The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University of San Diego Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University of San Diego Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University of San Diego Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University of San Diego Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Auditor's Report on the 2020 Financial Statements*

We were engaged to audit the 2020 financial statements of University of San Diego Defined Contribution Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

---

**Note 1 – Description of Plan**

The following description of the University of San Diego (the “University”) Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

**General** – The Plan is a defined contribution tax-sheltered retirement program covering substantially all benefit-eligible employees of the University under Internal Revenue Code 403(b). The University is the Plan’s sponsor and serves as plan administrator.

**Eligibility** – Employees of the University are eligible to participate in the Plan upon hire if they regularly work more than 20 hours a week or upon completing 1,000 hours of service.

**Contributions**

*Participant contributions* – Each year, participants may make voluntary contributions up to the plan limits as set by the Internal Revenue Service (IRS). The maximum elective salary deferral for 2021 was \$19,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of \$6,500, and some participants may be eligible for a lifetime catch-up limit of \$3,000.

*Employer match and profit sharing contributions* – For participants who meet the eligibility criteria for the employer contribution, the University will contribute a percent of eligible compensation. Effective May 21, 2020, the Plan was amended to change the match percentage from 12 percent to a discretionary percentage of eligible compensation. Under the discretionary match, the Plan matched 0 percent of eligible compensation for all eligible employees effective January 1, 2021 to March 31, 2021. Effective April 1, 2021, the discretionary match for eligible administrator and faculty employees was changed to 6 percent. Effective April 29, 2021, the discretionary match for eligible non-exempt staff and non-exempt faculty employees was changed to 6 percent. Contributions are made with each pay period and participants direct the investment of their contributions into the various investment options offered by the Plan.

Contributions are subject to regulatory limitations.

**Participant accounts** – Each participant’s account is credited with: (a) the participant’s contribution; (b) the University’s contribution; (c) allocation of plan earnings/losses; and (d) charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting** – Any contribution excluding employer contributions, plus or minus any earnings or losses, is always 100 percent vested and cannot be forfeited for any reason. Beginning January 1, 2016, for new participants, employer contributions are fully vested after three years of service. Participants in the Plan prior to January 1, 2016, are 100 percent vested.

### Notes to Financial Statements

---

#### Note 1 – Description of Plan (continued)

**Notes receivable from participants** – Participants may borrow from their funds a minimum of \$1,000 to a maximum of \$50,000. The amount must be less than 50 percent of the vested account balance for any Fidelity Management Trust Company (“Fidelity”) accounts and less than 45 percent for any Teachers Insurance Annuity Association of America (“TIAA”) and College Retirement Equities Fund (“CREF”) vested accounts. Married participants must obtain written consent from their spouse. The maximum loan term is five years except when the loan qualifies as a home loan. The number of outstanding loans is limited to three per employee. Loan payments are made directly to the custodians, except for a few loans originated based on a previous contract with Reliance Trust Company (“Reliance”). Loans taken by participants with investments in annuities or other restricted options are funded directly by the custodian, collateralized by participants’ plan assets. All other loans are funded directly with the participants’ plan assets and, therefore, reported as a receivable to the Plan. Loans bear variable, reasonable rates of interest, as determined by the plan administrator. As of December 31, 2021, the rates of interest on outstanding loans ranged from 4 to 9.25 percent with various maturities through November 2036.

For the collateralized loans discussed above, the participant is required to transfer funds equal to the amount of the loan, plus an additional reserve amount into the guaranteed interest account for use as collateral on the loan. These funds are restricted with respect to withdrawals and transfers while the loan is outstanding. Since the collateralized assets remain in the participants’ accounts and continue to be invested as plan assets, they are reported as investments of the Plan. Assets related to collateralized loans totaled \$1,317,786 and \$1,791,591 as of December 31, 2021 and 2020, respectively.

**Payment of benefits** – At retirement or any other termination of employment, participants may withdraw any or all of their vested account balances as provided by the rules of the investment custodian. Possible options include lump sum, installment payments, life annuity, life annuity with various terms, and joint and survivor annuity with various percentages continuing to the survivor. Married participants must obtain written consent from their spouse to take a lump-sum distribution from the Plan in any form other than a qualified joint and survivor annuity. The normal retirement age under the Plan is 59½ years. Participants may elect to rollover their account balance to another IRA, 403(b), or 401(k) if the new plan accepts such rollovers.

**Revenue sharing** – On January 1, 2012, the Plan entered into an agreement with TIAA to fund a revenue credit account in the Plan for revenues generated by the Plan. The amounts funded to the Plan’s revenue credit account are based on the reconciliation of the actual revenue credited for the Plan versus TIAA’s revenue requirement as stated in the agreement evaluated on a semi-annual basis. The amount so determined to be in excess of TIAA’s revenue requirement will be deposited to the Plan’s revenue credit account after the end of each semi-annual period and presented as other income.

On April 1, 2019, the Plan entered into an agreement with Fidelity to fund a revenue credit account in the Plan for revenues generated by the Plan. The amounts funded to the Plan’s revenue credit account are calculated each quarter and paid to a suspense account in the Plan. The amount determined is then funded quarterly in arrears to the Plan’s revenue credit account and presented as other income. The Plan may use amounts held in the revenue credit account to reimburse the Plan for fees and expenses associated with services provided to the Plan, including third-party vendors. Amounts unused for expenses may be allocated to participant accounts on a quarterly basis.

**Notes to Financial Statements**

**Note 1 – Description of Plan (continued)**

**Forfeitures** – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. They are retained in the Plan and will be applied to reduce employer contributions. As of December 31, 2021 and 2020, the balance in the forfeiture accounts was approximately \$139,000 and \$186,000, respectively.

**CARES Act retirement plan provisions** – In April 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted and included both mandatory and option provisions for defined contribution plans. The Plan enabled participants to take coronavirus-related distributions of up to \$100,000 (not to exceed the participant's account balance) from their retirement plan without a 10 percent early withdrawal penalty. Any restrictions based on the participants age or length of the participation in the Plan, or how long the contributions were in the Plan, will not apply to CARES Act distributions. The Plan also increased the loan limit up to the lesser of \$100,000 or 100 percent of the participant's account balance as well as the option to allow participants to suspend loan repayments for up to one year.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – The investments are reported at fair value and contract value. The Plan's custodians, Reliance, Fidelity, TIAA and CREF, TIAA on behalf of TIAA FSB, and The Variable Annuity Life Insurance Company ("VALIC"), certify the contract value of the fully benefit-responsive contracts and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts (FBRICs) because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

### Notes to Financial Statements

---

#### **Note 2 – Summary of Significant Accounting Policies (continued)**

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. The net appreciation/depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – General plan administrative expenses are paid directly by the University and are excluded from these financial statements. Investment management, distribution, and loan transaction fees are paid by the plan participants.

**Subsequent events** – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are issued.

The Plan has evaluated subsequent events through October 6, 2022, which is the date the financial statements were available to be issued.

#### **Note 3 – Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**University of San Diego**  
**Defined Contribution Retirement Plan**  
**Notes to Financial Statements**

---

**Note 3 – Fair Value Measurements (continued)**

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

*Registered investment companies* – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission.

*Money market accounts* – Funds held in money market accounts are interest bearing and are valued based on the outstanding cash balance as of year end.

*Fixed annuity contracts – non-fully benefit-responsive* – Valued at fair value determined by the sum of the accumulated cash contributed and interest credited to the Plan's contract, less any withdrawals. Fair value is determined and reported to the Plan by TIAA.

*Pooled separate accounts* – The TIAA Real Estate Account, which is a pooled separate account (PSA), is a single account that invests primarily in real estate holdings and is only available as an investment option in TIAA Variable Annuity Contracts. Participants redeeming units from the TIAA Real Estate Account may only do so once per calendar quarter. Units of the PSA are valued using the NAV of the shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

The valuation methods used by the Plan may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 3 – Fair Value Measurements (continued)**

**Quantitative information about significant unobservable inputs used in Level 3 fair value measurements** – The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2021:

| Type                                                     | Fair Value<br>12/31/2021 | Fair Value<br>12/31/2020 | Valuation<br>Technique                                              | Significant<br>Unobservable<br>Inputs | Range of<br>Input Value                   |
|----------------------------------------------------------|--------------------------|--------------------------|---------------------------------------------------------------------|---------------------------------------|-------------------------------------------|
| Fixed annuity contract<br>(non-fully benefit-responsive) | \$ 92,085,463            | \$ 91,732,974            | Discounted<br>cash flow;<br>theoretical<br>transfer<br>(exit value) | Discount rate                         | Retirement<br>annuity – 3.00%<br>to 4.45% |

The significant unobservable input used in the fair value measurement of the TIAA Traditional Annuity is the risk-adjusted market discount rate. Significant increases (decreases) in this input in isolation would result in a significantly lower (higher) fair value measurement.

**Note 4 – Fixed Annuity Contracts – Fully Benefit Responsive**

The Plan has FBRICs with TIAA and VALIC. TIAA and VALIC maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent and 2 percent for TIAA and VALIC, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the FBRIC criteria and therefore are reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

#### **Note 4 – Fixed Annuity Contracts – Fully Benefit Responsive (continued)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974 (ERISA); and (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreements without the consent of the issuer.

#### **Note 5 – Tax Status**

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC to maintain the tax exempt status for participants under Section 403(b).

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Department of Labor (DOL) has concluded an audit of the Plan in April 2021 (see Note 10).

#### **Note 6 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

**Note 7 – Information Certified by the Custodians**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, Fidelity, TIAA and CREF, TIAA also on behalf of TIAA, FSB (formerly TIAA-CREF Trust Company), and VALIC, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the schedule of assets (held at end of year).

#### Note 8 – Party-in-Interest Transactions

Plan investments include shares of registered investment company funds and fixed annuity contracts managed by TIAA and CREF, Fidelity Investments, and VALIC. TIAA and CREF, Fidelity, and VALIC are custodians of the Plan. Fidelity is an affiliate of Fidelity Investments; therefore, transactions with these entities qualify as exempt party-in-interest transactions.

**Note 9 – Plan Termination**

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

**Note 10 – Delinquent Participant Contributions**

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the DOL. Corrected amounts relate to late contributions from 2016 through 2020 as determined by the DOL audit. Uncorrected amounts relate to contributions from 2021 determined by Plan management. The University determined the amount or related lost earnings and remitted these amounts to participant accounts in April 2021 and June 2022, respectively.

**Note 11 – Subsequent Events**

Effective January 1, 2022, the Plan amended its vesting policy. Employees hired on or after January 1, 2022, are subject to a 2-year cliff vesting schedule while employees hired January 1, 2016 to December 31, 2021, still have a 3-year cliff vesting schedule.
