INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Lexington Coal Company LLC 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Lexington Coal Company LLC 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Lexington Coal Company LLC 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lexington Coal Company LLC 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lexington Coal Company LLC 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lexington Coal Company LLC 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) and schedule of delinquent participant contributions (modified cash basis) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Lexington Coal Company LLC 401k Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LEXINGTON COAL COMPANY LLC, 401K PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Lexington Coal Company, LLC (the "Company") 401k Plan (the "Plan") provides only general information. Effective January 1, 2021, the plan document was restated to comply with recent regulatory changes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General. The Plan is a safe harbor defined contribution Plan covering all employees of Lexington Coal Company, LLC, Republic Superior Products LLC, Construction & Reclamation Services, LLC, Prep Plant Solutions, LLC, and Grand Patrician Resort, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established January 1, 2003.

B. Contributions. Participants may elect to defer an amount not in excess of 90% of their pre-tax compensation up to the maximum allowable dollar limit provided by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company matches one hundred percent (100%) of the first three percent (3%) of compensation that a participant contributes to the Plan. Additionally, the Company matches fifty percent (50%) of the next two percent (2%) of compensation that a participant contributes to the Plan.

C. Participant Accounts. In addition to a participant's contribution and employer match, each participant's account is credited with an allocation of Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting. Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereupon.

E. Payment of Benefits. On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as soon as administratively feasible, if the account balance does not exceed \$5,000. For account balances exceeding \$5,000, the participant must consent to the distribution and may elect to receive a lump-sum distribution. The Plan does allow for hardship withdrawals upon management approval.

See independent auditor's report.

LEXINGTON COAL COMPANY LLC 401K PLAN NOTES TO FINANCIAL STATEMENTS (CONT'D)

- F. Forfeited Accounts.** Forfeited nonvested accounts can be used to reduce Company contributions or pay reasonable plan expenses. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$4,273 and \$4,214, respectively.

2. Summary of Significant Accounting Policies

- A. Basis of Accounting.** The accounting records of the Plan are maintained on the modified cash basis of accounting, a basis of accounting permitted by the Department of Labor. This method includes recording of Plan assets at fair market value but excludes the recording of receivables for participant and employer contributions, interest and dividends receivable on investments, interest on notes receivable from participants, and accrued expenses. The effect of these items has not been determined. This basis differs in some respects from accounting principles generally accepted in the United States of America which require that the financial statements be prepared on an accrual basis. Accordingly, the accompanying financial statements are not intended to present the financial position and changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America.
- B. Use of Estimates.** The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.
- C. Investment Valuation and Income Recognition.** Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis and dividends and interest are recognized when received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.
- D. Payment of Benefits.** Benefits are recorded when paid.
- E. Administrative Expenses.** Administrative expenses, including trustee, legal, auditing and other fees, are paid by the Company and, as such, are not expenses of the Plan. The amount reported as administrative expenses of the Plan are transactional fees charged to the participant's account.

See independent auditor's report.

LEXINGTON COAL COMPANY LLC 401K PLAN NOTES TO FINANCIAL STATEMENTS (CONT'D)

3. Information Prepared and Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 20 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by Reliance Trust Company, the trustee of the Plan, and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total investments of \$5,565,557 and \$4,359,552 shown in the accompanying statements of net assets available for benefits (modified cash basis) of as of December 31, 2021 and 2020.
- b. Investment income of \$646,602 and interest earned on participant loans of \$953 as shown on the accompany statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021.
- c. All investment information in the accompanying supplemental schedules (modified cash basis) as of and for the year ended December 31, 2021.

4. Investments at Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

See independent auditor's report.

LEXINGTON COAL COMPANY LLC 401K PLAN NOTES TO FINANCIAL STATEMENTS (CONT'D)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common collective trust: These investments are valued at the net asset value of units of a bank collective trust. The net asset value, as provided by the Trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditor's report.

LEXINGTON COAL COMPANY LLC 401K PLAN NOTES TO FINANCIAL STATEMENTS (CONT'D)

5. Party-in-interest Transactions

Plan investments are managed by the Trustee of the Plan. Fees paid for administrative and investment management services to the trustee and its affiliates qualify as party-in-interest transactions. During 2021, the Plan paid fees totaling \$55,407 for these services.

6. Prohibited Transactions

During 2018 and 2019, there were unintentional delays by the Company in submitting participant contributions in the amount of \$4,154 to the Plan. These delinquent contributions constitute prohibited transactions, and the Company intends to make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

During 2021, there were additional unintentional delays by the Company in submitting participant contributions in the amount of \$43,721 to the Plan. These delinquent contributions constitute prohibited transactions, and the Company intends to make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to completely terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

8. Tax Status

On October 6, 2020, the IRS stated the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) Section 401. However, the plan administrator is aware of certain plan operational failures which could jeopardize the Plan's tax-qualified status and intends to fully correct those failures according to applicable provisions of the Internal Revenue Code. Accordingly, the plan administrator believes the Plan will retain its tax-qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

All required federal returns for the Plan have been filed up to and including the tax year ended December 31, 2020. However, the plan administrator intends to amend the returns for the years ended December 31, 2018, 2019, and 2020. The amended returns will be subject to examination by the Internal Revenue Service.

See independent auditor's report.

LEXINGTON COAL COMPANY, LLC 401K PLAN NOTES TO FINANCIAL STATEMENTS (CONTD)

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets.

10. Subsequent Events

Management evaluated events for the Plan through October 10, 2022, the date the financial statements were available to be issued.
