REPORT OF INDEPENDENT AUDITORS

Board of Directors
Cummins Behavioral Health Systems, Inc. 401(k) Plan
Avon, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Cummins Behavioral Health Systems, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statement's section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Board of Directors
Cummins Behavioral Health Systems, Inc. 401(k) Plan
Avon, Indiana

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CUMMINS BEHAVIORAL HEALTH SYSTEMS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Cummins Behavioral Health Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a prototype defined contribution plan and trust custodial account adopted by Cummins Behavioral Health Systems, Inc. (the Center). The Plan is a safe harbor 401(k) plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees who meet certain eligibility service requirements will be enrolled in the Plan.

Recent Legislative Changes for Retirement Plans

The Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was effective on January 1, 2020. The SECURE Act is intended to address the difficulty in saving and investing for retirement for Americans. Provisions include, but not limited to, incentives for employers to offer retirement plans by providing tax credits, delaying the commencement date for required minimum distributions, providing benefits to part-time employees, and allowing penalty free withdrawals for certain life changing events. The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed in March 2020. The CARES Act primarily enhances the ability of participants to access their funds through increased loan limits and hardship distributions among others. The optional features within these Acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and federal guidance.

Contributions and Participant Accounts

The Center makes a safe-harbor match of 100% of participant contributions into the Plan up to 6% of a participant's eligible compensation. Each year the employer may also make a discretionary profit sharing contribution to the plan. Participants are generally eligible to receive employer safe harbor contributions if they are at least 21 years of age and have obtained one year of service. During plan years 2021 and 2020, there were no profit sharing contribution made into the plan.

Upon entry into the Plan or on any pay period, participants may also defer a dollar amount or a percentage of their compensation, to a maximum as determined and adjusted by the IRS. In addition, participants who have or will have attained age 50 by the end of the calendar year are allowed to defer an additional amount as "catch-up contributions" to a maximum as determined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The participants are able to direct their balance to be invested into various investment options offered by the Plan.

CUMMINS BEHAVIORAL HEALTH SYSTEMS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Vesting and Forfeiture

The Plan provides that employee salary deferrals, rollover contributions, and employer safe harbor contributions are always 100% vested in the Plan. Amounts relating to discretionary profit sharing contributions become 100% vested once an eligible employee attains three years of service, upon attainment of normal retirement age, upon retirement due to disability, upon death or upon termination of the Plan. Upon termination of employment, the nonvested portion of the participant's account is called a forfeiture and remains in the Plan to reduce the Center's contributions or administrative expenses of the Plan. Forfeitures totaled approximately \$10,600 and \$4,500 for the Plan years ended December 31, 2021 and 2020, respectively. There were no forfeiture amounts used to reduce employer contributions in 2021. If the participant is reemployed before incurring five consecutive one-year breaks in service, the employee will be entitled to have his prior account balance restored.

Participant Loans

The Plan does not permit participant loans.

Payment of Benefits

On termination of employment, in general, a participant may elect to leave the vested balance invested in the Plan or receive either a lump-sum amount equal to the value of the account or annual installments. Participants may also elect to receive distributions prior to termination granted they have attained age 59 ½. Distributions can only be made from accounts which are 100% vested.

Plan Termination

Although the Company has not expressed intent to discontinue the Plan, it may do so at any time, upon resolution by the Center's Board of Directors. The Plan provides that in the event of termination of the Plan, all amounts credited to the participant accounts will be fully vested and will be paid as directed in the Plan text and regulations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting whereby contributions and distributions of the Plan are recorded in the year in which they are incurred rather than the year in which the contributions or distributions are made.

CUMMINS BEHAVIORAL HEALTH SYSTEMS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments

The Plan values its investments at fair market value for financial reporting purposes. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net assets value of shares held by the Plan at year-end. Changes in appreciation or depreciation of the fair value of investments are reflected in the statement of changes in net assets available for benefits in the year in which such changes occur. Money market mutual funds are valued at their daily net asset value calculated using the amortized cost of the securities held in the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

In general, on termination of service, a participant may elect to receive their vested interest in the form of a lump-sum amount, an account rollover, an annuity or leave the account in the Plan, subject to a certain limitations and conditions as defined by the Plan. Withdrawals other than for termination are permitted under provisions provided by the Plan.

Expenses of the Plan

The Center pays the majority of the expenses of the Plan, including administrative and accounting fees. Participants pay expenses associated with equity trades and the administrative fees related to money managers retained at the option of the participant.

Subsequent Events

The Plan evaluates events or transactions occurring subsequent to the statement of net asset available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements were available to be issued which is September 27, 2022.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2021 and 2020, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There were no level 3 assets as of December 31, 2021 and 2020.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Money market mutual funds:* Generally transact subscription and redemption activity at a \$1 stable NAV however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008 that it is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and legal counsel believe that the plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

6. PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Certain plan investments are shares of mutual funds managed by American Funds Investments. American Funds Investments is a subsidiary of Capital Bank and Trust Company, the custodian of the plan assets and, therefore, any transactions with American Funds Investments or Capital Bank and Trust Company qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Ascensus Consulting serves as the third-party service provider of the Plan. Administrative expenses amounted to approximately \$3,900 for 2021 and are included in administrative and other fees in the statement of changes in net assets available for benefits. Blue & Co., LLC is the independent auditor for the Plan and receives payment for its services. Certain expenses of the Plan are paid by the Center. The Center provides certain administrative services at no cost to the Plan including accounting fees.

7. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. COVID-19

In March 2020, the World Health Organization declared coronavirus (COVID-19) a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may continue to adversely impact the local, regional, national and global economies. The extent to which COVID-19 continues to impact the Plan's operating results is dependent on the breadth and duration of the pandemic and could be affected by other factors management is not currently able to predict. Potential impacts include, but are not limited to, reduced employee participation, decreases in employer discretionary contributions, and investment portfolio declines. Management believes the Plan is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available to be issued.

CUMMINS BEHAVIORAL HEALTH SYSTEMS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Cummins Behavioral Health Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a prototype defined contribution plan and trust custodial account adopted by Cummins Behavioral Health Systems, Inc. (the Center). The Plan is a safe harbor 401(k) plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees who meet certain eligibility service requirements will be enrolled in the Plan.

Recent Legislative Changes for Retirement Plans

The Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was effective on January 1, 2020. The SECURE Act is intended to address the difficulty in saving and investing for retirement for Americans. Provisions include, but not limited to, incentives for employers to offer retirement plans by providing tax credits, delaying the commencement date for required minimum distributions, providing benefits to part-time employees, and allowing penalty free withdrawals for certain life changing events. The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed in March 2020. The CARES Act primarily enhances the ability of participants to access their funds through increased loan limits and hardship distributions among others. The optional features within these Acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and federal guidance.

Contributions and Participant Accounts

The Center makes a safe-harbor match of 100% of participant contributions into the Plan up to 6% of a participant's eligible compensation. Each year the employer may also make a discretionary profit sharing contribution to the plan. Participants are generally eligible to receive employer safe harbor contributions if they are at least 21 years of age and have obtained one year of service. During plan years 2021 and 2020, there were no profit sharing contribution made into the plan.

Upon entry into the Plan or on any pay period, participants may also defer a dollar amount or a percentage of their compensation, to a maximum as determined and adjusted by the IRS. In addition, participants who have or will have attained age 50 by the end of the calendar year are allowed to defer an additional amount as "catch-up contributions" to a maximum as determined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The participants are able to direct their balance to be invested into various investment options offered by the Plan.

CUMMINS BEHAVIORAL HEALTH SYSTEMS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Vesting and Forfeiture

The Plan provides that employee salary deferrals, rollover contributions, and employer safe harbor contributions are always 100% vested in the Plan. Amounts relating to discretionary profit sharing contributions become 100% vested once an eligible employee attains three years of service, upon attainment of normal retirement age, upon retirement due to disability, upon death or upon termination of the Plan. Upon termination of employment, the nonvested portion of the participant's account is called a forfeiture and remains in the Plan to reduce the Center's contributions or administrative expenses of the Plan. Forfeitures totaled approximately \$10,600 and \$4,500 for the Plan years ended December 31, 2021 and 2020, respectively. There were no forfeiture amounts used to reduce employer contributions in 2021. If the participant is reemployed before incurring five consecutive one-year breaks in service, the employee will be entitled to have his prior account balance restored.

Participant Loans

The Plan does not permit participant loans.

Payment of Benefits

On termination of employment, in general, a participant may elect to leave the vested balance invested in the Plan or receive either a lump-sum amount equal to the value of the account or annual installments. Participants may also elect to receive distributions prior to termination granted they have attained age 59 ½. Distributions can only be made from accounts which are 100% vested.

Plan Termination

Although the Company has not expressed intent to discontinue the Plan, it may do so at any time, upon resolution by the Center's Board of Directors. The Plan provides that in the event of termination of the Plan, all amounts credited to the participant accounts will be fully vested and will be paid as directed in the Plan text and regulations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting whereby contributions and distributions of the Plan are recorded in the year in which they are incurred rather than the year in which the contributions or distributions are made.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2021 and 2020, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Ascensus Consulting serves as the third-party service provider of the Plan. Administrative expenses amounted to approximately \$3,900 for 2021 and are included in administrative and other fees in the statement of changes in net assets available for benefits. Blue & Co., LLC is the independent auditor for the Plan and receives payment for its services. Certain expenses of the Plan are paid by the Center. The Center provides certain administrative services at no cost to the Plan including accounting fees.

7. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. COVID-19

In March 2020, the World Health Organization declared coronavirus (COVID-19) a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may continue to adversely impact the local, regional, national and global economies. The extent to which COVID-19 continues to impact the Plan's operating results is dependent on the breadth and duration of the pandemic and could be affected by other factors management is not currently able to predict. Potential impacts include, but are not limited to, reduced employee participation, decreases in employer discretionary contributions, and investment portfolio declines. Management believes the Plan is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available to be issued.
