## **Independent Auditor's Report**

To the Plan Administrator and Participants of the  
Lexmark Savings Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements**

We have performed an audit of the financial statements of the Lexmark Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the 2021 financial statements, is complete and accurate.

### **Opinion for the 2021 Financial Statements**

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion for the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Independent Auditor's Report (Continued)**

### **Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

## **Independent Auditor's Report (Continued)**

### **Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)**

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - 2021 Supplemental Schedule Required by ERISA**

The 2021 supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Other Matter - Report on the 2020 Financial Statements**

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 21, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**Lexmark Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2021 and 2020**

**Note 1 - Description of Plan**

The Lexmark Savings Plan (the "Plan") is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a contributory defined contribution plan in which all U.S. employees of Lexmark International, Inc. (the "Company" or "Employer") and certain designated U.S. subsidiaries of the Company who are: (i) compensated by salary or by commission, or partly by salary and partly by commission, (ii) eligible for full medical coverage by the Company or its designated U.S. subsidiary, (iii) subject to the periodic performance evaluation process established by the Company or its designated U.S. subsidiary and (iv) included in a classification of employees that is eligible under the rules and regulations established by the Company or its designated U.S. subsidiary to participate in "time off with pay" benefits such as vacation, sick leave and personal leave, are eligible to participate provided, however, individuals who become employees of the Company or a designated U.S. subsidiary pursuant to a merger or acquisition shall not become eligible to participate in the Plan unless and until such class of employees is designated in writing by the Lexmark Retirement Committee as being eligible to participate in the Plan.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the provision whereby qualified individuals with outstanding loans could defer loan repayments during the period March 27, 2020 through December 31, 2020, for up to one year. The term of the loan impacted was extended by the length of the deferment period and adjusted for accrued interest.

Contributions

The Plan is funded by voluntary employee pre-tax and after-tax Roth contributions up to a maximum of 75% of total annual eligible compensation, subject to amounts permissible under the Internal Revenue Code ("IRC"). Any eligible participant who has attained age 50 on or before the last day of the Plan year may defer and contribute additional catch-up contribution amounts to the Plan. Newly eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 5% of compensation unless such employee affirmatively takes action to opt out of the automatic enrollment process. The automatic deferral rate of 5% shall continue in effect until such time the employee affirmatively elects to change the rate or suspend making contributions. Eligible participants deferring less than 5% of compensation shall automatically be deemed to have made a default election to increase the deferral rate by 1% annually until the deferral rate reaches 5% of compensation, unless such participant affirmatively takes action to opt out of the automatic annual increase. The Plan agreement also allows participants to contribute amounts representing distributions from other qualified benefit plans. These are reported as rollover contributions on the Statement of Changes in Net Assets Available for Benefits.

The Company may make discretionary employer contributions. For 2021, the Company made a discretionary employer matching contribution equal to 100% of the first 4% of the participant's compensation contributed to the Plan. No other discretionary employer contributions were made in 2021.

Allocations to Participants

Contributions to the Plan are allocated to the accounts of the participants upon deposit. Earnings of the Plan are allocated on a daily basis. The investment fund options provided by the Trustee include mutual funds, commingled funds, and the Fixed Income Fund which is a commingled fund that utilizes fully benefit-responsive investment contracts.

A participant can designate and change on a daily basis the proportions in which his or her account balances are allocated among the Plan's active investment funds. The minimum allocation to each fund is 1%.

**Lexmark Savings Plan**  
**Notes to Financial Statements (Continued)**  
**December 31, 2021 and 2020**

**Note 1 - Description of Plan (Continued)**

Vesting

Participants are fully vested in their contributions and earnings thereon at all times. Participants also immediately vest in the automatic employer contribution (applicable for Plan years prior to 2018), as well as any discretionary employer matching contribution and earnings thereon. Other discretionary employer contributions are subject to a three-year vesting requirement.

Withdrawals

A participant who has attained age 59½ may withdraw in cash part or all of his or her account balance provided that such participant may make only one such withdrawal in any Plan year (minimum of \$500).

Hardship withdrawals are available according to provisions of the Plan agreement if approved by the Plan Administrator but are limited to the value of the participant's contributions and the participant's immediate financial need. Earnings and Company contributions are not eligible for hardship withdrawals. In the case of a partial withdrawal made by a participant with an interest in more than one investment fund, the amount withdrawn from each of the participant's investment funds is in the same proportion as the value of his/her interest in each investment fund.

Payment of Benefits

In the event of retirement or disability (as described in the Plan agreement) or termination of employment for any reason other than death, and provided the value of the participant's account is in excess of \$1,000, the participant may elect one of two distribution options or may defer either election to a later date. The two distribution options available are (1) receive a lump sum distribution or (2) receive a specified number of annual installments over a period of generally up to ten years.

In the event that a participant dies before the balance of his or her account has been distributed, the remaining balance of his or her account shall be distributed to the participant's beneficiaries in a lump sum distribution.

If upon a participant's retirement, disability, or termination of employment the value of the participant's account is not in excess of \$1,000, such participant receives an immediate distribution. For purposes of determining the account balance for involuntary distributions of vested benefits of \$1,000 or less, the portion of the balance attributable to rollover contributions and allocable earnings will be considered.

Notes Receivable from Participants

A participant may borrow funds from his or her Plan account subject to the provisions of the Plan agreement. A participant is eligible to have up to two outstanding loans at a given time and may borrow up to half the value of his or her Plan account (including any current loan balance), but no more than \$50,000 less his or her highest outstanding loan balance during the preceding 12-month period. No loan will be made while any other loan is in default. An administrative fee is charged for the origination of the loan and is deducted from the participant's account in proportion to the funds held for investment. Loans are granted for a minimum term of one year, and thereafter in monthly increments up to a maximum of five years (ten years for home loans); however, the participant may prepay the loan at any time.

Each loan bears a fixed rate of interest determined at the inception of the loan by the Plan Administrator. The fixed rate of interest applied to each loan is the prime rate as published in the Wall Street Journal on the first day of the quarter in which the loan is made plus 1.25%.

**Lexmark Savings Plan**  
**Notes to Financial Statements (Continued)**  
**December 31, 2021 and 2020**

**Note 1 - Description of Plan (Continued)**

Notes Receivable from Participants (Continued)

As of December 31, 2021, loan interest rates in effect ranged from 4.50% to 6.75% with various maturity dates. Payment of the loan is made in substantially level payments through payroll deductions. Payments of principal and interest are allocated to the investment funds elected for current contributions. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. A participant may continue to contribute to the Plan while he or she has an outstanding loan balance.

Forfeitures

Any portion of a participant's account balance in which the participant is not vested upon termination of employment constitutes a forfeiture at the time the participant receives a distribution, unless the participant has no vested interest, in which case such forfeiture occurs at his or her termination of employment. Forfeitures are applied first to reduce Plan administrative fees with remaining forfeitures applied to reduce Company contributions, if any. Forfeiture activity was inconsequential for the Plan year ended December 31, 2021.

Exchanges

A participant may reallocate his or her account balance among the various investment options on a daily basis; however, there are certain restrictions that apply to participant exchanges. A participant may not transfer funds directly from the Fixed Income Fund to the Fidelity Retirement Government Money Market Fund because this is considered a "competing," or similar fund. Funds must first be transferred from the Fixed Income Fund to a "non-competing" fund for at least 90 days.

In addition, certain funds require the participant to pay a redemption fee if contributions or exchanges into that fund are exchanged out of that fund within a specified time period, typically 90 days or less.

**Note 2 - Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, except those investments that are fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 5 for additional information.

**Lexmark Savings Plan**  
**Notes to Financial Statements (Continued)**  
**December 31, 2021 and 2020**

**Note 2 - Summary of Significant Accounting Policies (Continued)**

Investment Valuation and Income Recognition (Continued)

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. Refer to Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses for administration of the Plan are paid jointly by participants and the Company. Participants pay a quarterly participant fee; operating and management fees of the investment funds; and any applicable loan, distribution and withdrawal fees. All other fees are paid by forfeitures to the extent available and applied, and thereafter by the Company.

Subsequent Events

Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued.

**Note 3 - Certification of Financial Information**

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("FMTC"), a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the Schedule of Assets (Held at End of Year) at December 31, 2021, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

**Note 4 - Fully Benefit-Responsive Investment Contracts**

The Fixed Income Fund of the Plan (the "Fund") has entered into fully benefit-responsive guaranteed investment contracts ("GICs") to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan.

The Fund enters into synthetic GIC arrangements, which are investment contracts that simulate the performance of traditional GICs through the use of financial instruments. The synthetic GICs are comprised of interests in commingled trusts that are held in trust for the Fund. The Fund then enters into a benefit-responsive "wrapper" contract with a third party, such as a financial institution or an insurance company, which guarantees the Fund a specific value and rate of return for the commingled trust security or securities held in trust.

The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants for the underlying investments). The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in loss of principal or accrued interest.

The key factors that influence future interest crediting rates for a wrapper contract include: the level of market interest rates, the amount and timing of participant contributions, transfers, and withdrawals into/out of the wrapper contract, the investment returns generated by the fixed income investments that back the wrapper contract, and the duration of the underlying investments backing the wrapper contract.

Wrapper contracts' interest crediting rates are typically reset on a monthly or quarterly basis. While there may be slight variations from one contract to another, most wrapper contracts use a formula for the crediting interest rate that is based on the characteristics of the underlying fixed income portfolio. Over time, the crediting rate formula amortizes the GICs realized and unrealized market value gains and losses over the duration of the underlying investments.

Because changes in market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the wrapper contract's interest crediting rate. In addition, participant withdrawals and transfers from the Plan are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate. The embedded market value losses will be amortized in the future through a lower interest crediting rate than would otherwise be the case. The amortization of the embedded market value gains will cause the future interest crediting rate to be higher than it otherwise would have been.

All wrapper contracts provide for a minimum interest crediting rate of zero percent. In the event that the interest crediting rate should fall to zero and the requirements of the wrapper contract are satisfied, the wrapper issuers will pay to the Plan the shortfall needed to maintain the interest crediting rate at zero. In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than at contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the employer elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events described above that could result in the payment of benefits at market value rather than contract value are not probable of occurring in the foreseeable future.

Examples of events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the Plan's loss of its qualified status or material and adverse changes to the provisions of the Plan.

**December 31, 2021 and 2020**

**Note 4 - Fully Benefit-Responsive Investment Contracts (Continued)**

If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments (or in the case of a traditional GIC, at the hypothetical market value based upon a contracted formula).

**Note 5 - Fair Value Measurements**

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical, unrestricted assets or liabilities that the Plan has the ability to access at the measurement date;
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: Unobservable inputs used in valuations in which there is little market activity for the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Commingled funds:* Valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, which includes a mix of U.S. and international equities, fixed income investments, and cash. There are no restrictions on redemptions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 5 - Fair Value Measurements (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2021 (in thousands of dollars):

(a) In accordance with FASB guidance, the Plan's investment in commingled funds which are measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statements of Net Assets Available for Benefits.

**Note 6 - Income Tax Status**

Effective September 30, 2021, and as required under IRC regulations related to Cycle 3, the Plan was restated on a pre-approved plan document sponsored by Fidelity Management & Research Company. The Internal Revenue Service ("IRS") ruled on June 30, 2020 that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. Prior to September 30, 2021, the Plan was based on a volume submitter plan with an opinion letter dated March 31, 2014. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 7 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and Plan assets will be distributed in accordance with provisions of the Plan.

**Note 8 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

**Note 9 - Related Parties and Party-In-Interest Transactions**

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

Certain Plan investments are managed by Fidelity Management & Research Company ("FMR"), an affiliate of FMTC. Fidelity Investments Institutional Operations Company, the Plan's recordkeeper, is also an affiliate of FMTC and FMR. FMTC is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

Indirect fees are paid to FMR based on investment account values. The fees for the year ended December 31, 2021 were approximately \$4.6 million. The fees are included as a component of net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.
