Independent Auditor's Report

To the Benefits Committee
Evenflo Company, Inc. Savings Plus Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Evenflo Company, Inc. Savings Plus Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the 2021 Financial Statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2021 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Plan's ability to continue as a going concern for one year after the date that the financial statements were issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 Financial Statements.

STRATEGIC ACCOUNTANTS
& BUSINESS ADVISORS

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Evenflo Company, Inc. Savings Plus Plan
Notes to the Financial Statements
December 31, 2021 and 2020

NOTE A – DESCRIPTION OF PLAN

The following description of the Evenflo Company, Inc. Savings Plus Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information. The Plan was effective August 21, 1998.

General Information

The Plan is a defined contribution plan covering substantially all salary employees of Evenflo Company, Inc. and Columbus Trading-Partners USA, Inc. (collectively, the Company) who have 30 days of service. Temporary employees must have one year of service or 1,000 hours of service. The Benefits Committee of the Company controls and manages the operation and administration of the Plan. BMO Harris Bank, N.A. served as the trustee of the Plan until March 19, 2021, and effective March 19, 2021, Matrix Trust Company began serving as the trustee of the Plan (collectively, the Trustees). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act provided certain provisions, which, if adopted by the Plan, would provide plan participants with expanded distribution and loan opportunities. Plans were permitted to adopt these provisions immediately provided the plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

On or after March 27, 2020, and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the Plan within the three-year period beginning on the date after the distribution.

Qualified individuals with outstanding loans on or after March 27, 2020 were permitted to request that their loan payments be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

The normal loan limits were increased from \$50,000 to \$100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after March 27, 2020 and before September 23, 2020.

All required minimum distributions (RMD) for 2020 were waived.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

General Information (continued)

Effective December 1, 2020, pursuant to the Setting Every Community Up for Retirement Enhancement Act (SECURE Act), the Plan adopted a provision allowing employees to take a penalty free qualified birth or adoption distribution (QBAD). A QBAD is a distribution that must be made during the one-year period beginning on the date of which a child of a participant is born or on which the legal adoption of eligible adoptee by participant is finalized. The amount of the QBAD may not exceed \$5,000 per child or eligible adoptee.

Contributions

Each year, participants may contribute up to 75% of their pre-tax annual compensation, as defined in the plan document, subject to certain Internal Revenue Code (the Code) limitations. Plan provisions include automatic enrollment at 3%. The Company amended the plan document effective April 13, 2020, eliminating the Company's fixed match and adopting a discretionary matching provision. Prior to this amendment, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan each pay period, which was not to exceed 3% of the employee base compensation. The Company continued to provide a discretionary match using this formula until July 20, 2020, when the Benefits Committee voted to suspend the discretionary match. Effective January 1, 2021, the Company reinstated the fixed match. The Company's matching contributions for the year ended December 31, 2021, were \$544,029. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed; however, the Benefits Committee of the Company has control over the investment offerings made available to plan participants.

Vesting

Participants are vested immediately in their contributions, Company matching contributions and Company discretionary contributions, if any, plus actual earnings thereon.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts were \$0 and \$6,301, respectively. These accounts are used to reduce future employer contributions. During the year ended December 31, 2021, employer contributions were reduced by \$6,882 from forfeited non-vested accounts.

Payment of Benefits

Upon retirement, death, or other interruption of continuous service, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments. Upon termination, benefits relating to a participant's contributions and vested employer contributions are distributed.

Notes Receivable – Participant Loans

With exception of the CARES Act provisions noted within Note A, participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to the Trustees' prime rate determined as of the time the application for the loan is made. The participant loans must be repaid over a period not to exceed five years, unless the purpose of the loan is to acquire, construct, or substantially rehabilitate a dwelling that is to be used as a principal residence for the participant, in which case the loan period may not exceed 15 years. Principal and interest is paid ratably through payroll deductions. The interest rates on outstanding loans ranged from 2.63% to 5.50% as of December 31, 2021.

Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board's Accounting Standards Codification.

Contributions

Participant contributions are recognized when withheld. Employer matching contributions are recognized concurrently with participant contributions.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when approved. There were no approved but unpaid benefits at December 31, 2021 or 2020.

Investment Valuation and Income Recognition

The Plan's participant-directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE C – INVESTMENTS AND INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, net appreciation in fair value of investments, and dividends and interest for the year ended December 31, 2021, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets of the Plan. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Stated at fair value as defined by observable quoted prices in active markets (Level 1).

Evenflo Company, Inc. Savings Plus Plan
Notes to the Financial Statements
December 31, 2021 and 2020

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Collective investment fund: Stated based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the Trustees, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The collective investment fund is a fully benefit responsive investment contract with BMO Harris Bank, N.A. and plan contributions are maintained in a general account. The account is credited with earnings on the underlying investments. The objective of the fund is to maintain safety of principal while generating a level of income generally exceeding that of a money market fund. The fund seeks to maintain a stable \$1.00 net asset value, although this is not guaranteed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,189,305	\$ -	\$ -	\$ 28,189,305
Collective investment fund ^(a)	-	-	-	2,941,515
Total investments, at fair value	\$ 28,189,305	\$ -	\$ -	\$ 31,130,820

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE F – PARTY-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of collective investment funds and registered investment companies managed by the Trustees and therefore, these transactions qualify as party-in-interest. However, they are exempt from the prohibited transactions rules under ERISA.

Certain administrative services are provided by the Company at no cost to the Plan. Administrative expenses paid by the Plan were \$94,367 for the year ended December 31, 2021.

NOTE G – INCOME TAX STATUS

The Internal Revenue Service (the IRS) has determined and informed the Company by a letter dated May 5, 2014, that the Plan and related trust are designed in accordance with the applicable requirements of the Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan has no uncertain tax positions that require adjustment to the financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Evenflo Company, Inc. Savings Plus Plan
Notes to the Financial Statements
December 31, 2021 and 2020

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

NOTE I – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2021, events and transactions subsequent to December 31, 2021 through October 10, 2022 have been evaluated by the plan administrator for possible adjustment and/or disclosure. Except as disclosed below, no other subsequent events requiring financial statement adjustment and/or disclosure have been identified.

Effective January 19, 2022, the Plan changed the trustee and recordkeeper from Matrix Trust Company and OneAmerica Retirement Services, LLC, respectively, to Schwab Retirement Plan Services, Inc. This change also resulted in a restated plan adoption agreement.

On September 24, 2022, the Benefit Committee voted and approved to merge the Plan with the Evenflo Company, Inc. 401(k) Retirement Plan, a related-party, effective January 1, 2023.

Fee Schedule and Disclosures OneAmerica

Evenflo Company, Inc. Savings Plus Plan (the “Plan”)

This fee schedule pertains to the services (“**Services**”) covered in the Client Agreement with Matrix Trust Company (“**Matrix Trust**”), and is intended as the service provider disclosure statement to fiduciaries that have the authority to enter into, extend, or renew Matrix Trust’s provision of services to the Plan. If you are in receipt of this schedule and are not the responsible Plan fiduciary under 29 C.F.R. Sec. 2550.408b-2 (“**408(b)(2)**”), please forward this disclosure to that fiduciary’s attention.

If Matrix Trust’s appointment is as a directed (non-discretionary) trustee, with regard to providing services to the Plan, Matrix Trust is serving in a limited fiduciary capacity under ERISA. If Matrix Trust’s appointment is not as trustee, Matrix Trust is not serving in a fiduciary capacity under ERISA except to the extent that Matrix Trust explicitly agrees to and acknowledges its fiduciary capacity.

TERMS, CONDITIONS AND REQUIRED DISCLOSURES

The Plan's third-party administrator may impose administration fees, which are in addition to the afore-mentioned fees. The afore-mentioned fees do not include investment manager or consultant fees. The afore-mentioned fees do not include any brokerage or other sub-custodian commissions, unless otherwise noted. The afore-mentioned fees also do not include mutual fund sales charges/loads or brokerage commissions imposed by broker-dealers or mutual fund families. An applicable mutual fund prospectus or statement of additional information may provide for the waiver of plan level mutual fund sales charges/loads. In order for the fees to be included, the Plan Sponsor or the Responsible Plan Fiduciary or a person identified by the Plan Sponsor or the Responsible Plan Fiduciary to act as the Authorized Person (the "**Authorized Person**") may be required to complete additional documentation. The afore-mentioned fees also do not include real estate appraisal fees, annual inspection costs, insurance premiums or other like costs associated with any real property that may be held in the account.

The fees listed in the Trust/Custody Services section are charged on a per plan basis and include:

- Electronically transmitted transactions • Asset transfer and set-up in one account per plan
- Quarterly and annual statement (maximum of two duplicate sets) • Proxy delivery to the Responsible Plan Fiduciary or other designated party
- Wire receipts for employer and employee contributions and master note loan repayments (if applicable)
- Interest, dividend, and capital gains posting; processing of capital changes (splits, reorganizations, etc.)

Additional fees may be charged for:

- Extraordinary services • Checks received with insufficient funds • Overnight mailing (\$25 per mailing)

Fees are billed quarterly in arrears directly to OneAmerica. Asset based fees will be calculated utilizing a daily average balance for the invoice period. To the extent Matrix Trust fees are paid by the account, the fees represent direct compensation paid to Matrix Trust. To the extent that Matrix Trust fees are paid by OneAmerica or the Plan Sponsor and not reimbursed by plan assets, the fees do not represent direct or indirect compensation paid to Matrix Trust for purposes of 408(b)(2). Matrix Trust fees outstanding for more than 90 days from the billing date may be deducted directly from the account.

I. **INDIRECT COMPENSATION**

Matrix Trust may receive indirect compensation in connection with Services:

- in the form of "float" income, and
- through its affiliate(s) and/or other parties as described below, and to the extent applicable, with respect to items (C) through (J) as described below.

A. **CASH SUB-ACCOUNTING SERVICES/FLOAT INCOME**

Matrix Trust also provides sub-accounting services to certain banking institutions, with respect to cash held on a short-term basis in their omnibus accounts. With respect to the Plan, this may occur where, for example, Plan funds are awaiting investment, distribution or other processing. As described below under the section titled: "Matrix Trust - Float Disclosure for Employee Benefit Plans," Matrix Trust may derive compensation from the use of this short-term cash, which is referred to as "float income". Currently, Matrix Trust has arrangements with two banks – JP Morgan Chase and TD Bank – under which the banks pay float income to Matrix Trust in exchange for its sub-accounting services. Float income is reflected as an earnings credit or service fee on monthly bank invoices.

The exact amount of float income credited from these two banks to Matrix Trust cannot be described in precise terms, because the rate of float income paid fluctuates over time (it generally tracks the Federal Funds Rate), and it is also impossible to predict exactly how much Plan cash will be held on a short-term basis, and for how long. Please refer to the section below titled "Matrix Trust - Float Disclosure for Employee Benefit Plans" for more information.

B. MATRIX TRUST - FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS**1. Additional Compensation Attributable to Float**

Matrix Trust may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as “float”. The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust’s provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or “omnibus” bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust’s services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, Matrix Trust’s only banking arrangements described above are with JPMorgan Chase, N.A. and TD Bank, N.A, both of which are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

2. Circumstances and Time Frames During Which Float May Be Earned**a) Contributions**

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan’s cash contribution to the plan’s Matrix Trust account (“**Client Account**”) on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan’s behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A “business day” is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust’s receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (*i.e.*, stocks and bonds) generally occurs within three business days.

b) Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

c) Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

d) Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust does not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix Trust is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

3. Rate On Float Earnings

The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame.

C. INVESTMENT RELATED ADMINISTRATIVE FEE SERVICES (if elected and to the extent applicable)

Where Matrix Trust has been so authorized, Matrix Trust through its affiliate and registered broker dealer, MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), may receive fees from certain investment companies, mutual funds, stable value funds, guaranteed investment contracts, guaranteed annuity contracts and similar investment vehicles (the "**Funds**") in the form of 12b-1 fees or firm concessions (*i.e.*, finders fees), or in the form of shareholder servicing, sub-transfer agent and sub-accounting fees ("**Mutual Fund Fees**").

Matrix Trust will pass through 100% of Mutual Fund Fees to OneAmerica. The amount of such Mutual Fund Fees as paid by the Funds is subject to change at any time.

If the Plan is trading on Matrix Trust's trading platform and Mutual Fund Fees are available for the plan investment options selected for the Plan, available Mutual Fund Fees are identified on the Plan fund list in the Sub-TA and 12b-1 columns for each investment option listed and is paid by the investment provider offering the fund.

D. Certain BROKERAGE ACCOUNTS (if elected and to the extent applicable)

If your Plan offers a self-directed brokerage account ("**SDBA**") option to Plan participants, SDBA balances remain subject to the services and fees described under other sections of this schedule, to the extent applicable.

Also, where the named Fiduciary of the Plan and/or its authorized representative(s) has directed Matrix Trust to establish an SDBA that is a TD Ameritrade Brokerage Account, pursuant to an agreement with TD Ameritrade, Matrix Settlement and Clearing Services, LLC ("**MSCS**") will provide account reconciliation services, account set-up and maintenance, movement of cash between the Plan's core accounts and SDBAs, and related administrative tasks. For these services and others, MSCS will receive quarterly, in arrears, an amount equal to 0.0175% (1.75 basis points) of the value of Plan assets in the TD Ameritrade SDBAs during such quarter, based on the average of the Plan assets held in the SDBAs on the last business day of each month in the applicable quarter. This rate shall apply for the calendar quarter ending March 2020 and shall decrease as follows to .01% (1 basis point) for the calendar quarter ending June 2020, then .0075% (0.75 basis points) for the calendar quarter ending September 2020, then .005% (0.5 basis points) for the calendar quarter ending December 2020 with subsequent quarters to be calculated at the rate of .00375% (0.375 basis points). **TD Ameritrade pays these fees to MSCS.**

In all cases, the fees described above do not include brokerage commissions or other fees payable to TD Ameritrade, or other SDBA provider, who are unaffiliated with Matrix Trust, MSCS and MSCS Financial.

E. RETIREMENT CASH ACCOUNT (if elected and to the extent applicable)

Matrix Trust receives fees with respect to the Retirement Cash Account, to the extent permitted by Applicable Rules, for providing services with respect to the account and the accountholders. Pursuant to an arrangement between Matrix Trust and JPMorgan Chase Bank, N.A. ("**JPMCB**"), Matrix Trust receives a servicing fee in exchange for providing sub-accounting and support services, processing transactions and reconciling aggregate account activity with respect to funds deposited in the Retirement Cash Account with JPMCB. The servicing fee is paid by JPMCB; more specifically, the servicing fee is deducted by Matrix Trust from the interest paid to Matrix Trust by JPMCB, and is the difference between the total interest rate paid to Matrix Trust by JPMCB under the arrangement described above and the stated interest rate paid to Plan participants on their investments in the Retirement Cash Account. In other words, the servicing fees paid to Matrix reduce the interest rate paid to Plan participants by a corresponding amount.

The exact amount of the servicing fee is derived using a formula which results in the servicing fee increasing or decreasing from month to month as the Fed Funds Target Rate (“FFTR”) correspondingly increases or decreases by increments of 0.25%.

Specifically, for any month, the formula for calculating the servicing fee (expressed as an annual interest rate) can be stated as follows:

- Where the FFTR is 2.00%, the servicing fee is 1.4875%. These are referred to as the “baseline” FFTR and servicing fee rate, respectively.
- For each decrease in the FFTR of 0.25% (below the 2.00% baseline), the servicing fee decreases (from the 1.4875% baseline) by 0.1625%.
- For each increase in the FFTR of 0.25% (above the 2.00% baseline), the servicing fee increases (from the 1.4875% baseline) by 0.0625%.

For example, if the FFTR for a given month were 1.50%, this is two decreases of 0.25% each (0.50% total) from 2.00%. So the servicing fee for that month would be $(1.4875\%) - (2 \times 0.1625\%) = 1.1625\%$.

Such servicing fees are based on the average daily deposit balances in the Retirement Cash Account. The rate of the servicing fee that Matrix receives may exceed the interest rate or effective yield the depositors receive from the Retirement Cash Account. No portion of these servicing fees will reduce or offset the fees otherwise due to Matrix Trust unless required by Applicable Rules. “Applicable Rules” means all applicable federal and state laws, rules and regulations, rules of any self-regulatory organization, and the constitution and applicable rules, regulations, customs, and usages of the exchange or market and its clearinghouse. Unless stated otherwise in Retirement Cash Account Addendum, there are no separate charges, fees (other than the servicing fee described in above), or commissions paid to Matrix Trust or its affiliates as a result of, or otherwise in connection with, the Retirement Cash Account.

F. ModelTool(K)IT™SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan and/or its authorized representative(s) has entered into an agreement to subscribe to ModelTool(k)it™ (“MTK”) for the Plan, a total annual fee of .0035% (3.5 basis points) charged monthly in arrears applies to the market value of assets covered under the MTK agreement. **This fee is deducted directly from the Plan account from the assets covered under the MTK agreement.** Of the total fee, a third-party subcontractor of MSCS, Envestnet Retirement Services (“ERS”) receives approximately (no less than) 0.028% (2.8 basis points) as its compensation for providing services detailed in the Plan’s MTK agreement and MSCS itself will retain approximately (no more than) 0.007% (0.7 basis points) for facilitating MTK as a service on the MSCS trading platform. All other applicable services and fees will continue to apply, except that if investments subject to the MTK agreement generate Mutual Fund Fees, MSCS Financial will collect such Mutual Fund Fees as compensation, but Matrix Trust will credit back Administrative Fees in an amount equal to one hundred percent (100%) of such Mutual Fund Fees to the TPA.

G. LEVEL Compensation SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan has engaged a broker (registered representative) whose firm utilizes the Matrix Trust Level Compensation Services, in addition to any other applicable services and fees, MSCS Financial will serve as Broker of Record for investment transactions, and will retain up to 0.02% (2 basis points) of the Plan’s total assets, with such fees coming from any 12b-1 fees and shareholder servicing (“**Level Compensation Fees**”) it collects from Funds on behalf of the broker. For certain Plans whose investment lineup pays differing compensation per investment, brokers may receive Level Compensation Fees based on an approximate weighted average (“**Weighted Average**”) of fees paid by or on behalf of Funds. Where Weighted Average is in place, MSCS Financial may retain an overage in the amount fees received from or on behalf of the Funds. This overage amount may be an amount up to 0.05% (5 basis points) of Plan assets because Weighted Average Level Compensation Fee percentages are set by MSCS on 0.05% (5 basis point) increments. If you have engaged an investment adviser for your plan whose firm utilizes the RIA Remittance Services of the MSCS Level Compensation Services, in addition to any other applicable services and fees, MSCS will be paid a fee of up to 0.015% (1.5 basis points) of the Plan’s total assets (also referenced as “**Level Compensation Fees**”). With respect to brokers, the Level Compensation Fees are in exchange for MSCS Financial’s administrative services in collecting and distributing Level Compensation Fees to the broker. With respect to investment advisers, the Level Compensation fees are in exchange for MSCS’s administrative services in collecting from the TPA and distributing to the investment adviser the adviser’s advisory fees (*i.e.*, facilitating RIA fee remittance services). Per the agreement setting forth the Level Compensation Services between MSCS and the broker-dealer or investment advisory firm, this compensation is deducted from Level Compensation Fees as received from the Plan’s Funds.

H. ETF TRADING SERVICES (if elected and to the extent applicable)

In addition to all other applicable services and fees, if the Plan offers one or more exchange-traded funds (“ETFs”) as investment options to Plan participants, a third-party subcontractor of MSCS, Virtu Americas LLC; (“**Virtu**”) (formerly known as “**Knight Capital Group**” or “**KCG**”), receives certain commissions for executing ETF trades processed on the MSCS trading platform (per the agreement between Matrix Trust/MSCS and the TPA). Per the agreement with between Matrix Trust/MSCS and the TPA, the commissions paid to Virtu are generally deducted directly from the Plan account (*i.e.*, “netted” from the ETF trade) unless, per the agreement between Matrix Trust/MSCS and the TPA, the TPA is invoiced for such charges instead. Virtu’s commission charges, as the executing ETF broker, are:

MSCS (along with Matrix Trust and MSCS Financial) does not retain any of Virtu's commissions described above; rather, Virtu receives 100% of these additional ETF commissions. However, Virtu's commissions are in addition to, not in lieu of, all other applicable fees, including but without limitation the Administrative Fees described above under the heading "Investment Related Administrative Fee Services".

I. STALE DATED CHECK SERVICES

Matrix Trust provides services to assist with the resolution of Plan participants' stale dated checks, as directed by an Authorized Person. Where the named Fiduciary of the Plan and/or its authorized representative(s) has elected to utilize certain services to assist in the resolution of participant related stale dated checks, a subcontractor to Matrix Trust and MSCS, Risk Compliance Performance Solutions, LLC ("**RCPS**"), receives \$40 per check as direct compensation which is deducted directly from the Plan (*i.e.*, from the stale check amount). This compensation to RCPS is for its services which includes conducting a search, related communications, and distributing funds to affected Plan participants. All float income to Matrix Trust will cease with respect to the stopped check from the time the check is stopped, but float income related to the period beginning with the issuance of the distribution check through the date the check was stopped will be retained by Matrix Trust.

II. NON-MONETARY COMPENSATION

Matrix Trust and MSCS Financial maintain policies that place limits on the circumstances under which gifts, travel and entertainment may be accepted by employees. **Other than for modest gifts given or received in the normal course of business, employees are not permitted to receive gifts from clients and vendors.** Under the 408(b)(2) regulation, a service provider's acceptance of these non-monetary items may involve the receipt of indirect compensation from a plan where the value attributable to the plan, on a pro rata basis, exceeds \$250 over the term of the plan's contract with the service provider. In light of the policies, Matrix Trust does not anticipate that the value of any such non-monetary items will approach the \$250 threshold with respect to the plan.

III. MISCELLANEOUS

Matrix Trust reserves the right to decline acceptance of any Plan assets not discussed during the original account acceptance process. Matrix Trust reserves the right to amend this fee schedule at any time with a 30 day advance written notice to the Plan Sponsor, or such other time period as specified within the Client Agreement covering the Services.
