INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Franklin Enterprises 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Franklin Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Franklin Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Franklin Enterprises 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin Enterprises 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Franklin Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, line 4(a) - Schedule of Delinquent Contributions as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of Franklin Enterprises 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single employer plan covering eight related entities which include Chestnut Hill South, LLC, North Haven Health & Racquet, LLC, Franklin Construction Company, LLC, Saybrook Point Inn, LLC, Mix Avenue, LLC, Arundel-Kennebunkport Cottage Preserve, LLC, Canal Crossing, LLC and Tag Construction, LLC. The Plan is administered by Chestnut Hill South, LLC (the Company). All employees of the Company are eligible to make pre-tax contributions as well as ROTH after-tax contributions. Employees who have completed one year of eligible service are eligible for a matching contribution made by the employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC) or may be made after-tax in the form of a ROTH 401(k) contribution. If a participant elects to contribute to the Plan, they may contribute from 1% up to 90% of their eligible wages. Participants may elect to contribute up to a maximum of \$19,500 annually per participant for 2021 and 2020 plus an additional \$6,500 for participants age 50 or older for 2021 and 2020. The maximum contribution amount is adjusted annually for inflation, as announced by the United States Secretary of the Treasury. Participants' contributions to the Plan are made by means of payroll deductions during each regular payroll period. Participants direct investments of their contributions into various investment options offered by the Plan. Employees may also choose to end their participation in the Plan at any time.

The Company provided a safe harbor match consisting of a 4% match during 2021 and 2020. Under a safe harbor plan, safe harbor 401(k) matching contributions are immediately 100% vested.

Rollover contributions from other qualified plans and individual retirement accounts are allowed by the Plan.

Participant accounts

Each participant's account is credited with their own salary deferral contributions, their rollover contributions from other plans and the Company's safe harbor and discretionary contributions as well as investment earnings (losses) within the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their deferred contributions and their rollover contributions plus actual earnings thereon, as well as the Company's safe harbor contribution plus actual earnings thereon. Vesting in the Company's discretionary (and discretionary matching) contributions portion and net earnings is based on years of continuous service. A participant is 100% vested after six years of credited service.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Notes receivable from participants

Participants may receive loans of up to 50% of their vested account balances. Amounts may be borrowed between \$1,000 and \$50,000, utilizing the participant's remaining account balance as security for the loan. The interest rate for any loan is calculated at current interest rates at the time of the loan. Loans must be repaid through payroll deductions within five years unless the loan is used for the purchase of the participant's primary residence, in which case the loan may be repaid under an alternative time frame as determined by the plan administrator. Participants who do not repay their loans under certain circumstances, as defined in the Plan, will be deemed to have received a distribution for federal income tax purposes under the Plan. Principal and interest are paid ratably through weekly payroll deductions.

See Note 7 for Coronavirus loan repayment provisions under the Plan's amendment under the CARES Act for Coronavirus impacted participants.

Hardship withdrawals

In the event of financial hardship, as defined under the Plan and under current Internal Revenue Service rules, participants are permitted to receive hardship withdrawals of a portion of their own elective deferrals. See Note 7 for hardship withdrawal changes for the 2021 Plan year.

Payment of benefits

On termination of service due to death, disability, termination or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of a participant's death before termination of employment and before distribution of benefits has begun, a participant will become 100% vested and the amount of the participant's account balance will be payable in a single lump-sum to the participant's beneficiary(ies).

Participants may withdraw their vested account balances once they reach age 59½. Participants may also withdraw their rollover contributions in the Plan at any time and at any age.

Other distribution methods under the Plan are available to beneficiaries depending on vested account balances.

See Note 7 for Coronavirus-related distributions allowed under the Plan's amendment under the CARES Act for Coronavirus impacted participants.

Forfeited accounts

There was \$5,794 of forfeited non-vested account balances that were used to reduce employer contributions during 2021. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$13,316 and \$1,272, respectively.

Investment options

Participants direct the investment of all contributions within their own accounts into various investment options consisting of various mutual funds, common/collective trusts and brokerage account options offered by the Plan. The following investment options are available for the investment of the participants' rollover, elective and employer matching contributions: stable value collective trust fund, target retirement funds, U.S. equity funds, U.S. fixed income funds, foreign equity funds, money market funds, common stock equities and asset allocation funds.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Mutual funds are reported at fair value as reported by Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the custodian. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. In the event a participant terminates employment while any loan is outstanding, the unpaid balance and any interest due thereon shall become due and payable within thirty days of such termination of employment.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Participants of the Plan are charged fees by the custodian for the processing of loans and distributions from the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Investment advisory fees, as well as other administrative expenses of the Plan, such as third party administrator fees and Plan audit fees, are paid by the employer.

Recently issued pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*. ASU 2018-09 notes a plan should evaluate whether a readily determinable fair value exists. The guidance is effective for fiscal years beginning after December 15, 2019. The adoption of this ASU did not have a significant impact on the Plan's results for the years ended December 31, 2021 and 2020, as it only includes changes to disclosure requirements.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Recently issued pronouncements, continued

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosure requirements from Topic 820. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The adoption of this ASU had no effect on the Plan for the years ended December 31, 2021 and 2020.

In July 2019, the American Institute of Certified Public Accountants (AICPA) issued Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. This auditing standard is effective for periods ending on or after December 15, 2021. These standards were implemented for the Plan year ended December 31, 2021.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

The net investment income of the Plan for the year ended December 31, 2021 is as follows:

	<u>2021</u>
Net appreciation in fair value of investments	\$1,043,255
Dividend income	768,373
Realized gain on investments	<u>58,439</u>
Total investment income	1,870,067
Interest income on notes receivable from participants	<u>4,076</u>
Total income	<u>\$1,874,143</u>

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is also the trustee as defined by the Plan; therefore, transactions with these investments qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total account balances.

NOTE 6 – TAX STATUS

Management believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The plan administrator had adopted the prototype plan of Fidelity Management Trust Company under their restated plan, as discussed throughout this report. Fidelity Management Trust Company's latest determination letter for its prototype plan is dated June 30, 2020, which Franklin Enterprises 401(k) Plan is relying on with respect to qualification of its Plan. Although Franklin Enterprises 401(k) Plan's plan has been amended since the effective date of Fidelity Management Trust Company's determination letter, the plan administrator believes the Plan is qualified and the related trust is tax-exempt as of the financial statement date based on the advice of the Plan's advisors, Fidelity Management Trust Company.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN AMENDMENTS

During the 2009 plan year, the Plan was amended to comply with the IRS requirements of the Heroes Earning Assistance and Relief (HEART) Act, the Worker, Retiree and Employer Recovery Act (WRERA) as well as the Emergency Economic Stabilization Act (EESA).

During plan year 2015, the Plan was amended to allow for ROTH after-tax contributions.

The Plan's administrators have adopted the provisions pertaining to Coronavirus-related distributions and loans which were enacted into law under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to the outbreak of the novel Coronavirus pandemic. These Plan changes are permitted as operational relief items for impacted Plan participants, as defined by the Act, which will require a formal amendment on or before December 31, 2025. The changes to the Plan under the CARES Act include the following:

Coronavirus-related distributions

- Impacted individuals may receive up to \$100,000 of distributions through December 31, 2020 with no 10% penalty tax for early withdrawal imposed.
- The above participants' withdrawal(s) will be included in their taxable income over a three year period.
- Repayment of the withdrawal amount(s) will be permitted if repayment occurs within three years of the distribution.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Coronavirus-related loans

- Loan payments which were due through December 31, 2020 were allowed to be delayed for one year.
- Loans will be subsequently adjusted for the accrued interest and revised loan term.

Required minimum distributions

- Rules for required minimum distributions were waived for the calendar year 2020.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as investment, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued using the NAV per share provided by the investment fund's trustee and is determined by the fair value of the underlying assets within the portfolio. NAV is used as a practical expedient to estimate fair value.

Common stocks: Valued based on quoted market prices.

Money market funds: Valued at the quoted market price as of the reporting date.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The plan administrator reports the Plan's employer contribution each year on Schedule H of Form 5500 on the cash basis of accounting which is consistent with the Plan's third-party administrator's method of accounting and reporting for Form 5500 preparation.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>

Add: amount of participants' contributions receivable at December 31, 2020, which were received by the Plan in plan year 2021	3,706
Less: amount of participants' contributions receivable at December 31, 2021, which were received by the Plan in plan year 2022	<u>(32)</u>
Total contributions per Schedule H of Form 5500	<u>\$710,388</u>

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Reconciliation of financial statements to Schedule H of Form 5500, continued

Total contributions on Schedule H of Form 5500 do not include contributions for the Plan year that were received by the Plan subsequent to year end due to timing of deposits. The Schedule H of Form 5500 is prepared on the cash basis of accounting.

NOTE 11 – SUBSEQUENT EVENTS

Since December 31, 2021, the general markets have decreased more than 10%. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Evaluation of subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2022, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Franklin Enterprises 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Franklin Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Franklin Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Franklin Enterprises 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin Enterprises 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Franklin Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, line 4(a) - Schedule of Delinquent Contributions as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of Franklin Enterprises 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single employer plan covering eight related entities which include Chestnut Hill South, LLC, North Haven Health & Racquet, LLC, Franklin Construction Company, LLC, Saybrook Point Inn, LLC, Mix Avenue, LLC, Arundel-Kennebunkport Cottage Preserve, LLC, Canal Crossing, LLC and Tag Construction, LLC. The Plan is administered by Chestnut Hill South, LLC (the Company). All employees of the Company are eligible to make pre-tax contributions as well as ROTH after-tax contributions. Employees who have completed one year of eligible service are eligible for a matching contribution made by the employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC) or may be made after-tax in the form of a ROTH 401(k) contribution. If a participant elects to contribute to the Plan, they may contribute from 1% up to 90% of their eligible wages. Participants may elect to contribute up to a maximum of \$19,500 annually per participant for 2021 and 2020 plus an additional \$6,500 for participants age 50 or older for 2021 and 2020. The maximum contribution amount is adjusted annually for inflation, as announced by the United States Secretary of the Treasury. Participants' contributions to the Plan are made by means of payroll deductions during each regular payroll period. Participants direct investments of their contributions into various investment options offered by the Plan. Employees may also choose to end their participation in the Plan at any time.

The Company provided a safe harbor match consisting of a 4% match during 2021 and 2020. Under a safe harbor plan, safe harbor 401(k) matching contributions are immediately 100% vested.

Rollover contributions from other qualified plans and individual retirement accounts are allowed by the Plan.

Participant accounts

Each participant's account is credited with their own salary deferral contributions, their rollover contributions from other plans and the Company's safe harbor and discretionary contributions as well as investment earnings (losses) within the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their deferred contributions and their rollover contributions plus actual earnings thereon, as well as the Company's safe harbor contribution plus actual earnings thereon. Vesting in the Company's discretionary (and discretionary matching) contributions portion and net earnings is based on years of continuous service. A participant is 100% vested after six years of credited service.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Notes receivable from participants

Participants may receive loans of up to 50% of their vested account balances. Amounts may be borrowed between \$1,000 and \$50,000, utilizing the participant's remaining account balance as security for the loan. The interest rate for any loan is calculated at current interest rates at the time of the loan. Loans must be repaid through payroll deductions within five years unless the loan is used for the purchase of the participant's primary residence, in which case the loan may be repaid under an alternative time frame as determined by the plan administrator. Participants who do not repay their loans under certain circumstances, as defined in the Plan, will be deemed to have received a distribution for federal income tax purposes under the Plan. Principal and interest are paid ratably through weekly payroll deductions.

See Note 7 for Coronavirus loan repayment provisions under the Plan's amendment under the CARES Act for Coronavirus impacted participants.

Hardship withdrawals

In the event of financial hardship, as defined under the Plan and under current Internal Revenue Service rules, participants are permitted to receive hardship withdrawals of a portion of their own elective deferrals. See Note 7 for hardship withdrawal changes for the 2021 Plan year.

Payment of benefits

On termination of service due to death, disability, termination or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of a participant's death before termination of employment and before distribution of benefits has begun, a participant will become 100% vested and the amount of the participant's account balance will be payable in a single lump-sum to the participant's beneficiary(ies).

Participants may withdraw their vested account balances once they reach age 59½. Participants may also withdraw their rollover contributions in the Plan at any time and at any age.

Other distribution methods under the Plan are available to beneficiaries depending on vested account balances.

See Note 7 for Coronavirus-related distributions allowed under the Plan's amendment under the CARES Act for Coronavirus impacted participants.

Forfeited accounts

There was \$5,794 of forfeited non-vested account balances that were used to reduce employer contributions during 2021. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$13,316 and \$1,272, respectively.

Investment options

Participants direct the investment of all contributions within their own accounts into various investment options consisting of various mutual funds, common/collective trusts and brokerage account options offered by the Plan. The following investment options are available for the investment of the participants' rollover, elective and employer matching contributions: stable value collective trust fund, target retirement funds, U.S. equity funds, U.S. fixed income funds, foreign equity funds, money market funds, common stock equities and asset allocation funds.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Mutual funds are reported at fair value as reported by Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the custodian. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. In the event a participant terminates employment while any loan is outstanding, the unpaid balance and any interest due thereon shall become due and payable within thirty days of such termination of employment.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Participants of the Plan are charged fees by the custodian for the processing of loans and distributions from the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Investment advisory fees, as well as other administrative expenses of the Plan, such as third party administrator fees and Plan audit fees, are paid by the employer.

Recently issued pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*. ASU 2018-09 notes a plan should evaluate whether a readily determinable fair value exists. The guidance is effective for fiscal years beginning after December 15, 2019. The adoption of this ASU did not have a significant impact on the Plan's results for the years ended December 31, 2021 and 2020, as it only includes changes to disclosure requirements.

Notes to Financial Statements

December 31, 2021 and 2020

Recently issued pronouncements, continued

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosure requirements from Topic 820. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The adoption of this ASU had no effect on the Plan for the years ended December 31, 2021 and 2020.

In July 2019, the American Institute of Certified Public Accountants (AICPA) issued Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. This auditing standard is effective for periods ending on or after December 15, 2021. These standards were implemented for the Plan year ended December 31, 2021.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is also the trustee as defined by the Plan; therefore, transactions with these investments qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total account balances.

NOTE 6 – TAX STATUS

Management believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The plan administrator had adopted the prototype plan of Fidelity Management Trust Company under their restated plan, as discussed throughout this report. Fidelity Management Trust Company's latest determination letter for its prototype plan is dated June 30, 2020, which Franklin Enterprises 401(k) Plan is relying on with respect to qualification of its Plan. Although Franklin Enterprises 401(k) Plan's plan has been amended since the effective date of Fidelity Management Trust Company's determination letter, the plan administrator believes the Plan is qualified and the related trust is tax-exempt as of the financial statement date based on the advice of the Plan's advisors, Fidelity Management Trust Company.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN AMENDMENTS

During the 2009 plan year, the Plan was amended to comply with the IRS requirements of the Heroes Earning Assistance and Relief (HEART) Act, the Worker, Retiree and Employer Recovery Act (WRERA) as well as the Emergency Economic Stabilization Act (EESA).

During plan year 2015, the Plan was amended to allow for ROTH after-tax contributions.

The Plan's administrators have adopted the provisions pertaining to Coronavirus-related distributions and loans which were enacted into law under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to the outbreak of the novel Coronavirus pandemic. These Plan changes are permitted as operational relief items for impacted Plan participants, as defined by the Act, which will require a formal amendment on or before December 31, 2025. The changes to the Plan under the CARES Act include the following:

Coronavirus-related distributions

- Impacted individuals may receive up to \$100,000 of distributions through December 31, 2020 with no 10% penalty tax for early withdrawal imposed.
- The above participants' withdrawal(s) will be included in their taxable income over a three year period.
- Repayment of the withdrawal amount(s) will be permitted if repayment occurs within three years of the distribution.

FRANKLIN ENTERPRISES 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Coronavirus-related loans

- Loan payments which were due through December 31, 2020 were allowed to be delayed for one year.
- Loans will be subsequently adjusted for the accrued interest and revised loan term.

Required minimum distributions

- Rules for required minimum distributions were waived for the calendar year 2020.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as investment, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued using the NAV per share provided by the investment fund's trustee and is determined by the fair value of the underlying assets within the portfolio. NAV is used as a practical expedient to estimate fair value.

Common stocks: Valued based on quoted market prices.

Money market funds: Valued at the quoted market price as of the reporting date.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The plan administrator reports the Plan's employer contribution each year on Schedule H of Form 5500 on the cash basis of accounting which is consistent with the Plan's third-party administrator's method of accounting and reporting for Form 5500 preparation.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>

Notes to Financial Statements

December 31, 2021 and 2020

Reconciliation of financial statements to Schedule H of Form 5500, continued

Total contributions on Schedule H of Form 5500 do not include contributions for the Plan year that were received by the Plan subsequent to year end due to timing of deposits. The Schedule H of Form 5500 is prepared on the cash basis of accounting.

NOTE 11 – SUBSEQUENT EVENTS

Since December 31, 2021, the general markets have decreased more than 10%. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Evaluation of subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2022, which is the date the financial statements were available to be issued.

Required Communications to Those Charged with Governance

Professional standards established by the American Institute of Certified Public Accountants (AICPA) require independent auditors to communicate certain matters directly to the Board of Directors or an appropriate committee of the Board. The information is intended solely for the use of the Board of Directors and management and is not intended to be or should not be used by anyone other than these specified parties. These communications are as follows:

Requirements	Response
We have audited the financial statements of Franklin Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and we will issue our report thereon dated October 11, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 5, 2022. Professional standards also require that we communicate to you the following information related to our audit.	See financial statements and <i>engagement</i> letter.
Management is responsible for the selection and use of appropriate accounting policies.	The significant accounting policies used by Franklin Enterprises 401(k) Plan are described in Note 2 to the financial statements.
Transactions identified with lack of authoritative guidance or consensus.	Nothing came to our attention.
Transactions were recorded in the proper accounting period.	Nothing came to our attention.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.	Management's estimates in the normal course of business are consistent and reasonable.
Changes to existing accounting policies and/or the adoption of new policies.	As described in Note 2, the Plan adopted the following recent accounting pronouncements: • Accounting Standards Update ASU 2018-09, <i>Codification Improvements</i>. ASU 2018-09 notes a plan should evaluate whether a readily determinable fair value exists. The adoption of this ASU had no effect on the Plan for the year ended 12/31/2021. • Accounting Standards Update ASU 2018-13, <i>Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement</i>. ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosure requirements from Topic 820. The adoption of this ASU had no effect on the Plan for year ended 12/31/2021. • Auditing Standards Update SAS No. 136, <i>Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA</i>. This auditing standard is effective for periods ending on or after December 15, 2021 and was implemented for the Plan year 12/31/2021. As described in Note 7, the Plan intends to formally amend the Plan to incorporate the following provisions under which the Plan is currently operating, that were adopted to comply with new laws or regulations: • CARES Act provisions selected by plan management pertaining to plan distributions, plan loans and required minimum distributions.
Professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report.	We are pleased to report that no such disagreements arose during the course of our audit.

We have requested certain representations from management.	Please refer to the management representation letter dated October 11, 2022.
Any difficulties encountered in dealing with management in performing and completing the audit.	Management has been cooperative throughout the audit.
Professional standards require us to accumulate all misstatements identified during the audit other than those that are clearly trivial, and communicate them to the appropriate level of management.	Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.
The Board is responsible for communicating to us if it is aware of matters relevant to the audit including violations of laws or regulations.	The Board has not made us aware of any matters.
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Organization’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.	To our knowledge, there were no such consultations with other accountants.
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization’s auditors.	These discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.
Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).	We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.
Evaluation of financial statement disclosures.	The financial statement disclosures are neutral, consistent and clear.

<i>Requirements</i>	<i>Response</i>
We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements.	We identified no material inconsistencies in performing and completing our audit.
For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgement is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention.	We identified the following reportable findings: • There were 3 deposits deemed late during Plan Year 2021. There was also one instance of where a participant had more deducted from a payroll than was actually deposited into the participants account. This was also included as a late deposit. • Hardship withdrawal documentation not being maintained by the Plan Sponsor.

This information is intended solely for the use of the Board of Directors and management of Franklin Enterprises 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.
