Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Grey Havens 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the period April 1, 2021 (inception) to December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Grey Havens 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the period April 1, 2021 (inception) to December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grey Havens 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note B of the financial statements which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grey Havens 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we—

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grey Havens 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grey Havens 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Grey Havens LLC (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are age twenty-one or older and who have twelve months of service in which they complete 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% pretax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 100 percent of the first 3 percent of the participant's compensation, plus 50% of the next 2 percent of the participant's compensation. Additional discretionary profit sharing amounts may be contributed at the option of the Company's managing body. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their contributions and employer matching and discretionary contributions into any of the 33 investment options offered by the Plan. Participants may change their investment options upon notice to ADP Retirement Services.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if applicable, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are also vested immediately in the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A – DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant with an account balance in excess of \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period of not more than the participant's life expectancy, or partial withdrawals of at least \$500. Participants with an account balance less than \$5,000 will receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, a participant may withdraw any part of his or her vested account in the event of undue financial hardship. A participant who has reached age 59 ½ may request an in-service distribution.

Forfeited Accounts

There were no forfeited accounts at December 31, 2021. Forfeited nonvested accounts may first be used to reduce plan expenses. Any forfeitures left after paying plan expenses may be used to offset future contributions. If any forfeitures still remain, such forfeitures will be reallocated.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting; consequently, contributions and investment income are recorded as received and disbursements are recognized when made. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive collective trust, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as it is received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Grey Havens 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B – SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Reliance Trust Company, at December 31:

	<u>2021</u>
Investments, at fair value	
Mutual funds	\$78,671
Investments, at contract value	
Collective trust fund	<u>996</u>
	<u>\$79,667</u>
Investment gain	<u>\$2,311</u>

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Grey Havens 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$78,671</u>	<u>\$_____ -</u>	<u>\$_____ -</u>	<u>\$78,671</u>

NOTE E – STABLE VALUE FUND

The Plan invested in a Stable Value Fund (Fund) which is managed for the Plan. The fund is a conservative fixed income vehicle that invests in a diversified portfolio of high quality fixed income securities (common/collective trusts and money market funds) and strives to protect against interest rate volatility by entering into benefit-responsive contracts, such as wrap contracts, guaranteed investment contracts (GICs), and separate account contracts issued by major insurance companies, banks and other financial institutions. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund because the Fund is fully benefit-responsive. The Fund is presented on the face of the Statement of Nets Assets for Benefits – Modified Cash Basis at contract value.

Grey Havens 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE E – STABLE VALUE FUND - CONTINUED

Contract value, as reported by the Trustee, represents contributions, plus earnings, less participant withdrawals and administrative expenses. Benefit-responsive investment contracts are designed to permit participant withdrawals relating to activities such as investment option transfers, retirement withdrawals, and in-service withdrawals in accordance with the Plan to occur at contract value. However, withdrawals that result from certain actions initiated by the Company, such as bankruptcy filings, Plan or fund terminations, and certain layoffs or early retirement programs, may be paid at market value, which could be less than contract value depending on the performance of the assets underlying the Fund's wrap contracts.

The crediting interest rate for wrapped fixed income contract is based on a formula agreed upon with the issuer and is guaranteed by the issuer not to fall below zero. Such interest rates are reviewed and set on a monthly basis. The average crediting interest rate was 1.39% for the period ended December 31, 2021.

Benefit-responsive contracts, including guaranteed investment contracts, wrap contracts, and separate account contracts are agreements with insurance companies and other financial institutions which are designed to help preserve principal and provide a stable crediting rate. These contracts provide that participant-initiated withdrawals, permitted by the Plan, will be paid at contract value. In addition to certain contract termination provisions discussed below, the contracts provide for withdrawals associated with certain events which are not in the ordinary course of Plan operations, and in some cases that the issuer determines will have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such withdrawal as defined in such contracts. While each contract issuer specifies the events which may trigger such a market value adjustment, such events typically include all or some of the following: (1) amendments to the Plan documents or Plan's administration, including reduction or elimination of employer matching contributions; (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) complete or partial termination of the Plan or its merger with another plan; (4) the failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) unless made in accordance with the withdrawal provisions of the Plan, the withdrawal from the contract resulting from an event at the direction of the Company ("employer initiated event") such as withdrawals due to the removal of a specifically identifiable group of employees from coverage under the Plan (such as a group layoff or early retirement program), or the closing or sale of a subsidiary, employing unit or affiliate, the bankruptcy of a Company, Fund, Trustee, or Investment Manager, the merger of the Plan with another plan, or the Company's establishment of another tax-qualified defined contribution plan; (6) any change in law, regulation, ruling, administrative or judicial position or accounting requirement, in any case applicable to the Plan or Fund, and (7) the delivery of any communication to Plan participants designed to influence a participant not to invest in the Fund.

At this time, the Company does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE G – TAX STATUS

The Company adopted a Non-Standardized Profit Sharing Plan with a cash or deferred arrangement which received a favorable opinion letter from the Internal Revenue Service on October 6, 2020. The letter stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

NOTE H – PLAN ADMINISTRATION

Employees of the Company perform certain administrative functions. No such employee receives compensation from the Plan. In addition, certain administrative expenses for the Plan are paid directly by the Company.

NOTE I – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments include mutual funds and a collective trust fund with Reliance Trust Company (Reliance). Reliance is the trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Reliance also manages plan assets at the direction of participants. Fees paid by the Plan for the investment management services were included as a reduction of the return earned for each fund.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – SUBSEQUENT EVENTS

Plan Restatement

Effective August, 2022, a new plan document was adopted that amended and restated that Plan. In addition, a new third party administrator and trustee were appointed. Plan assets transferred to the new trustee were transferred into funds comparable to those offered by the previous trustee. The conversion initiated a “Black Out” period, beginning August 25, 2022 and continuing through September 30, 2022. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited into a guaranteed account until after the completion of the Black Out period. At the end of the Black Out period, these funds were transferred to the new custodian and invested in the funds requested by each participant.

Date of Management Evaluation

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statement were available to be issued.
