INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Southeastern Kentucky Rehabilitation Industries, Inc. 401(k) Plan
Corbin, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Southeastern Kentucky Rehabilitation Industries 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Southeastern Kentucky Rehabilitation Industries 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southeastern Kentucky Rehabilitation Industries 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Kentucky Rehabilitation Industries 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southeastern Kentucky Rehabilitation Industries 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Kentucky Rehabilitation Industries 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SOUTHEASTERN KENTUCKY REHABILITATION INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

1. Description of Plan

The following brief description of the Southeastern Kentucky Rehabilitation Industries, Inc. (the "Company") 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The Plan is administered by a trust, the trustee of which is Great-West Trust Company, LLC. The Board of Trustees is responsible for oversight of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility

The Plan covers substantially all employees of the Company. The employees are eligible to join the Plan on any entry date on or following the date of one year of service and age twenty-one. The Plan's entry dates are January 1 and July 1.

Contributions

Each year, participants may contribute up to 100% of their pretax annual eligible compensation, as defined in the plan agreement, as a before-tax salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective August 1, 2012, participants may also elect to defer a portion of their after-tax compensation as Roth contributions. The Company makes an annual safe harbor matching contribution for all participants equal to 100% of the first 3% of compensation contributed by the participant, plus 50% of the next 2% of compensation contributed by the participant. Contributions from the participant and the Company for the Plan year cannot exceed the maximum limit determined by Internal Revenue Service regulations.

Investment Options

Participants may, upon enrollment in the Plan, elect to invest their contributions and any Company contributions in any or all of the various funds currently offered by the Plan. Participants may also elect to use Advised Assets Group, LLC to manage their investments, rather than selecting individual funds.

Participant Accounts

Participant contributions are credited to the individual accounts. Each participant's account is also credited with Company contributions and allocations of the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative and investment fees that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

1. Description of Plan, continued

Benefits and Vesting

The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested accounts, which includes participant and Company contributions and related earnings thereon. Earnings are allocated based on the individual participant's account balance in relation to total participant account balances. Participants are vested immediately in their contributions and employer safe harbor contributions as well as earnings on those contributions. Vesting in the Company discretionary matching contribution portion of their accounts and earnings on these contributions is 25% after two years of service and vest 25% each additional year of service up to 100% after five years. The nonvested portion of a participant's employer matching account is forfeited upon the distribution of the vested portion of the participant's account.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, each participant may elect a distribution in the form of a lump sum payment equal to the value of his or her account. Amounts up to \$5,000 will be cashed out if no distribution elections are made. The Plan specifically restricts the timing and method of benefit payments based upon the participant's age, length of service, account value and reason for termination. In the event of financial hardship, the Company may allow a participant to withdraw from his or her account. The amount may not exceed the amount contributed by the participant, or the participant contribution account balance, if less.

During 2020 the Plan allowed coronavirus-related distributions to participants who met certain coronavirus eligibility requirements, in accordance with the CARES Act provisions passed by Congress. These distributions include a waiver of the 10% early distribution penalty tax (for distributions before age 59-1/2), as well as provisions for a 3-year repayment of the distribution. Participants can elect to have the regular income taxes on the distribution spread over three years and the standard 20% withholding tax is not required. The provisions of the CARES Act also provided for a temporary one year suspension of required minimum distributions in 2020. The plan has not yet been amended to include the provisions for the CARES act. The deadline to do so is December 31, 2022.

Forfeited Accounts

Unallocated forfeited nonvested accounts as of December 31, 2021 and 2020 totaled \$1,181 and \$1,032, respectively. The amount forfeited was \$138 and \$249 for December 31, 2021 and 2020 respectively. Forfeitures will be allocated as an additional discretionary matching contribution. The unallocated amount at December 31, 2021 will be reallocated to participants in 2022. No forfeitures were used during 2021 and 2020.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

The net appreciation (depreciation) in fair value for each investment option was determined based on quoted market prices and is included in investment income in the statement of changes in net assets available for benefits. The net appreciation (depreciation) in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of specific participant transactions, investment advisory and other recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. Fees related to the use of Advised Asset Group, LLC managed service are also included in the administrative expenses.

Management's Review of Subsequent Events

The Plan has evaluated and considered the need to recognize or disclose subsequent events through September 14, 2022 which represents the date that these financial statements were available to be issued. Subsequent events past this date, as they pertain to the year ended December 31, 2021 have not been evaluated by the Plan.

3. Investments

During 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$456,819 as follows:

NOTES TO THE FINANCIAL STATEMENTS

4. Fair Value Measurements

FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds

The fair values of mutual funds are valued at quoted market prices, which represents the net asset value of shares held at year end. The mutual funds are deemed to be actively traded.

The following table sets forth the Plan's assets measured at fair value as of December 31, 2021:

	<u>Fair Value Measurements Using:</u>			
	<u>Fair Value</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

5. Guaranteed Investment Contract with Great-West Life and Annuity Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life and Annuity Insurance Company with a contract value of \$1,244,247 and \$1,134,884 at December 31, 2021 and 2020, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The actual average yield earned by the guaranteed investment contract was 1.0% and 0.9% for 2021 and 2020, respectively.

This contract meets the fully-benefit responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by the investment Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and guaranteed for an agreed period, usually one year. At the end of the period, the issuer determines a new rate which is credited directly to participant's accounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Transactions with Parties-In-Interest

The Plan holds a guaranteed portfolio account through Great-West Life and Annuity Insurance Company. Great-West Life and Annuity Insurance Company is the insurance company of the Plan, and, therefore, these transactions qualify as party in interest transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan.

The Plan pays certain investment advisory, Plan recordkeeping and investment management fees to Advised Assets Group, LLC, Great-West Life & Annuity Insurance Company and Morgan Stanley, which are parties-in-interest to the Plan.

SOUTHEASTERN KENTUCKY REHABILITATION INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

7. Information Prepared and Certified by Insurance Company and Trustee

Investments on the statement of net assets available for benefits and the schedule of assets (held at end of year) and investment income and related activity reported on the statement of changes in net assets available for benefits has been derived from information prepared and certified as complete and accurate by the insurance company and trustee of the Plan, in accordance with Section 2520.103-5 of the Department of Labor rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

8. Tax Status

The Plan is a prototype plan offered by Great-West Trust Company, LLC. The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan provides for participant directed investment options in any combination of twenty-six funds. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

10. Priorities upon Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all affected participants to amounts contributed by them and the sponsor and related earnings thereon would become fully vested.
