Communication with Those Charged with Governance

The Plan Administrator
The Linux Foundation 401(k) Plan

We have audited the financial statements of The Linux Foundation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2021, and we will issue our report thereon dated October 7, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 28, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in *Note 2* to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2021.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Audit Matters - Continued

Qualitative Aspects of Accounting Practices - Continued

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The estimates used by the Plan are normal and recurring.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements was *Note 3* to the financial statements, which describes information certified by the trustee.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We proposed one adjustment to record employee and employer contributions receivable, which was corrected.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2022.

Significant Audit Matters - Continued

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This communication is intended solely for the information and use of the Plan Administrator and management of The Linux Foundation 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Letter of Comments and Suggestions

The Plan Administrator
The Linux Foundation 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of The Linux Foundation 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

However, we identified certain matters involving internal control or the operation of the Plan that are presented for your consideration. These comments or suggestions, all of which have been discussed with Plan management, are intended to improve internal control or result in other operating efficiencies and are summarized along with the current status of prior year comments and suggestions on the following pages.

We would like to take this opportunity to extend our thanks to, and acknowledge the courtesy extended to us by, all personnel of The Linux Foundation during our audit of the financial statements of The Linux Foundation 401(k) Plan.

* * * * *

This communication is intended solely for the information and use of the Plan Administrator, management of The Linux Foundation and others within the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Current Year Recommendation

Minutes of Actions Taken

There were no formal minutes maintained for meetings held between the Plan Administrator and the Plan's investment advisor during the current year. In order to demonstrate adherence to fiduciary responsibilities associated with the Plan, we suggest the Plan Administrator maintain formal minutes of discussions with the Plan's investment advisor as evidence the Plan Administrator is performing their due diligence in reviewing the Plan and investments in the Plan.

Status of Prior Year Recommendations

Future Plan Restatement and Required Amendments

The Internal Revenue Service (IRS) requires retirement plan documents to be restated at least once every six years; thus, the Plan may need to restate the current retirement plan document no later than July 31, 2022.

Both the Setting Every Community Up for Retirement Enhancement (SECURE) Act and Coronavirus Aid, Relief, and Economic Security (CARES) Act contain certain required amendments that must be adopted by retirement plan sponsors no later than December 31, 2022.

We recommended Plan management review these new requirements with the Plan trustee to ensure their timely adoption.

Current Status: The plan document has been restated to comply with these requirements.

Late Remittances

During contribution testing, we noted there were several pay periods in which participant contributions were not remitted timely. We recommended that the Plan sponsor review the procedures involved in remittance of participant contributions to the Plan and institute the necessary controls to ensure participant contributions are remitted timely.

Current Status: No late remittances were noted in 2021 or 2020. However, we still recommend that Plan management correct the late remittances identified during prior year audits using the IRS's "401k Plan Fix-It Guide".

Forfeited Accounts

During our 2017 and 2018 audits, we noted the balance of forfeited nonvested accounts were relatively high. We recommended that the Plan sponsor monitor these accounts and use them when appropriate.

Current Status: During the current year audit, we noted that the balance of the forfeited nonvested account totaled approximately \$130,000 at December 31, 2021. As such, we recommend that the Plan sponsor monitor these accounts and work with the new Plan trustee in order to use them when appropriate.
