INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor, Participants and Trustee,
Kargo Global, Inc. Retirement Savings Plan:

Opinion

We have audited the financial statements of Kargo Global, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021 and the related notes to the financial statements (2021 financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Kargo Global, Inc. Retirement Savings Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the year ended December 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets Held (At End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of the Kargo Global, Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Kargo Global, Inc. (the “Plan Sponsor”) is the Plan administrator. National Financial Services, LLC holds the Plan’s assets and Slavic Integrated Administration, Inc. serves as the record keeper.

General

The Plan is a defined contribution plan covering all eligible employees of the Plan Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees of the Plan Sponsor, except those covered by a collective bargaining agreement, are eligible to participate in the Plan provided they have attained the age of 21 and have completed three months of service. Eligible employees can begin participating on the first day of each calendar month.

Effective November 1, 2020, employees become eligible to receive employer contributions, if any, after completing 12 months of service and attaining age 21.

Contributions

Participants are allowed to contribute up to 80% of their compensation, up to the limitation specified in the Internal Revenue Code (the “Code”) in effect for each taxable year. In 2021, participants were permitted to contribute pre-tax and after-tax Roth contributions up to a maximum of \$19,500 with an additional \$6,500 catch-up contribution for employees over 50 years old.

The Plan Sponsor elected to reinstate the safe harbor matching contributions, effective January 1, 2021. The matching contribution is 100% of the participant’s elective deferrals up to 4% of the participant’s compensation for each payroll period. The Plan Sponsor has the option to provide for additional matching and/or non-elective contributions for participants employed on the last day of the Plan year. For 2021, the employer chose not to provide for such discretionary contributions.

Vesting

Participants are immediately vested in their contributions, the Plan Sponsor’s safe harbor matching contributions, and actual earnings thereon. Vesting in any Plan Sponsor discretionary contributions occurs ratably over six years, beginning with two full years of service. Participants also become fully vested in all employer contributions when they reach normal retirement age of 65, as defined by the Plan.

Forfeitures

Non-vested balances in a terminated participant’s account are forfeited by the participant and transferred to a forfeiture account. Forfeitures can be used to reduce future Plan Sponsor contributions or to pay Plan expenses. On December 31, 2021 and 2020, there were no balances within the forfeiture account.

Participant Accounts

Each participant directs their contributions and any Plan Sponsor contributions to the investment options offered by the Plan. Each participant’s account is credited with the participant’s contribution, Plan Sponsor contributions, investment earnings (losses), participant withdrawals, and administration expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Kargo Global, Inc. Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable from Participants

Participants are allowed to borrow from their pre-tax accounts an amount equal to no less than \$1,000 and no greater than \$50,000 or 50% of the participant's vested balance. General purpose loans have terms of five years, while loans for the purchase of a primary residence have fifteen-year repayment terms. The loans bear interest at a rate commensurate with a prevailing commercial rate for comparable loans. There was \$45,232 of outstanding loans as of December 31, 2021.

Payment of Benefits

In the event of retirement, disability or termination of employment, participants may elect a lump-sum distribution equal to the value of the participant's vested balance. Participants may also request in-service distributions upon attaining age 59 ½ or due to certain hardships.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Payment of Benefits

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value as required. See Note 3 for further disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned and dividends are recorded on the ex-dividend date. Net appreciation includes realized and unrealized gains and losses. Realized gains and losses are calculated as the difference between the proceeds from sales and the related investment's fair market value at the beginning of the Plan year, or acquisition cost if acquired during the year. Unrealized appreciation and depreciation are calculated as the difference between the fair value of investments at the end of the year less their fair values at the beginning of the year, or acquisition cost, if acquired during the year. Capital gain distributions are included in dividend income.

Plan Expenses

Plan expenses can be paid directly by the Plan Sponsor or by the Plan. Administrative expenses paid by the Plan were \$46,689 for the year ended December 31, 2021. Additionally, investment related expenses have been included in net appreciation in fair value of investments and are not readily determinable.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Notes to Financial Statements
December 31, 2021 and 2020

Recent Accounting Pronouncements

The Plan's management is not aware of any additional new accounting standards that were required to be adopted in 2021, or yet to be adopted, that would significantly impact the Plan's 2021 or prospective financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded in accordance with FASB ASC 820, Fair Value Measurement, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no transfers between any of the fair value measurement levels for the years ended December 31, 2021 and 2020.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2021 and 2020.

Registered Investment Companies: The fair value of the registered investment companies is based on the net asset value of the shares held by the Plan at year end as reported on the active market on which the funds are traded.

Money Market Funds: Investments are valued at cost plus interest earned, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Kargo Global, Inc. Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,969,828	\$ -	\$ -	\$ 15,969,828
Money market funds	19,271	-	-	19,271
Investments at fair value	<u>\$ 15,989,099</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,989,099</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Total registered investment companies	<u>\$ 12,215,276</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,215,276</u>

4. PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are issued and/or managed by Fidelity, an affiliate of National Financial Services, LLC, the Plan's custodian. Therefore, the respective investment transactions qualify as parties-in-interest transactions. Participant notes receivable are also considered parties-in-interest transaction. All such transactions are exempt from the prohibited transaction rules.

5. TAX STATUS

The Plan received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor ("DOL"). The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of a termination, participants would become fully vested in all employer contributions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These investments are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in risks in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events occurring after December 31, 2021 through October 12, 2022 the date the financial statements were available to be issued. The Company amended and restated their plan document as of June 1, 2022. The restatement effectively changed the name of the Plan to Kargo Global LLC Retirement Savings Plan and allows the Plan to count service with StitcherAds North America LLC for determining eligibility, vesting and allocation conditions under the Plan.
