INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Able Sales Company, Inc. Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Able Sales Company, Inc. Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note A to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Able Sales Company, Inc. Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Able Sales Company, Inc. Savings and Investment Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Able Sales Company, Inc. Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Able Sales Company, Inc. Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Able Sales Company, Inc. Savings and Investment Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ABLE SALES COMPANY, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

A. DESCRIPTION OF THE PLAN

The following description of Able Sales Company, Inc. Savings and Investment Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan Adoption Agreement for a complete description of the Plan's provisions.

Organization- The Plan was organized and became effective on January 1, 1993. Able Sales Company, Inc. (hereinafter referred to as Able Sales) acts as the Plan's Sponsor. Oriental Bank serves as the Plan's Trustee under a master trust fund agreement. Oriental Pension Consultants, Inc. provides recordkeeping and administrative services to Able Sales in all matters related to the Plan. Transamerica Life Insurance Company acts as the Plan's custodian. Employees of various Plan's Sponsor related entities participate under the Plan.

General- The Plan is a defined contribution plan covering all Plan's Sponsor non-union employees on a calendar year following three months of service. Employees are eligible to enter the Plan as a Participant upon satisfying the minimum age (21 years) and service (3 months) requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions- As required by Section 1081.01(h) of the Puerto Rico Internal Revenue Code of 2011, as amended, the Puerto Rico Treasury Department issued Circular Letter of Internal Revenue No. 21-01 (CL IR 21-01) with the applicable 2021-dollar limits for Puerto Rico qualified retirement plans. In accordance with CL IR 21-01, the maximum participant contribution for the year ended December 31, 2021, was \$15,000. In addition, an additional catch-up contribution of up to \$1,500 can be made by participants attaining at least age 50 by the end of December 31, 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will be withheld 2% of eligible compensation (Default Percentage) and their contributions invested in a designated balanced fund based on their date of birth until changed by the participant. The Plan's Sponsor will make a matching contribution of 100% of each participant's elective deferrals not to exceed 3%, and 50% of the next 2% of participants' elective deferral contribution for a total of 4% matching contribution. The Plan also provides for other discretionary Sponsor's contributions.

Participant Accounts- Each participant's account is credited with the participant's contribution and an allocation of; (a) the Plan's Sponsor's contribution, if eligible, (b) and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ABLE SALES COMPANY, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Vesting- Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan's Sponsor contribution portion of their accounts is based on years of continuance service, as follows:

- 20% after two years of service
- 40% after three years of service
- 60% after four years of service
- 80% after five years of service
- 100% after six years of service

Enrollment- Upon enrollment in the Plan, a participant may direct contributions to any available Transamerica Asset Allocation Portfolio. Participants may change their investment options by accessing their accounts via the internet.

Notes receivable to participants- Active participants can apply for a loan up to a maximum of the lesser of 50% of a Participant's vested interest or \$50,000. Loans that are less than \$1,000 will not be granted. The interest rate will be established at the inception of the loan and will be set at two (2) percentage points higher than the prime lending rate as posted in the Wall Street Journal (or similar publication) when the loan is made. The loans are secured by the balance in the participant's vested account. Loans must be repaid by regular periodic payments at least quarterly for a period not greater than five (5) years unless the loan qualifies as a home loan, which is a loan used to acquire a residential dwelling such as a house, apartment, condominium, or mobile home, which is used or is to be used within a reasonable time as the participant's residence. Principal and interest will be paid by the participant by payroll withholding each period. If the participant terminates employment with an outstanding loan, the entire unpaid principal sum plus accrued interest (plus any other amounts due under the loan) will become due and payable.

Distribution of Benefits- On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum payment equal to the value of the participant's vested interest in his or her account, or installment payments (annual, quarterly, or monthly).

The Plan shall permit distributions attributable to Plan's Sponsor contributions only upon the occurrence of one of the following events:

- Termination of service
- Retirement
- Death
- Disability
- Plan Termination

Plan hardship financial distributions can be made from participants' elective deferrals. The Plan also provides for In-Service Distributions whereby a participant who has reached the age of 68 but has not terminated employment with the Plan's Sponsor can withdraw all or any portion of his or her vested aggregate account balance.

Forfeitures- Forfeitures of matching contributions, which are not used to pay administrative expenses will be allocated to reduce Plan's Sponsor contributions. As of December 31, 2021, and 2020 forfeited nonvested accounts amounted to \$9,525 and \$1,140, respectively.

ABLE SALES COMPANY, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Tax status- On June 24, 2014, the Plan requested the Puerto Rico Treasury Department to issue a Favorable Determination Letter that would enable it to qualify under Section 1081.01(a) of the New Puerto Rico Internal Revenue Code of 2011 (the Code), as amended, and therefore, not be subject to income tax under the present income tax law, this because of the adoption as of January 1, 2011, of an amendment for the benefit of the employees in the Plan. A favorable determination from the Puerto Rico Treasury Department as to its qualification requirements under the Internal Revenue Code was issued on February 25, 2015, to be effective as of January 1, 2011.

Custodian- The Plan's investments are in the custody of Transamerica Life Insurance Company (Transamerica), which also executes investment transactions on behalf of the Plan. The Plan's Administrator has obtained a certification from Transamerica that the information furnished to the plan administrator pursuant to 29 CFR 2520.103-5(c), including the information provided on the Annual Report, any Schedules thereto, the Employer Plan Statement with respect to its general asset account and assets of the Plan held by Transamerica in any separate account or suspense account, as applicable, is complete and accurate to the best of its knowledge and belief.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting- The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates- The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition- The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment return is interest earned on the stable value investments, and investment gain and losses for the pooled separate accounts. Investment return for the stable value investments and pooled separate accounts are reflected by net increases and/or decreases in investment unit value.

Qualified Non-Elective Contributions- Resulting from nondiscrimination test and corrective participants' missed elective deferral opportunities are recorded as other employer contributions.

Notes receivable to participants- Are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits- Benefits are recorded when paid. As of December 31, 2021, vested benefits due to withdrawn participants that had not yet been paid aggregated to \$1,661,000.

ABLE SALES COMPANY, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Expenses- Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plans' Sponsor. Expenses that are paid by the Plan's Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in administrative expenses.

Subsequent events- The Plan's management has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

C. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts (PSA) offered are proprietary to Transamerica, and many invest exclusively in one underlying mutual fund traded on an established market. As such, the PSA begin with a price determined by Transamerica (i.e., \$10 per unit), and the number of units issued is calculated to match the current fair market value of the underlying mutual fund holdings (shares x price). This is known as unitizing the underlying assets. However, the rate of return of each will be consistent, considering any plan/participant expenses.

ABLE SALES COMPANY, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

All of Transamerica's PSA choices are valued daily using publicly available quoted market prices, and participants bear the investment risks. Accordingly, the revaluation requirements of Accounting Standards Codification (ASC 820), Fair Value Measurements, and Disclosures are not applicable to the PSA investment choices. Those PSA investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets ("Level 1" input under ASC 820). Those PSA directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers, who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities ("Level 2" input under ASC 820).

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

D. TRANSAMERICA'S GROUP ANNUITY CONTRACT

The Plan, as of December 31, 2021 and 2020, had an investment contract with Transamerica Group Annuity Contract totaling \$1,608,758 and \$1,627,282, respectively. The Transamerica Stable Value Option investment choices are not considered a Guaranteed Interest Contract (GIC), and there is no stated minimum or maximum interest rate. As such, the Stable Value Option cannot be compared to a GIC with underlying 5- and 10-year maturities. The interest rates presented are competitive based on similar investments, like Money Market or CD-type investments. Underlying investment yields would not be under consideration as there are no specific underlying securities in the Stable Value Fund (as may be the case for other insurance company GIC investments). Also, contract charges may reduce the return. The Stable Value Option investment choices under the Transamerica Group Annuity Contract are backed by the general account of Transamerica. While Transamerica declares rates periodically and back the principal and interest of these investment choices, any guarantees are subject to the claims-paying ability of the insurance company. This investment choice is not guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

ABLE SALES COMPANY, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

The Stable Value Fund Option investment choices in Transamerica Group Annuity Contract GAC are considered fully benefit-responsive investment contracts in accordance with the Financial Accounting Standards Board (FASB) since it meets the following requirements:

1. The Stable Value Option investment choice is a non-tradable obligation of Transamerica. The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica.
2. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive.
3. The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan, such as withdrawals for benefits, loans, or transfers to other investment choices within the plan.
4. Since the Stable Value Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.
5. The Stable Value Option investment choice allows a participant reasonable access to their assets.

E. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

As of December 31, 2021 and 2020, the Plan had \$235,635 and \$220,878 in notes receivable from participants, respectively. Interest income from notes receivable from participants for the year ended December 31, 2021, amounted to \$11,062.

For the year ended December 31, 2021, qualifying party-in-interest transactions consisted of:

Party in Interest	Description	Amount
Transamerica	Custodian services	\$ 20,653
Oriental Pension Consultants, Inc.	Contract administration	\$ 7,328

In addition, during the year ended December 31, 2021, the Plan incurred \$24,047 in administrative fees that were paid by Able Sales to Oriental Bank on behalf of the Plan that are not recorded in the accompanying financial statements.

F. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

G. FIDELITY COVERAGE

As of December 31, 2021, the Plan was covered by an ERISA Fidelity Coverage insurance for a three (3) year period ending on January 31, 2023.
