Report of Independent Auditors

To the Administrator of RGNext 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of RGNext 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the

auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RGNext 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

A. Description of Plan

The following description of the RGNext 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all employees of Range Generation Next LLC ("Company") who meet eligibility requirements based on their employment status and, if applicable, their Collective Bargaining Agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The RGNext 401(K) Committee ("Committee") is responsible for oversight of the Plan and has delegated certain responsibilities to the Plan Administrator ("Administrator"). The Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan commenced on April 6, 2015.

Effective for Plan years beginning after January 1, 2021, this Plan is amended to a safe harbor 401(k) plan. A safe harbor 401(k) plan is a plan design where a Company commits to making certain minimum contributions to the plan. This commitment to make contributions enables RGNext to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met, which is why it is called a "safe harbor" plan.

2. *Contributions.* Each year, participants may elect to defer from their compensation a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral, up to certain IRS limitations (\$19,500 in 2021 and \$19,500 in 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to certain IRS limitations (\$6,500 in 2021 and \$6,500 and 2020). There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. For purposes of this description, "salary deferrals" generally means both Pre-Tax 401(k) deferrals and Roth 401(k) deferrals.

Pre-Tax 401(k) Deferrals. Pre-Tax 401(k) deferrals reduce taxable income by the deferral contributions. Later, when the Plan distributes the deferrals and earnings, participant will pay the taxes on those deferrals and the earnings.

Roth 401(k) Deferrals. Roth 401(k) deferrals are subject to federal income taxes in the year of deferral. However, the deferrals and, in most cases, the earnings on the deferrals are not subject to federal income taxes when distributed to the participant. In order for the earnings to be tax free, certain conditions must be met as described in the Plan description.

Company Contributions. The Company will make Safe Harbor contributions to the account of each eligible participant in an amount equal to 100% of the amount of the participant elective deferrals that do not exceed 3% of the participants compensation, plus 50% of the that amount exceeding 3% of the participants compensation, up to 5%. Represented employees, those covered under a Collective Bargaining Agreement (CBA), do not participate in the safe harbor match described above. Their match, including any additional profit-sharing contributions, will be as specified in their perspective CBA.

Rollover Contributions. The Company allows eligible rollover contributions.

Notes to Financial Statements
December 31, 2021 and 2020

3. *Participant Accounts.* Each participant's account is credited with the participant's contributions and Company contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are 100% vested immediately in both their contributions and the Company's contributions plus actual earnings thereon.
5. *Notes Receivable from Participants.* Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account. The note interest rate is equal to one percent above the prime rate. The interest rate will be fixed for the duration of the note. Generally, the term of notes may not exceed five years unless related to the purchase of your principal residence and are repaid through payroll deductions or check.
6. *Payment of Benefits.* On termination of service from the Company due to death, disability, retirement, or other reasons, the participant may receive a distribution from their account in the Plan. If the value of the vested account balance does not exceed \$5,000, then a distribution will be made to the participant regardless of whether they consent to receive it. If the vested account balance exceeds the \$5,000 threshold then the participant must consent to a distribution. Participants may also elect to rollover distributions to a qualified Individual Retirement Account.
7. *Forfeited Accounts.* At December 31, 2021 and 2020, forfeited accounts totaled \$201 and \$0, respectively. These accounts will be used to reduce future employer contributions. Also, in 2021 and 2020, employer contributions were reduced by \$0 and \$43,184 respectively from forfeited accounts.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting under US Generally Accepted Accounting Principles.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RGNext 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

Fully benefit-responsive investment contracts (FBRICs) are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in FBRICs through the Voya Fixed Account.

Pooled Separate Account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, and the insurance companies. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and unrealized appreciation or depreciation on those investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis at a rate between 4.25% and 6.50% for 2021 and 4.25% and 6.50% for 2020. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are classified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees related to the administration of individual participant services and transactions are charged directly to the participant's account and are included in administrative expenses. Expenses related to the Plan's pooled separate accounts are not reported separately, but rather are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. In 2021, the COVID-19 pandemic continues to cause

RGNext 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

significant volatility in U.S. and international financial markets, which impacted the Plan's investments performance. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued. No events were identified that are required to be reported.

C. Information Certified by the Insurance Company

The Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investments and notes receivable from participants held at December 31, 2021 and 2020 and interest and dividends, net appreciation (depreciation) in fair value of investments and interest income on notes receivable from participants for the years ended December 31, 2021 and December 31, 2020, disclosed in the accompanying financial statements (as disclosed in the table below) and supplemental schedule (Schedule H, Line 4i- Schedule of Assets (Held at End of Year))as applicable, were obtained or derived from the information supplied to the Administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("VRIAC"), the insurance company of the Plan.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive markets; ● inputs other than quoted prices that are observable for the asset or liability; ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

There have been no transfers between levels during 2021 and 2020. Following is a description of the valuation methodology used.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Pooled Separate Accounts: The Plan is funded through VRIAC utilizing variable funds. The variable funds are pooled separate accounts that invest directly in designated mutual funds. The separate account owns and holds the underlying mutual funds which are valued daily at their net asset value (NAV). Plans and participants hold “units of participation” in the separate account. The accumulation unit value (AUV) is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. VRIAC determines the AUV daily based on the net asset value of shares in the underlying fund, the fund’s dividends and the Contract’s separate account charges. The AUV is published to

RGNext 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

the Plan by VRIAC and transactions occur daily in and out of the accounts. Given that the funds are actively traded, the pooled separate accounts are classified as Level 1.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

E. Fully Benefit-Responsive Investment Contracts

In 2015, the Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Financial through a group funding contract issued by VRIAC. The account is an obligation of VRIAC's general account. The value of the account is determined by the daily crediting of interest which is subject to minimum contractual guarantees. Investment transfers to and from the account and withdrawals to pay participant benefits are made at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis for resetting.

RGNext 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the Contract Holder to terminate the agreement prior to the scheduled maturity date unless the Contract Holder is notified of any unilateral change.

F. Related-Party Transactions and Party In Interest Transactions

VRIAC, the Insurance Company of the Plan, and its affiliates, manage certain investments held by the Plan. Transactions with such investments qualify as party-in-interest transactions that are allowable under ERISA. For the years ended December 31, 2021 and 2020, the Plan was not credited revenue under the revenue sharing agreement.

Subject to the terms of the Plan document, the Plan makes certain loans to participants who are employees of the Company and are therefore parties-in-interest with respect to the plan. The Company, as Plan Sponsor, and the Committee and Administrator, as management of the Plan, are considered related parties to the Plan.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right at any time to terminate the Plan by delivering to the Trustee and Administrator written notice of such termination subject to the provisions of ERISA. Upon any full or partial termination or upon the complete discontinuance of the Company's contributions to the plan, all amounts credited to the affected participants' combined accounts shall not thereafter be subject to forfeiture.

H. Income Tax Status

The Plan is a volume submitter ("VS") plan. A VS plan is a sample plan of a VS practitioner that the Company adopted on an identical or substantially identical basis. The IRS issued an advisory letter to the VS practitioner dated March 31, 2014, that the VS Plan is in compliance with Section 401 of the Internal Revenue Code (IRC). The Plan's Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by

**RGNext 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020**

taxing jurisdictions: however, there are currently no audits for any tax periods in progress since Plan commencement. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.
