The Plan Administrator
Virginia Mason Medical Center Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Virginia Mason Medical Center Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Other Auditors on 2020 Financial Statements

Another auditor disclaimed an opinion on the 2020 financial statements of the Plan on October 12, 2021, as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Their report indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not

express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the Virginia Mason Medical Center Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Virginia Mason Medical Center (the Employer or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

For plan years prior to 2017, employees who were at least 21 years of age, except those in an excludable group as defined by the Plan, were eligible on the first day of the month after completing one year of service, as defined by in the Plan. For the 2017 plan year and subsequent plan years, employees who are at least 21 years of age and not in an excluded group are eligible on the first day of the month after completing 1,000 hours during their first 12 months of employment or a subsequent calendar year. Participants must be employed by the Employer on the last day of the year and complete 1,000 hours of service in the year to receive the employer contributions for that year, except in the case of termination of employment during the year due to disability, death, or retirement on or after age 65.

Plan Administration

The Plan is administered by the Benefits Administrative Committee, which is a committee of the Board of Directors, of the Plan Sponsor. Fidelity Management Trust Company (Fidelity) is trustee, and Fidelity Investments is record-keeper for the Plan. Principal Life Insurance Company (Principal) serves as custodian.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

The Employer contributes an amount for each participant based on the Plan's contribution formula, as follows:

- 3.5% of the participant's eligible compensation up to the Social Security taxable wage base through the fifth year of service. Beginning with the sixth year of service, the contribution percentage for this portion is increased to 6.3%.
- 9.2% of the participant's eligible compensation in excess of the Social Security taxable wage base, up to \$180,000, through the fifth year of service. Beginning with the sixth year of service, the contribution percentage for this portion is increased to 12.0%.

The Employer funds the contributions annually subsequent to year-end.

Eligible compensation includes all payments before payroll deductions made as remuneration for services during the plan year, as defined in the Plan. Excluded are contributions by the Employer for social security, group insurance, medical and pension benefits, disability, severance pay, and pay in lieu of benefits. Total annual additions to the Plan, as defined in the Plan, for a participant are subject to certain limitations under the Internal Revenue Code (IRC).

Effective January 1, 2004, voluntary participant contributions are not allowed under the Plan.

Participant Accounts

Each participant's account is credited with the allocations of (a) the Employer's contribution and (b) plan earnings and losses and is charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the plan agreement, and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

For the 2017 plan year and subsequent plan years, a participant has a forfeitable interest in employer contributions and earnings thereon until completing three years of service, at which time the participant vests 100%.

Upon enrollment in the Plan, a participant may direct contributions to numerous Fidelity and other registered investment company funds offered by the Plan, a guaranteed investment contract (GIC) issued by Principal, and investments through the Fidelity BrokerageLink accounts. Through Fidelity BrokerageLink, participants may hold a wide variety of securities such as stocks, corporate bonds, zero-coupon bonds, U.S. treasury securities, mortgage securities, U.S. government agency bonds, certificates of deposit, taxable unit investment trusts, foreign securities, and registered investment company funds. Participants may change their investment options and transfer amounts between funds at any time.

Notes Receivable From Participants

As allowed under the Plan's provisions, the Plan has made loans to eligible participants. Combined loans to participants may not exceed the lesser of \$50,000 or one-half of the participant's nonforfeitable accrued benefit under the Plan. Loans bear interest at a commercially reasonable rate, have a defined maturity date not exceeding five years except for loans used to acquire a primary residence (maturity date would be determined by the Finance Committee), and are secured by the participant's accrued benefit. The interest rates on outstanding loans are from 4.25% to 9.25% at December 31, 2021 and 2020. The outstanding loans mature through June 2036.

Payment of Benefits

A participant or beneficiary is eligible to receive benefits as follows:

- On reaching age 65
- On reaching age 55 and having elected early retirement
- Upon being determined to be disabled
- Upon death of the participant

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

A participant is also allowed to make withdrawals of voluntary employee contributions prior to retirement.

In the event a participant's employment is terminated, the participant will receive benefits in an amount equal to the nonforfeitable interest in employer and voluntary employee contributions, plus net accumulated earnings.

The Plan provides for either lump-sum distributions equal to the participant's vested account balance or annuity purchase options for the distribution of benefits. No annuity purchase options were requested in 2021 or 2020. For termination of service with vested benefits of \$1,000 or less, a participant or beneficiary will automatically receive the value of the vested account as a lump-sum distribution.

Forfeitures

At December 31, 2021 and 2020, unallocated forfeitures totaled approximately \$97,000 and \$21,000, respectively. Forfeitures totaling \$29,015 and \$92,591 were used to pay for administrative expenses at December 31, 2021 and December 31, 2020, respectively. Forfeitures totaling \$6,287 and \$202,055 were used to reduce employer contributions funded in 2021 and 2020, respectively.

Administrative Expenses

Administrative expenses include participant loan fees, short-term trading fees generated by participant requested transactions, and fees for overnight mailing requested by participants. These fees are paid by the participants who incur them. The Plan Sponsor pays expenses that are not paid by the Plan.

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from plan assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Shares of registered investment company funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. BrokerageLink securities include U.S. government securities, common stocks, preferred stock, and corporate bonds and notes, and are valued at quoted market prices. Life insurance policies are valued based on the cash surrender value as reported by the insurance companies. Cash equivalents consist of money market funds, which are valued at fair value based on the reported closing price.

The Fidelity Principal Fixed Interest Plus Annuity Fund (the Principal Fund) consists of a GIC with a minimum interest rate. The GIC is fully benefit-responsive and is reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals and administrative expenses, if any.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1% or greater than 3%. Such interest rates are reviewed on an annual basis for resetting. There are no unfunded commitments from the Plan.

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

For both years ended December 31, 2021 and 2020, the minimum interest rate of the Principal Fund was 1.00% and the average yield was 2.25% and 2.25%, respectively. Contract value is equal to principal balance plus accrued interest.

The net change in the unrealized appreciation from one period to the next and realized gains and losses on the sale of securities are recognized as net appreciation in fair value of investments. Investment transactions are recorded on the trade date. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Risks and Uncertainties

The plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits.

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Other Revenue

Other revenue represents revenue received by the trustee in connection with plan services that exceeds the agreed-upon compensation. The Plan's trustee has a revenue sharing agreement with the Plan wherein the excess of revenues over the agreed upon compensation will be allocated to the accounts of eligible participants. In years where there is no revenue sharing, the ERISA expenses will result in a reduction of the Plan's net assets. In years where there is revenue sharing, the ERISA expenses will be allocated to participant accounts as negative expenses.

3. Information Certified by Custodians

The following information included in the financial statements and supplemental schedule was provided and certified by Fidelity and Principal, the trustee and custodian of the Plan, respectively, as complete and accurate:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Interest and dividend income
- Interest on notes receivable from participants
- Net appreciation in fair value of investments
- Investment information included in Note 7, excluding level designations
- Schedule of assets (held at end of year)

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, or contributions are completely discontinued, participants become fully vested with respect to benefits accrued to the date of such termination or discontinuance.

5. Party-in-Interest and Related-Party Transactions

Certain plan investments are managed by Fidelity and Principal. Fidelity and Principal are the trustee/custodians as defined by the Plan; and therefore, these transactions qualify as party-in-interest transactions.

6. Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated June 3, 2015, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, plan management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

7. Fair Value of Financial Instruments

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Registered investment company funds, money market funds, U.S. government securities, common stocks, preferred stock, and corporate bonds and notes are included in this category.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability used when little or no market data is available.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

7. Fair Value of Financial Instruments (continued)

The following table presents investments that are measured at fair value on a recurring basis (including items that are required to be measured at fair value) at December 31, 2021:

	Total	Level 1	Level 2	Level 3
Investments:				
Registered investment company funds	\$ 520,856,210	\$ 520,856,210	\$ —	\$ —
Fidelity BrokerageLink: Self-directed brokerage account	55,412,857	55,412,857	—	—
	\$ 576,269,067	\$ 576,269,067	\$ —	\$ —

The following table presents investments that are measured at fair value on a recurring basis (including items that are required to be measured at fair value) at December 31, 2020:

	Total	Level 1	Level 2	Level 3
Investments:				
Registered investment company funds	\$ 468,919,918	\$ 468,919,918	\$ —	\$ —
Fidelity BrokerageLink: Self-directed brokerage account	52,274,783	52,274,783	—	—
	\$ 521,194,701	\$ 521,194,701	\$ —	\$ —

The financial statements as of and for the years ended December 31, 2021 and 2020, do not include any nonrecurring fair value measurements relating to assets or liabilities.

8. Subsequent Events

Effective January 1, 2021, Franciscan Health System (FHS), Virginia Mason Health System (VMHS), and CommonSpirit Health (CommonSpirit), a member of FHS, completed the affiliation transaction (the Affiliation) contemplated by the Affiliation Agreement, dated as of December 31, 2021, pursuant to which, among other things, CommonSpirit formed Virginia Mason Franciscan Health, a Washington nonprofit corporation (VMFH).

Virginia Mason Medical Center Retirement Plan

Notes to Financial Statements (continued)

8. Subsequent Events (continued)

After the effective date, CommonSpirit and VMHS are the sole corporate members of VMFH, which is a controlled subsidiary of CommonSpirit and will be consolidated with CommonSpirit for accounting purposes. As a result of the Affiliation, VMFH now governs and manages the combined operations of FHS, Virginia Mason Medical Center (VMMC), Benaroya Research Institute (BRI), and certain other affiliates of FHS and VMMC, subject to certain VMHS protective reserved powers and other reserved powers held by CommonSpirit, and VMFH is now the sole corporate member of both VMMC and BRI. There were no changes to the Plan as a result of the affiliation transaction.

Subsequent events have been evaluated through September 30, 2022, the date that the accompanying financial statements were available to be issued.

EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via ey.com/privacy. EY member firms do not practice law where prohibited by local laws. For more information about our organization, please visit ey.com.
