INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Endicott Precision Inc. Retirement Plan

Report on the Audit of Financial Statements

I have audited the accompanying financial statements of the Endicott Precision Inc. Retirement Plan, which comprise the statements of Net Assets Available for Benefits, as of December 31, 2021 and 2020, and the Related Statement of Changes in Net Assets for the years ended December 31, 2021 and 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Basis for Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform and I did not perform, any auditing procedures with respect to all Investments held by Principal Life Insurance Company, which was certified by them, the trustee of the Plan, except for comparing the information with related information included in the financial statements. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2021 and 2020 and for the years ended December 31, 2021 and 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Opinion

In my unmodified opinion, except for the possible effects of the matter described in the Basis for Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of Endicott Precision Inc., Retirement Plan as of December 31, 2021 and 2020 and the changes in its financial status for the years ended December 31, 2021 and 2020 in accordance with accounting principles generally accepted in the United States of America.

Endicott Precision Inc. Retirement Plan
Notes to Financial Statements

NOTE A-DESCRIPTION OF PLAN

The following description of the Endicott Precision Inc. Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The plan is a 401K Defined Contribution Plan, with discretionary profit sharing contributions allowed, covering all full-time employees of the Company who have one year of service and qualifies for enrollment and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 197 (ERISA).

Contributions. Each year, participants may contribute up to 12% of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Independent Service Provider, Principal Life Insurance Co currently offers pooled separate accounts and an insurance investment contract as investment options for participants. The Company matches 50% of the employee's contribution up to 4% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in the manner selected by the employee. Contributions are subject to certain limitations.

Participants Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100% vested after seven years of credited service.

Participant Loans. Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$40,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or roll the account total over to an IRA. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of pooled separate accounts are valued at quoted market prices which represent the net asset value of the accounts held by the Plan's Independent Service Provider, Principal Life Insurance Co. at year-end.

NOTE C-INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has available investment contracts with Principal Life Insurance Co. Principal Life Insurance Co. maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal Life Insurance Co. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Contract Value is the amount participants would receive if they were to initiate permitted transactions under the plan. Early termination fees are contingent upon the premature withdrawal of funds from the Investment Contract.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates range from 1.17% to 1.2% for 2021 and are reviewed quarterly for resetting.

NOTE D-RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Co. Principal Life Insurance Co. is the Independent Service Provider as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal Life Insurance Co. amounted to \$4,846. for the year ended December 31, 2021.

NOTE E-PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their contributions.

NOTE F-TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan may have been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.
