INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Electricians Local Union No. 606
Pension-Annuity Fund
Orlando, FL

Opinion

We have audited the financial statements of the **Electricians Local Union No. 606 Pension-Annuity Fund** (the "Fund"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Fund as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America ("United States").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for the years ended December 31, 2021 and 2020.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ELECTRICIANS LOCAL UNION NO. 606

PENSION-ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

(1) DESCRIPTION OF THE FUND

The following summarized description of the **Electricians Local Union No. 606 Pension-Annuity Fund** (the “Fund”) provides general information only. Participants should refer to the Summary Plan Description (“SPD”) for a complete description of the Fund and its provisions. Copies are available from Florida Health Administrators, Inc. (“FHA-TPA”), the Fund’s third-party administrator.

General

The Fund is a multi-employer defined contribution plan covering all eligible participants under the terms of various Collective Bargaining Agreements (“CBAs”). The Fund was established pursuant to an Agreement and Declaration of Trust dated October 17, 1979. The Fund is subject to and complies with the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Operations of the Fund are under the joint control of labor and management trustees.

Benefits

A retirement benefit is payable when a claim for benefits is filed by a vested participant and a participant’s service with all employers is terminated by reason of normal retirement at age 62, early retirement, total and permanent disability, death, or upon termination of the Fund.

Participants who have attained the age of 50 shall be entitled to receive an “Early Retirement” as defined by the Plan Documents.

Termination benefit

The Fund provides a distribution to participants who are vested and for whom no contributions have been made on his/her behalf during a period of 24 consecutive calendar months.

Death benefit

If a participant dies before their retirement, their spouse or designated beneficiary will receive a single life annuity payable for the remainder of their life or a lump sum payment (by election or if account balance does not exceed \$1,000).

Disability

A participant who retires due to disability is eligible for benefits upon application and proof of disability.

(1) DESCRIPTION OF THE FUND (CONTINUED)

Benefit payments

Generally, if a participant is married, the participant automatically receives benefits in the form of a 50% joint and survivor annuity. Upon election and spousal consent, a married participant can receive benefits in the form of a 75% joint and survivor annuity, single life annuity, single-lump sum payment, or 5 or 10 annual payments.

A single participant automatically receives benefits in the form of a single life annuity and may elect to receive benefits in any of the forms available to a married participant (excluding a 75% joint and survivor annuity).

Vesting

When contributions are credited to a participant's individual account in accordance with the provisions outlined herein, the participant's interest in his/her individual account balance shall become and remain fully vested and the balance of his/her account as of each succeeding valuation date shall be nonforfeitable. Termination of employment by a participant for whom an individual account has been established shall not cause the participant to incur any type of break in service under the Plan nor to forfeit any portion of the balance of his/her individual account.

A participant is 100% vested in his/her individual account and entitled to benefits when contributions are credited to their individual account.

Participant accounts

An individual account is established for each participant consisting of all employer contributions made on his/her behalf and an allocation of the Fund's investment results. Participants share in the investment income or loss of the Fund based on the ratio of each participants balance less withdrawals, distributions and administrative expenses. Investment income includes interest, realized gains or losses and the change in unrealized appreciation or depreciation in the fair value of investments.

Funding policy

The Fund is funded through contributions by employers working within the jurisdiction of the CBAs and through income earned by Fund investments.

For the years ended December 31, 2021 and 2020, employer contributions were 9% of employee's gross wages unless subject to a special agreement.

NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF THE FUND (CONTINUED)

Reciprocal agreement

The Fund is signatory to various reciprocal agreements with certain local unions affiliated with the International Brotherhood of Electrical Workers. Frequently, employees who are normally employed within the territory of one local union may be temporarily employed within the territory of another local union.

Eligibility for benefits is generally determined from an employee having worked a specified number of hours during a stated period of time. To prevent deprivation of benefits to participants solely because of temporary employment within the jurisdiction of a local union other than their home local union, the reciprocal agreement provides the following:

- When a member of the home local union works within the territory of a reciprocating local union, the latter is to make contributions to the former's fringe benefit funds on the participant's behalf. This is represented by a receipt in the records of the home local union's trust funds.
- The monies received by the Fund on behalf of members of participating local unions are forwarded to his/her home local fringe benefit trust funds and are not reflected as contribution income in the accompanying financial statements.

Termination

Although there is no intent to do so, the Trust agreement provides for termination of the Fund subject to the provisions of the agreement and ERISA. Should the Fund terminate, the assets would be distributed to participants in accordance with plan provisions.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Fund is presented to assist in understanding the Fund's financial statements. The financial statements and notes are representations of the Trustees, who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America ("United States") and have been consistently applied in the preparation of the accompanying financial statements.

The Fund's records are in the custody of FHA-TPA. The administrator performs the various administrative functions necessary for the operation of the Fund, including receipt of contributions, investment income and the payment of retirement benefits and administrative expenses.

ELECTRICIANS LOCAL UNION NO. 606

PENSION-ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates

The preparation of the financial statements are in conformity with accounting principles generally accepted in the United States which require the Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Risk and uncertainties

Financial instruments, which potentially expose the Fund to concentration of risk, consist primarily of cash and investment securities. The Fund maintains its cash in bank deposit accounts and frequently maintains balances in excess of the federally insured limit of \$250,000.

The Fund invests in various types of investment securities which are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements. The Fund's exposure to concentration of risk is mitigated by diversification across a variety of financial instruments and investment strategies.

The Fund invests in certain mutual funds that in turn invest in securities of foreign issuers in various countries. These investments may involve certain considerations and risks not typically associated with investments in the United States, as a result of, among other factors, the possibility of future political and economic developments and the level of government supervision and regulation of securities in the respective countries. Further, the securities market of a particular country may have capitalization and trading volume concentrated in a limited number of companies and industries. As a result, the Fund's investment portfolio may experience greater volatility and lower liquidity than a portfolio invested in equity securities of United States companies. Securities denominated in or expected to settle in foreign currencies, as well as purchases and sales of securities and expense items, are translated into United States dollars at the date of the valuation.

The Fund has three employers, which accounted for 24% of total contributions during the year ended December 31, 2021 and four employers, which accounted for 36% of total contributions during the year ended December 31, 2020.

Valuation of investments and income recognition

Investments are stated at aggregate fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4)

ELECTRICIANS LOCAL UNION NO. 606

PENSION-ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of investments and income recognition (continued)

The difference between current value and the value as of the end of the prior year as well as the difference between the proceeds and the average cost of the investments sold are presented in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

The net change in the unrealized gains or losses of some of the Fund's investments is presented net of fees, operating expenses and performance based compensation, if any. Investment transactions are recognized on a trade-date basis. Interest income is recognized when earned and dividend income is recognized on ex-dividend date.

Contributions receivable

Contributions receivable at December 31 represent contributions earned but not received at year end. Since these contributions were received in subsequent periods, an allowance for doubtful accounts is unnecessary. Delinquent accounts, if any, are not recognized as income until received.

Pursuant to the CBAs, the Trustees implemented a policy of auditing the payroll records of contributing employers on a systematic rotation basis.

Income taxes

In accordance with a determination letter from the Internal Revenue Service, dated January 27, 2016, the Fund meets the requirements of Internal Revenue Code (the "IRC") Section 501(a). The Fund has been amended since receiving the determination letter. The Fund's Trustees and legal counsel believe the Fund, as amended, is in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is considered necessary.

The Trustees have evaluated the tax positions taken by the Fund and have concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken, that would require the recognition of a liability or asset or disclosure in the financial statements. The Fund is subject to routine audits by taxing jurisdictions until the applicable statute of limitations expires; however, there are currently no audits for any tax periods in progress.

Reclassification

Certain 2020 amounts have been reclassified to conform to the 2021 presentation.

ELECTRICIANS LOCAL UNION NO. 606

PENSION-ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

(3) INVESTMENTS

The assets of the Fund are primarily financial instruments which are monetary in nature. As a result, interest rates have a more significant impact on the Fund's performance than the effect of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the price of goods and services as measured by the consumer price index.

In addition to investments in AFL-CIO Investment Trusts, ASB Allegiance Real Estate Fund, BUILD Fund of America, and various mutual funds, the Fund has debt and equity investment securities in the custody of Salem Trust Company. The Trustees have established a formal investment policy that includes selecting professional investment advisors to manage investments, diversifying the investment portfolio between fixed-income, equity securities and other available investments, as well as making short and long term investments.

During the years ended December 31, 2021 and 2020, the Fund's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value as follows:

Description	2021	2020
Common stocks	\$ 1,186,624	\$ 1,155,602
Mutual funds	5,818,351	4,658,768
Common/collective trusts	2,256,115	906,741
Fixed income securities	(180,146)	226,824
Net appreciation in fair value	<u>\$ 9,080,944</u>	<u>\$ 6,947,935</u>

BCOM Real Estate Fund, LLC ("BREF")

Effective December 31, 2015, the BCOM fund was transferred to a liquidating fund. Since BCOM's new trust documents do not require an audited annual financial statement and the Trustees could not determine the fair value of the investment, they elected to reduce the value of the investment from \$241,000 to zero.

The Trustees have continued to monitor this investment and in 2018 engaged Whitestar Advisors, LLC, a qualified professional asset manager ("QPAM") to represent the Plan and its interest in BREF. The Plan received a final distribution in the amount of \$3,908 during the year ended December 31, 2021.

ELECTRICIANS LOCAL UNION NO. 606

PENSION-ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

(4) FAIR VALUE MEASUREMENT

The Fund adopted the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – The value is calculated at the daily closing price as reported by the fund. Mutual funds held by the Fund are open-end mutual funds that are registered with the United States Securities and Exchange Commission. The funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Fund are deemed to be actively traded.

Money market fund – The value is calculated using a pricing model, which maximizes the use of observable inputs for similar securities.

ELECTRICIANS LOCAL UNION NO. 606

PENSION-ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

(4) FAIR VALUE MEASUREMENT (CONTINUED)

Common collective trusts – Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common stocks – The value is calculated using quoted market prices and documented trade history in the security.

U.S. Government securities – The value is calculated using quoted market prices and documented trade history in the security.

Government, agency and state and local securities (“Government sponsored enterprises” or “GSE”) – The value is calculated using a pricing model, which maximizes the use of observable inputs for similar securities.

Corporate bonds – The value is calculated using a pricing model, which maximizes the use of observable inputs for similar securities.

The preceding methods may produce a fair value calculation that is not necessarily indicative of the net realizable value or reflective of future values. While the managers believe their valuation methods are appropriate and consistent with other market participants, the use of different methodologies to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with these securities.

(4) FAIR VALUE MEASUREMENT (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Trustees have evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were significant transfers in or out of levels 1, 2 or 3. For the year ended December 31, 2020, there were no significant transfers in or out of levels 1, 2 or 3.

Fair Value of investments that calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020:

Description	Fair Value		Redemption Frequency	Redemption Notice Period
	2021	2020		
AFL-CIO Building Investment Trust	\$ 2,901,853	\$ 2,574,978	Daily	None
ASB Allegiance Real Estate Fund	2,710,299	2,357,526	Daily	None
IBEW NECA Equity Index Fund	7,078,213	5,501,747	Daily	None
Investments measured at NAV	<u>\$ 12,690,365</u>	<u>\$ 10,434,251</u>		

(5) PARTY IN INTEREST TRANSACTIONS

The Fund pays various administrative expenses including audit fees, third party administration fees, investment advisory fees, attorney fees, and other administrative fees. These are party in interest transactions. Additional investment fees are paid to parties in interest that are netted against investment income.

(6) SUBSEQUENT EVENTS

In accordance with FASB ASC Topic 855 *Subsequent Events*, the Fund has evaluated events that occurred through September 19, 2022, which is the date these financial statements were available to be issued. There were no material events noted during this period that would impact the results reflected in these financial statements.
