Independent Auditor's Report

To the Plan Administrator
Integrus Architecture, P.S. Incentive Savings Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Integrus Architecture, P.S. Incentive Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Integrus Architecture, P.S. Incentive Savings Plan

Notes to Financial Statements

1. Plan Description

The following summary of the INTEGRUS Architecture, P.S. 401(k) Plan (the “Plan”) is provided for general information purposes only. For a complete description of the Plan and its specific provisions, a copy of the Plan agreements should be obtained directly from INTEGRUS Architecture, P.S. (the “Company” or “Plan Sponsor”).

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age eighteen or older who are not temporary, seasonal, interns, contractors or leased employees. Employees are eligible for Plan participation on the first day of employment. Part-time, temporary, or seasonal employees become eligible to participate in the Plan after completing one year of service with at least 1,000 hours of service during such period. Employees are automatically enrolled to defer 2% of their compensation into a target date mutual fund based upon the employee’s age, unless another percentage or investments are designated or an election not to defer is made. The Plan was effective February 1, 1986 and has been subsequently amended and restated by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan’s third party administrative and recordkeeping duties are performed by Randall & Hurley and the Plan’s asset management and custodian responsibilities are performed by Charles Schwab Bank.

Contributions

Each year, participants may contribute a percentage of their annual eligible compensation, up to established IRS limits. Additionally, participants may voluntarily elect to contribute after tax, Roth contributions, not exceeding a specific dollar amount determined by applicable law. Unless a participant elects a specific deferral percentage, they are automatically enrolled to defer 2% of eligible pre-tax compensation. There are no auto escalations of participant deferrals. Participants age 50 or older before the end of the Plan year are also eligible to make catch-up contributions as specified by the Internal Revenue Code. Participants may also contribute rollover amounts representing distributions from other tax-qualified retirement plans.

The Company’s matching contribution is discretionary. During the year ended December 31, 2021, the Company made discretionary contributions of \$160,359. These contributions were calculated at 25% of the employee’s deferrals up to 8% of an employee’s salary. Individual participants direct their contributions and associated employer contributions into various investment options offered by the Plan.

Participant Accounts

Separate accounts are maintained for each participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, an allocation of administrative expenses, and an allocation of Plan earnings or losses. Allocations of Plan earnings or losses are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant’s vested account. The Plan does not allow for loans against participant balances.

Integrus Architecture, P.S. Incentive Savings Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions and earnings thereon. Employer discretionary matching contributions and actual earnings thereon are based on years of continuous service and become vested as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	33%
2	66%
3	100%

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment as specified in the Plan agreement. The forfeiture account is available to pay Plan administrative expenses and/or reduce the Company's contributions. As of December 31, 2021 and 2020, and for the year ended December 31, 2021, forfeiture activity and balances were immaterial to the Plan.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution immediately after termination or may defer distribution to a later date if certain criteria are met.

For terminated participants with an accrued benefit between \$1,000 and \$5,000, the Plan may distribute a lump-sum amount without participant consent to an individual retirement account set up for the participant.

Participants with an accrued benefit of \$1,000 or less will receive a lump-sum amount equal to the value of his or her vested account on a distribution date following separation from services. The distribution date will be the earliest administratively feasible date determined by the Plan administrator.

Withdrawals from the Plan may also be made upon circumstances of financial hardship or upon the attainment of age 59 ½, in accordance with provisions specified in the Plan. Retired participants also have an option of delaying the receipt of benefits. The payments for retired participants, however, are required to begin no later than April 1st following the end of year in which the participant reaches the age of 72.

Administration Expenses

The Company pays certain expenses associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees paid by the Plan include distribution fees, overnight check processing fees, and asset based fees. These fees are paid out of the participant's account balance and are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits. Investment related expenses paid to investment advisors and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plan's investment earnings activity and are therefore included in net appreciation/depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of any contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosure related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Custodian

The following is a summary of the investment information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the Plan's custodian and furnished to the plan administrator. The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

<i>December 31,</i>	2021	2020
Cash	\$ 3	\$ 12,582
Money market funds	1,453,842	1,594,233
Mutual funds	21,820,269	18,920,715

Year Ended December 31, 2021

Net appreciation in fair value of investments	\$ 2,727,416
Dividend and interest income	669,594

4. Fair Value Measurements

Fair value accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the accounting guidance are described below:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Money Market Funds:

These investments are valued at market price, which is equivalent to \$1 per unit.

Mutual Funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2021 and 2020:

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 1,453,842	\$ -	\$ -	\$ 1,453,842
Mutual Funds	21,820,269	-	-	21,820,269

5. Related Party and Party-in-interest Transactions

Randall & Hurley is the Plan record-keeper and therefore fees paid qualify as party-in-interest transactions. Plan assets are held and invested by Charles Schwab Bank, the current Plan custodian, and, therefore, these transactions qualify as party-in-interest transactions. During the year ended December 31, 2021, the Plan recorded administrative expenses of \$13,375 and \$8,058 paid to Randall & Hurley and Charles Schwab Bank, respectively. For further information, administrative expenses are discussed above in Note 1. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Internal Revenue Service has informed Randall & Hurley, Inc. by a letter dated June 30, 2020, that the Volume Submitter Plan upon which the Plan is based is designed in accordance with the provisions of the Internal Revenue Code ("IRC"). The Plan has not yet applied for its own determination letter and has since been amended; however, in the opinion of the Plan's custodian and administrator, the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan and related trust are tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes to Financial Statements

9. Subsequent Events

The Company has evaluated subsequent events through October 12, 2022, which is the date that these financial statements were available to be issued. In 2022, the Plan was amended to change the match and automatic contribution amounts. The match changed to 100% of employee deferrals up to 4% of compensation when participants contribute at least 5% and the automatic enrollment increased to 4% upon enrollment. The Company also amended their plan to allow some participant loans to roll into the Plan due to the acquisition of a Portland firm. Employees cannot take out new loans. There were no other events identified which required disclosure in these financial statements.
