INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Reynolds Polymer Technology, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Since 1948

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 Financial Statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide basis for an audit opinion and accordingly, we did not express an opinion on the 2020 Financial Statements, and (b) the form and content of the information included in the 2020 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REYNOLDS POLYMER TECHNOLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Reynolds Polymer Technology, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Reynolds Polymer Technology, Inc. (the Company) who have completed one month of service. The Company is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the terms of the Plan, participants may elect to make both pre-tax and after-tax contributions. The total of each participant's annual pre-tax and after-tax contributions are subject to applicable Internal Revenue Code (IRC) limits. Additionally, all employees eligible to participate in the Plan that have attained age 50 before the close of the plan year are eligible to make pre-tax and after-tax catch-up contributions up to the maximum amount allowed under the IRC. Each year, the Company makes a safe harbor matching contribution equal to 3% of each participant's compensation, plus 50% of each participant's elective deferrals greater than 3% up to 5% of their compensation. The Company may also make a profit sharing contribution each year at its discretion. The amount that can be added each year to a participant's account, which includes contributions made by the participant and the Company on the participant's behalf, is subject to restrictions imposed by the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions made on the participant's behalf, and an allocation of Plan earnings. Additionally, Plan expenses are paid by the participants by reducing each participant's contribution by an allocated amount. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions made by the Company, and profit sharing contributions made by the Company plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. Loan terms are up to five years or fifteen years if used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime rate plus one percentage point on the date of the loan.

For the six-month period following the enactment of the Coronavirus Aid, Relief, and Economic Security Act CARES Act on March 27, 2020, participants of qualified defined contribution retirement plans may secure a loan up to the lesser of \$100,000 or 100% of the participant's vested accrued benefit under the Plan. This provision increased the maximum plan loan amount from the lesser of \$50,000 or 50 percent of the participant's vested accrued benefit. The CARES Act also permitted repayment of participant loans to be delayed for up to a year.

Payment of Benefits

Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than \$1,000. Distributions greater than \$1,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than \$5,000 may continue holding investments within the Plan, or elect to withdraw. Prior to separation from service, a participant may elect to receive a distribution of all or any portion of the participant's account balance attributable to deferral contributions, safe harbor contributions made by the Company, and profit sharing contributions made at the Company's discretion if the participant has attained the age of 59½ or the participant has incurred a disability.

Forfeitures

If a participant terminates service prior to earning enough years of service to become fully vested in the Plan's top heavy contributions, they will forfeit the amount in which they are not vested. Forfeitures may be used to offset employer contributions for the Plan year in which the forfeiture occurs or in the Plan year immediately following the year in which the forfeiture occurs. For the year ended December 31, 2021, there were no forfeitures used to reduce employer contributions. For the year ended December 31, 2020 there were forfeitures of \$2,687 that were used to reduce employer contributions.

Administrative Expenses

Administrative expenses shown in the Plan's statements of changes in net assets available for benefits include fees charged to the Plan's investments and other expenses paid to third party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

Plan Tax Status

The Plan has obtained a tax determination letter in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2021 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the

assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed account: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts: Valued based on the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. As of December 31, 2021, pooled separate accounts held by Voya are valued at their "accumulation unit value" (AUV). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2021 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Fixed account	\$ -	\$ 511,883	\$ -	\$ 511,883
Total assets in fair value hierarchy	<u>\$ -</u>	<u>\$ 511,883</u>	<u>\$ -</u>	511,883
Investments measured at NAV (a)				<u>6,035,132</u>
Investments at fair value				<u>\$ 6,547,015</u>

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2020 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Fixed account	\$ -	\$ 83,782	\$ -	\$ 83,782
Total assets in fair value hierarchy	<u>\$ -</u>	<u>\$ 83,782</u>	<u>\$ -</u>	83,782
Investments measured at NAV (a)				<u>5,480,178</u>
Investments at fair value				<u>\$ 5,563,960</u>

(a) Includes pooled separate accounts which are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling the statements of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although they have expressed no intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA and any collective bargaining agreements in effect at the time. In the event of Company termination, all participants will become 100% vested in their accounts.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Trustee of the Plan manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year). Participant loans also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules.

The Plan pays for certain expenses while the Company absorbs certain administrative expenses, such as accounting fees.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 7, 2022, the date at which the financial statements were available to be issued and determined that no events have occurred that would require disclosure.
