INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
msg global solutions, Inc. 401(k) Profit Sharing Plan
Princeton, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of msg global solutions, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of msg global solutions, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of msg global solutions, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about msg global solutions, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of msg global solutions, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about msg global solutions, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA in the 2021 Financial Statements

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of msg global solutions, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A – DESCRIPTION OF THE PLAN

The following description of the msg global solutions, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

GENERAL

The Plan is a defined contribution and profit-sharing plan covering eligible employees of msg global solutions, Inc. ("the Company") and msgNETCONOMY, Inc. The plan was restated on May 22, 2015 and was formerly known as the msg global solutions, Inc. 401(k) Retirement Plan. The Plan covers all employees except leased employees, employees subject to a collective bargaining agreement, non-resident aliens who receive no income in the United States, and employees who are hired on a part-time, seasonal, or temporary basis. There are no minimum eligibility requirements for all eligible employees. Employees will become part of the Plan as of the first day of the month coincident with or after their date of hire. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit-sharing contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses. Allocations are performed daily based on each participant's relative interest in the fair value of the assets held in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

EMPLOYEE CONTRIBUTIONS

A participant may contribute any amount of their compensation, subject to certain IRC limitations. Participants may elect to make deferrals as either Pre-Tax 401(k) contributions and/or Post-Tax Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Effective January 1, 2021, the Plan added an Automatic Contribution Arrangement where employees are automatically enrolled at 6% Pre-Tax 401(k) contributions unless they opt for a different deferral rate.

EMPLOYER CONTRIBUTIONS

The Company may make a discretionary matching contribution equal to a certain percentage of participants' compensation. In 2021 and 2020, the Company made matching contributions equal to 50% of the participant's elective deferral up to 6% of the participant's deferral percentage. The maximum percentage contributed by the Company was 3%.

The Company may make a discretionary profit-sharing contribution. If a profit-sharing contribution is made, it will be allocated to participants according to their compensation and their category.

CORRECTIVE DISTRIBUTIONS

Employee contributions in excess of amounts allowed by the IRS are refunded back to the employee and recorded as a reduction of employee contributions.

VESTING

Participants are immediately vested in all elective and rollover contributions. Participants are vested in the employer contributions according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Upon retirement, disability or death of a participant, the participant shall be deemed to be 100% vested in his entire account regardless of length of service. Forfeitures of non-vested account balances, if any, can be used to reduce the Company's contributions to the Plan and to pay for administrative expenses. The total forfeitures unused at December 31, 2021 and 2020 were \$42,824 and \$56,792, respectively.

The Plan used \$68,242 from the forfeiture account to pay a portion of the Company's contribution in 2021.

NOTES RECEIVABLE FROM PARTICIPANTS

In general, the plan administrator may, at their discretion, permit the Plan custodian to loan to any participant an amount not to exceed the lesser of (i) \$50,000 or (ii) 50% of the vested amount in the participant's account. Only two loans per participant are allowed to be outstanding at a time.

The interest rate on loans is determined by the Administrator and shall bear interest at a rate that is consistent with the provisions of Section 4975(d)(1) of the Internal Revenue Code, Section 2550.408b-1 of the Regulations of the U.S. Department of Labor and other applicable legal requirements. Interest shall remain fixed through the duration of the loan. Loans shall be repaid over a period of up to five years. Repayments of loan principal are generally made through payroll deductions and are treated as transfers from the loan fund to the participant's investment funds. Payments of interest on loans are allocated to the participant's investment funds in a manner consistent with the allocation of the participant's elective contributions. As of December 31, 2021 the loans are due on various dates through July 2026 with interest rates between 4.25% and 6.50%.

December 31, 2021 and 2020

PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

INVESTMENT OPTIONS

Participants may elect to invest their contributions in any of the funds selected by the Company in accordance with the objectives stated in the Plan. The number and diversity of the fund offerings are reviewed by the trustees with the Plan's investment advisor on a quarterly frequency and changes are made when considered appropriate. Participants may change their investment allocations at any time by access to individual participant directed online accounts.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Participants may also withdraw the sum of their salary reduction contributions due to hardship, medical care expenses, costs related to the purchase of a principal residence, payment of certain eligible tuition fees and certain other immediate and heavy financial needs as published by the Internal Revenue Service.

Participants, who meet specific conditions, are eligible to take a COVID-19 related distribution up to \$100,000 without a 10% early withdrawal penalty. Eligible distributions can be taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments will be treated as tax-free rollovers into the participant's account.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on an accrual basis in accordance with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

msg global solutions, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D, "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE AND INVESTMENT EXPENSES

The Sponsor pays for substantially all of the administrative expenses of the Plan. Administrative expenses for distributions, loans, QDRO's and terminated participants are charged directly to the responsible participant.

FUNDING POLICY

The Sponsor deposits the employee and employer contributions semi-monthly in conjunction with its payroll cycle.

DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through September 16, 2022, which is the date the financial statements were available to be issued.

msg global solutions, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

NOTE C – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments except for the participant loan balances and employee and employer contributions receivable in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

NOTE D – FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

msg global solutions, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within this hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the valuation methodology used at December 31, 2021 and 2020.

The Plan had \$2,424,858 and \$2,052,247 of investments in money market and mutual funds at December 31, 2021 and 2020, respectively. These are valued at the quoted price of shares held by the Plan at year end.

The Plan had \$9,489,445 and \$7,625,290 of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2021 and 2020, respectively. The net asset value is used as a practical expedient to estimate fair value and would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Included in the pooled separate accounts, are target date funds which represent participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The target date funds are composed primarily of mutual funds, separate accounts and collective trust funds.

The underlying securities in other pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	(Level 1)	Total

Pooled separate accounts measured at net asset value (a)	-	7,625,290
Total	<u>\$ 2,052,247</u>	<u>\$ 9,677,537</u>

(a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively.

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

msg global solutions, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$1,316,656 and \$1,112,294, respectively. The crediting interest rate is reset on a semiannual basis and will never be less than the Guaranteed Minimum Interest Rate.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F – BENEFIT OBLIGATIONS

Net assets available for benefits at December 31, 2021 and 2020 include \$0 and \$0 allocated to the accounts of participants who as of prior to that date had withdrawn from participating in the earnings and operations of the Plan.

NOTE G – PARTIES-IN-INTEREST TRANSACTIONS

There are certain Plan investments that represent shares of mutual funds that are within Principal. Principal is the custodian as defined by the Plan. Transactions in these funds qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Notes receivable from participants are also party-in-interest transactions.

Rounding	-	-
Net assets available for benefits per Form 5500	<u>\$ 13,425,978</u>	<u>\$ 10,983,816</u>

NOTE I – TAX STATUS

The Internal Revenue Service has opined and informed the Company by a letter dated June 30, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator considers the Plan has no uncertain positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE J – RISK AND UNCERTAINTIES

The Plan provides for various investment options by the participants in mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of the mutual funds, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

msg global solutions, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2021 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees, customers, supply chain and production in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets, resulting in an economic downturn that may impact demand for the Company's services. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make Plan contributions. At this point, the extent to which the coronavirus may impact the Company's financial results is uncertain.

NOTE K – SUBSEQUENT EVENTS

On July 14, 2022, the Plan was restated to comply with the requirements of the 2017 IRS Cumulative List (IRS Notice 2017-37), the American Taxpayer Relief Act of 2012, the Tax Cuts and Jobs Act of 2017 and other applicable guidance (collectively referred to herein as the Cycle 3 restatement).
