REPORT OF INDEPENDENT AUDITORS

The Administrative Committee
Micro Analog, Inc. 401(k) Plan
La Verne, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Micro Analog, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Micro Analog, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by Matrix Trust Company and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Micro Analog, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

767 North Hill Street, Suite 205 • Los Angeles, CA 90012 • Phone (213) 229-0044 • Fax (213) 229-0040

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Micro Analog, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Micro Analog, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The accompanying supplemental schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and schedule H, line 4i - Schedule of Assets (Held at End of Year), as of and for the plan year ended December 31, 2021 is presented for additional analysis and is not required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Micro Analog, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of Plan

The following description of the Micro Analog, Inc.'s (the "Company") 401(K) Plan (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*. The Plan was established on January 1, 2001, and is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a deferred arrangement qualified under IRC Section 401(k). Pursuant to the requirements of IRC Section 401(a)(27), the plan is also a profit sharing plan. The plan is a defined contribution plan that covers all active employees of Micro Analog, Inc. Participation in the plan is entirely voluntary.

   An eligible employee is any person employed by the Company who has had a one year of service and have worked at least 1,000 hours during the 12-month period and are twenty-one years of age or older. The plan is administered by Micro Analog, Inc. and advised by a committee whose members are appointed by the board of directors of the Company (administrative committee). The Plan engaged American United Life Insurance Company® (AUL), a OneAmerica® company, as its plan record keeper. The assets of the plan are held and invested by Matrix Trust Company in 2021.

2. *Amendment and Termination of the Plan Agreement.* The plan agreement may be amended or terminated by the Company at any time. No such termination is contemplated, but if it should occur, the assets of the plan should be used to pay or provide for the payment of any and all obligations hereunder, in accordance with the provisions of the plan and the directions of the administrative committee. No portion of assets of the plan, directly or indirectly, should revert to or accrue to the benefit of the Company. In addition, in the event of termination or partial termination of the plan, all affected participants should have a fully vested interest in all accrued benefits.

3. *Contributions*. Participants may contribute 1% to 100% of their pre-tax annual salary, as defined in the Plan, subject to the maximum amount permitted by law. At the discretion of the Plan Administrator, participants may also be permitted to deposit into the Plan distributions that they have received from other retirement plans and certain IRA's. Such a deposit is called "rollover" contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may make a discretionary matching contribution equal to a uniform percentage of participant's salary deferrals which is determined each year. The Company may make a matching contribution of up to 25% of the participant's elective deferral and is limited to 6% of participant's compensation. Matching Company contribution is invested directly into the Plan. Additional amounts may be contributed at the option of the Company's board of directors and invested in portfolio investments as directed by the participants. Contributions are subject to certain limitations.

4. *Investment Elections.* The participant contribution and the company matching contributions are allocated to the various investment options offered by the plan as directed by participant. At December 31, 2021 and 2020, the Plan offered 32 and 27, respectively, of mutual funds and stable value common collective funds, as investment options for participants.

Note 1. Description of Plan - Continued

5. *Participant Accounts*. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The participant's vested account provides the amount of benefits currently available for distribution.

6. *Vesting*. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion to their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested with respect to the Company's matching contribution if he/she is employed on or after participant's Normal Retirement Age.

7.

Vesting Schedule Matching Contribution	
Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

8. *Notes Receivable from Participants*. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000, reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan will be made, over the outstanding balance of loans from the Plan on the date such loan will be made; or (b) 50% of the present value of the participant's vested benefit under the Plan while employed with the Company (determined without regard to any deductible participant contributions) . The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Interest paid on the loan is credited to the borrower's account. Participant loan interest is not included or applied to the outstanding principal loan balance.

   Interest income on notes receivable from participants is recorded on accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Note 1. Description of Plan - Continued

9. *Payment of Benefits*. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or any of the payment options as defined in the Plan. The distribution will be made, at the option of the participant, as soon as administratively feasible. For termination of service for other reasons, the participant may receive the value of the vested interest in the Plan as a lump sum distribution. The distribution will be made, at the option of the participant, as soon as administratively feasible. Participants may also be entitled to receive an in-service distribution. However, this distribution is made at the participant's election and will be made in accordance with the forms of distributions available under the Plan.

10. *Forfeited Accounts*. Forfeitures of non-vested Company contributions are used to reduce future employer contributions. During the years 2021 and 2020, $4,031 and $534, respectively, of forfeited non-vested accounts were used to reduce the Company's contributions. At December 31, 2021 and 2020 forfeited non-vested accounts that have not yet been applied to reduce Company's contributions amounted to $0, and $1,062 respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by defined contribution plans are required to be reported at fair-value, except for fully benefit-responsive investment contract. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the contract value of the fully benefit-responsive investment. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies - Continued

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Services are recorded as liability with a corresponding reduction to contributions. There were no excess contribution outstanding as of December 31, 2021 and 2020.

Due to Broker for Securities Purchased

There are no due to broker for securities purchased and no pending trades initiated on December 31, 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Plan expenses paid by the Company amounted to $9,360 and $7,995 for the years ended December 31, 2021 and 2020, respectively. Fees related to the administration of notes receivable from participant are charged directly to the participant's account. Investment related expenses are included in the net appreciation of fair value of investments. For the year ended December 31, 2021 and 2020, administrative expenses paid by the plan amounted to $22,076 and $18,981, respectively.

Fully Benefit –Responsive Investment Contract

For the year ended December 31, 2021 and 2020, the Plan holds stable value common collective funds. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on contract issuer's ability to meet its financial obligations. Contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following:

(1) Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan)
(2) Changes to the plan's prohibition on competing investment options or deletion of equity provisions
(3) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or
(4) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the contract issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Note 2. Summary of Significant Accounting Policies - Continued

Recently Adopted Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, "Fair Value Measurement (Topic 820): Disclosure framework – Changes to the Disclosure Requirements for Fair Value Measurement," which modified the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. This guidance was effective for the 2020 Plan year. The adoption of this guidance did not have a significant impact on the Plan's financial statements or disclosures.

Subsequent Events

For the year ended December 31, 2021, the Plan has evaluated subsequent events for potential recognition and disclosure through October 6, 2022, the date the financial statements were available to be issued.

Note 3. Participant-Directed Investments, At Fair Value

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

These inputs are assumptions market participants use in pricing the investment. ASC 820 establishes a fair value hierarchy that prioritize the inputs, which are summarized as follows:

Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the plan can access at the measurement date.

Level 2 Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs are unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with the market assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Note 3. Participant-Directed Investments, At Fair Value - Continued

Registered investment companies (mutual funds). Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective fund - This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The assets of the plan are held and invested by Matrix Trust Company (trustee and custodian) in 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021

Transfers between Levels

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2, or transfers in or out of Level 3.

The net investment income of the plan's investment assets for the years ended December 31, 2021 and 2020 is summarized as follows:

Note 3. Participant-Directed Investments, At Fair Value - Continued

	For the Year Ended December 31, 2021			
	Interest	**Dividends**	**Net Appreciation (Depreciation)**	**Total**
Total	**$ -**	**$ 171,846**	**$ 701,411**	**$ 873,257**

	For the Year Ended December 31, 2020			
	Interest	Dividends	Net Appreciation (Depreciation)	Total
Total	$ -	$ 79,212	$ 711,378	$ 790,590

Note 4. Stable Value Common Collective Funds

The Plan's stable value common collective trust as of December 31, 2021 and 2020 comprise the following:

	Assets at Contract Value (Level 2) as of December 31,	
	2021	2020
Stable value common collective fund	**601,008**	$ 407,860

Unrealized gains (losses) from fully benefit-responsive investment contracts are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

On July 1, 2017, a Joinder Agreement was entered into by and between the Plan's trustee and Wilmington Trust, N.A ("Trustee" of common collective fund). On July 6, 2017, the trustee invested all the assets in a guaranteed separate account contract and purchased 18,928.19 shares of Wilmington Investment Trust III for MetLife Group Annuity Contract No. 25554 (stable value common collective fund), a fully benefit-responsive contract measured at its contract value.

A stable value common collective fund is composed primarily of fully benefit-responsive investment contract that is valued at the net asset value of units of the common collective funds. The net asset value (NAV) is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective funds, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 5. Receivables

Employer Contribution

Employer contribution receivables represent the contributions made and remitted by the plan sponsor to the plan during the last period of 2021 and 2020. At December 31, 2021 and 2020, employer contributions receivable amounted to $934 and $709, respectively – see Note 13.

Participant Contribution

As of December 31, 2021 and 2020, participant deferral contributions amounted to $8,753 and $4,998, respectively. These participant contribution receivables were remitted to the Plan in the following month – see Note 13.

Notes Receivable from Participants

The following sets forth a summary of changes in the value of the notes receivable from participants as of December 31, 2021 and 2020:

	2021	2020
Notes receivable from participants, beginning	**$ 1,860**	$ 17,757
Net increase (decrease) in participant loans	**(1,860)**	(15,897)
Notes receivable from participants, end	**$ -**	$ 1,860

For the years ended December 31, 2021 and 2020, interests on notes receivable from participants earned by the Plan amounted to $14 and $319, respectively.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7. Tax Status

The Company adopted a prototype plan and trust sponsored by AUL, on April 2, 2001 effective for the plan year starting January 1, 2001. The Internal Revenue Services (IRS) has ruled that the prototype plan that the Company adopted, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is not subject to tax under present income tax laws. Employee contributions qualify as "cash or deferred" contributions under Section 401(k) of the IRC. Once qualified, the Company who adopted the prototype plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in accordance with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

Note 7. Tax Status - Continued

Plan management believes the Plan as currently designed is operating in accordance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or California Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The plan's investment, in general, are subject to various risks, such as interest, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Investments that are less liquid may have restrictions on their sale. Forced liquidation, although not expected at this time, may affect the estimated value of such investments. Due to level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits and the funded status of the plan.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a global pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, and a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 9. Information Certified by the Custodian (Unaudited)

Other than the fair value of registered investment companies (mutual funds) and stable value common collective funds and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statement and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interests and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company, trustee and custodian of the Plan.

Note 10. Related-Party and Party-In-Interest Transactions

The Plan Sponsor provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. These transactions are exempt party in interest transactions. Plan investments are held and managed by Matrix Trust Company in 2021. Matrix Trust Company is the trustee and custodian, as defined by the plan, and qualifies as a party in interest. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. The records of the Plan indicate no party-in-interest transactions that are prohibited by ERISA and for which no statutory or administrative exemption exists.

Note 11. Reconciliation of Financial Statements to Form 5500

As of December 31, 2021 and 2020, and for the year ended December 31, 2021, there were no differences between the financial statements and Form 5500.

Note 12. Delinquent Participant Contributions

As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ending December 31, 2021, certain participant contributions and loan repayments were not remitted to the trust within the period specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company. The Company transmitted the related $12 in lost earnings to the Plan in June 2022.

Note 13. Subsequent Events

On January 12, 2022, the Company remitted the participant and employer contribution receivables to the Plan amounting to $8,753 and $934, respectively.

TERMS, CONDITIONS AND REQUIRED DISCLOSURES

The Plan's third-party administrator may impose administration fees, which are in addition to the afore-mentioned fees. The afore-mentioned fees do not include investment manager or consultant fees. The afore-mentioned fees do not include any brokerage or other sub-custodian commissions, unless otherwise noted. The afore-mentioned fees also do not include mutual fund sales charges/loads or brokerage commissions imposed by broker-dealers or mutual fund families. An applicable mutual fund prospectus or statement of additional information may provide for the waiver of plan level mutual fund sales charges/loads. In order for the fees to be included, the Plan Sponsor or the Responsible Plan Fiduciary or a person identified by the Plan Sponsor or the Responsible Plan Fiduciary to act as the Authorized Person (the "**Authorized Person**") may be required to complete additional documentation. The afore-mentioned fees also do not include real estate appraisal fees, annual inspection costs, insurance premiums or other like costs associated with any real property that may be held in the account.

The fees listed in the Trust/Custody Services section are charged on a per plan basis and include:
• Electronically transmitted transactions • Asset transfer and set-up in one account per plan
• Quarterly and annual statement (maximum of two duplicate sets) • Proxy delivery to the Responsible Plan Fiduciary or other designated party
• Wire receipts for employer and employee contributions and master note loan repayments (if applicable)
• Interest, dividend, and capital gains posting; processing of capital changes (splits, reorganizations, etc.)

Additional fees may be charged for:
• Extraordinary services • Checks received with insufficient funds • Overnight mailing ($25 per mailing)

Fees are billed quarterly in arrears directly to OneAmerica. Asset based fees will be calculated utilizing a daily average balance for the invoice period. To the extent Matrix Trust fees are paid by the account, the fees represent direct compensation paid to Matrix Trust. To the extent that Matrix Trust fees are paid by OneAmerica or the Plan Sponsor and not reimbursed by plan assets, the fees do not represent direct or indirect compensation paid to Matrix Trust for purposes of 408(b)(2). Matrix Trust fees outstanding for more than 90 days from the billing date may be deducted directly from the account.

I. INDIRECT COMPENSATION

Matrix Trust may receive indirect compensation in connection with Services:

- in the form of "float" income, and
- through its affiliate(s) and/or other parties as described below, and to the extent applicable, with respect to items (C) through (J) as described below.

A. CASH SUB-ACCOUNTING SERVICES/FLOAT INCOME

Matrix Trust also provides sub-accounting services to certain banking institutions, with respect to cash held on a short-term basis in their omnibus accounts. With respect to the Plan, this may occur where, for example, Plan funds are awaiting investment, distribution or other processing. As described below under the section titled: "Matrix Trust - Float Disclosure for Employee Benefit Plans," Matrix Trust may derive compensation from the use of this short-term cash, which is referred to as "float income". Currently, Matrix Trust has arrangements with two banks – JP Morgan Chase and TD Bank – under which the banks pay float income to Matrix Trust in exchange for its sub-accounting services. Float income is reflected as an earnings credit or service fee on monthly bank invoices.

The exact amount of float income credited from these two banks to Matrix Trust cannot be described in precise terms, because the rate of float income paid fluctuates over time (it generally tracks the Federal Funds Rate), and it is also impossible to predict exactly how much Plan cash will be held on a short-term basis, and for how long. Please refer to the section below titled "Matrix Trust - Float Disclosure for Employee Benefit Plans" for more information.

B. MATRIX TRUST - FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS

1. Additional Compensation Attributable to Float

Matrix Trust may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as "float". The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust's provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or "omnibus" bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust's services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, Matrix Trust's only banking arrangements described above are with JPMorgan Chase, N.A. and TD Bank, N.A, both of which are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

2. Circumstances and Time Frames During Which Float May Be Earned

a) Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan's cash contribution to the plan's Matrix Trust account ("**Client Account**") on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan's behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A "business day" is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust's receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (*i.e.,* stocks and bonds) generally occurs within three business days.

b) Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

c) Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

d) Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust does not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix Trust is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

3. Rate On Float Earnings

The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame.

C. <u>INVESTMENT RELATED ADMINISTRATIVE FEE SERVICES</u> (if elected and to the extent applicable)

Where Matrix Trust has been so authorized, Matrix Trust through its affiliate and registered broker dealer, MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), may receive fees from certain investment companies, mutual funds, stable value funds, guaranteed investment contracts, guaranteed annuity contracts and similar investment vehicles (the "**Funds**") in the form of 12b-1 fees or firm concessions (*i.e.,* finders fees), or in the form of shareholder servicing, sub-transfer agent and sub-accounting fees ("**Mutual Fund Fees**").

Matrix Trust will pass through 100% of Mutual Fund Fees to OneAmerica. The amount of such Mutual Fund Fees as paid by the Funds is subject to change at any time.

If the Plan is trading on Matrix Trust's trading platform and Mutual Fund Fees are available for the plan investment options selected for the Plan, available Mutual Fund Fees are identified on the Plan fund list in the Sub-TA and 12b-1 columns for each investment option listed and is paid by the investment provider offering the fund.

D. <u>Certain BROKERAGE ACCOUNTS</u> (if elected and to the extent applicable)

If your Plan offers a self-directed brokerage account ("**SDBA**") option to Plan participants, SDBA balances remain subject to the services and fees described under other sections of this schedule, to the extent applicable.

Also, where the named Fiduciary of the Plan and/or its authorized representative(s) has directed Matrix Trust to establish an SDBA that is a TD Ameritrade Brokerage Account, pursuant to an agreement with TD Ameritrade, Matrix Settlement and Clearing Services, LLC ("**MSCS**") will provide account reconciliation services, account set-up and maintenance, movement of cash between the Plan's core accounts and SDBAs, and related administrative tasks. For these services and others, MSCS will receive quarterly, in arrears, an amount equal to 0.0175% (1.75 basis points)of the value of Plan assets in the TD Ameritrade SDBAs during such quarter, based on the average of the Plan assets held in the SDBAs on the last business day of each month in the applicable quarter. This rate shall apply for the calendar quarter ending March 2020 and shall decrease as follows to .01% (1 basis point) for the calendar quarter ending June 2020, then .0075% (0.75 basis points) for the calendar quarter ending September 2020, then .005% (0.5 basis points) for the calendar quarter ending December 2020 with subsequent quarters to be calculated at the rate of .00375% (0.375 basis points). **TD Ameritrade pays these fees to MSCS.**

In all cases, the fees described above do not include brokerage commissions or other fees payable to TD Ameritrade, or other SDBA provider, who are unaffiliated with Matrix Trust, MSCS and MSCS Financial.

E. <u>RETIREMENT CASH ACCOUNT</u> (if elected and to the extent applicable)

Matrix Trust receives fees with respect to the Retirement Cash Account, to the extent permitted by Applicable Rules, for providing services with respect to the account and the accountholders. Pursuant to an arrangement between Matrix Trust and JPMorgan Chase Bank, N.A. ("**JPMCB"**), Matrix Trust receives a servicing fee in exchange for providing sub-accounting and support services, processing transactions and reconciling aggregate account activity with respect to funds deposited in the Retirement Cash Account with JPMCB. The servicing fee is paid by JPMCB; more specifically, the servicing fee is deducted by Matrix Trust from the interest paid to Matrix Trust by JPMCB, and is the difference between the total interest rate paid to Matrix Trust by JPMCB under the arrangement described above and the stated interest rate paid to Plan participants on their investments in the Retirement Cash Account. In other words, the servicing fees paid to Matrix reduce the interest rate paid to Plan participants by a corresponding amount.

The exact amount of the servicing fee is derived using a formula which results in the servicing fee increasing or decreasing from month to month as the Fed Funds Target Rate ("**FFTR**") correspondingly increases or decreases by increments of 0.25%.

Specifically, for any month, the formula for calculating the servicing fee (expressed as an annual interest rate) can be stated as follows:

- Where the FFTR is 2.00%, the servicing fee is 1.4875%. These are referred to as the "baseline" FFTR and servicing fee rate, respectively.
- For each decrease in the FFTR of 0.25% (below the 2.00% baseline), the servicing fee decreases (from the 1.4875% baseline) by 0.1625%.
- For each increase in the FFTR of 0.25% (above the 2.00% baseline), the servicing fee increases (from the 1.4875% baseline) by 0.0625%.

For example, if the FFTR for a given month were 1.50%, this is two decreases of 0.25% each (0.50% total) from 2.00%. So the servicing fee for that month would be (1.4875%) – (2 x 0.1625%) = 1.1625%.

Such servicing fees are based on the average daily deposit balances in the Retirement Cash Account. The rate of the servicing fee that Matrix receives may exceed the interest rate or effective yield the depositors receive from the Retirement Cash Account. No portion of these servicing fees will reduce or offset the fees otherwise due to Matrix Trust unless required by Applicable Rules. "Applicable Rules" means all applicable federal and state laws, rules and regulations, rules of any self-regulatory organization, and the constitution and applicable rules, regulations, customs, and usages of the exchange or market and its clearinghouse. Unless stated otherwise in Retirement Cash Account Addendum, there are no separate charges, fees (other than the servicing fee described in above), or commissions paid to Matrix Trust or its affiliates as a result of, or otherwise in connection with, the Retirement Cash Account.

F. **ModelTool(K)IT™SERVICES** (if elected and to the extent applicable)
Where the named Fiduciary of the Plan and/or its authorized representative(s) has entered into an agreement to subscribe to ModelTool(k)it™ ("**MTK**") for the Plan, a total annual fee of . 0.035% (3.5 basis points) charged monthly in arrears applies to the market value of assets covered under the MTK agreement. **This fee is deducted directly from the Plan account from the assets covered under the MTK agreement.** Of the total fee, a third-party subcontractor of MSCS, Envestnet Retirement Services ("**ERS**") receives approximately (no less than) 0.028% (2.8 basis points) as its compensation for providing services detailed in the Plan's MTK agreement and MSCS itself will retain approximately (no more than) 0.007% (0.7 basis points) for facilitating MTK as a service on the MSCS trading platform. All other applicable services and fees will continue to apply, except that if investments subject to the MTK agreement generate Mutual Fund Fees, MSCS Financial will collect such Mutual Fund Fees as compensation, but Matrix Trust will credit back Administrative Fees in an amount equal to one hundred percent (100%) of such Mutual Fund Fees to the TPA.

G. **LEVEL Compensation SERVICES** (if elected and to the extent applicable)
Where the named Fiduciary of the Plan has engaged a broker (registered representative) whose firm utilizes the Matrix Trust Level Compensation Services, in addition to any other applicable services and fees, MSCS Financial will serve as Broker of Record for investment transactions, and will retain up to 0.02% (2 basis points) of the Plan's total assets, with such fees coming from any 12b-1 fees and shareholder servicing ("**Level Compensation Fees**") it collects from Funds on behalf of the broker. For certain Plans whose investment lineup pays differing compensation per investment, brokers may receive Level Compensation Fees based on an approximate weighted average ("**Weighted Average**") of fees paid by or on behalf of Funds. Where Weighted Average is in place, MSCS Financial may retain an overage in the amount fees received from or on behalf of the Funds. This overage amount may be an amount up to 0.05% (5 basis points) of Plan assets because Weighted Average Level Compensation Fee percentages are set by MSCS on 0.05% (5 basis point) increments. If you have engaged an investment adviser for your plan whose firm utilizes the RIA Remittance Services of the MSCS Level Compensation Services, in addition to any other applicable services and fees, MSCS will be paid a fee of up to 0.015% (1.5 basis points) of the Plan's total assets (also referenced as **"Level Compensation Fees"**). With respect to brokers, the Level Compensation Fees are in exchange for MSCS Financial's administrative services in collecting and distributing Level Compensation Fees to the broker. With respect to investment advisers, the Level Compensation fees are in exchange for MSCS's administrative services in collecting from the TPA and distributing to the investment adviser the adviser's advisory fees (*i.e.,* facilitating RIA fee remittance services). Per the agreement setting forth the Level Compensation Services between MSCS and the broker-dealer or investment advisory firm, this compensation is deducted from Level Compensation Fees as received from the Plan's Funds.

H. **ETF TRADING SERVICES** (if elected and to the extent applicable)
In addition to all other applicable services and fees, if the Plan offers one or more exchange-traded funds ("**ETFs**") as investment options to Plan participants, a third-party subcontractor of MSCS, Virtu Americas LLC; ("**Virtu**") (formerly known as "**Knight Capital Group**" or "**KCG**"), receives certain commissions for executing ETF trades processed on the MSCS trading platform (per the agreement between Matrix Trust/MSCS and the TPA). Per the agreement with between Matrix Trust/MSCS and the TPA, the commissions paid to Virtu are generally deducted directly from the Plan account (*i.e.,* "netted" from the ETF trade) unless, per the agreement between Matrix Trust/MSCS and the TPA, the TPA is invoiced for such charges instead. Virtu's commission charges, as the executing ETF broker, are:

MSCS (along with Matrix Trust and MSCS Financial) does not retain any of Virtu's commissions described above; rather, Virtu receives 100% of these additional ETF commissions. However, Virtu's commissions are in addition to, not in lieu of, all other applicable fees, including but without limitation the Administrative Fees described above under the heading "Investment Related Administrative Fee Services".

I. STALE DATED CHECK SERVICES

Matrix Trust provides services to assist with the resolution of Plan participants' stale dated checks, as directed by an Authorized Person. Where the named Fiduciary of the Plan and/or its authorized representative(s) has elected to utilize certain services to assist in the resolution of participant related stale dated checks, a subcontractor to Matrix Trust and MSCS, Risk Compliance Performance Solutions, LLC ("**RCPS**"), receives $40 per check as direct compensation which is deducted directly from the Plan (*i.e.,* from the stale check amount). This compensation to RCPS is for its services which includes conducting a search, related communications, and distributing funds to affected Plan participants. All float income to Matrix Trust will cease with respect to the stopped check from the time the check is stopped, but float income related to the period beginning with the issuance of the distribution check through the date the check was stopped will be retained by Matrix Trust.

II. NON-MONETARY COMPENSATION

Matrix Trust and MSCS Financial maintain policies that place limits on the circumstances under which gifts, travel and entertainment may be accepted by employees. **Other than for modest gifts given or received in the normal course of business, employees are not permitted to receive gifts from clients and vendors.** Under the 408(b)(2) regulation, a service provider's acceptance of these non-monetary items may involve the receipt of indirect compensation from a plan where the value attributable to the plan, on a pro rata basis, exceeds $250 over the term of the plan's contract with the service provider. In light of the policies, Matrix Trust does not anticipate that the value of any such non-monetary items will approach the $250 threshold with respect to the plan.

III. MISCELLANEOUS

Matrix Trust reserves the right to decline acceptance of any Plan assets not discussed during the original account acceptance process. Matrix Trust reserves the right to amend this fee schedule at any time with a 30 day advance written notice to the Plan Sponsor, or such other time period as specified within the Client Agreement covering the Services.
