INDEPENDENT AUDITORS' REPORT

To the Plan Trustee of
Twining Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of Twining Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Twining Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, and 2020, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Twining Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Twining Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Twining Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Twining Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan and Contributions

The following description of the Twining Retirement Savings Plan (the "Plan") is provided for general information purposes only. The Plan became effective November 1, 1986 and was designed to encourage employees to save for retirement and stay with the Company until their retirement. Effective January 1, 2018, the Plan amended its name from 'Twining Laboratories Retirement Savings Plan' to 'Twining Retirement Savings Plan'. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of all employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. VOYA Life Insurance and Annuity Company serves as the custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility: Employees of the Company who have reached 500 Hours of Service in 6 consecutive months are eligible to participate in the Plan, however, they shall become eligible no later than upon the completion of 1,000 hours of service within a 12 consecutive month period and the attainment of the minimum age requirement, if any. Members of a collective bargaining agreement and non-resident aliens who receive no earned income from the employer are excluded.

Contributions: Each year, participants may contribute pretax annual compensation, not to exceed elective deferral limits imposed by the Internal Revenue Service ("IRS"), as defined in the Plan. The Company may contribute a discretionary matching contribution equal to a percentage, to be determined by the employer, of the participant's salary reduction. The Company made a discretionary matching contribution of $114,366 and $113,700 for the years ended December 31, 2021 and 2020, respectively. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations, as defined in the Plan.

Benefit Payments: Participants are eligible to receive a distribution of their account balance, to the extent vested, upon termination of employment, death, disability or retirement. Benefits are payable as a lump sum amount, a series of installment payments, or a direct rollover. Terminated employees with account balances greater than $5,000 may elect to keep their vested account balances in the Plan after termination.

Participant Accounts: Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution, the Company's matching contribution and Plan earnings.

Vesting: Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. The portion of the participant's account attributable to the Company's matching plus actual earnings contributions becomes 33% vested every year following a full two (2) years of service as defined and continues to vest at the rate of 33% each year thereafter, until 100% vested after four (4) years. Participants also become fully vested upon reaching age 65, in the event of death or upon suffering a permanent disability while employed with the Company.

See independent auditors' report.

Note 1 – Description of Plan and Contributions (Continued)

Investment Options: Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan's investment options are participant directed. Participants may change their investment options any time throughout the year.

Forfeitures: Participants' accounts are forfeited if the employer contribution portion has not fully vested at the date of termination. These amounts will be utilized to pay administrative expenses of the Plan and remaining forfeitures shall be used to reduce employer contributions. For the years ended December 31, 2021, and 2020, there were no forfeited amounts utilized to reduce employer contributions. For the years ended December 31,2021 and 2020, there was no forfeited amount utilized to reduce administrative expenses. The forfeiture balance was $2,263 and $1,062 at December 31, 2021 and 2020, respectively.

Notes from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or a reasonable period of time for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, currently the prime rate plus 1.5%. If more security is required, the participant's primary residence may be used. Principal and interest are paid ratably through weekly payroll deductions. Balances of notes receivable at December 31, 2021 range from $223 to $35,453. Notes receivable were contracted from 2017 to 2021, bear interest from 4.75% to 7.00%, and mature through 2039.

Administrative Expenses: Substantially all administrative expenses are paid directly by the Company.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes from Participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: The guaranteed investment contract is presented at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer-initiated events could limit the Trust's ability to transact at contract value with plan unitholders. The plan administrator does not believe that any of the events which could limit the Plan's ability to transact at contract value with participants are probable of occurring.

Investments in pooled separate accounts are valued at estimated fair value as reported by VOYA as determined by the quoted market prices of the underlying investments. Investment income is recorded when earned.

Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Note 3 – Tax Status

The IRS had determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is designated, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 4 – Related Party and Party-In-Interest Transactions

Certain Plan investments are units of participation in pooled separate accounts managed by VOYA. VOYA is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the balance in the participant's accounts. Such transactions are also party-in-interest transactions for which a statutory exemption exists.

Note 5 – Investment Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investments, including cost, fair value and investment income (except for interest on notes receivable from participants). Such information was certified by the custodian of the Plan.

Note 6 – Fair Value Measurements

FASB Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 6 – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2021:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts at fair value	$ 5,751,800	$ -	$ -	$ 5,571,800
Value in registered investment company at fair value	4,939,128	-	-	4,939,128
Guaranteed investment contract at Contract value				1,780,996
Total investments				$ 12,471,924

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts at fair value	$ 8,985,897	$ -	$ -	$ 8,985,897
Guaranteed investment contract at Contract value				2,328,134
Total investments				$ 11,314,031

Note 7 – Plan Termination

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan in whole or in part at any time. In the event of termination of the Plan, each participant would become fully vested to the extent of the balance in their account, and all accumulated plan benefits would be disbursed to the participants.

Note 8 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Subsequent Events

The Plan has evaluated events occurring after the date of the accompanying statement of net assets available for benefits through October 12, 2022, the date the financial statements are available for issuance. The Plan did not identify any material subsequent events requiring adjustment to or disclosure in the accompanying financial statements.
