INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Hampshire College
403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Hampshire College 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, have elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

Prior to January 1, 2009, records were maintained at a contract, not a plan, level; therefore, management has not maintained, and TIAA did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, line 4i-Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the financial statements of Hampshire College 403(b) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the 2020 financial statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by TIAA and CREF, insurance carriers, and TIAA, the recordkeeper of the Plan as an agent for TIAA, FSB, the directed custodian, collectively known as "TIAA", the "custodian" of the Plan, except for comparing such information with the related information included in the 2020 financial statements.

Because of the inadequacies in the Plan's prior years' records, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity was stated as of December 31, 2009, or the propriety of the distributions to participants who terminated during the years then ended.

Our audit report dated September 23, 2021, indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Hampshire College
403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Hampshire College 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, have elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

Prior to January 1, 2009, records were maintained at a contract, not a plan, level; therefore, management has not maintained, and TIAA did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, line 4i-Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the financial statements of Hampshire College 403(b) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the 2020 financial statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by TIAA and CREF, insurance carriers, and TIAA, the recordkeeper of the Plan as an agent for TIAA, FSB, the directed custodian, collectively known as "TIAA", the "custodian" of the Plan, except for comparing such information with the related information included in the 2020 financial statements.

Because of the inadequacies in the Plan's prior years' records, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity was stated as of December 31, 2009, or the propriety of the distributions to participants who terminated during the years then ended.

Our audit report dated September 23, 2021, indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

**HAMPSHIRE COLLEGE
403(b) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Hampshire College (the “College”) 403(b) Retirement Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General Information

The College established the Plan to provide employees with a systematic means of saving and investing for the future. All permissible employees of the College, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The board of trustees is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s board of trustees.

Plan Contributions

Participants may contribute the maximum amount allowed by law by means of payroll deductions, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For participants contributing at least 3% after completing one year of service, the College will contribute 8% of the participant’s compensation up to the Social Security taxable wage base, plus 10% of the participant’s compensation that exceeds the taxable wage base. As a condition of employment, at the age of 30, a participant is required to make contributions to the Plan in order to obtain/continue the College contributions as stated above by contributing 3% if the participant has fewer than 3 years of service and 5% of compensation if the participant has 3 or more years of service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the College’s contributions, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants’ earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested accounts.

Vesting

Participants are immediately 100% vested in their account under the Plan.

**HAMPSHIRE COLLEGE
403(b) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS, Continued

Payment of Benefits

Upon retirement, termination, disability or death, a participant or beneficiary may receive the entire amount credited to the participant's account in either a lump sum or other form permitted by the Plan at the participant's election. There are also provisions for hardship benefits and in-service distributions when a participant reaches the age of 59 ½.

Plan Loans

Plan loans are available to participants and are issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security is required and a portion of the participant's account is held as collateral in the TIAA Traditional Annuity account to cover 110% of the outstanding loan in case of default. Participants may borrow, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45 percent of the present value of the vested accrued benefit. Loan terms range from 1-5 years or 10 years for the purchase of a primary residence. The loans bear interest at a variable rate and are subject to change based on the Moody's Corporate Bond yield average. Principal and interest are paid ratably by the participant directly to TIAA. A default charge will be assessed against the portion of the loan collateral used to foreclose on all or part of any loan.

The loans are not shown in the Plan's statements of net assets available for benefits as the loans are not made from Plan assets and therefore not considered assets of the Plan, unless the loan is in default.

Loan balances outstanding from TIAA, including loan defaults, to the Plan's participants as of December 31, 2021 and 2020 were \$297,615 and \$239,849 respectively. At December 31, 2021 and 2020, there were \$8,925 and \$8,563, respectively, in loans to participants in default and subject to repayment from participant's accounts at the time of distribution.

Annual Reporting Requirements

Prior to January 1, 2009, TIAA maintained records at a contract, not plan, level and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As a result, TIAA has been unable to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Therefore, the completeness and accuracy of the annuity and custodial accounts, related investment income, and distributions if any, could not be determined for periods prior to January 1, 2009.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the College. Expenses that are paid by the College are excluded from these financial statements. Fees related to the administration of the Plan are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2022, the date the financial statements were available to be issued.

3. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF (collectively known as “TIAA”), insurance carrier of the Plan, and on behalf of TIAA, FSB, the directed custodian of the Plan.

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**HAMPSHIRE COLLEGE
403(b) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS, Continued

Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 or 2020. The following are descriptions of the valuation methodologies used for assets measured at fair value.

Guaranteed investment contract: Invested in fixed annuity contracts and are valued at fair value by TIAA by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (see Note 7).

Pooled separate account (PSA): Invested in real estate and real estate-related investments and are valued from the market value of the underlying real estate holding or other real estate instruments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. These securities held are priced using net asset value ("NAV") of units as determined by TIAA. Unit values are calculated daily. NAV is published on the open market, however are not publically traded. NAV is a readily determinable fair value and is the basis for current transactions.

Registered investment companies: Invested primarily in mutual funds, including money market funds, and variable annuity contracts. Variable annuity contracts are invested principally in equity securities, fixed-income instruments, and short-term investments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Money market funds are valued at amortized cost.

Variable annuity contracts: Valued at NAV of shares, which are valued by the insurance company at accumulation unit value based on the underlying investments held by the Plan at year-end. NAV is published on the open market, however are not publicly traded. NAV is a readily determinable fair value and is the basis for current transactions.

Changes in Fair Value of Level 3 Assets

The availability of observable market data monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2021 and 2020:

	2021	2020
	Guaranteed Investment Contract	Guaranteed Investment Contract
Purchases	\$ 1,970,539	\$ 3,106,280
Issuances	\$ (3,214,353)	\$ (5,139,500)

There were no transfers in and out of Level 3 assets for the years ended December 31, 2021, and 2020.

5. Revenue Sharing

At December 31, 2021 and 2020, revenue sharing credit accounts totaled \$7,119 and \$23,625, respectively. During 2021, total additions amounted to \$82,240, which included \$665 of investment income and other adjustments. \$36,280 was used to pay Plan administrative expenses and \$62,466 was allocated to Plan participants.

6. Plan Termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to amend, modify, or terminate the Plan subject to the provisions of ERISA.

**HAMPSHIRE COLLEGE
403(b) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS, Continued

7. Guaranteed Investment Contract

The Plan has a guaranteed investment contract with TIAA. TIAA maintains the contributions in a general account, the TIAA Traditional Annuity. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Any additional interest is not guaranteed. The TIAA Traditional Annuity does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

A portion of the TIAA Traditional Annuity contract is considered non benefit-responsive. These contracts are included in the financial statements at fair value. These contracts are subject to a 10-year withdrawal period.

The other portion of the contract is considered fully benefit-responsive. For the portion of the contract that is considered fully benefit-responsive, contract value is the relevant measurement attribute for the statement of net assets available for benefits. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over ten annual installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount purchases an annuity contract and is recorded as a deduction in the statement of changes in net assets available for benefits.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

**HAMPSHIRE COLLEGE
403(b) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS, Continued

Guaranteed Investment Contract, Continued

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

8. Related Party/Party-in-Interest Transactions

The Plan invests in unallocated insurance contracts, mutual funds, and annuities managed by the Plan's custodian. The insurance company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Certain employees and officers of the College, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

The College is the Plan Sponsor and therefore considered a party-in-interest. Certain plan expenses may be covered by the Plan and/or the College. These transactions are party-in-interest transactions under ERISA.

Global Retirement Partners, formerly known as Baystate Fiduciary Advisors, Inc., a financial advisor, provides investment management and consultation services to the Plan and its participants. As a provider of services to the Plan, these transactions qualify as party-in-interest transactions.

The Angell Pension Group, a third party administrator, provides administrative services to the Plan. As a provider of services to the Plan, these transactions qualify as party-in-interest transactions.

TIAA provides certain administrative services to the Plan pursuant to an agreement between the College and TIAA. TIAA receives revenue from service providers for services TIAA provides for the funds. This revenue is used to offset certain amounts owed to TIAA for its administrative services to the Plan. If the revenue received by TIAA from such service providers exceeds the amount owed under the agreement, TIAA remits the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021, the excess amount was \$81,575. The Plan or Plan sponsor may make a payment to TIAA for administrative expenses not covered by revenue sharing.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 [or the draft listing of required modifications issued April 4, 2009]. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes the Plan is currently designed and operated in compliance with applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain position that may not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expect to be taken that would require recognition of a tax liability (or tax asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2018.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
