Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Fairchild Tropical Botanic Garden Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held at Year End and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**FAIRCHILD TROPICAL BOTANIC GARDEN DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Fairchild Tropical Botanic Garden, Inc. (the “Company”) Defined Contribution Retirement Plan known as the Fairchild Tropical Botanic Garden Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that provides for elective deferrals that satisfy the universal availability requirements under Code Section 403(b)(12). The Plan is designed to meet the requirements of the Internal Revenue Code of 1986 (Code), as amended, and the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was initially effective on May 1, 1966, and restated on January 1, 2009, by adopting a prototype plan that is intended to be used by tax-exempt organizations described in Code Section 501(c)(3) to satisfy the requirements for an arrangement described in Code Section 403(b) that may include employee elective deferrals, mandatory employee contributions, and nondeductible employee contributions. It also allows for matching contributions and employer contributions covering all full-time employees of the Company who have completed one year of Sections 403(b)(1) annuity contracts or Code Sections 403(b)(7) custodial accounts that are authorized by the Company.

Eligibility Requirements

To become eligible, participants must be a full-time employee of the Company upon employment commencement date. After completing one year of service and attaining 21 years of age, an employee is eligible for matching contributions.

Contributions

Employee Contributions

Each participant may enter into a written salary reduction agreement to make elective contributions to their respective “Employee Salary Deferrals Account”. No participant is permitted to contribute, in any calendar year, contributions to the Plan in excess of the dollar limitation of Code Section 402(g) in effect at the beginning of that calendar year.

Matching Contributions

The Company in its discretion, makes matching contributions to the Plan on behalf of all participants who make employee contributions. The Plan maintains an “Employer Matching Contributions Account” for the matching contributions made on behalf of a participant.

Effective June 1, 2016, the Company amended the Plan to reduce the matching contributions to three percent (3%) of a participant’s compensation provided the participant’s elective deferrals equal or exceed three percent (3%) of the participant’s compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are 100% vested in their “Employee Salary Deferrals Account” and “Employer Matching Contributions Account”, plus actual earnings thereon.

Rollovers

The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

Payment of Benefits

Participants may receive an amount equal to the value of their vested interest upon termination of employment, death, disability or retirement. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant’s vested interest, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest as a lump sum distribution.

Participant Loans and Plan Loans

A Participant Loan is a type of plan loan separate and distinct from a Plan Loan. Plan Loans are issued directly from the funds owned by TIAA and not directly from a participant’s account. Plan Loans are collateralized by a portion of the participant’s account balance held in the TIAA Traditional Annuity equal to 110% of the outstanding loan balance. The loan interest rate for Plan Loans may be fixed or variable and is paid directly to TIAA. At December 31, 2021 and 2020, the Plan had no Participant Loans. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence and bear interest at a rate initially determined by the terms of the TIAA controlling contract.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 962, Plan Accounting – Defined Contribution Pension Plans*, requires investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the TIAA Traditional Annuity.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

**FAIRCHILD TROPICAL BOTANIC GARDEN DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Forfeitures

The Plan had no forfeiture balances as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the Company. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2022, the date the financial statements were available to be issued.

NOTE 3 – PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds and investment contracts managed by TIAA. TIAA is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related net appreciation (depreciation) in value of investments, interest and dividend income reflected in the accompanying Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2021 and 2020.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 – asset value is based on actual quoted prices in active markets for identical securities (mark-to-market).

Level 2 – other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).

Level 3 – significant unobservable inputs (including management’s own assumptions in determining the fair value of investments).

Registered Investment Companies and Pooled Separate Accounts consist of investments principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio’s investment objectives. Investments are generally valued using market quotations or prices obtained from independent pricing services, except those held by TIAA Money Market Fund, whose holdings are valued at amortized cost.

Non-Benefit Responsive Contracts: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. See Note 9.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2021:

Assets at 12/31/2021	Fair Value	Fair Value Measurements Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered Investment Companies	\$ 9,382,475	\$ 9,382,475	\$ -	\$ -

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

Fair Value Measurements Using:

Investments at fair value	<u>\$ 11,797,145</u>	<u>\$ 11,797,145</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 6 – TAX STATUS

The Company has adopted a prototype plan that has not received an approval letter from the Internal Revenue Service that such plan was acceptable under Code Section 403(b). Although the Plan has not received such a determination letter, the plan administrator and the Plan's tax counsel believe the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various instrument securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants, if not already, will become 100% vested in their accounts.

FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 9 – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

Non-benefit Responsive Investment Contract

The Plan has an investment contract with TIAA (TIAA Traditional) that is not fully benefit responsive. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is not fully benefit-responsive; therefore, investments are required to be reported at fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value less a transaction fee. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Benefit Responsive Investment Contract

The Plan has a benefit-responsive investment contract with TIAA. This insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Based on its assumptions and analysis, TIAA has concluded that contract value approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. At December 31, 2021 and 2020, the benefit responsive contracts totaled \$730,407 and \$732,245, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 10 – PROHIBITED TRANSACTIONS

Retirement Plan contributions withheld from an employee's pay are considered Plan assets by the Department of Labor (DOL) at the time those contributions can reasonably be segregated from the Plan Sponsor's general assets. In no case can this be later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. If a Plan Sponsor has demonstrated the ability to fund contributions within a few days of payroll, the DOL could consider all contributions funded past that date as late, which is considered a prohibited transaction. As of December 31, 2021 the Plan had untimely remittances in the amount of \$73,517.
