Independent Auditor's Report

To the Plan Administrator
Hydro Extrusion USA, LLC Savings Plan
Rosemont, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Hydro Extrusion USA, LLC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Hydro Extrusion USA, LLC Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is sponsored by Hydro Extrusion USA, LLC (Extrusion). Sapa Extruder, Inc. (Extruder), Sapa Profiles, Inc. (Profiles), Sapa Precision Tubing Louisville, Inc. (formerly known as Sapa HE Tubing, Inc.), Sapa Extrusions, LLC, Sapa Extrusions North America, LLC (formerly known as Hydro Aluminum North America, Inc.), and Sapa Precision Tubing Rockledge, LLC (formerly known as Hydro Aluminum Precision Tubing North America, LLC) are participating employers in the Plan and, together with Extrusion, are referred to as "the Companies" in these financial statements. The Plan is administered by Extrusion and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

The Plan includes an auto enrollment policy whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation which will be automatically increased by 1% each subsequent year until a maximum deferral rate of 6%.

The Plan is a defined contribution plan covering all employees of the Companies except employees covered under a collective bargaining agreement that does not specifically provide for coverage under this Plan, as well as certain other groups as described in the plan document. Employees become immediately eligible to participate in the Plan. Entry date into the Plan is the first day of the next payroll period following the date in which the participant becomes eligible.

Contributions

Participants may elect to contribute up to 75% of pre-tax and after-tax compensation to the Plan. As defined by the Plan and Internal Revenue Code (IRC) regulations, contributions are subject to certain limitations. In addition, in any calendar year in which a participant is age 50 or above, an additional "catch-up contribution" may be made by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan is structured as a safe harbor plan as described in the IRC. The Companies make a contribution to the Plan equal to 3% of an eligible participant's compensation in order to satisfy the safe harbor. The 3% non-elective safe harbor contribution is not made for employees covered by a collective bargaining agreement unless the collective bargaining agreement allows for such contributions.

The Companies also make matching contributions for certain participants. The amount of the matching contribution is generally 50% of the participant's pre-tax contribution up to 6% of the participant's compensation. Participants covered by a collective bargaining agreement receive different matching contributions or no matching contribution.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Companies' contributions and an allocation of plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of the contributions among various investment options offered by the Plan.

Vesting

A participant is immediately 100% invested in their pre-tax contributions. A participant becomes vested in the 3% non-elective safe harbor contribution, if applicable, after completing two years of service. A participant becomes vested in matching and other employer contributions, if any, after completing three years of service. Contributions also vest upon the occurrence of certain events described in the plan document.

Benefits

On retirement, termination of employment, death, permanent disability, or attainment of age 59½, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, as defined in the plan agreement. A lump-sum distribution is automatic for account balances up to \$1,000. Under certain conditions, participants may be eligible to receive a hardship distribution.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 less any loan amounts repaid in the last 12 months or 50% of their vested balance. Loan repayment terms may not exceed 5 years for general purpose loans and 25 years for principal residence loans. A participant may only have one loan outstanding at any one time. The loan is collateralized by the participant's interest in their vested balance and bears interest at the prime rate, at the time the loan is taken, plus 1%. Principal and interest are paid through payroll deductions over the term of the loan and shall not be made less frequently than quarterly.

Forfeitures

Forfeited amounts of terminated participants' nonvested accounts are retained in the Plan and may be applied first to restore the amount of previous forfeitures for former participants whose separation from service resulted in a forfeiture and who resume employment within a five-year period. Forfeited amounts can then be used to offset employer matching contributions or to pay plan expenses. Forfeitures used to reduce employer contributions within the Plan totaled approximately \$1,120,000 in 2021. Forfeited nonvested accounts totaled approximately \$190,000 at December 31, 2021 and \$80,000 at December 31, 2020.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Plan Termination

Although the Companies have not expressed any intent to do so, they reserve the right to amend, modify, suspend, or terminate the Plan subject to the provisions in the plan document and ERISA. In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, except for benefit payments which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Fidelity Management Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net depreciation in fair values of investments.

Administrative Expenses

The Plan is responsible for payment of the trustee expenses and fees; however, the Companies may pay the Plan's expenses directly. Transaction charges (for loan and benefit payment transactions) are paid by the Plan by reducing the balances of those participants initiating the transactions.

Benefit Payments

Benefits are recorded when paid.

Consideration of Subsequent Events

The plan sponsors evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2022, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

Self-directed brokerage accounts consist of cash and cash equivalents, common and preferred stocks and mutual funds. Cash and cash equivalents are valued at cost plus accrued interest, which approximates fair value. Common and preferred stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily NAV as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

The Plan invests in several common collective trusts which are valued using the NAV provided by the trustee. The NAV is based on the value of the underlying assets owned by the trusts, less their liabilities, and then divided by the number of shares outstanding. The common collective trusts, with the exclusion of the Fidelity Managed Income Portfolio II, are primarily passive funds that provide daily liquidity for the various plan investment options. Participant-directed purchases and sales are valued at NAV. There are no unfunded commitments related to these investments.

The Plan's investment in the Fidelity Managed Income Portfolio II (the Fund) is a public investment vehicle that seeks to preserve capital and to provide income over time. The NAV is based on the value of the underlying assets owned by the Fund which is primarily comprised of corporate bonds, U.S. & foreign government agency, mortgage securities, bank notes and money market funds. The Fund's participants may exchange units in the Fund on a daily basis with minimal restrictions. The Plan is required to provide one-year redemption notice to liquidate its entire share in the Fund. There are no unfunded commitments related to these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

<i>December 31, 2021</i>	Level 1	Total
Mutual funds	\$ 305,600,238	\$ 305,600,238
Collective trusts measured at NAV*	-	157,909,241
Self-directed brokerage accounts	7,197,059	7,197,059
Investments at Fair Value	\$ 312,797,297	\$ 470,706,538

<i>December 31, 2020</i>	Level 1	Total
Mutual funds	\$ 257,708,069	\$ 257,708,069
Collective trusts measured at NAV*	-	141,746,013
Self-directed brokerage accounts	5,408,642	5,408,642
Investments at Fair Value	\$ 263,116,711	\$ 404,862,724

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

5. Tax Status

The Internal Revenue Service has determined and informed the Companies by a letter dated April 12, 2018, that the Plan and related trust are designed in accordance with the applicable regulations of the IRC. The plan administrator believes that the Plan was designed and being operated in compliance with the applicable requirements of the IRC prior to receiving the determination letter. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-interest Transactions

Certain plan assets are managed by Fidelity Management Trust Company, the trustee as defined by the Plan. Additionally, the Plan paid certain administrative fees for trustee and recordkeeping services. Fees paid by the Plan for trustee and recordkeeping services were not significant for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1). These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

Independent Auditor's Report

To the Plan Administrator
Hydro Extrusion USA, LLC Savings Plan
Rosemont, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Hydro Extrusion USA, LLC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Hydro Extrusion USA, LLC Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is sponsored by Hydro Extrusion USA, LLC (Extrusion). Sapa Extruder, Inc. (Extruder), Sapa Profiles, Inc. (Profiles), Sapa Precision Tubing Louisville, Inc. (formerly known as Sapa HE Tubing, Inc.), Sapa Extrusions, LLC, Sapa Extrusions North America, LLC (formerly known as Hydro Aluminum North America, Inc.), and Sapa Precision Tubing Rockledge, LLC (formerly known as Hydro Aluminum Precision Tubing North America, LLC) are participating employers in the Plan and, together with Extrusion, are referred to as "the Companies" in these financial statements. The Plan is administered by Extrusion and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

The Plan includes an auto enrollment policy whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation which will be automatically increased by 1% each subsequent year until a maximum deferral rate of 6%.

The Plan is a defined contribution plan covering all employees of the Companies except employees covered under a collective bargaining agreement that does not specifically provide for coverage under this Plan, as well as certain other groups as described in the plan document. Employees become immediately eligible to participate in the Plan. Entry date into the Plan is the first day of the next payroll period following the date in which the participant becomes eligible.

Contributions

Participants may elect to contribute up to 75% of pre-tax and after-tax compensation to the Plan. As defined by the Plan and Internal Revenue Code (IRC) regulations, contributions are subject to certain limitations. In addition, in any calendar year in which a participant is age 50 or above, an additional "catch-up contribution" may be made by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan is structured as a safe harbor plan as described in the IRC. The Companies make a contribution to the Plan equal to 3% of an eligible participant's compensation in order to satisfy the safe harbor. The 3% non-elective safe harbor contribution is not made for employees covered by a collective bargaining agreement unless the collective bargaining agreement allows for such contributions.

The Companies also make matching contributions for certain participants. The amount of the matching contribution is generally 50% of the participant's pre-tax contribution up to 6% of the participant's compensation. Participants covered by a collective bargaining agreement receive different matching contributions or no matching contribution.

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Companies' contributions and an allocation of plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of the contributions among various investment options offered by the Plan.

Vesting

A participant is immediately 100% invested in their pre-tax contributions. A participant becomes vested in the 3% non-elective safe harbor contribution, if applicable, after completing two years of service. A participant becomes vested in matching and other employer contributions, if any, after completing three years of service. Contributions also vest upon the occurrence of certain events described in the plan document.

Benefits

On retirement, termination of employment, death, permanent disability, or attainment of age 59½, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, as defined in the plan agreement. A lump-sum distribution is automatic for account balances up to \$1,000. Under certain conditions, participants may be eligible to receive a hardship distribution.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 less any loan amounts repaid in the last 12 months or 50% of their vested balance. Loan repayment terms may not exceed 5 years for general purpose loans and 25 years for principal residence loans. A participant may only have one loan outstanding at any one time. The loan is collateralized by the participant's interest in their vested balance and bears interest at the prime rate, at the time the loan is taken, plus 1%. Principal and interest are paid through payroll deductions over the term of the loan and shall not be made less frequently than quarterly.

Forfeitures

Forfeited amounts of terminated participants' nonvested accounts are retained in the Plan and may be applied first to restore the amount of previous forfeitures for former participants whose separation from service resulted in a forfeiture and who resume employment within a five-year period. Forfeited amounts can then be used to offset employer matching contributions or to pay plan expenses. Forfeitures used to reduce employer contributions within the Plan totaled approximately \$1,120,000 in 2021. Forfeited nonvested accounts totaled approximately \$190,000 at December 31, 2021 and \$80,000 at December 31, 2020.

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Plan Termination

Although the Companies have not expressed any intent to do so, they reserve the right to amend, modify, suspend, or terminate the Plan subject to the provisions in the plan document and ERISA. In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, except for benefit payments which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Plan management determines the valuation policies utilizing information provided by Fidelity Management Trust Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net depreciation in fair values of investments.

Administrative Expenses

The Plan is responsible for payment of the trustee expenses and fees; however, the Companies may pay the Plan's expenses directly. Transaction charges (for loan and benefit payment transactions) are paid by the Plan by reducing the balances of those participants initiating the transactions.

Benefit Payments

Benefits are recorded when paid.

Consideration of Subsequent Events

The plan sponsors evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2022, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

Self-directed brokerage accounts consist of cash and cash equivalents, common and preferred stocks and mutual funds. Cash and cash equivalents are valued at cost plus accrued interest, which approximates fair value. Common and preferred stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily NAV as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

The Plan invests in several common collective trusts which are valued using the NAV provided by the trustee. The NAV is based on the value of the underlying assets owned by the trusts, less their liabilities, and then divided by the number of shares outstanding. The common collective trusts, with the exclusion of the Fidelity Managed Income Portfolio II, are primarily passive funds that provide daily liquidity for the various plan investment options. Participant-directed purchases and sales are valued at NAV. There are no unfunded commitments related to these investments.

The Plan's investment in the Fidelity Managed Income Portfolio II (the Fund) is a public investment vehicle that seeks to preserve capital and to provide income over time. The NAV is based on the value of the underlying assets owned by the Fund which is primarily comprised of corporate bonds, U.S. & foreign government agency, mortgage securities, bank notes and money market funds. The Fund's participants may exchange units in the Fund on a daily basis with minimal restrictions. The Plan is required to provide one-year redemption notice to liquidate its entire share in the Fund. There are no unfunded commitments related to these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level:

<i>December 31, 2021</i>	Level 1	Total
Mutual funds	\$ 305,600,238	\$ 305,600,238

Self-directed brokerage accounts	7,197,059	7,197,059
Investments at Fair Value	\$ 312,797,297	\$ 470,706,538

<i>December 31, 2020</i>	Level 1	Total

Self-directed brokerage accounts	5,408,642	5,408,642
Investments at Fair Value	\$ 263,116,711	\$ 404,862,724

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

Hydro Extrusion USA, LLC Savings Plan

Notes to the Financial Statements (Continued)

5. Tax Status

The Internal Revenue Service has determined and informed the Companies by a letter dated April 12, 2018, that the Plan and related trust are designed in accordance with the applicable regulations of the IRC. The plan administrator believes that the Plan was designed and being operated in compliance with the applicable requirements of the IRC prior to receiving the determination letter. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-interest Transactions

Certain plan assets are managed by Fidelity Management Trust Company, the trustee as defined by the Plan. Additionally, the Plan paid certain administrative fees for trustee and recordkeeping services. Fees paid by the Plan for trustee and recordkeeping services were not significant for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1). These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.
