Independent Auditor's Report

To the Plan Administrator
Kern, Inc. 401(k) Plan
Grove City, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kern, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Kern, Inc.
401(k) Plan**

Notes to the Financial Statements

1. Description of Plan

The following description of the Kern, Inc. (the Plan Sponsor and/or the Company) 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have completed three months of service and are age 20 or older. Participants may enter the Plan the first day of the month following meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2022, the Plan was restated for regulatory compliance purposes and adopted a pre-approved plan document of Dataair Employee Benefit Systems, Inc, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the restated pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC).

Contributions

The Plan provides for employee salary 401(k) contributions up to a maximum of 100% of pretax annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Service (IRS). The Plan allows participants to contribute up to 100% of their compensation on an after-tax basis subject to IRS limitations. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make annual discretionary contributions and matching contributions. The Company made discretionary contributions in the amount of the \$147,525 in 2021. No discretionary contributions were made by the Company in 2020. The Company made matching contributions in an amount equal to a participant's contributions, up to 1% of eligible compensation in 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their salary reduction account a minimum of \$1,000 up to a maximum of \$50,000, not to exceed 50% of their vested account balance. Participants may have two outstanding loans at a time, including any refinancing of an existing loan. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate at loan inception. Principal and interest is paid ratably through payroll deductions. Loan terms shall not

**Kern, Inc.
401(k) Plan**

Notes to the Financial Statements

exceed five years, unless the loan was used to acquire a principal residence in which case the terms may not extend beyond ten years.

Vesting

Participants are immediately 100% vested in employee salary, employer matching and rollover contributions and any income or loss thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in discretionary contributions made by the Company 25% after two years of service and another 25% per year thereafter until they become fully vested after five years of service.

Payment of Benefits

On termination of service due to termination, death, disability, or retirement at age 60, a participant, or his or her beneficiary, will receive a lump-sum amount equal to 100% of the participant's account balance, less any applicable tax withholdings. Benefits are recorded when paid.

Hardship Withdrawals

Participants may request that all or a portion of their deferral contributions from their account be distributed in the case of severe financial hardship, as defined in the Plan agreement. The Company must approve any such hardship withdrawals.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan agreement and ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Kern, Inc.
401(k) Plan**

Notes to the Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value, other than fully benefit-responsive investment contracts (FBRICs), which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

The Plan invests in FBRICs through the Stable Value Fund. The Stable Value Fund is a FBRIC and stated at contract value, which is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Plan participants may select how their accounts are invested from investment options offered by the Plan. The value of the accumulated shares for each investment varies daily and reflects investment results, including dividends and market value changes (based on quoted market values), less an amount for expenses of the investment fund.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in the fair value of investments within the statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2022 and October 12, 2022 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Summary of Financial Data Certification

In accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Transamerica Life Insurance Company Inc. has certified as

Kern, Inc.
401(k) Plan

Notes to the Financial Statements

complete and accurate the following information at December 31, 2021 and 2020, and for the years then ended, including the comparable information in the accompanying supplemental schedule:

<i>December 31,</i>	2021	2020
Investments, at fair value	\$ 8,489,388	\$ 8,202,634
Investments, at contract value	1,065,285	1,219,899
Total Investments	\$ 9,554,673	\$ 9,422,533

<i>Year Ended December 31,</i>	2021	2020
Interest and dividends	\$ 8,341	\$ 10,417
Net appreciation in fair value of investments	1,101,833	1,053,329

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement* are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Kern, Inc.
401(k) Plan

Notes to the Financial Statements

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Stated at fair value as determined by the issuer of the pooled separate accounts (PSAs) based on the net asset value (NAV) of the underlying investments. The NAV as provided by Transamerica Life Insurance Company Inc., and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the PSAs, the investment advisor reserves the right to temporarily delay withdrawal from the funds in order to ensure that securities liquidations will be carried out in an orderly manner. There are no redemption restrictions or unfunded commitments on these investments.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments measured at NAV:				
Pooled separate accounts*			\$ 8,489,388	
Total investments, at fair value			\$ 8,489,388	
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments measured at NAV:				
Pooled separate accounts*			\$ 8,202,634	
Total investments, at fair value			\$ 8,202,634	

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

6. Investment in Fully Benefit-Responsive Investment Contract

Transamerica Life Insurance Company Inc. offers a stable value fund. The stable value fund is considered to be a fully benefit-responsive investment contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Transamerica Life Insurance Company Inc., is the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica Life Insurance Company Inc. or otherwise. The contract value of the investment contract was \$1,065,285 and \$1,219,899 at December 31, 2021 and 2020, respectively. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one year U.S. Treasury Bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, and with no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of the semi-annual period. Contract charges may reduce this return.

Certain events may limit the ability of the Plan to transact at contract value with Transamerica Life Insurance Company Inc. The events include: Plan amendments or changes, company mergers or consolidations, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Plan, failure to meet certain tax qualifications, Plan sponsor withdrawals without the appropriate notice to the Stable Value Fund's investment manager and/or wrap contract issuers, any changes in laws or regulations that would result in substantial withdrawals from the Plan, and default by the Plan sponsor in honoring its credit obligations, insolvency, or bankruptcy if such events could result in withdrawals. In general, FBRIC issuers may terminate the contract and settle at other than contract value due to changes in the qualification status of the Company or the Plan, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines. Plan management believes that the occurrence of such events that would cause the Plan to transact at less than contract value is not probable.

7. Tax Status

The Plan obtained its opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the tax authorities. The plan administrator and trustee have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

8. Party-in-interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor and/or Company and certain others. Professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Certain plan assets are in investment funds managed by Transamerica Life Insurance Company Inc. or its affiliates (Transamerica), the trustee of the plan. Therefore, these transactions qualify as party-in interest transactions as defined under ERISA guidelines.
