Independent Auditor's Report

To the Plan Administrative Committee of
Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance

with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Mitsukoshi (U.S.A.), Inc. (the “Company” or “Employer”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution retirement plan. Plan contributions are made at specific rates and are credited to an individual account in the name of each participant. The ultimate benefit to be received by a participant depends on the aggregate amount contributed into the participant account over the years and the investment results allocated to his or her individual account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective March 5, 2019, the Plan added a Roth 401(k) option and simultaneously changed the majority of the investment option funds.

Eligibility

All employees of the Company with attainment of age 21, excluding certain nonresident aliens and certain foreign nationals who either participate in Isetan Mitsukoshi Limited’s (the “Parent”) retirement benefit plan or came to the United States of America under the cultural exchange visa, are eligible for deferral contributions to the Plan upon completion of 1,000 hours of service, and are eligible for the Company matching contribution at the same time.

Contributions

Each year, each eligible employee may contribute up to 100% of pretax annual compensation, as defined by the Plan, limited to a maximum of \$19,500 in both years of 2021 and 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes an amount equal to 25% of a participant contribution to a maximum of 4% of the participant’s compensation, as defined by the Plan (“Matching contribution”). In addition, if a participant satisfies certain conditions defined by the Plan, the Company contributes an additional amount to the participant, as defined by the Plan (“Profit sharing contribution”). Profit sharing contribution is discretionary and allocated among eligible employees based upon the

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

percentage of the employee's compensation to total Plan compensation of all eligible employees. During the year ended December 31, 2021, the Company made a profit sharing contribution of approximately \$268,000. Contributions are accrued in the Plan year to which they relate.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Company Matching contributions, (c) allocations of the Company's Profit sharing contributions and (d) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's Matching contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 20% vested after the second year of credited service and increases by 20% increments per year thereafter, becoming 100% vested after the sixth year of service. Upon death, disability or early or normal retirement, the total amount in a participant's account becomes fully vested immediately.

Payment of Benefits

Upon retirement, death, disability or termination of employment, a participant or designated beneficiary will receive a lump-sum amount equal to the vested portion of his or her account balance. A participant who terminates employment for any reason other than death with a vested balance of more than \$5,000 may elect to have the funds remain in the Plan or have the balance in his or her account transferred to another plan approved under Section 401(a) of the Internal Revenue Code ("IRC"). A participant who terminates employment for any reason and with a vested balance of less than \$5,000 receives a lump-sum amount as soon as administratively practicable following the termination of employment. The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") during the year ended December 31, 2020. See Note 10.

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Forfeited Accounts

The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. The forfeited non-vested account balances were approximately \$68,000 and \$52,000 at December 31, 2021 and 2020, respectively. Forfeitures attributable to the Profit sharing contributions are added to any employer discretionary Profit sharing contributions. Forfeitures attributable to the Matching contributions are used to reduce any Matching contributions. During the year ended December 31, 2021, no forfeitures were used to pay expenses of the Plan or reduce Matching contributions or reduce Profit sharing contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan holds a portfolio of traditional investment contract with VOYA Retirement Insurance and Annuity Company ("VOYA") which maintains the contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net unrealized appreciation (depreciation) in fair value of investments. Total administrative expenses incurred by the Plan amounted to \$550 during the year ended December 31, 2021.

Investments

Participants direct the investment of their contributions into various mutual fund accounts and insurance company general accounts offered by the Plan as investment options for participants. Participants may change investments and transfer amounts between funds daily.

Subsequent Events

The Plan has evaluated the subsequent events through October 6, 2022 (report date), the date that the financial statements were available to be issued. Management has determined that there are no subsequent events required to be recorded or disclosed.

3. Amounts Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following is

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

a summary of the information that was certified by VOYA, as complete and accurate as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

Statements of Net Assets Available for Benefits – Investments of \$6,414,745 and \$5,934,979 as of December 31, 2021 and 2020, respectively, net of adjustment from fair value to contract value for fully benefit-responsive contracts.

Statement of Changes in Net Assets Available for Benefits – Interest income of \$49,907 and net unrealized appreciation in fair value of investments of \$646,864 for the year ended December 31, 2021.

Note 4 – All investment balances and information in the note, excluding classifications by level.

Supplemental Schedule – Schedule of Assets (Held at End of Year) as of December 31, 2021.

4. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a. Quoted prices for similar assets or liabilities in active markets b. Quoted prices for identical or similar assets or liabilities in inactive markets c. Inputs other than quoted prices that are observable for the asset or liability d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth the Plan's assets at fair value, by level, within the fair value hierarchy as of December 31, 2021 and 2020:

<i>Assets at Fair Value as of December 31, 2021</i>				
	Level 1	Level 2	Level 3	Total
Investment at fair value:				
Mutual funds	\$ 4,283,647	\$ —	\$ —	\$ 4,283,647
Total investments at fair value	\$ 4,283,647	\$ —	\$ —	\$ 4,283,647

<i>Assets at Fair Value as of December 31, 2020</i>				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 3,841,701	\$ —	\$ —	\$ 3,841,701
Total investments at fair value	\$ 3,841,701	\$ —	\$ —	\$ 3,841,701

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

5. Investment Contract with Insurance Company

The Plan holds a traditional investment contract (Insurance company general accounts) with VOYA which maintains the contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the followings:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options, or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following:

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation, or
4. A material amendment to the agreements without the consent of the issuer

As of December 31, 2021, no events are probable of occurring that would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and the guaranteed investment contract are managed by VOYA. VOYA is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The investments managed by party-in-interest as of December 31, 2021 and 2020 were approximately \$2,261,000 and \$2,268,000, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Tax Status

The Company has adopted a Prototype Non-standardized Plan maintained by VOYA. The Plan administrator intends to rely on the favorable opinion letter dated November 7, 2001 issued by the Internal Revenue Service ("IRS") for the Prototype Non-standardized Plan and does not intend to apply to the IRS for a separate determination letter. The Plan's administrative committee believes that the Plan and the trust established under the Plan meet the requirements of Section 401(a) of the IRC and are exempt from Federal income tax under Section 501(a) of the IRC. The Plan's administrative committee is not aware of any course of action or series of events that might adversely affect the Plan's qualifying status.

Mitsukoshi (U.S.A.), Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. Non-Exempt Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. During the year ended December 31, 2021, the Company failed to transmit participant contributions to the Plan totaling approximately \$99,000 in a timely manner. The Company corrected all of these delinquent contributions to the Plan during the year ended December 31, 2021.

10. CARES Act

On March 27, 2020, the CARES Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The Plan adopted the provisions during the year ended December 31, 2020 as follows:

1. Coronavirus-Related Distribution (“CRD”) – a participant may take CRD from the Plan beginning March 27, 2020 and before December 31, 2020 if certain criteria were met.
2. Federal income tax treatment of CRD – a CRD is not subject to the mandatory federal 20% withholding at the time of distribution.
3. A Plan participant who took a CRD up to an aggregate amount of \$100,000 is not subject to the IRS 10% premature distribution penalty tax.
4. A CRD may be repaid in one or more contributions to the Plan over a 3-year period beginning on the day after the distribution is made. The CRD is considered to be a rollover eligible distribution and are not subject to retirement plan contribution limits.
5. All participants and beneficiaries may waive the Required Minimum Distribution (RMD) for 2020.
