losses) thereon.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and must be repaid through payroll deductions over a five-year period, except for the purchase of a principal residence which may be repaid over a reasonable period of time that may be longer than five years. The loans bear interest at a rate of 1% over the prime rate on the loan date, ranging from 4.25% to 6.50% for the years ended December 31, 2021 and 2020.

Payment of Benefits

On termination of service due to death, disability, retirement or other termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Balances under \$1,000 may be automatically distributed to the participant at the discretion of WWF's plan administrator. Balances between \$1,000 and \$5,000 may also be automatically distributed at the discretion of WWF's plan administrator, but will be distributed to an individual retirement account in the name of the participant.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Minimum required distributions for participants who have reached 72 also apply per IRS regulations.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments, with the exception of fully benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4, for a discussion of fair value measurements.

Units held in fully benefit responsive investment contracts are valued at contract value. See Note 5. Contract value represents contributions and interest earnings, less withdrawals and expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

In 2020, amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") were recorded as a liability with a corresponding reduction to contributions. The Plan transferred the excess contributions in a suspense forfeiture account to be used as an offset to employer contributions.

World Wildlife Fund, Inc. Tax Deferred Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the sponsor. Expenses that are paid by the sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY PRINCIPAL

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosures under ERISA*. Accordingly, Principal Trust Company has certified as being complete and accurate the investments and notes receivable on the statements of net assets available for benefits at December 31, 2021 and 2020, the net investment income, net appreciation, dividend income, interest income, and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the information included in the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate, except for comparing this information to the Plan's financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

World Wildlife Fund, Inc. Tax Deferred Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Registered Investments - These investments are generally valued at the daily closing price as reported by the respective fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. These Plan investments are deemed to be actively traded on a public exchange.

Self-Directed Brokerage Accounts - The self-directed brokerage accounts give participants the opportunity to actively manage their retirement contributions as participants have the ability to select from various registered company fund choices. These investments are held in mutual funds and are generally valued at the daily closing price as reported by the respective fund and these funds are required to publish their daily NAV and to transact at that price. These Plan investments are deemed to be actively traded.

The following tables set forth, by level, the fair value hierarchy of the Plan's investment assets at fair value.

December 31, 2021				
	Level 1	Level 2	Level 3	Total

Total investments, at fair value	<u>\$ 163,024,575</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 163,024,575</u>

NOTE 5 - GROUP ANNUITY CONTRACT

The Principal Fixed Income Option Non-401(a) ("PFIO") is a fully benefit-responsive group annuity contract issued by the Principal Life Insurance Company. The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants

World Wildlife Fund, Inc. Tax Deferred Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The PFIO is a single annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets. As a result, the average yield earned by the Plan is the yield earned on the group annuity contract. The crediting interest rate was 1.15% and 1.35% as of December 31, 2021 and 2020, respectively.

By definition, the PFIO group annuity is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. The probability of the occurrences of events that may limit the Plan's ability to transact at contract value with participants is remote.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, World Wildlife Fund, Inc. as the employer, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, with advance notice. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

NOTE 7 - TAX STATUS

The IRS is currently not issuing determination letters on 403(b) plans. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

World Wildlife Fund, Inc. is the sponsor of the Plan and, as such, executes the normal duties associated therewith. Costs incurred for audit, legal, and other administrative functions are paid by the plan sponsor on behalf of the Plan. There were no financial transactions recorded between the plan sponsor and the Plan except for contributions.

Principal is the custodian and recordkeeper. All transactions with Principal, including management of Plan investments, qualify as exempt party-in-interest transactions. Fees paid by the Plan to Principal were \$269,422 for the year ended December 31, 2021. Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides various investment securities options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 10 - SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
