INDEPENDENT AUDITORS' REPORT

TO THE RETIREMENT PLANS ADMINISTRATIVE COMMITTEE AND PARTICIPANTS OF ACCELA, INC. 401(k) & PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Accela, Inc. 401(k) & Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their report dated Date October 12, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Accela, Inc. 401(k) & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General – The Plan was established on July 1, 1987 to provide retirement benefits for employees of Accela, Inc. and its subsidiaries (the “Company”). The Plan is a defined contribution plan covering all eligible employees who have attained eighteen years of age, and are not covered by a collective bargaining agreement and are not residents of Puerto Rico or non-resident aliens with no U.S. source income. These eligible employees are allowed to participate in the Plan and share in employer matching contributions immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective April 2020, the Plan implemented the distribution and loan provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020. A CARES Act distribution allowed the Plan's qualified participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The distribution provisions also allow any Plan participant to suspend required minimum distributions for the 2020 plan year. In addition, the Plan implemented the temporary loan repayment deferral provision of the CARES Act. The deferral provision allows qualified Plan participants who have outstanding Plan loans on or after March 27, 2020 to defer repayments until December 31, 2020.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan’s provisions, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Retirement Plans Administrative Committee (“Plan Committee”) is responsible for the oversight and administration of the Plan as well as determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Participant Contributions – Participants may elect to contribute to the Plan a specific percentage or dollar amount of their eligible compensation on either a pre-tax or post-tax (Roth) basis, as defined in the Plan, with maximum contributions of \$19,500 for 2021. Effective March 15, 2021, participants may also elect to make additional voluntary after-tax (Employee Voluntary) contributions subject to annual limits specified by the IRC. Each contribution type is maintained in separate accounts in the Plan. The Plan allows participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan, to also make a catch-up contribution of up to \$6,500 in 2021. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued) – Newly hired employees who satisfy the eligibility requirements to participate in the Plan will be automatically enrolled in the Plan thirty-five days after such employee's date of hire. The default contribution rate will be 6% of the employee's eligible compensation and the default investment option will be the appropriate target date fund. An employee may affirmatively opt out at any time or elect a different contribution rate or investment option.

Employer Contributions – The Company may make discretionary matching or nonelective contributions to the Plan subject to limitations imposed by applicable provisions of the Internal Revenue Code ("IRC"). The discretionary nonelective contributions are allocated in the ratio that each participant's eligible compensation bears to the total compensation paid to all eligible participants for the Plan year. A participant must complete 1,000 hours of service and be employed on the last day of the Plan year to be eligible for the discretionary nonelective contributions. However, participants who ceased employment due to death, disability, or attaining retirement age during the Plan year are entitled to receive employer discretionary nonelective contributions. There were no such contributions for the year ended December 31, 2021. All employer contributions for the year ended December 31, 2021 were discretionary matching contributions. From May 18, 2020 to March 31, 2021, the Plan Committee elected to temporarily stop discretionary matching contributions. Effective April 1, 2021, the Plan reinstated the discretionary employer match contribution to 50% of the participant's contributions up to 3% of the participant's eligible compensation from April 1, 2021 to September 30, 2021 and 50% of the participant's contributions up to 5% of the participant's eligible compensation starting October 1, 2021.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions, the Company's discretionary matching contributions, and allocations of the Company's discretionary nonelective contributions and Plan investment earnings or losses, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Effective March 15, 2021, the Plan was amended to vest unvested amounts related to the Company’s discretionary matching contributions for participants who are still employed and to provide for immediate vesting for all future Company discretionary matching contributions plus actual earnings thereon. Vesting in the Company’s nonelective contributions plus actual earnings thereon is based on years of continuous service. The vesting schedule is as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
0	0%
1	25%
2	50%
3	75%
4 or more	100%

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into various investment funds available through the Plan. Effective March 15, 2021, participants may also elect a self-directed brokerage account option.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan’s eligibility requirements. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant’s vested account balance or \$50,000. The loans are secured by the balance in the participant’s account. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates are based on the prime rate charged by local commercial lending institutions plus one percent, and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment.

As discussed above, participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant’s note was re-amortized and included any interest accrued during the period of delay.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum distribution, a direct rollover distribution, or a combination of cash and direct rollover distribution equal to the value of the participant's vested interest in his or her account. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Terminated participants with account balances over \$5,000 may delay receipt of distributions. If the participant's account balance is between \$1,000 and \$5,000, and no distribution instructions have been received from such participant, the account may be rolled over into an individual retirement account as determined by the plan administrator. Accounts of terminated participants with balances of less than \$1,000 will be distributed directly to the participant in the form of a lump-sum payment.

Minimum required distributions must begin by April 1 of the calendar year following the year the participant reaches age 72. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distributions up to \$100,000 with an option to repay it over a three-year period.

Forfeited Accounts – Non-vested portions of a participant's account are forfeited on separation of employment. Forfeitures may be applied to reduce required employer contributions and plan administrative expenses at the discretion of the Company. At December 31, 2021 and 2020, forfeited non-vested accounts amounted to \$2,472 and \$201,513, respectively. During the year ended December 31, 2021, employer matching contributions and administrative expenses were reduced by \$390,122 and \$51, respectively, from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid by the Plan are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the related participant's account and are included in administrative expenses. Investment management related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require twelve months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: Self-directed brokerage accounts include cash equivalents, common stocks, and mutual funds. Cash equivalents are valued at cost which represents fair value. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded and mutual funds are valued as described above.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in two of the Plan’s options made up approximately 31% and 32% of total investments as of December 31, 2021 and 2020, respectively. Additionally, the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 22% and 19% of total investments as of December 31, 2021 and 2020, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, and the supplemental Schedule H - Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment income and interest income earned on the notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. Effective January 21, 2021, the Plan was restated to a Fidelity pre-approved plan. The Internal Revenue Service ("IRS") has determined that the Fidelity pre-approved defined contribution plan is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated June 30, 2020. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

ACCELA, INC. 401(k) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 5 – TAX STATUS (Continued)

Prior to January 21, 2021, the Plan had adopted a Fidelity volume submitter plan that had received a favorable opinion letter dated March 31, 2014, in which the IRS stated that the volume submitter plan, as then designed, was in accordance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal and State taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. During 2019, the IRS began performing an audit of the Plan's 2016 year. No findings have been communicated to the Plan as of October 10, 2022. There are currently no audits for any other tax periods in progress.

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Fidelity provides certain recordkeeping and administrative services to the Plan pursuant to a Retirement Plan Service Agreement between the Company and Fidelity. If Fidelity receives revenue from any of the mutual fund service providers for services Fidelity provides to the funds, then this revenue will be used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

Fees paid directly by the Plan to Fidelity for recordkeeping and administrative services amounted to approximately \$71,000 for the year ended December 31, 2021 and are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

The Plan also incurred fees to the investment advisor amounting to approximately \$30,000, which are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

The Plan recordkeeping and other administrative expenses paid through revenue sharing, rather than a direct payment, are included in net appreciation or depreciation in the fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Employer Match Contribution Period Calculation

Effective January 1, 2022, the Plan amended the contribution period for the purposes of calculating the amount of matching employer contributions to each plan year from each pay period.

Subsequent Events Evaluation

The Company has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued.
