INDEPENDENT AUDITOR'S REPORT

SME Employees' Savings
Plan and Trust and Participants
Plymouth, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of SME Employees' Savings Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CUSMANO & CO., P.C.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

CUSMANO & CO., P.C.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than

CUSMANO & CO., P.C.

that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 23, 2021, we indicated that, (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the Plan's 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SME EMPLOYEES' SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of Plan

The following description of the SME Employees' Savings Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan Document, Trust Agreement, and the Summary Plan Description for a more complete description of the Plan's provisions. The Plan Document and Trust Agreement are the governing documents for the Plan. The Employee Retirement Income Security Act of 1974 (ERISA) imposes certain duties on the parties who are responsible for the operation of the Plan. These parties, called fiduciaries, have a duty to invest plan assets in a prudent manner. However, an exception exists for plans that comply with ERISA Section 404(c) and permit participants to exercise control over the assets in their accounts and choose from a broad range of investment alternatives. This plan is intended to be a Section 404(c) plan.

General

The Plan is a 401(k) defined contribution profit sharing plan covering all employees of Soil and Materials Engineers, Inc. (Company) who have completed three months of service as defined in the Plan and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of their eligible pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary matching contributions based on a percentage, to be determined annually by the Company's Board of Directors, of the employees' deferral contributions to the Plan. The Company may also make annual discretionary profit sharing contributions to the Plan at the discretion of the Company's Board of Directors.

Participants direct employee and employer contributions in a broad range of investments including common stocks, registered investment funds, and a common collective trust. Participants may change their investment options each business day.

Participant Accounts

Each participant's account is credited with the participant's contributions, related employer matching contributions, discretionary profit sharing contributions and forfeitures of terminated participants' nonvested accounts. The Plan's income is allocated to the participants based on their respective fund earnings as defined in the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant is 100% vested in any discretionary matching or profit sharing contributions plus actual earnings thereon after six years of credited service, as defined in the Plan.

SME EMPLOYEES' SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their accounts balance, whichever is less. Loan terms range up to five years or up to ten years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at the prevailing prime rate plus 2%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service, death, disability or retirement, a participant or his or her beneficiaries may elect to receive the value of his or her vested interest in a lump-sum or installments over a period of years.

Forfeited Accounts

Forfeited nonvested amounts approximated \$13,200 and \$18,600 at December 31, 2021 and 2020, respectively. These amounts are reallocated to participants in the same manner as employer discretionary profit sharing contributions. Also, forfeited nonvested accounts of approximately \$59,000 and \$50,400 were reallocated to active participants for the years ended December 31, 2021 and 2020, respectively.

NOTE B - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SME EMPLOYEES' SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses consist of loan initiation fees, loan maintenance fees and short term redemption fees applicable to certain funds. These expenses are charged directly to participant's accounts. Other administrative expenses including audit and legal are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through September 27, 2022, the date the financial statements were available to be issued.

NOTE C - Information Certified by the Trustee

Certain information related to the Plan's investments and notes receivable from participants included in the financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and the associated investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by the independent accountants.

NOTE D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

SME EMPLOYEES' SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE D - Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment funds: Valued at the daily closing price as reported by the fund. Registered investment funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust: A stable value collective trust fund that is composed primarily of investment contracts and security-backed contracts with the objective of providing investors with a moderate level of stable income without principal volatility. The fund is valued at the net asset value of units held in the collective trust fund at the close of each day, as reported by the trust fund manager. The net asset value is available daily to current investors through the Plan's website (Fidelity Investments) and is the basis for current transactions.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

NOTE D - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2021 and 2020.

SME EMPLOYEES' SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE E - Parties-in-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the plan, the employer, and certain others. Plan investments incur fees for fund management which are recorded as a reduction of the return earned on each fund. These investments are issued or managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company, trustee of the Plan. Investment expenses consist of registered investment advisory fees. These fees are charged to the participants' accounts which utilize the registered investment advisor who qualifies as party in interest. Notes receivable from participants also reflect party-in-interest transactions. Additional transactions during the year with parties-in-interest include administrative expenses (see Note B).

Fidelity Management Trust Company receives revenue from mutual fund service providers for service that Fidelity Management Trust Company provides to the funds. These amounts are allocated to the accounts of participants. Fee revenue sharing totaled \$130,380 and \$128,409 for the years ended December 31, 2021 and 2020, respectively. This amount has been netted with investment expenses on the Statement of Changes in Net Assets Available for Benefits.

NOTE F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - Tax Status

The Company has adopted a non-standardized pre-approved plan document sponsored by FMR LLC. The Internal Revenue Service has informed the non-standardized pre-approved plan sponsor with an opinion letter dated June 30, 2020, that the non-standardized pre-approved plan satisfies the applicable provisions of the Internal Revenue Code to be tax exempt. The Plan itself has not received a determination letter from the Internal Revenue Service. However, the Plan's administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the non-standardized pre-approved plan document and applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction, however, there are currently no audits for any tax periods in progress.

SME EMPLOYEES' SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE H - Risks and Uncertainties

The Plan invests in various investment securities as directed by plan participants. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
