INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Employees' 401(k) Plan of Longwood Management Corporation

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Employees' 401(k) Plan of Longwood Management Corporation, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Employees' 401(k) Plan of Longwood Management Corporation's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Employees' 401(k) Plan of Longwood Management Corporation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Employees' 401(k) Plan of Longwood Management Corporation's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Employees' 401(k) Plan of Longwood Management Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Employees' 401(k) Plan of Longwood Management Corporation's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Employees' 401(k) Plan of Longwood Management Corporation attachment in support of Schedule H, Part IV Line 4i of Form 5500 for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the
- information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

Administrative Committee
Employees' 401(k) Plan of Longwood Management Corporation
Los Angeles, California

We were engaged to audit the financial statements and supplemental schedules of Employees' 401(k) Plan of Longwood Management Corporation, which comprise the statements of net assets available for benefits of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations of Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Investments, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EMPLOYEES' 401(K) PLAN OF LONGWOOD MANAGEMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020

1. Description of Plan

The following description of the Employees' 401(K) Plan of Longwood Management Corporation provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- General

The Plan is qualified in accordance with Internal Revenue Code Section 401(k). It is a defined contributions plan covering all employees of Longwood Management Corporation that have 3 months of service. The plan has no age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan is funded through a trust fund, which receives employee elective deferrals and Company matching contributions, invests Plan assets and disburses pension benefits in accordance with the Trust Agreement. The Plan was adopted January 1, 1999.

Up to November 31, 2013 the Trustee for the Plan was Wilmington Trust Fiduciary Services Company. The plan pays for maintenance related expenses. On December 1, 2013, management elected to transfer the assets of the plan to Fidelity Investments. Longwood Management Corporation pays for administration and the annual audit.

- Contributions

Discretionary contributions to the Plan are made in an amount determined solely by the employer, and are allocated in proportion to each participant's compensation. Matching contributions by the employer are made in an amount equal to 25% of employee elective deferrals. Participant contributions other than elective deferrals are neither required nor permitted, other than qualified rollover contributions. Participants that have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various Collective funds and a Guaranteed Interest Account. For the year ended December 31, 2021 and 2020 employer-matched contributions amounted to \$1,481,684 and \$1,620,378, respectively.

- Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan Earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The Benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

- Payment of Benefits

Upon retirement, death, disability or termination of service a participant or beneficiary thereof may elect to receive accumulated retirement benefits as a single lump-sum cash amount. Hardship and in-service distributions are permitted. In the event of termination of the Plan, the entire amounts credited to participant accounts are payable to participants at 100% regardless of years of service.

EMPLOYEES' 401(K) PLAN OF LONGWOOD MANAGEMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020

1. Description of Plan (Continued)

- Participant Loans

The Employer in accordance with a written loan procedure may permit loans to be made from the Trust Fund to Participants and Beneficiaries on a non-discriminatory basis. Participants may borrow from their fund accounts up to an aggregate maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in a participants account and bear interest at a rate which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions. The loans may be paid in full at any time.

- Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the employer matching and non-elective contributions based on years of service per the following schedule:

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5 or more	100%

2. Summary of Accounting Policies

- Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Financial Accounting Standards require investment contracts held by a defined-contribution plan be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. This is because participants receive contract value if they initiate permitted transactions under the terms of the plan. Therefore, an adjustment from fair value to contract value for the full benefit-responsive investment contracts is necessary in order for the Statement of Changes in Net Assets Available for Benefits to be stated on a contract value basis.

- Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EMPLOYEES' 401(K) PLAN OF LONGWOOD MANAGEMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020

2. Summary of Accounting Policies (Continued)

- Investment Values
Investments are stated at fair value determined by quoted market prices. Mutual funds shares are valued at the net asset value of shares held by the Employees' 401(K) Plan at year end. Participant loans are valued at the balance due which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
- Receivables due from Employer
These receivables are comprised of contributions withheld or made prior to year-end but not received by the Employees' 401(K) Plan's trustee until after year end.
- Plan Risks and Uncertainties
Employees' 401(K) Plan allows for various investment options. The investments are subject to risks from interest rates, market conditions and credit issues. Due to the level of risk associated with certain investments it is at least reasonable possible that changes in the value of investments, in the near term, could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
- Other Policies
Interest and dividend income are recorded on an accrual basis. Participant benefits are recorded when paid. Some administrative expenses are paid by the Employees' 401(K) Plan.
- Management subsequent event evaluation
The corporation has evaluated events and transactions that occurred through October 12, 2022, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. Benefits Owed to Terminated Participants and Forfeitures

Participants' benefits are reported when paid for financial reporting purposes. Therefore, some terminated participants are owed approximately \$4,334,001 at December 31, 2021. During 2021, no forfeitures of non-vested employer contributions were transferred from terminated participants' accounts to the forfeiture account. As of December 31, 2021 and 2020 there were no forfeitures held in unallocated accounts.

4. Investments

The following presents investments at December 31, 2021 and 2020 that represent 5% or more of the Plan's net assets.

Total Investment	<u>94,318,419</u>	<u>78,796,786</u>

6. Related Party Transactions

Certain investments of the Plan are managed by the Trustee of the Plan; Fidelity Investments manages the plan. Such investments qualify as party-in-interest transactions, which are deemed to be “exempt” from prohibited transaction rules, as defined by Department of Labor regulations. Fees paid to the Fidelity Investments Services Trustee in 2021 and 2020 were \$355,582 and \$294,214, respectively.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust was adopted as a Non-Standardized Pre-Approved Profit Sharing Plan and is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter for the plan, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

8. Guaranteed Interest Account

In 2013, the Plan entered into a fully benefit-responsive investment contract with New York Life Insurance Company ("NYL"), referred to as the Guaranteed Interest Account ("GIA"). The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The group annuity contract provides for a book value record of the amounts deposited to and withdrawn from the GIA. That is, the GIA is at all times equal to the contributions made to the contract plus interest credit, plus dividends, if any, minus expenses withdrawn and minus withdrawals made.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2021 and 2020, was \$6,956,555 and \$6,278,990, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00% or higher than 3.00%. Such interest rates are reviewed on a six-month basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

	<u>2021</u>	<u>2020</u>
Average yields:		
Based on actual earnings	1.92%	2.27%
Based on interest rate credited to participants	1.92%	2.27%

9. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. Fair Value Measurement (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of cash, participant loans receivable and participant contributions due from the employer are recorded at their cash value.

Level 3 Fair Value Measurements

The fair values of collective funds and Guaranteed Investment Contracts are based on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth, by the level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

9. Fair Value Measurement (Continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in net appreciation in fair value of investments

The Plan's policy is to recognize transfers into and out of Level 3 at the end of the reporting period. For the year ended December 31, 2021, there were no significant transfers into or out of Level 3.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the guaranteed investment contract with insurance company for the years ended December 31, 2021.

In September 2017 the plan was amended to allow service for purposes of eligibility and vesting of the Plan shall include service to the following predecessor employer:

Cerritos Vista Healthcare Center, LLC

In March of 2017 the Plan was amended to change the Removal of Funding Prohibition to specify that forfeiture may not be used to reduce the Employer's obligation to remit to the Trust loan repayments made to Article 9, Deferral Contributions, or Employee Contributions.

In October 2017 the plan was amended to allow service for the deferral limits for eligible participants to make Catch-up contributions to 100% and cannot be less than 75% and must be a whole number. Also amended was Costs of Administration allowing all reasonable costs and expenses incurred by the Administrator and the Trustee in administering the Plan and Trust may be paid from the forfeitures.

In March 2020 the plan added permissible investment options, allowing participants accounts to be redeemed or liquidated to fund partial withdrawals, distributions or loans on a source and/or fund specific basis as the participant may select, unless or until the Employer directs Fidelity otherwise.

In August 2020 the plan was amended to allow the following companies to be added to the Plan:

- Cerritos Vista Healthcare Center LLC dba Cerritos Vista Healthcare Center
- Post Acute Registry, LLC.

11. Subsequent Event

The Plan's operations may be affected by the recent and ongoing outbreaks of the coronavirus disease 2019 (Covid-19) which was declared a pandemic by the World Health Organization in March 2020. The ultimate disruption which may be caused by the outbreak is uncertain; however, it may result in a material adverse impact on the Plan's financial position, operations and Plan Assets. Possible effects may include, but not limited to, disruption to the Plan Assets investments, through the volatility of the market. The Company's operations could be affected by the absenteeism of its employees, or disruptions in their supply chains.

The recent outbreak of the novel coronavirus ("COVID-19") pandemic and certain developments in the global oil markets are negatively impacting worldwide economic and commercial activity

and financial markets, as well as global demand for petroleum and petrochemical products. The COVID-19 pandemic and related governmental responses have also resulted in significant business and operational disruptions, including business closures, supply chain disruptions, travel restrictions, stay-at-home orders and limitations on the availability of workforces and has resulted in significantly lower demand for refined petroleum products. The overall impact of the COVID-19 pandemic on the global economy and business operations has significantly affected the market values of many types of investments over a wide range of industries and investment types and has also caused unprecedented market volatility. This heightened market risk and volatility could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Plan management is unable to estimate the total impact the pandemic will have on the Plan and the complete impact of COVID-19 on the Plan's net assets available for benefits, and changes in net assets available for benefits, is unknown and is dependent on the duration of the pandemic and the effectiveness of the actions undertaken by national, regional, state and local governments and health officials to contain the virus or treat its effects, and how quickly and to what extent economic conditions improve and normal business and operating conditions resume.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was passed by Congress. The CARES Act contains several provisions that temporarily impact retirement savings plans. These provisions include waiver of required minimum distributions for 2020, a new hardship withdrawal option related to the COVID-19 pandemic, certain increased loan limits and suspension of certain loan repayments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.
