INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Eurasia Group 401(k) Profit Sharing Plan
New York, New York

Report on the Financial Statements

We have performed an audit of the financial statements of Eurasia Group 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Eurasia Group 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eurasia Group 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eurasia Group 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Eurasia Group 401(k) Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eurasia Group 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (Schedule H, line 4i) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EURASIA GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

1. Description of the Plan:

The following brief description of Eurasia Group (the "Company") 401(k) Profit Sharing Plan, (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information.

a. General: The Plan is a single-employer defined contribution plan covering all employees of the Company. To be eligible to participate in the Plan, participants must be 21 years old. There is no minimum service requirement for participation in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions: Each year, participants may contribute up to a dollar amount set by law of pre-tax annual compensation, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to elect to make "catch-up" contributions set by law. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a 401(k) safe harbor match and may make discretionary matching contributions and/or a non-elective profit sharing contribution to those employed on the last day of the plan year. The Company did not make any discretionary matching and/or non-elective contributions for the year ended December 31, 2021. Safe harbor contributions for the year ended December 31, 2021 amounted to $611,331.

c. Participant accounts: Each participant's account is credited with the participant's contribution, safe harbor contributions and allocations of (a) the Company's discretionary matching and/or non-elective contributions, if any, and (b) Plan earnings and losses. Allocations are determined and calculated by the Company each year and allocated among all the eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting: Participants are immediately vested in their contributions, rollover contributions and employer safe harbor contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contributions portion of their accounts is based on the vesting schedule as defined in the Plan. A participant is 100% vested after six years of credited service.

1. Description of the Plan (continued):

e. Investment options: Participants direct the investment of both employer and employee contributions into various investment options offered by the Plan. Participants may change investment options at their discretion. The investment options are mostly pooled separate accounts managed under a group trust. Options are provided and managed by John Hancock Life Insurance Company of New York (the "Plan Trustee").

f. Management of Trust Fund: Investments in the Plan are held by John Hancock Life Insurance Company of New York as Trustee for the Plan.

g. Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may receive a lump sum payment equal to the value of the participant's vested interest in his or her account, can roll the amount over into another qualified plan, or delay the distribution until the participant is required by law to receive minimum required distributions. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in a single cash distribution, as soon as administratively feasible after the last day of the Plan year coinciding with or next following date on which the participant terminates employment.

h. Plan expenses: Plan expenses are paid by the Plan assets. Such expenses are generally allocated among the accounts of all participants in the Plan based on either the account balances or as an equal dollar amount based on the number of participants depending on the nature of expenses. The Company pays recordkeeping and audit expenses.

i. Participant loans: Eligible participants may borrow up to 50% of the value of their individual vested accounts, subject to a minimum of $1,000 and a maximum of $50,000. The loan must be repaid through payroll deduction, generally within five years. Interest is charged at the prevailing interest rate at the time the loan is made and are fixed throughout the duration of the loan.

j. Forfeitures: The non-vested Company discretionary matching contribution and/or a non-elective profit sharing contribution of a participant's account is forfeited upon termination of employment. Forfeitures are used to pay any administrative expense or used to reduce employer matching contributions.

k. Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. Summary of significant accounting policies:

Date of management's review:
Subsequent events were evaluated through October 3, 2022, which is the date the financial statements were available to be issued.

Basis of accounting:
The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates:
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of investments and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments are invested in the pooled separate accounts managed under a group trust. These investment options are offered by John Hancock which are Level 1 measurement inputs. Purchases and sales of securities are recorded on a settlement date basis, which is generally trade date plus one. Net appreciation (depreciation) in fair value of investments includes net gain (loss) on the sale of assets and unrealized asset appreciation (depreciation), less investment advisory and management fees.

Payment of benefits:
Benefits are recorded upon payment.

3. Certified investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, dividends and other income for the year ended December 31, 2021 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company of New York (the trustee of the Plan).

4. Fair value measurements:

The Plan investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, Fair Value measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were needed for the Plan.

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the assets or liabilities
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair value measurements (continued):

The following table represents the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of December 31, 2021 and 2020.

	Fair Value Measurements at the End of the Reporting Period Using:	
December 31, 2021		
	Fair Value	Level 1
Investments:		
Pooled separate accounts	$16,340,057	$16,340,057
Guaranteed cash accounts	3,984	3,984
Total investments at fair value	$16,344,041	$16,344,041

December 31, 2020		
	Fair Value	Level 1
Investments:		
Pooled separate accounts	$14,255,584	$14,255,584
Guaranteed cash accounts	3,971	3,971
Total investments at fair value	$14,259,555	$14,259,444

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation (depreciation) in fair value of investments.

5. Tax status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is not subject to income tax examinations by the major tax authorities for years prior to 2018.

6. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Party–in-interest transactions:

Plan investments that are not insurance contracts are offered and managed under a Group Trust by the Plan Trustee, and therefore, these transactions qualify as exempt party-in-interest transactions. The management fees are absorbed by the Plan through the investment returns. Fees for specific participant directed transactions are charged to their individual accounts and amounted to $38,825. Fees paid by the Company for actuarial and audit services are qualified as a party-in-interest transactions. The Company paid $7,772 related to these fees for the year ended December 31, 2021.

8. Investments:
The following presents investments at fair value that represent 5% or more of the Plan's net assets as of December 31, 2021 and 2020.

Investments:	2021	2020
John Hancock – LS Balance	$1,864,199	$1,745,827
John Hancock – LS Growth	5,533,862	4,686,536
John Hancock – LS Aggressive	1,200,604	1,017,384

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Eurasia Group 401(k) Profit Sharing Plan
New York, New York

Report on the Financial Statements

We have performed an audit of the financial statements of Eurasia Group 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Eurasia Group 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eurasia Group 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eurasia Group 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Eurasia Group 401(k) Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eurasia Group 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (Schedule H, line 4i) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EURASIA GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

1. Description of the Plan:

The following brief description of Eurasia Group (the "Company") 401(k) Profit Sharing Plan, (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information.

a. General: The Plan is a single-employer defined contribution plan covering all employees of the Company. To be eligible to participate in the Plan, participants must be 21 years old. There is no minimum service requirement for participation in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions: Each year, participants may contribute up to a dollar amount set by law of pre-tax annual compensation, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to elect to make "catch-up" contributions set by law. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a 401(k) safe harbor match and may make discretionary matching contributions and/or a non-elective profit sharing contribution to those employed on the last day of the plan year. The Company did not make any discretionary matching and/or non-elective contributions for the year ended December 31, 2021. Safe harbor contributions for the year ended December 31, 2021 amounted to $611,331.

c. Participant accounts: Each participant's account is credited with the participant's contribution, safe harbor contributions and allocations of (a) the Company's discretionary matching and/or non-elective contributions, if any, and (b) Plan earnings and losses. Allocations are determined and calculated by the Company each year and allocated among all the eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting: Participants are immediately vested in their contributions, rollover contributions and employer safe harbor contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contributions portion of their accounts is based on the vesting schedule as defined in the Plan. A participant is 100% vested after six years of credited service.

1. Description of the Plan (continued):

e. Investment options: Participants direct the investment of both employer and employee contributions into various investment options offered by the Plan. Participants may change investment options at their discretion. The investment options are mostly pooled separate accounts managed under a group trust. Options are provided and managed by John Hancock Life Insurance Company of New York (the "Plan Trustee").

f. Management of Trust Fund: Investments in the Plan are held by John Hancock Life Insurance Company of New York as Trustee for the Plan.

g. Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may receive a lump sum payment equal to the value of the participant's vested interest in his or her account, can roll the amount over into another qualified plan, or delay the distribution until the participant is required by law to receive minimum required distributions. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in a single cash distribution, as soon as administratively feasible after the last day of the Plan year coinciding with or next following date on which the participant terminates employment.

h. Plan expenses: Plan expenses are paid by the Plan assets. Such expenses are generally allocated among the accounts of all participants in the Plan based on either the account balances or as an equal dollar amount based on the number of participants depending on the nature of expenses. The Company pays recordkeeping and audit expenses.

i. Participant loans: Eligible participants may borrow up to 50% of the value of their individual vested accounts, subject to a minimum of $1,000 and a maximum of $50,000. The loan must be repaid through payroll deduction, generally within five years. Interest is charged at the prevailing interest rate at the time the loan is made and are fixed throughout the duration of the loan.

j. Forfeitures: The non-vested Company discretionary matching contribution and/or a non-elective profit sharing contribution of a participant's account is forfeited upon termination of employment. Forfeitures are used to pay any administrative expense or used to reduce employer matching contributions.

k. Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. Summary of significant accounting policies:

Date of management's review:
Subsequent events were evaluated through October 3, 2022, which is the date the financial statements were available to be issued.

Basis of accounting:
The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates:
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of investments and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments are invested in the pooled separate accounts managed under a group trust. These investment options are offered by John Hancock which are Level 1 measurement inputs. Purchases and sales of securities are recorded on a settlement date basis, which is generally trade date plus one. Net appreciation (depreciation) in fair value of investments includes net gain (loss) on the sale of assets and unrealized asset appreciation (depreciation), less investment advisory and management fees.

Payment of benefits:
Benefits are recorded upon payment.

3. Certified investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, dividends and other income for the year ended December 31, 2021 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company of New York (the trustee of the Plan).

4. Fair value measurements:

The Plan investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, Fair Value measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were needed for the Plan.

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the assets or liabilities
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair value measurements (continued):

The following table represents the fair value hierarchy for the balances of the assets of the Plan measured at fair value as of December 31, 2021 and 2020.

	Fair Value Measurements at the End of the Reporting Period Using:	
December 31, 2021		
	Fair Value	Level 1
Investments:		
Pooled separate accounts	$16,340,057	$16,340,057
Guaranteed cash accounts	3,984	3,984
Total investments at fair value	$16,344,041	$16,344,041

December 31, 2020		
	Fair Value	Level 1
Investments:		
Pooled separate accounts	$14,255,584	$14,255,584
Guaranteed cash accounts	3,971	3,971
Total investments at fair value	$14,259,555	$14,259,444

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation (depreciation) in fair value of investments.

5. Tax status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is not subject to income tax examinations by the major tax authorities for years prior to 2018.

6. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Party–in-interest transactions:

Plan investments that are not insurance contracts are offered and managed under a Group Trust by the Plan Trustee, and therefore, these transactions qualify as exempt party-in-interest transactions. The management fees are absorbed by the Plan through the investment returns. Fees for specific participant directed transactions are charged to their individual accounts and amounted to $38,825. Fees paid by the Company for actuarial and audit services are qualified as a party-in-interest transactions. The Company paid $7,772 related to these fees for the year ended December 31, 2021.

8. Investments:
The following presents investments at fair value that represent 5% or more of the Plan's net assets as of December 31, 2021 and 2020.

Investments:	2021	2020
John Hancock – LS Balance	$1,864,199	$1,745,827
John Hancock – LS Growth	5,533,862	4,686,536
