Report of Independent Auditors

The Retirement Committee and Participants
Factory Mutual Insurance Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Factory Mutual Insurance Company 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit

A member firm of Ernst & Young Global Limited

conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Factory Mutual Insurance Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

General

The Factory Mutual Insurance Company 401(k) Savings Plan (the Plan) was established on January 1, 2000 and is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants include employees of Factory Mutual Insurance Company (the Company or Employer). Fidelity Management Trust Company (the Trustee) serves as trustee under the Plan's trust agreement. Fidelity Workplace Services LLC serves as the recordkeeper of the Plan. The Factory Mutual Insurance Company Retirement Committee is responsible for the general administration of the Plan.

The following description of the Plan provides only general information. The Company is the plan sponsor. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

Contributions

Participants may make contributions from 1% to 50% of their annual base compensation to the Plan. Tax-deferred participant contributions cannot exceed dollar limitations prescribed by Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans (rollover contributions).

The Company makes contributions to the Plan for each contributing participant in an amount equal to 100% of the first 6% of the participant's pre-tax and after-tax contributions.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participants that are automatically enrolled at 3% have their contributions invested in the applicable lifecycle fund based on their age until they change their election. Every year, the pre-tax deferral percentage will increase by 1% per year until the deferral percentage reaches 6%.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of Company matching contributions and Plan earnings and charged with an allocation of Plan losses and administration expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, the Company's contributions, and the accumulated earnings thereon.

Participant Loans

Participants may borrow from their individual accounts up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance in the 12-month period ending on the date of the loan or 50% of their vested account balance. For principal residence loans, the maximum repayment period is 20 years. For any other loan, the maximum repayment period is 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus one. Principal and interest are paid ratably through payroll deductions.

If a participant terminates employment with the Company, they may continue to make loan payments. If the loan is not repaid it will automatically be treated as a distribution to the participant after 90 days.

Participant Withdrawals

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds $5,000 may elect to receive either a lump-sum or installment payments on a quarterly or annual basis. A participant whose vested account balance is between $1,000 and $5,000 and has not commenced receiving installment payments, will have their funds rolled out of the Plan into an individual retirement account. If the balance is $1,000 or less, the participant will automatically receive a lump-sum distribution equal to their vested account balance by the end of the calendar year.

1. Description of the Plan (continued)

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS which indicate that a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Company pays the expenses associated with administering the Plan.

Revenue Credit Program

A revenue credit is a payment by a retirement plan service provider to the retirement plan. The 2021 revenue credit in the amount of $1,498,814 represents the excess of fees the Company paid to Fidelity Management Trust Company. All 401(k) participants with an account balance at the time the revenue credit allocation was made are eligible to share in this credit after the approval from the Company's Retirement Committee. Unused revenue credit balances at year-end are reported as plan assets.

Plan Termination

The Company has not expressed any intent to terminate the Plan or its contributions into the Plan. In the event any such termination should occur, the Plan provides that participants will be entitled to the total balance in their accounts.

CARES Act

In March 2020, the U.S. Government passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. During 2020, the Plan enacted several temporary relief provisions from the CARES Act. The provisions allowed eligible individuals to receive coronavirus-related distributions without penalty, increased available loan amounts, extended the period for loan repayments, suspended required minimum distributions, and delayed the commencement date for required minimum distributions. These temporary provisions had various expiration dates throughout 2020, with all expired by December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when incurred.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Employer Contribution Receivable

Employer contribution receivable represents a true-up contribution paid subsequent to year-end for participants whose total company matching contributions made each pay period is less than 100% of the total participant deferrals, up to 6% of annual compensation.

Investment Valuation and Income Recognition

The Plan's investments (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Retirement Committee is responsible for determining the Plan's investment policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants, investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, interest income on notes receivable from participants and dividends for the year ended December 31, 2021, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

The valuation techniques required by the Fair Value Measurements (ASC 820) guidance are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions determined by the Company.

These two types of inputs create the following fair value hierarchy:

Level 1 Quoted prices for identical instruments in active markets.

Level 2 Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 Significant inputs to the valuation model are unobservable.

4. Fair Value Measurements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan as of December 31, 2021:

Mutual Funds: Shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end.

Common/Collective Trusts: The units of the investments are valued at net asset value as a practical expedient to estimate fair value. Net asset value is determined and reported by the sponsor of the fund by taking the underlying investments less liabilities and then dividing it by the number of units outstanding.

Brokerage Accounts: The Level 1 investments consist primarily of equity securities and mutual funds that are valued at quoted market prices. The Level 2 investments consist of corporate bonds, government bonds, trusts, and other types of investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan did not hold any assets classified as Level 3 in 2021 or 2020.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021		
	Level 1	**Level 2**	**Total**
Mutual funds[(a)]	$1,338,792,104	$ –	$1,338,792,104
Brokerage accounts	86,248,762	20,541,828	106,790,590
	1,425,040,866	20,541,828	1,445,582,694
Common/collective trust fund[(b)]	–	–	171,029,050
Total assets at fair value	$1,425,040,866	$ 20,541,828	$1,616,611,744

[(a)] Consists of 99.95% equity mutual fund investments and 0.05% government money market funds.

[(b)] This category includes common/collective trusts (CCTs), for which the collective investment and reinvestment of assets contributed from employee benefit plans are maintained by more than one plan. The objective of the common/collective trust fund is to provide investment results that correspond to the total return performance of its underlying securities. There are no unfunded commitments and no significant withdrawal restrictions.

	Assets at Fair Value as of December 31, 2020		
	Level 1	**Level 2**	**Total**
Mutual funds[(a)]	$1,171,751,564	$ –	$1,171,751,564
Brokerage accounts	71,572,953	16,765,291	88,338,244

Common/collective trust fund[(b)]	–	–	136,504,832
Total assets at fair value	$1,243,324,517	$ 16,765,291	$1,396,594,640

[(a)] Consists of 99.74% equity mutual fund investments and 0.26% government money market funds.

[(b)] This category includes common/collective trusts (CCTs), for which the collective investment and reinvestment of assets contributed from employee benefit plans are maintained by more than one plan. The objective of the common/collective trust fund is to provide investment results that correspond to the total return performance of its underlying securities. There are no unfunded commitments and no significant withdrawal restrictions.

5. Fully Benefit-Responsive Investment Contracts

The Plan invests in a synthetic investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The values of the synthetic investment contract held by the Plan are $207,599,793 and $219,621,121 for 2021 and 2020, respectively.

The synthetic investment contract held by the Plan includes wrapper contracts, which are designed to allow a stable value portfolio to maintain a constant value. The wrapper contracts provide a guarantee that the crediting rate will not fall below 0%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts are dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. There are no events probable of occurring that would limit the ability of the Plan to transact at contract value with the contract issuer or limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The Plan has received a determination letter from the IRS, dated May 1, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan as amended and restated, is qualified and the related trust is tax-exempt.

The Plan has received an opinion letter from the Commonwealth of Puerto Rico's Department of Treasury dated May 7, 2013, stating that the Plan is qualified under Sections 1165(a) and 1165(e) of the Puerto Rico Internal Revenue Code of 1994 (PRIRC-94) and therefore, the related trust is exempt from taxation. The PRIRC-94 was replaced January 31, 2011, by the Code for a New Puerto Rico (the Puerto Rico Code), and the retirement plan rules are now enacted as Puerto Rico Code Section 1081.01. Once qualified, the Plan is required to operate in conformity with the Puerto Rico Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Puerto Rico Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party Transactions

Certain Plan assets are invested in funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2022, the date the financial statements were available to be issued. No material transactions occurred after the balance sheet date that would impact the financial statements.
