INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Transource, Inc. 401(k) Investment Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Transource, Inc. 401(k) Investment Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits, as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank, similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, similar institution, or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from Fidelity Management Trust Company (“the Trustee”), as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the December 31, 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor’s Responsibilities for the Audit of the December 31, 2021 Financial Statements*** section –

- the amounts and disclosures in the December 31, 2021 financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying December 31, 2021 financial statements related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the December 31, 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the ***Auditor’s Responsibilities for the Audit of the December 31, 2021 Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America (“GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor’s Responsibilities for the Audit of the December 31, 2021 Financial Statements

Except, as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the December 31, 2021 Financial Statements*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we –

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the December 31, 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

December 31, 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the December 31, 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors, and were subject to ERISA, as permitted by ERISA Section 103(a)(3)(C). Their report dated September 28, 2021, indicated their audit did not extend to any statements or investment information by a bank, similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, similar institution, or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The assets held for investment were certified complete and accurate by the Trustee.

TRANSOURCE, INC. 401(K) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. DESCRIPTION OF PLAN

The following description of Transource, Inc. (“the Company”) 401(k) Investment Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. **General.** The Plan is a defined contribution plan covering all employees at least eighteen (18) years of age and have completed three (3) month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
2. **Contributions.** Participant elective deferral contributions are permitted by the Plan. Participants are limited to contribute up to \$19,500 of annual compensation in 2021, which is defined by the Internal Revenue Service (“IRS”). At age fifty (50), special Section 401(k) catchup contributions are allowed under the Plan. Further, rollover contributions are allowed under the Plan. The Company is not obligated to match participants’ contributions; however, the Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participants’ elective deferrals. Each year the Company will determine the formula for the discretionary matching contribution. For Plan year 2021, the Company elected to match 50% of participants’ contributions up to 6%. Participants must be at the age of eighteen (18) years old or older, have worked three (3) months, and must be employed as of December 31, 2021, in order to be eligible for profit-sharing.
3. **Participants’ Accounts.** Participants may direct Fidelity Management Trust Company (“the Trustee”) as to the investment of their accounts among several investment options, reflecting varying degrees of risk. The participants’ accounts are credited with their salary deferrals, any employer contributions, and earnings of the underlying investments. Allocations are based on participants’ earnings or account balances, as defined. Participants are entitled to the benefit that can be provided from the participants’ accounts. Participants may make rollover contributions to the Plan.
4. **Vesting.** Participants are always 100% vested in rollover contributions, matching contributions, qualified nonelective contributions, deferral contributions, and any earnings thereon. Participants are vested in the Plan’s nonelective contributions and earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

5. **Payment of Benefits.** Participants will receive benefits as they elect following normal retirement age. Distribution of the accumulation amounts will not exceed the life of participants and/or designated beneficiaries. Upon termination of service, participants are eligible to receive their vested balance as soon as administratively feasible after the end of the Plan year. Benefits may be paid as a lump sum, or in various forms of installments.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. DESCRIPTION OF PLAN *[cont'd]*

- 6. Investment Options.** Upon enrollment in the Plan, participants may direct employee contributions in a variety of mutual funds or money market funds offered by the Trustee who invests in common stocks of publicly traded companies.
- 7. Rollovers.** Participants may roll over all or a portion of funds into another Section 401(k) retirement plan or into an Individual Retirement Account.
- 8. Loans to Participants.** The Plan provisions do not allow for participant loans.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

As described in the Financial Accounting Standards Board ("FASB") Codification, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor.

The Plan's investments are stated at fair value as determined by quoted market prices.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires the use of management's estimates and assumptions that could affect assets and liabilities. Actual results could differ from those estimates.

TRANSOURCE, INC. 401(K) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

C. INVESTMENTS

The following is a summary of the investment information regarding the Plan, as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplementary schedules. The investment information was derived from information prepared by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Trustee that such information is complete and accurate.

	2021	2020
Investments in Net Assets of the Plan:		
Mutual funds	\$ 10,214,444	\$ 8,797,187
Money market funds	674,409	610,143
Common collective trust fund	79,411	78,144
	<u>\$ 10,968,264</u>	<u>\$ 9,485,474</u>
Investment Income:		
Net appreciation in fair value of investments	\$ 597,292	
Interest and dividends	1,040,132	
	<u>\$ 1,637,424</u>	

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

D. FAIR VALUE MEASUREMENTS

FASB Codification establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three (3) levels of the fair value hierarchy under FASB Codification are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets in active markets;
 - Quoted prices for identical or similar assets in inactive markets;
 - Inputs other than quoted prices that are observable for the assets;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

TRANSOURCE, INC. 401(K) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

D. FAIR VALUE MEASUREMENTS [cont'd]

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual/Money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds. These funds are required to publish their daily net asset value ("NAV") to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at NAV as determined by the issuer based on the fair value of the underlying assets, minus liabilities, which are valued primarily through the use of directly and indirectly observable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,214,444	\$ ---	\$ ---	\$ 10,214,444
Money market funds	674,409	---	---	674,409
Common collective trust fund	79,411	---	---	79,411

E. RELATED PARTY TRANSACTIONS

The Plan invests in a money market fund managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management and administrative services paid to the third-party administrator of the Plan and the Trustee of the Plan also qualify as party-in-interest transactions. Because the Company is a Plan fiduciary, as well as the sponsoring employer, it qualifies as a party-in-interest

F. TAX STATUS

The Plan obtained its latest determination letter on April 20, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

As of December 31, 2021, management believes there are no uncertain tax positions.

As of December 31, 2021 and including the previous three (3) years considering extensions, the Plan's Form 5500 is open and subject to examination by tax authorities with relevant jurisdiction. Should such an examination take place, management does not anticipate any significant issues related to the open years.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. ADMINISTRATIVE EXPENSES

The Plan sponsor has elected to pay certain administrative expenses of the Plan.

J. SUBSEQUENT EVENTS

The Plan evaluated events occurring subsequent to the statements of net assets available for benefits date through October 10, 2022, the date the financial statements were available to be issued.

K. OTHER RISKS

In March 2020, the Director-General of the World Health Organization declared COVID-19 a pandemic. The Company is taking all the necessary steps to keep its employees and premises safe and is constantly monitoring the impact of COVID-19.

L. DEPARTMENT OF LABOR (DOL) LIMITED SCOPE AUDIT

The Plan Administrator has elected an ERISA Section 103(a)(3)(c) audit of the Plan as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The Trustee provided a certification letter that certifies investment records kept by the Trustee are complete and accurate for the Plan years ended December 31, 2021 and 2020. These certifications extend to investment records kept by the Trustee and its successors, if any, act as a directed Trustee, custodian, or both. The Plan's independent accountant did not perform auditing procedures with respect to this information.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Transource, Inc. 401(k) Investment Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Transource, Inc. 401(k) Investment Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits, as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank, similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, similar institution, or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from Fidelity Management Trust Company (“the Trustee”), as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the December 31, 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor’s Responsibilities for the Audit of the December 31, 2021 Financial Statements*** section –

- the amounts and disclosures in the December 31, 2021 financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying December 31, 2021 financial statements related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the December 31, 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the ***Auditor’s Responsibilities for the Audit of the December 31, 2021 Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America (“GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor’s Responsibilities for the Audit of the December 31, 2021 Financial Statements

Except, as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the December 31, 2021 Financial Statements*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we –

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the December 31, 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

December 31, 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the December 31, 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors, and were subject to ERISA, as permitted by ERISA Section 103(a)(3)(C). Their report dated September 28, 2021, indicated their audit did not extend to any statements or investment information by a bank, similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, similar institution, or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The assets held for investment were certified complete and accurate by the Trustee.

TRANSOURCE, INC. 401(K) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. DESCRIPTION OF PLAN

The following description of Transource, Inc. (“the Company”) 401(k) Investment Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. **General.** The Plan is a defined contribution plan covering all employees at least eighteen (18) years of age and have completed three (3) month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
2. **Contributions.** Participant elective deferral contributions are permitted by the Plan. Participants are limited to contribute up to \$19,500 of annual compensation in 2021, which is defined by the Internal Revenue Service (“IRS”). At age fifty (50), special Section 401(k) catchup contributions are allowed under the Plan. Further, rollover contributions are allowed under the Plan. The Company is not obligated to match participants’ contributions; however, the Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participants’ elective deferrals. Each year the Company will determine the formula for the discretionary matching contribution. For Plan year 2021, the Company elected to match 50% of participants’ contributions up to 6%. Participants must be at the age of eighteen (18) years old or older, have worked three (3) months, and must be employed as of December 31, 2021, in order to be eligible for profit-sharing.
3. **Participants’ Accounts.** Participants may direct Fidelity Management Trust Company (“the Trustee”) as to the investment of their accounts among several investment options, reflecting varying degrees of risk. The participants’ accounts are credited with their salary deferrals, any employer contributions, and earnings of the underlying investments. Allocations are based on participants’ earnings or account balances, as defined. Participants are entitled to the benefit that can be provided from the participants’ accounts. Participants may make rollover contributions to the Plan.
4. **Vesting.** Participants are always 100% vested in rollover contributions, matching contributions, qualified nonelective contributions, deferral contributions, and any earnings thereon. Participants are vested in the Plan’s nonelective contributions and earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

5. **Payment of Benefits.** Participants will receive benefits as they elect following normal retirement age. Distribution of the accumulation amounts will not exceed the life of participants and/or designated beneficiaries. Upon termination of service, participants are eligible to receive their vested balance as soon as administratively feasible after the end of the Plan year. Benefits may be paid as a lump sum, or in various forms of installments.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. DESCRIPTION OF PLAN *[cont'd]*

- 6. Investment Options.** Upon enrollment in the Plan, participants may direct employee contributions in a variety of mutual funds or money market funds offered by the Trustee who invests in common stocks of publicly traded companies.
- 7. Rollovers.** Participants may roll over all or a portion of funds into another Section 401(k) retirement plan or into an Individual Retirement Account.
- 8. Loans to Participants.** The Plan provisions do not allow for participant loans.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

As described in the Financial Accounting Standards Board ("FASB") Codification, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor.

The Plan's investments are stated at fair value as determined by quoted market prices.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires the use of management's estimates and assumptions that could affect assets and liabilities. Actual results could differ from those estimates.

TRANSOURCE, INC. 401(K) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

C. INVESTMENTS

The following is a summary of the investment information regarding the Plan, as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplementary schedules. The investment information was derived from information prepared by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Trustee that such information is complete and accurate.

	2021	2020
Investments in Net Assets of the Plan:		
Mutual funds	\$ 10,214,444	\$ 8,797,187
Money market funds	674,409	610,143
Common collective trust fund	79,411	78,144
	<u>\$ 10,968,264</u>	<u>\$ 9,485,474</u>
Investment Income:		
Net appreciation in fair value of investments	\$ 597,292	
Interest and dividends	1,040,132	
	<u>\$ 1,637,424</u>	

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

D. FAIR VALUE MEASUREMENTS

FASB Codification establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three (3) levels of the fair value hierarchy under FASB Codification are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets in active markets;
 - Quoted prices for identical or similar assets in inactive markets;
 - Inputs other than quoted prices that are observable for the assets;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

TRANSOURCE, INC. 401(K) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

D. FAIR VALUE MEASUREMENTS [cont'd]

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual/Money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds. These funds are required to publish their daily net asset value ("NAV") to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at NAV as determined by the issuer based on the fair value of the underlying assets, minus liabilities, which are valued primarily through the use of directly and indirectly observable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,214,444	\$ ---	\$ ---	\$ 10,214,444
Money market funds	674,409	---	---	674,409
Common collective trust fund	79,411	---	---	79,411

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,797,187	\$ ---	\$ ---	\$ 8,797,187

Total				<u>\$ 9,485,474</u>

E. RELATED PARTY TRANSACTIONS

The Plan invests in a money market fund managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management and administrative services paid to the third-party administrator of the Plan and the Trustee of the Plan also qualify as party-in-interest transactions. Because the Company is a Plan fiduciary, as well as the sponsoring employer, it qualifies as a party-in-interest

F. TAX STATUS

The Plan obtained its latest determination letter on April 20, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

As of December 31, 2021, management believes there are no uncertain tax positions.

As of December 31, 2021 and including the previous three (3) years considering extensions, the Plan's Form 5500 is open and subject to examination by tax authorities with relevant jurisdiction. Should such an examination take place, management does not anticipate any significant issues related to the open years.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. ADMINISTRATIVE EXPENSES

The Plan sponsor has elected to pay certain administrative expenses of the Plan.

J. SUBSEQUENT EVENTS

The Plan evaluated events occurring subsequent to the statements of net assets available for benefits date through October 10, 2022, the date the financial statements were available to be issued.

K. OTHER RISKS

In March 2020, the Director-General of the World Health Organization declared COVID-19 a pandemic. The Company is taking all the necessary steps to keep its employees and premises safe and is constantly monitoring the impact of COVID-19.

L. DEPARTMENT OF LABOR (DOL) LIMITED SCOPE AUDIT

The Plan Administrator has elected an ERISA Section 103(a)(3)(c) audit of the Plan as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The Trustee provided a certification letter that certifies investment records kept by the Trustee are complete and accurate for the Plan years ended December 31, 2021 and 2020. These certifications extend to investment records kept by the Trustee and its successors, if any, act as a directed Trustee, custodian, or both. The Plan's independent accountant did not perform auditing procedures with respect to this information.
