Independent Auditors' Report

The Plan Administrator
ShopLC Global, Inc. 401(k) Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of ShopLC Global, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

- Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 8, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of the ShopLC Global, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established and effective on February 1, 2000. On April 20, 2011, the age and years of service requirements described below for eligibility purposes were waived for all employees. Any individual hired after this date is subject to the eligibility requirements described below. All employees who have completed at least 1,000 hours of service during the 12-month period immediately following the date of hire and are age eighteen or older are eligible to participate in the Plan. Beginning in 2016, eligible employees may become a participant in the Plan on the first day of the Plan year or the first day of the fourth, seventh, and tenth month of the Plan year. On February 6, 2017, the Plan was amended to so that employees may be eligible after one month of service and can enter the Plan the first day of each month. The Plan provides for a qualified cash or deferred arrangement described in Section 401(k) of the Internal Revenue Code (the “Code”).

In order to achieve certain efficiencies, the Plan Administrator determined it reasonable to merge Jewelry Channel, Inc. 401(k) Profit Sharing and Trust into the STS Jewels, Inc. 401(k) Plan, an affiliated Plan, effective October 14, 2013. In connection with the merger, assets were liquidated and transferred to the STS Jewels, Inc. 401(k) Plan. Effective July 1, 2019, the Plan name changed to ShopLC Global, Inc. 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2020, the Plan was amended to comply with the Bipartisan Budget Act (“BBA Act”) of 2018 which requires participants to certify in writing or electronically that they have insufficient cash or other liquid assets available to meet the financial hardship need. Additionally, participants are not required to suspend contributions to the Plan after taking a hardship distribution or obtain loans before receiving a hardship distribution.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was signed into law. The Plan was permitted to adopt CARES Act provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

On or after March 27, 2020 and through September 23, 2020, any qualified individual, as defined by the CARES Act, was permitted to request a loan from his or her vested account balance in the Plan of up to a maximum of the smaller of 100% of their vested balance or \$100,000.

Repayment of loans due between March 27, 2020 and December 31, 2020 may be delayed for up to one year. Where payments are deferred, the loan will be re-amortized to reflect interest accrued during the deferral period, which may be extended beyond five years due to the suspension of repayments.

ShopLC Global, Inc. 401(k) Plan

Notes to Financial Statements

All participants had the option to waive the Required Minimum Distribution (RMD) for 2020. Any participant who had already taken an RMD in 2020 could rollover the funds to the Plan or to an IRA. The rollovers must be made within 60 days of receipt.

Investments and Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer matching contributions in any combination of investment options. The investment options consist of thirty-three mutual funds and one stable value common trust fund. Participants may change their investment options at their discretion.

Contributions

Participants may contribute a percentage of their annual compensation, up to 60%, with the contributions and earnings thereupon being nontaxable until withdrawn from the Plan. Participants may also rollover amounts representing distributions from other qualified plans.

The Company may make a matching contribution to all employees as a percentage of the employee's deferral compensation, as defined, subject to the limits provided by the Code. Effective April 1, 2019, the Company increased the matching percentage to 4%, as follows: the Company will match 100% of the first 3%, and 50% of the next 2%.

Participant Accounts

Each participant's account is credited with the participant's deferral contribution, the Company's matching contribution, and earnings of the participant's individual account. Allocations are based on participant compensation as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in their deferral contributions. The Company's matching contribution becomes vested based on the participants' number of years of service with the Company according to the following schedule: Less than 1 year – 0%, 1 year – 33%, 2 years – 66%, 3 years or more – 100%.

Benefit Payments

Upon separation of service, due to death, disability, or retirement, a participant will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest. Participants can request a distribution from the Plan of their vested interest in the Plan before termination if they satisfy financial hardship criteria. Participants will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest.

Forfeitures

The Employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During the years ended December 31, 2021 and 2020, \$68,449 and \$47,379 of forfeitures were used, respectively. At December 31, 2021 and 2020, there was a forfeiture balance of \$10 and \$1,541, respectively.

ShopLC Global, Inc. 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their deferral contributions fund account from a minimum of \$500 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 7.33%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms may exceed five years.

Administration

Administrative costs and expenses, including legal, annual per participant fee, minimum combined annual recordkeeping and trustee fee, package nondiscrimination testing, compensation testing, and return of excess contributions are paid out of the Plan unless paid directly by the Company.

Income Tax Status

The IRS has determined by a letter dated July 16, 2014 that ADP's non-standardized prototype profit sharing plan is designed in accordance with applicable sections of the Code. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax period in progress. As of December 31, 2021, the Plan's tax years that are subject to income tax examination are 2019 through 2021.

Termination

The Company expects to continue the Plan indefinitely, but by resolution of its Board of Directors, reserves the right to terminate the Plan. If the Plan were terminated, the accrued benefit accounts for each participant would become fully vested and non-forfeitable. Such accrued benefit accounts will be held under the Plan to be distributed as provided in the Plan upon death, retirement or termination.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting and present the net assets available for benefits and changes in those net assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that change in these estimates and assumptions in the near term could be material to the financial statements.

Valuation of Investments and Income Recognition

The Plan's investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Concentration of Credit Risk

The Plan's participants are employed in the retail jewelry, beauty, fashion accessories and home decor industries located in the Austin, Texas metropolitan area. All of the Plan's employer contributions and contributions receivable are from two contributing employers located within the Austin metropolitan area. The two contributing companies are STS Jewels, Inc. and ShopLC Global, Inc.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Recently Adopted Accounting Pronouncements

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. This update modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, by removing, adding, and/or modifying certain disclosures related to the treatment investments reported in the fair value hierarchy levels 1, 2, and 3. The amendments in this update are effective for all entities for fiscal years beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted upon issuance of this update. The Plan adopted ASU 2018-13 on January 1, 2020. There was no material impact on the financial statements.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Reliance Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2021	2020
Mutual funds	\$ 10,383,011	\$ 7,597,470
Stable value asset trust fund	333,899	331,847
Notes receivable from plan participants	69,985	84,640

<i>Years ended December 31,</i>	2021	2020
Net investment gain from mutual funds	\$ 1,036,980	\$ 995,384
Net investment gain from stable value asset trust fund	4,547	7,921
Dividend income	298,165	169,038
Income from notes receivable from plan participants	4,016	4,696
Other income	82	6,109

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows the provisions of FASB Accounting Standards Codification (“FASB ASC 820”) *Fair Value Measurements*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2021 and 2020.

Money market fund and Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Stable Value Asset Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

ShopLC Global, Inc. 401(k) Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<i>December 31, 2021</i>		Level 1	Level 2	Level 3	Total
Mutual funds	\$	10,383,011	\$ -	\$ -	10,383,011
Total assets in the fair value hierarchy		10,383,011	-	-	10,383,011
Investments measured at net asset value*		-	-	-	333,899
Investments at fair value	\$	10,383,011	\$ -	\$ -	10,716,910

<i>December 31, 2020</i>		Level 1	Level 2	Level 3	Total
Mutual funds	\$	7,597,470	\$ -	\$ -	7,597,470
Total assets in the fair value hierarchy		7,597,470	-	-	7,597,470
Investments measured at net asset value*		-	-	-	331,847
Investments at fair value	\$	7,597,470	\$ -	\$ -	7,929,317

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. .

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021:

	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Stable value asset trust fund	\$ 333,899	N/A	Daily	12-30 months

ShopLC Global, Inc. 401(k) Plan

Notes to Financial Statements

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020:

	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Stable value asset trust fund	\$ 331,847	N/A	Daily	12-30 months

5. Fully Benefit Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprises a portfolio of synthetic investment contracts, and short-term investments. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

<i>December 31,</i>	2021	2020
Synthetic investment contracts	\$ 324,884	\$ 313,828
Short-term investments	9,015	18,019
Total	\$ 333,899	\$ 331,847

All investment contracts held by the Trust are entered into directly between the Trust and the issuer of the contract and are nontransferable. Permitted participant-initiated withdrawals refer to withdrawals from the Trust by the Plan as a result of participant transactions allowed by the Plan, such as participant withdrawals for benefits, loans, or transfers to other funds or trusts within the Plan.

The synthetic investment contracts held by the Trust include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates.

The crediting rate is based, in part, on the relationship between the contract value and the market value of the underlying assets, as well as previously realized gains and losses on underlying assets. The crediting rate generally will reflect, over time, movements in prevailing interest rates. Crediting rates are reviewed quarterly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

ShopLC Global, Inc. 401(k) Plan

Notes to Financial Statements

The existence of certain conditions can limit the Plan's ability to transact at contract value with the contract issuer. Specifically, any event outside the normal operation of the Plan that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal.

Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the Trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

6. Benefit Payments

As of December 31, 2021 and 2020, there were no benefit payment requests that were not processed at the end of the period and were distributed in the subsequent period.

7. Subsequent Events

The Plan has evaluated subsequent events occurring after December 31, 2021, the date of the most recent statement of net assets available for benefits date, through October 10, 2022, the date the financial statements were available to be issued.

The Plan does not believe any other subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
