INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Third Street Family Health Services Retirement Plan
Mansfield, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Third Street Family Health Services Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Note 1-Description of plan

The following description of the Third Street Family Health Services Retirement Plan (the "Plan"), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as restated and amended on January 1, 2020, is a defined contribution plan covering all Third Street Community Clinic dba Third Street Family Health Services (the "Organization" or "Plan Sponsor") employees who have completed at least one year of continuous accredited service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to contribute up to 100% of their base compensation, or the maximum dollar amount allowed by law, as a pre-tax deferral. The Organization matches 100% of the first 3% of participant's contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a target retirement date fund until changed by the participant. At the beginning of each subsequent plan year, participant contributions are subject to an automatic escalation of their contribution percentage by 1% up to a maximum of 7%. Aggregate contributions may not exceed the maximum amount allowable as a deduction for federal income tax purposes. Rollover contributions from other qualified plans are accepted by the Plan provided certain specified conditions are met.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Plan Sponsor's contributions and Plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in the Organization's contributions over a four year-period as described in the table below:

Less than 1 year of service	0%
1 year of service	25%
2 years of service	50%
3 years of service	75%
4 years of service	100%

Forfeitures

Forfeited balances of terminated participant accounts are used to pay Plan administrative fees and reduce the Organization's future matching contributions in the plan year they become forfeited. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$660 and \$575.

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020**

Note 1-Description of plan-continued

Participant withdrawals

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payment of benefits may be taken in a lump sum distribution.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Notes receivable from participants

Participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000 but may not borrow less than \$1,000. Participants may have up to one note outstanding at a time. Participants are able to borrow funds for up to five years, unless funds are used to purchase a participant's primary residence. Outstanding notes will become due upon death or when the participant receives benefits. The interest rate on outstanding notes is ranges from 3.25% - 5.50% as of December 31, 2021. Principal and interest are paid ratably through payroll deductions. The notes receivable are secured by the balance in the participant's account.

Termination of the plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan provisions to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in the termination of the Plan, the participants shall receive their full account balance, less any administrative costs to the Plan for such distribution.

Note 2-Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred. Benefit payments are recorded when paid.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value with the exception of the Fixed Account. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020**

Note 2-Summary of significant accounting policies-continued

Valuation of investments and income recognition-continued

As described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic, Plan Accounting – Defined Contribution Pension Plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive guaranteed investment contract (GIC). The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contracts. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. At December 31, 2021 and 2020, the Principal Fixed Income Option Non 401 (A) had a fair value that was equivalent to contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Participant withdrawals are recorded upon distribution.

Administrative expenses

The Plan Sponsor pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan Sponsor has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued and has determined there are no subsequent events that require recognition or disclosure.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2021 and 2020, and net realized and unrealized appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the period ended December 31, 2021, were obtained or derived from information supplied to the Plan Sponsor and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4-Fair value measurements – continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – These are valued at quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets carried at fair value:

Description	Total	Fair Value Measurements at December 31, 2021		
		Level 1	Level 2	Level 3
Mutual funds	\$ 5,569,955	\$ 5,569,955	\$ 0	\$ 0
Total investment assets at fair value	<u>\$ 5,569,955</u>	<u>\$ 5,569,955</u>	<u>\$ 0</u>	<u>\$ 0</u>

Description	Total	Fair Value Measurements at December 31, 2020		
		Level 1	Level 2	Level 3
Mutual funds	\$ 5,045,373	\$ 5,045,373	\$ 0	\$ 0
Total investment assets at fair value	<u>\$ 5,045,373</u>	<u>\$ 5,045,373</u>	<u>\$ 0</u>	<u>\$ 0</u>

Note 5-Fully benefit-responsive investment contracts

The Plan includes an account called the Principal Fixed Income Option Non 401 (A) as an investment option available to participants. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses.

Investments of the Principal Fixed Income Option Non 401 (A) may periodically include GICs, typically issued by insurance companies and which provide for guarantees of interest and repayment of principal. An issuer of a GIC is contractually obligated to repay the principal and a specified interest rate or interest rate index that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed and may be reset on a monthly basis.

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020**

Note 5—Fully benefit-responsive investment contracts – continued

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

GICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. If an event of default occurs and is not cured, the nondefaulting party may terminate the contract. The following may cause the Plan to be in default:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the plan agreement

The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan was unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value.

The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default, the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by the Trust upon election and notice. In certain limited circumstances, contract termination by the issuer may also occur but with the Trust retaining the right to require that the contract will remain in force under original terms over a period of time as underlying assets mature and are repaid.

**THIRD STREET FAMILY HEALTH SERVICES
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020**

Note 6-Party-in-interest transactions

Certain Plan investments are held in mutual funds and in a fixed account managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. The Plan made direct payments to the custodian in the amount of \$45,255 during 2021.

Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled \$84,555 and \$102,493 as of December 31, 2021 and 2020, respectively. Interest received on notes receivable from participants totaled \$3,310 for the year ended December 31, 2021.

Note 7-Federal income tax status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
