INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Dot Read-Mix, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Dot Read-Mix, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Dot Read-Mix, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) at December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Blue Dot Read-Mix, LLC 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BLUE DOT READI-MIX, LLC 401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The Blue Dot Read-Mix, LLC 401(k) Retirement Plan (the Plan) is sponsored by Blue Dot Read-Mix, LLC (the Company). The following description of the Plan is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401 of the Internal Revenue Code. The Plan covers substantially all employees of the Company who have one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Employees may defer up to 100% of their compensation, as defined by the Plan, up to limited amounts prescribed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan.

Forfeited Accounts

Forfeited non-vested amounts are used to reduce administrative expenses or Company contributions to the Plan. There was no balance of forfeited non-vested accounts as of December 31, 2021 and 2020. Company contributions of \$8,990 were paid with forfeited funds during the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, net earnings or losses associated with their investments and an allocation of Plan expenses. Allocated earnings and expenses are based on participant account balances or earnings, as defined by the Plan. Participants may direct the investment of their account as allowed by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates similar to those with a lending institution at the time of the loan, which are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions over a term not to exceed 5 years; however, terms may exceed five years for the purchase of a primary residence. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Options

Participants are afforded several investment options covering a wide range of investment objectives and risks. Participants may allocate their contributions across these options in any proportion they wish and can change this allocation at any time. All investments are participant directed.

BLUE DOT READI-MIX, LLC 401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. DESCRIPTION OF PLAN, CONCLUDED

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided by the participant's account. Upon termination of service, death, disability or retirement the participant will receive the value of the vested interest in his or her account in the form of a lump-sum distribution. Upon proof, to the satisfaction of the Plan administrator of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses are required to be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of certain contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expense during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Interest rates range from 4.25%-6.50% at December 31, 2021.

BLUE DOT READI-MIX, LLC 401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONCLUDED

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through the date of the audit report which was the date the financial statements were available to be issued.

As of September 30, 2022, the stock market has experienced negative returns so the Plan has experienced losses in the value of net assets available for benefits by approximately \$1,214,000 since December 31, 2021.

3. INVESTMENTS

Other than the notes receivable from participants and the related interest income, all investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2021 and 2020 was obtained or derived from information provided to Plan management and certified as complete and accurate by Principal Life Insurance Company, the custodian of the plan for the years ended December 31, 2021 and 2020.

The following investment information was not certified by the custodian:

	<u>2021</u>	<u>2020</u>
Interest on participant notes receivable	<u>\$ 8,181</u>	<u>\$ -</u>
Participant notes receivable	<u>\$ 185,987</u>	<u>\$ 161,202</u>

4. FAIR VALUE MEASUREMENTS

The Plan categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

quoted prices for similar assets or liabilities in active markets;

quoted prices for identical or similar assets or liabilities in inactive markets;

inputs other than quoted prices that are observable for the asset or liability;

inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BLUE DOT READI-MIX, LLC 401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENTS, CONCLUDED

Pooled Separate Accounts

Investments in pooled separate accounts are valued using the NAV of units, as determined by the insurance company. Pooled separate accounts are carried at fair value using net asset value practical expedient. Therefore, it is not categorized within the fair value hierarchy.

Guaranteed Investment Contract

At December 31, 2021 and 2020, the Plan has a guaranteed investment contract ("GIC") that is a group annuity contract, backed by the assets of the general account of Principal Life Insurance Company. This GIC, the Principal Guaranteed Interest fund, is considered a fully benefit responsive investment contract and is measured, presented and disclosed at contract value within the Statement of Net Assets Available for Benefits. Participant transactions are executed using contract value without adjustment. The earnings of the contract is based on an interest rate applied to each participant's outstanding balance. The interest rates are analyzed and may be reset by the issuer semi-annually for the contract. The interest credited to participants in the contract for the year ended December 31, 2021 was 0.15 – 1.5 percent. The interest credited to participants in the contract for the year ended December 31, 2020 was 0.53 - 1.5 percent. The contract has no minimum crediting interest rate, no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. Fund performance, net cash flows of the Plan investments, and duration of assets are factors that could influence the average interest credited rate. Principal has the option to payout 100% of the current value of the contract after completion of three contract years.

Contract value is calculated as contributions, plus earnings, less withdrawals and administrative expenses. Participant transactions are executed at contract value less surrender charges, if applicable, which is the relevant measure for fully benefit-responsive investment contracts. The Plan's ability to meet its contractual obligations to settle amounts due is dependent on the issuer, which could be impacted by economic and regulatory changes. Currently, there is no probability of the issuer not being able to fulfill its contractual obligations at contract value.

5. PLAN TAX STATUS

The Company adopted a non-standardized plan prototype. This prototype plan obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service states that the Plan as designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and is therefore, not subject to tax under present income tax laws. The plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if it has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator feels the Plan had no such positions at December 31, 2021 and 2020. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan did not pass the Average Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) Tests for the years ended December 31, 2021 and 2020. Excess contributions amounting to \$20,626 and \$29,102 plus earnings of \$3,833 and \$5,308, respectively, on those contributions were recorded as a liability in the accompanying statements of net assets available for benefits at December 31, 2021 and 2020. These excess contributions were refunded to highly compensated employees in accordance with the applicable federal regulations in 2022 and 2021, respectively.

Notes to Financial Statements

December 31, 2021 and 2020

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

8. PARTY-IN-INTEREST TRANSACTIONS

The investments are managed by Principal Life Insurance Company, the custodian of the Plan; therefore, transactions with them qualify as party-in-interest. Fees paid to the custodian during the year ended December 31, 2021 was \$3,232.

The Plan sponsor provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan sponsor also pays for some audit and administrative expenses for the Plan for which no reimbursement is received from the Plan.

9. PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for Plan benefits per financial statements to the Form 5500:

The Board of Trustees and Management
Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan
Charlotte, North Carolina

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Life Insurance Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Blue Dot Rendi-Mix, LLC 401(k) Retirement Plan's internal control to be significant deficiencies:

Correcting Untimely Remittance of Participant Contributions

During the audit of the Plan for the year ended December 31, 2020, we noted an instance in which amounts withheld from participants were not remitted to the Plan in a consistent manner. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction that must be separately reported to the DOL and may result in excise tax penalties to the Plan sponsor. Furthermore, the participant contributions must be remitted timely and in a consistent manner.

We recommend that the sponsor consult with the Plan's service provider to self-correct the violation from 2020 and previous years and restore any potential lost earnings to the Plan and participant accounts.

Forfeiture

We noted two instances in which the vesting calculated in accordance with the plan document differed from the vesting paid upon termination. The Plan's custodian did not supply supporting documentation for their calculation. We recommend that the plan sponsor consult with Principal and with an ERISA specialist as soon as possible to determine options for correction. Failure to timely correct these errors could potentially result in the loss of the plan's qualified status.

Loan Amount Granted

We noted that the amount of a loan issued for refinance was higher than should have been allowed. The IRS requires loan terms to be subject to limits. A 401(k) plan that permits participants to take loans sets forth the loan limits of IRC Section 72(p)(2) so that a loan to a plan participant will not be treated as a distribution to the participant. Thus, the plan provides for the appropriate dollar limit of loans, for level amortizations over no longer than five years (longer if the loan is used to purchase a principle residence), and for payments to be made at least quarterly. If a loan does not satisfy the IRC's requirements, then the loan is deemed to be a taxable distribution to the participant. Failure to comply could result in penalties against the plan sponsor; possible reporting of prohibited transactions; and, ultimately, loss of the plan's qualified tax status. We recommend past transactions be reviewed and any not in compliance with the statutory limits be corrected and brought into compliance through an IRS corrections program.

Financial Statements

Management has determined that the most cost effective option for the Plan is to request that we prepare the annual financial statements and footnote disclosures. Management and those charged with governance must review these financial statements and accept responsibility for them. Since management does not have personnel available to prepare financial statements and footnote disclosures, there is a possibility that significant misstatements in the financial statements would not be prevented or detected and corrected by management.

This communication is intended solely for the information and use of management, the Plan administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Board of Trustees and Plan Administrator
Blue Dot Read-Mix, LLC 401(k) Retirement Plan
Charlotte, North Carolina

We have audited the financial statements of Blue Dot Read-Mix, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and have issued our report thereon dated October 6, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Life Insurance Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 1, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Blue Dot Read-Mix, LLC 401(k) Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The attached schedule shows the material misstatements detected as a result of audit procedures that were corrected by management.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

During the audit of the Plan for the year ended December 31, 2020, we noted an instance in which amounts withheld from participants were not remitted to the Plan in a consistent manner. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction that must be separately reported to the DOL and may result in excise tax penalties to the Plan sponsor. Furthermore, the participant contributions must be remitted timely and in a consistent manner.

We recommend that the sponsor consult with the Plan's service provider to self-correct the violation from 2020 and previous years and restore any potential lost earnings to the Plan and participant accounts.

We noted two instances in which the vesting calculated in accordance with the plan document differed from the vesting paid upon termination. The Plan's custodian did not supply supporting documentation for their calculation. We recommend that the plan sponsor consult with Principal and with an ERISA specialist as soon as possible to determine options for correction. Failure to timely correct these errors could potentially result in the loss of the plan's qualified status.

We noted that the amount of a loan issued for refinance was higher than should have been allowed. The IRS requires loan terms to be subject to limits. A 401(k) plan that permits participants to take loans sets forth the loan limits of IRC Section 72(p)(2) so that a loan to a plan participant will not be treated as a distribution to the participant. Thus, the plan provides for the appropriate dollar limit of loans, for level amortizations over no longer than five years (longer if the loan is used to purchase a principal residence), and for payments to be made at least quarterly. If a loan does not satisfy the IRC's requirements, then the loan is deemed to be a taxable distribution to the participant. Failure to comply could result in penalties against the plan sponsor; possible reporting of prohibited transactions; and, ultimately, loss of the plan's qualified tax status. We recommend past transactions be reviewed and any not in compliance with the statutory limits be corrected and brought into compliance through an IRS corrections program.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 6, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of Blue Dot Read-Mix, LLC 401(k) Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Dodson, Shelton & Nelson, P.A.

The Board of Trustees and Management
Blue Dot Read-Mix, LLC 401(k) Retirement Plan
Charlotte, North Carolina

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Blue Dot Read-Mix, LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered Blue Dot Read-Mix, LLC 401(k) Retirement Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Life Insurance Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Blue Dot Read-Mix, LLC 401(k) Retirement Plan's internal control to be significant deficiencies:

Correcting Untimely Remittance of Participant Contributions

During the audit of the Plan for the year ended December 31, 2020, we noted an instance in which amounts withheld from participants were not remitted to the Plan in a consistent manner. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction that must be separately reported to the DOL and may result in excise tax penalties to the Plan sponsor. Furthermore, the participant contributions must be remitted timely and in a consistent manner.

We recommend that the sponsor consult with the Plan's service provider to self-correct the violation from 2020 and previous years and restore any potential lost earnings to the Plan and participant accounts.

Forfeiture

We noted two instances in which the vesting calculated in accordance with the plan document differed from the vesting paid upon termination. The Plan's custodian did not supply supporting documentation for their calculation. We recommend that the plan sponsor consult with Principal and with an ERISA specialist as soon as possible to determine options for correction. Failure to timely correct these errors could potentially result in the loss of the plan's qualified status.

Loan Amount Granted

We noted that the amount of a loan issued for refinance was higher than should have been allowed. The IRS requires loan terms to be subject to limits. A 401(k) plan that permits participants to take loans sets forth the loan limits of IRC Section 72(p)(2) so that a loan to a plan participant will not be treated as a distribution to the participant. Thus, the plan provides for the appropriate dollar limit of loans, for level amortizations over no longer than five years (longer if the loan is used to purchase a principle residence), and for payments to be made at least quarterly. If a loan does not satisfy the IRC's requirements, then the loan is deemed to be a taxable distribution to the participant. Failure to comply could result in penalties against the plan sponsor; possible reporting of prohibited transactions; and, ultimately, loss of the plan's qualified tax status. We recommend past transactions be reviewed and any not in compliance with the statutory limits be corrected and brought into compliance through an IRS corrections program.

Financial Statements

Management has determined that the most cost effective option for the Plan is to request that we prepare the annual financial statements and footnote disclosures. Management and those charged with governance must review these financial statements and accept responsibility for them. Since management does not have personnel available to prepare financial statements and footnote disclosures, there is a possibility that significant misstatements in the financial statements would not be prevented or detected and corrected by management.

This communication is intended solely for the information and use of management, the Plan administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Board of Trustees and Plan Administrator
Blue Dot Read-Mix, LLC 401(k) Retirement Plan
Charlotte, North Carolina

We have audited the financial statements of Blue Dot Read-Mix, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and have issued our report thereon dated October 6, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Life Insurance Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 1, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Blue Dot Read-Mix, LLC 401(k) Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The attached schedule shows the material misstatements detected as a result of audit procedures that were corrected by management.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

During the audit of the Plan for the year ended December 31, 2020, we noted an instance in which amounts withheld from participants were not remitted to the Plan in a consistent manner. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction that must be separately reported to the DOL and may result in excise tax penalties to the Plan sponsor. Furthermore, the participant contributions must be remitted timely and in a consistent manner.

We recommend that the sponsor consult with the Plan's service provider to self-correct the violation from 2020 and previous years and restore any potential lost earnings to the Plan and participant accounts.

We noted two instances in which the vesting calculated in accordance with the plan document differed from the vesting paid upon termination. The Plan's custodian did not supply supporting documentation for their calculation. We recommend that the plan sponsor consult with Principal and with an ERISA specialist as soon as possible to determine options for correction. Failure to timely correct these errors could potentially result in the loss of the plan's qualified status.

We noted that the amount of a loan issued for refinance was higher than should have been allowed. The IRS requires loan terms to be subject to limits. A 401(k) plan that permits participants to take loans sets forth the loan limits of IRC Section 72(p)(2) so that a loan to a plan participant will not be treated as a distribution to the participant. Thus, the plan provides for the appropriate dollar limit of loans, for level amortizations over no longer than five years (longer if the loan is used to purchase a principal residence), and for payments to be made at least quarterly. If a loan does not satisfy the IRC's requirements, then the loan is deemed to be a taxable distribution to the participant. Failure to comply could result in penalties against the plan sponsor; possible reporting of prohibited transactions; and, ultimately, loss of the plan's qualified tax status. We recommend past transactions be reviewed and any not in compliance with the statutory limits be corrected and brought into compliance through an IRS corrections program.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 6, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of Blue Dot Read-Mix, LLC 401(k) Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Dodson, Shelton & Nelson, P.A.
