Independent Auditor's Report

The Plan Administrator
Fidelity International Resource Management, Inc.
Retirement Savings Plans
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fidelity International Resource Management, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Fidelity International Resource Management, Inc. Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Fidelity International Resource Management, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Fidelity International Resource Management, Inc. (the Company) who are 18 years of age and have completed 60 days of service. Leased employees and temporary and non-resident aliens to Puerto Rico are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

Banco Popular de Puerto Rico (Banco Popular) is the Plan's trustee and record-keeper. Plan Management is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employees are automatically enrolled at 3% in the Plan as soon as they meet the eligibility requirements unless they elect otherwise. Each year, the Plan allows participants to contribute up to any amount, subject to limits imposed by the Puerto Rico Internal Revenue Code of 2011 (PR Code). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax distributions from other qualified plans. The Company provides a matching contribution equal to 25% of the participant's deferrals up to 4% of eligible compensation. Discretionary employer contributions may be made at the option of the Company's Board of Directors. There were no discretionary contributions made in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of service. Participants need to work at least 365 days of consecutive service to be credited with a year of service. For both the discretionary non-elective contributions and discretionary matching contributions, participants vest 34% after one year of service, 67% after two years, and are 100% vested after three years of credited service.

Fidelity International Resource Management, Inc.

Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loan terms may not exceed five years, unless the loan is used for the purchase of a primary residence, in which case the loan repayment period is dependent on the participant's mortgage terms. No more than two loans may be outstanding at a time for a participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason, including death or disability, a participant (or beneficiary) may elect to receive his or her account balance as a complete or partial lump-sum cash payment. Other than termination, participants may not withdraw their contributions until they attain age 59½ years or prove a financial hardship under specific circumstances. In the event of a financial hardship withdrawal, the participant is precluded from making contributions to the Plan for 12 months following the distribution.

Forfeited Accounts

There were no forfeited non-vested amounts as of December 31, 2021 and 2020. Forfeited amounts can be used to reduce future Company matching contributions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year, net of investment management fees.

Fidelity International Resource Management, Inc. Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the plan sponsor. Fees related to the administration of notes receivable from participants are charged directly to the participant and are included in administrative expenses.

3. Information Certified by Banco Popular

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Banco Popular, the trustee, has certified that the following data included in the accompanying financial statements and ERISA-Required supplemental schedule are complete and accurate.

<i>December 31,</i>	2021	2020
Mutual funds	\$ 6,924,186	\$ 5,846,143
Fixed income	59,490	56,825
Cash	60,821	13,568
Notes receivable from participants	79,564	120,216

Year ended December 31, 2021

Net appreciation in fair value of investments	\$ 798,353
Dividends	71,682
Interest income on notes receivable from participants	5,238

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the accompanying financial statements and ERISA-Required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual Funds - These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed-Income Funds - These funds are valued at daily NAV provided by Banco Popular based on information furnished by an independent pricing service or market quotations. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. The funds are registered with the SEC and normally invest primarily in U.S. government and other public-sector entities, asset-backed and mortgage-backed obligations of U.S. and foreign issuers, and corporate debt of U.S. and foreign issuers. These funds are required to publish their daily NAV and to transact at that price. The fixed-income funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

The underlying investments of the fixed-income funds consist solely of bonds. The investment strategy for the bonds is to track the performance of a market-weighted bond index with an intermediate-term dollar-weighted average maturity.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Total	Level 1
Mutual funds	\$ 6,924,186	\$ 6,924,186
Total	6,924,186	<u>\$ 6,924,186</u>
Total investments measured at NAV as a practical expedient	59,490	
Total Investments, at fair value	<u>\$ 6,983,676</u>	

December 31, 2020

	Total	Level 1
Mutual funds	\$ 5,846,143	\$ 5,846,143
Total	5,846,143	<u>\$ 5,846,143</u>
Total investments measured at NAV as a practical expedient	56,825	
Total Investments, at fair value	<u>\$ 5,902,968</u>	

The Plan did not hold investments in Level 2 or Level 3 investments as of December 31, 2021 and 2020.

5. Related Party and Party-in-Interest Transactions

Notes receivable from participants qualify as exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, no contributions would thereafter be made to the Plan and participants would become 100% vested in their employer contributions.

7. Tax Status

The Commonwealth of Puerto Rico Treasury Department has informed the Company by a determination letter dated June 26, 2015, that the Plan adopted by the Company was in accordance with applicable sections of the PR Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PR Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be

sustained upon examination by the Puerto Rico Treasury Department. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

9. Subsequent Events

Events occurring after December 31, 2021, the date of the most recent financial statements, have been evaluated for possible adjustments to the financial statements or disclosures through October 3, 2022, which is the date the financial statements were available to be issued. No material recognizable subsequent events were noted.
