Vestil Manufacturing Corp. Retirement Savings Plan
Angola, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Vestil Manufacturing Corp. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Vestil Manufacturing Corp. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vestil Manufacturing Corp. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vestil Manufacturing Corp. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vestil Manufacturing Corp. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Vestil Manufacturing Corp. Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

VESTIL MANUFACTURING CORP. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021

Note 1. Plan Description

The Plan is a defined contribution plan which covers all employees of Vestil Manufacturing Corp. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended by ERISA. The provisions of the Plan are included in the official Plan document which legally governs the operations of the Plan and is available for more detailed information.

Eligibility:

Employees become eligible to participate in the Plan after one year of service and completion of at least 1,000 hours of service, provided they have attained the age of 21. Participants may enter the Plan on the first day of the next calendar month following the completion of all eligibility requirements.

Employee Contributions:

Employees may elect a salary reduction upon the effective date of participation and on the first day of each month, thereafter. Participants can elect a salary reduction of an amount between one and thirty percent of compensation, as defined in the Plan. However, the amount may not exceed the maximum amount permitted under the Internal Revenue Code. Participant rollover contributions are also permitted.

Company Contributions:

The Plan provides for a Company matching contribution based on a discretionary formula. For the Plan year ended December 31, 2021, the match was equivalent to 5% of participant contributions, up to 15% of compensation, allocated based upon participant's deferrals as a percent of all the participant's deferrals. In addition, the Company may make a discretionary profit sharing contribution. There were no discretionary profit sharing contributions to the Plan during the year ended December 31, 2021. To receive an allocation of the Company's matching and discretionary profit sharing contributions, eligible employees must be employed on the last day of the Plan year.

Participant Accounts:

Each participant's account is credited with the participant's contribution, and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Company contributions, Plan earnings and administrative expenses are allocated as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting:

Participants are immediately vested in their contributions and become fully vested in Company contributions plus actual earnings thereon upon completion of three years of service.

Forfeitures:

Forfeited balances of terminated participant's nonvested accounts are used to reduce the Company's contributions for the current Plan year. At December 31, 2021 and 2020, there were \$1,186 and \$468, respectively, available to be used to reduce future Company contributions. No forfeitures were used to reduce Company contributions for the year ended December 31, 2021.

Notes Receivable from Participants:

Subject to Plan terms and conditions, participants may borrow from the Plan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at loan origination. The loan plus interest must be repaid to the participant's account based upon terms of the loan agreement. Principal and interest is paid ratably through regular payroll deductions. The balance of the loan becomes due upon termination of employment of the participant. The Plan allows participants to borrow a minimum of \$1,000 and limits participants to two outstanding loans at one time. Loans outstanding at December 31, 2021, mature through June 2028 and have interest rates ranging from 4.25% to 6.50%.

Payment of Benefits:

Upon termination of service, distributions are made in lump-sum amounts equal to the value of the participant's vested interest in his or her account or in installments sufficient to satisfy the required minimum distribution amounts. In-service distributions from vested amounts may be made to a participant who has not separated from service provided he or she has attained age 59-1/2. Hardship distributions are also allowed as described in the Plan document.

Investment Options:

Upon enrollment in the Plan, a participant may direct employee and Company contributions in whole percentages into a variety of investment options. Participants may change their investment choices at any time. All amounts in participant accounts are participant-directed.

Note 1. Plan Description (Continued)

Termination:

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth by ERISA. In event of Plan termination, participants will become fully vested in their accounts.

Note 2. Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principals generally accepted in the United States of America.

The Plan holds an investment in a collective trust fund that is considered to be a fully benefit-responsive investment. Fully benefit-responsive investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. However, these funds qualify for measuring fair value using the net asset value (NAV) practical expedient. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

VESTIL MANUFACTURING CORP. RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)

December 31, 2021

Note 2. Significant Accounting Policies (Continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits:

Benefit payments to participants are recorded when paid.

Operating Expenses:

All expenses of maintaining the Plan are paid by the Company. Certain investment related expenses are included in net appreciation in fair value of investments.

Expense Offset Arrangement:

Investment fee rebates are recorded as other income and the expenses paid with the rebates are recorded as administrative expenses.

Subsequent Events:

Management of the Plan has evaluated events and transactions for possible recognition or disclosure through September 29, 2022, the date the financial statements were available to be issued.

Note 3. Financial Statement Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified by Capital Bank and Trust Company, the trustee, and was not subjected to any auditing procedures performed by independent public accountants:

- a. Investments in mutual funds, collective trust fund and notes receivable from participants as shown in the accompanying statements of net assets available for benefits.
- b. Net investment earnings, including interest income from notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits, and net realized and unrealized appreciation (depreciation) in fair value of investments.
- c. Schedule of assets (held end of year).

Note 4. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end.

Collective trust fund: Valued at the net asset value (NAV) provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

VESTIL MANUFACTURING CORP. RETIREMENT SAVINGS PLAN

Note 6. Parties-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Company provides certain accounting, recordkeeping, and administrative services for the Plan for which it receives no compensation. The Company also incurs administrative expenses for legal, accounting and other services related to the Plan. The Plan invests in mutual funds and a collective trust fund sponsored by the trustee.

Note 7. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 8. Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
