INDEPENDENT AUDITORS' REPORT

To the Trustees
M.J. Brunner Inc. 401(k) Salary Reduction Plan and Trust
Pittsburgh, Pennsylvania

Opinion

We have audited the financial statements of the **M.J. Brunner Inc. 401(k) Salary Reduction Plan and Trust** ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the years then ended, in accordance with U.S. generally accepted accounting principles ("GAAP").

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the M.J. Brunner Inc. 401(k) Salary Reduction Plan and Trust ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all full-time employees of M.J. Brunner Inc. ("Company"), except for union employees, non-resident aliens, and independent contractors.

The Plan is a participant in the American Association of Advertising Agencies Retirement Fund for Member Agencies ("Fund") which was organized to administer and hold investment assets of retirement plans for member agencies. The Fund is organized as a 103-12 investment entity as defined by 29 CFR 2520.103-12 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 ("ERISA").

During 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Additionally, the Plan adopted the loan provision of the CARES Act which allows the Plan's participants to take a COVID-19 related loan up to \$100,000 or 100% of the participant's vested account balance. The Plan adopted these provisions on January 1, 2022.

Eligibility

The Plan includes an automatic enrollment provision whereby all new employees are automatically enrolled in the Plan unless the employee elects not to participate. The Plan does not require an age or service requirement to participate in the Plan. Participants that are automatically enrolled contribute 2% of pre-tax compensation to the Plan unless the participant elects a different salary deferral percentage under a salary deferral arrangement. Employees become eligible to join the Plan on the first day of the month coinciding with or following their hire date.

Contributions

Plan participants may contribute to the Plan under a salary deferral arrangement. An eligible participant may elect to contribute up to 100% of pre-tax compensation to the Plan. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. In addition, in any calendar year in which a participant is age 50 or above, an additional catch-up contribution may be made. The Plan also permits rollover contributions of retirement benefits received from other qualified plans and Roth elective deferrals.

1 - DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Company may provide a discretionary matching contribution equal to a percentage of the participants salary deferral as determined by the Company's Board of Directors. The Company may also provide a discretionary profit-sharing contribution. Profit sharing contributions are allocated to participant accounts based on compensation as defined in the Plan document. Participants must be employed on the last day of the plan year and have completed 1,000 hours of service to receive the discretionary profit-sharing contribution. There is no requirement for participants to be eligible to receive the discretionary matching contribution. The Company provided a 50% match on employee contributions up to 6% of eligible compensation in 2021. The Company provided a 50% match on employee contributions up to 6% of eligible compensation from January 1, 2020 through July 31, 2020. No discretionary matching contributions were made from August 1, 2020 through December 31, 2020. There were no discretionary profit-sharing contributions made in 2021 and 2020.

Participant Accounts

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Each participant's account is credited with their contributions, Company matching contributions, allocations of the Company's profit-sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the actual earnings thereon. Vesting in the Company contributions and earnings thereon are based on a 5 year graded vesting schedule at 20% per year.

Participants automatically become fully vested with respect to Company contributions upon attaining age 55 and completion of 5 years of service.

Notes Receivable From Participants

Participants may request a loan from the Plan. The maximum amount that participants may borrow is equal to the lesser of \$50,000, reduced by all prior outstanding loan balances, or one-half of their vested account balance. A participant may have two loans outstanding at any time. The minimum amount a participant may borrow is \$1,000. Repayment terms generally may not exceed 5 years. Interest on loans is charged at an interest rate equal to 2% above the prime rate as defined in the Plan document. Participant loans currently bear interest ranging from 5.25% to 7.50%. Participant loans are collateralized by the participant's vested account balance.

1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service due to retirement, death, disability or other reasons, the participant's vested benefit is to be distributed in a manner, as defined in the Plan document, chosen by the participant or beneficiary. If the participant's vested account balance is \$5,000 or less, payment is to be paid in a single lump sum. A terminated participant may also elect to retain their vested account balance with the Plan until required to take mandatory distributions at age 70½.

Normal retirement age occurs at age 65; however, an active participant may begin to receive benefits at age 59½.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$25,000 and \$15,000, respectively, and are included in the account "Investments at Fair Value" on the statements of net assets available for benefits. These accounts are either used to reduce employer contributions or to pay plan expenses. In 2021 and 2020, Company contributions and plan expenses were reduced by approximately \$30,000 and \$24,000 from forfeited nonvested accounts.

2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and are prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as promulgated by the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, the custodian, and the trustees of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
(CONTINUED)

2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

3 - INTEREST IN 103-12 INVESTMENT ENTITY

The Plan's investments are in the American Association of Advertising Agencies Retirement Fund for Member Agencies ("Fund") which was established for the investment of assets of the plan and several other defined contribution retirement plans sponsored by member agencies. Each agency signs a joinder agreement and operates through the AAAA Benefits, Inc.'s ("4A's") volume submitter plan and trust document. 4A's, a wholly owned subsidiary of the American Association of Advertising Agencies ("Fund Sponsor") provides trustee, investment management, and record keeping services for participating retirement plans on behalf of the Fund. The Fund is organized as a 103-12 investment entity. Each participating retirement plan's interest in the Fund is based on account balances of the participants and their elected investment fund options. The Fund's assets are allocated among the participating plans by those transactions (primarily contributions, benefit payments, and expenses) that can be specifically identified, and by allocating investment income and administrative expenses related to the Fund on a daily basis based on each participant's account balance within each investment fund option. The Fund's assets are primarily comprised of mutual funds. A third-party custodian, Fidelity National Information Services, Inc. holds the Fund's assets while trades are processed through the respective mutual fund companies. 4A's is the third-party administrator of the Fund. The Fund serves as the trustee of the Plan. At December 31, 2021 and 2020, the Plan's interest in the Fund was approximately 3.39% and 3.69%, respectively.

4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Valuations based on unadjusted quoted prices available in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.
- Level 2: Valuations based on quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

M.J. BRUNNER INC. 401(k) SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
(CONTINUED)

4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Management is responsible for the Plan's fair value valuation policies, processes, and procedures. These control processes are designed to assure that the values used for financial reporting are based on observable inputs wherever possible. In the event that observable inputs are not available, the control processes are designed to assure that the valuation approach utilized is appropriate and consistently applied and that the assumptions are reasonable.

The Plan's interest in the Fund is stated at fair value. The Plan's investment in the Fund represents the Plan's interest in the net assets of the Fund (Note 3).

The Plan's valuation methodologies were applied to the investments of the Fund carried at fair value.

Following is a description of the valuation methodologies used for the Fund's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Fund are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Fund are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Fund initiates a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Fund management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments are initially recorded at their acquisition cost (if they were purchased) and at fair value (if they were received as a contribution). Subsequent to acquisition, investments are reported at their fair value. The net change in the difference between fair value and the cost of investments is reflected in the accompanying statement of changes in net assets available for benefits under the caption "Net Appreciation or Depreciation in Fair Value of Investments."

The net realized gain or loss on investments is the difference between the proceeds received and the carrying value of the investments sold. The cost of the investments includes earnings that are reinvested. Realized gains and losses on investments are accounted for on an individual security basis. Investment income is recorded on the accrual basis.

4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets for by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>

Investments Measured at Net Asset Value				791,305
Investments at Fair Value				\$ 16,248,632

The collective investment fund that was measured at fair value using the net asset value per share (or its equivalent) practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such manner as the Company may determine.

6 - TAX STATUS

The underlying pre-approved plan provider received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC. In accordance with IRS pronouncements, the Company has determined that it is eligible to, and has chosen to, rely on the current IRS opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax-exempt status. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP prescribes rules for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Plan's tax returns. Management has determined that the Plan does not have any uncertain tax positions and associated unrecognized tax benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Plan's tax returns will not be challenged by the taxing authorities and that the Plan will not be subject to additional tax, penalties, and interest as a result of such a challenge. Generally, the Plan's federal returns remain open for income tax examination for three years from date of filing.

7 - RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statements of net assets available for benefits.

8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in the Fund. The Fund is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation or depreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment.

9 - SUBSEQUENT EVENTS

The accompanying financial statements include an evaluation of events or transactions that have occurred after December 31, 2021 and through October 6, 2022, the date the financial statements were available to be issued.
