Independent Auditor's Report

The Plan Administrators
Anchor General Insurance Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Anchor General Insurance Group 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules presented on pages 13 and 14 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

The Plan Administrators
Anchor General Insurance Group 401(k) Plan

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Anchor General Insurance Group 401(k) Plan ("the Plan") which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statements of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Fidelity Management Trust Company, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A. Description of Plan

The following description of Anchor General Insurance Group 401(k) ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

1. **General.** The Plan is a defined contribution plan covering all eligible employees of Anchor General Insurance Agency, Inc., Anchor General Insurance Company, Anchor Claims Services, Inc., and Anchor General Insurance Agency of Texas, Inc. ("Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees become eligible on the first day the month after attaining the age of eighteen. Fidelity Management Trust Company is the Trustee ("Trustee") of the plan.

2. **Contributions.** The Employer automatically enrolls eligible participants with a deferral of 3% of compensation. Participants must elect to opt out. Participants contribute a percentage of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). The Plan offers various funds maintained by a mutual fund. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer may contribute to the Plan out of its current operating cash flow at the discretion of the Employer's Board of Directors. The Employer matches up to 50% of the employee's deferral up to a maximum percent of 6% deferral of the employee's compensation (3% of total compensation). The Plan permits the employer to reduce its contributions by the amount of forfeitures, if any. During the years ended December 31, 2021 and 2020, the Plan used \$33,873 and \$21,779 of forfeitures to reduce matching contributions paid by the Employer.

3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's matching contribution, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balance, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting.** A Participant is fully vested after five years of credited service in the Employer's discretionary matching contribution.

5. **Payment of Benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum or in annual installments over a period as specified by Internal Revenue Service Regulations. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to the appropriate Internal Revenue Service income tax withholding regulations.

6. **Notes receivable from participants.** Participants may borrow from their funds accounts in accordance with the plan document up to a maximum of \$50,000 or 50% of their account balance. Participants may have two loans outstanding at any given time. Notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined from time to time by the Plan Administrator. Principal and interest is paid ratably through payroll deductions each payroll period.

NOTES TO FINANCIAL STATEMENTS

Note B. Summary of Accounting Policies

1. **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual method of accounting.

2. **Investment Valuation and Income Recognition.** Investment contracts held by a defined-contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The value of investments held as of each accounting date is determined based on the fair value of each underlying fund's investments principally using quoted market values from national exchanges. Purchases and sales of investments are reflected on a trade-date basis. The statement of net assets available for benefits includes the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Pooled separate accounts are reported at the closing net asset value per unit of participation as determined by the Plan's Custodian based upon the respective fund/portfolio as of the last business day of the Plan year. The purchase or redemption price of the units is determined based on the current net asset value per unit of participation. The value per unit is determined by the Custodian using the market values of the underlying assets or the fair values as determined by the Custodian in the absence of an available market price.

3. **Payment of benefits.** Benefits are recorded as paid.

4. **Estimates.** The preparation of financial statements requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

5. **Notes Receivable from Participants.** Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses are reflected in the accompanying statements of net assets available for benefits.

6. **Subsequent events.** The Plan has evaluated subsequent events through the date the financial statements were available to be issued, October 10, 2022. The Plan administrator has determined that there are no material events that would require adjustment to or disclosure in its financial statements. However, due to various conditions within the United States of America and globally, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2021. It is reasonably possible that these conditions have materially affected participants' account balances and may continue to impact the accounts into the future.

Note C. Cash Equivalents

The Plan considers as cash equivalents amounts held in bank checking and money market accounts.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note D. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Trustee.

	<u>2021</u>	<u>2020</u>
Investments at fair value	\$ 19,279,502	16,362,631
Money market account	2,025,812	2,189,164
Notes receivable from participants	318,450	328,026
Investment income, net	2,607,906	2,482,156

Note E. Fair Value Measurements

The framework for measuring fair value provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note E. Fair Value Measurements, continued

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the Plan's assets were provided by the Plan's Trustee. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>At December 31, 2021</u>				
Mutual Funds:				
Balanced and growth funds	\$ 17,429,632			17,429,632
Other funds	725,527			725,527
Index funds	364,061			364,061
Bond funds	760,282			760,282
	<u>\$ 19,279,502</u>			<u>19,279,502</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>At December 31, 2020</u>				
Mutual Funds:				
Balanced and growth funds	\$ 14,144,750			14,144,750
Other funds	628,539			628,539
Index funds	878,631			878,631
Bond funds	710,711			710,711
	<u>\$ 16,362,631</u>			<u>16,362,631</u>

Note F. Investments at Contract Value

The Plan may hold a guaranteed investment contract with Fidelity Investments ("Contract"). The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note F. Investments at Contract Value, continued

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note G. Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses are reflected in the accompanying statements of net assets available for benefits

Note H. Expenses

The Employer, as sponsor, pays certain the record keeping and administrative fees on behalf of the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note I. Tax Status

The Internal Revenue Service has determined and informed the Trustee of the Plan that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in process. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

Note J. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees presented on the accompanying statement of changes in net assets were paid to Fidelity Investments.

Note K. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100 percent vested in their accounts.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note L. Risks and Uncertainties

The Plan's investments in mutual funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

Note M. COVID-19

The COVID-19 outbreak ("Pandemic") in the United States caused the Governor of the State of California to issue a stay at home order for all nonessential businesses. The Sponsor operates essential businesses but reduced its workforce to the extent employees could not work remotely. Any impact to the Plan, resulting from this reduction was not intended as a partial termination of the Plan.

The Plan was amended in May 2020 to adopt all the provisions in the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The distribution provision allows Plan participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The loan repayment provision allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. The loan provision increased the Plan loan limit to the lesser of \$100,000 or 100% of the participant's vested balance. The Required Minimum Distribution ("RMD") provision allowed suspension of RMDs in 2020.

Independent Auditor's Report

The Plan Administrators
Anchor General Insurance Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Anchor General Insurance Group 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules presented on pages 13 and 14 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

The Plan Administrators
Anchor General Insurance Group 401(k) Plan

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Anchor General Insurance Group 401(k) Plan ("the Plan") which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statements of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Fidelity Management Trust Company, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A. Description of Plan

The following description of Anchor General Insurance Group 401(k) ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

1. **General.** The Plan is a defined contribution plan covering all eligible employees of Anchor General Insurance Agency, Inc., Anchor General Insurance Company, Anchor Claims Services, Inc., and Anchor General Insurance Agency of Texas, Inc. ("Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees become eligible on the first day the month after attaining the age of eighteen. Fidelity Management Trust Company is the Trustee ("Trustee") of the plan.

2. **Contributions.** The Employer automatically enrolls eligible participants with a deferral of 3% of compensation. Participants must elect to opt out. Participants contribute a percentage of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). The Plan offers various funds maintained by a mutual fund. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer may contribute to the Plan out of its current operating cash flow at the discretion of the Employer's Board of Directors. The Employer matches up to 50% of the employee's deferral up to a maximum percent of 6% deferral of the employee's compensation (3% of total compensation). The Plan permits the employer to reduce its contributions by the amount of forfeitures, if any. During the years ended December 31, 2021 and 2020, the Plan used \$33,873 and \$21,779 of forfeitures to reduce matching contributions paid by the Employer.

3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's matching contribution, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balance, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting.** A Participant is fully vested after five years of credited service in the Employer's discretionary matching contribution.

5. **Payment of Benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum or in annual installments over a period as specified by Internal Revenue Service Regulations. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to the appropriate Internal Revenue Service income tax withholding regulations.

6. **Notes receivable from participants.** Participants may borrow from their funds accounts in accordance with the plan document up to a maximum of \$50,000 or 50% of their account balance. Participants may have two loans outstanding at any given time. Notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined from time to time by the Plan Administrator. Principal and interest is paid ratably through payroll deductions each payroll period.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note B. Summary of Accounting Policies

1. **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual method of accounting.

2. **Investment Valuation and Income Recognition.** Investment contracts held by a defined-contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The value of investments held as of each accounting date is determined based on the fair value of each underlying fund's investments principally using quoted market values from national exchanges. Purchases and sales of investments are reflected on a trade-date basis. The statement of net assets available for benefits includes the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Pooled separate accounts are reported at the closing net asset value per unit of participation as determined by the Plan's Custodian based upon the respective fund/portfolio as of the last business day of the Plan year. The purchase or redemption price of the units is determined based on the current net asset value per unit of participation. The value per unit is determined by the Custodian using the market values of the underlying assets or the fair values as determined by the Custodian in the absence of an available market price.

3. **Payment of benefits.** Benefits are recorded as paid.

4. **Estimates.** The preparation of financial statements requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

5. **Notes Receivable from Participants.** Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses are reflected in the accompanying statements of net assets available for benefits.

6. **Subsequent events.** The Plan has evaluated subsequent events through the date the financial statements were available to be issued, October 10, 2022. The Plan administrator has determined that there are no material events that would require adjustment to or disclosure in its financial statements. However, due to various conditions within the United States of America and globally, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2021. It is reasonably possible that these conditions have materially affected participants' account balances and may continue to impact the accounts into the future.

Note C. Cash Equivalents

The Plan considers as cash equivalents amounts held in bank checking and money market accounts.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note D. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Trustee.

	<u>2021</u>	<u>2020</u>
Investments at fair value	\$ 19,279,502	16,362,631
Money market account	2,025,812	2,189,164
Notes receivable from participants	318,450	328,026
Investment income, net	2,607,906	2,482,156

Note E. Fair Value Measurements

The framework for measuring fair value provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note E. Fair Value Measurements, continued

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the Plan's assets were provided by the Plan's Trustee. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>At December 31, 2021</u>				
Mutual Funds:				
Balanced and growth funds	\$ 17,429,632			17,429,632
Other funds	725,527			725,527
Index funds	364,061			364,061
Bond funds	760,282			760,282
	<u>\$ 19,279,502</u>			<u>19,279,502</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>At December 31, 2020</u>				
Mutual Funds:				
Balanced and growth funds	\$ 14,144,750			14,144,750
Other funds	628,539			628,539
Index funds	878,631			878,631
Bond funds	710,711			710,711
	<u>\$ 16,362,631</u>			<u>16,362,631</u>

Note F. Investments at Contract Value

The Plan may hold a guaranteed investment contract with Fidelity Investments ("Contract"). The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note F. Investments at Contract Value, continued

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note G. Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses are reflected in the accompanying statements of net assets available for benefits

Note H. Expenses

The Employer, as sponsor, pays certain the record keeping and administrative fees on behalf of the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note I. Tax Status

The Internal Revenue Service has determined and informed the Trustee of the Plan that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in process. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

Note J. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees presented on the accompanying statement of changes in net assets were paid to Fidelity Investments.

Note K. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100 percent vested in their accounts.

ANCHOR GENERAL INSURANCE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note L. Risks and Uncertainties

The Plan's investments in mutual funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

Note M. COVID-19

The COVID-19 outbreak ("Pandemic") in the United States caused the Governor of the State of California to issue a stay at home order for all nonessential businesses. The Sponsor operates essential businesses but reduced its workforce to the extent employees could not work remotely. Any impact to the Plan, resulting from this reduction was not intended as a partial termination of the Plan.

The Plan was amended in May 2020 to adopt all the provisions in the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The distribution provision allows Plan participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The loan repayment provision allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. The loan provision increased the Plan loan limit to the lesser of \$100,000 or 100% of the participant's vested balance. The Required Minimum Distribution ("RMD") provision allowed suspension of RMDs in 2020.
