Independent Auditor's Report

Board of Trustees
H&E Equipment Services, Inc. 401(k) Profit Sharing Plan
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about H&E Equipment Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about H&E Equipment Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

H&E Equipment Services, Inc.
401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021

Note 1-Description of Plan

The following description of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all active, full time employees of H&E Equipment Services, Inc. (the “Company”) and any subsidiary or affiliate which is a member of its related group which has adopted the Plan. Other companies who have adopted the provisions of the Plan are: H&E Equipment Services (Mid-Atlantic), Inc., Great Northern Equipment, Inc., and H&E Equipment Services (California), LLC. The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established to provide employees with an opportunity to accumulate funds for retirement.

Effective September 3, 2021, \$322,929 of assets were transferred out of the Plan to the Manitowoc Company 401(k) Plan as a result of two Arkansas branches being acquired by Manitowoc Company. The Plan was amended, effective September 27, 2021, stating that participants impacted by the acquisition by Manitowoc Company and participants who were affected by the branch closures in Arkansas shall be 100% vested regardless of years of service.

B. Contributions

Participant Contributions

A participant may elect to contribute in the aggregate from one percent (1%) to eighty percent (80%) of earned compensation as a pre-tax and/or designated Roth contribution. Unless an election to contribute zero percent (0%) of compensation is made, employees shall be deemed to have elected to defer four percent (4%) of their compensation as a pre-tax contribution.

Company Contributions

Matching company contributions are made to the accounts of participants who make employee salary deferrals to the Plan. The Company will make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. However, any salary deferrals that are “catch-up contributions” will not be matched. Matching company contributions are credited to the participant's Basic Match subaccount. For the year ended December 31, 2021, the Company matched up to 5% of eligible compensation, not to exceed \$6,500 per participant.

Profit Sharing Contributions

Benefits under the Plan are provided by contributions made by the Company and the employees who become participants in the plan. The Company may make profit sharing contributions (without regard to current or accumulated profits) at the discretion of the Company's board of directors for any plan year. No profit-sharing contributions were made for the year ended December 31, 2021. Profit sharing contributions made by the Company are allocated to the Basic Profit-Sharing subaccount of each eligible participant based on the pro-rata compensation of all participants.

Note 1-Description of Plan (Continued)

C. Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching and profit-sharing contributions plus Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All funds are participant-directed.

D. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

<u>Years of Service Credit</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

E. Notes Receivable from Participants

Participants may borrow from their fund accounts. The amount of a loan shall not exceed the maximum amount that may be treated as a loan under Internal Revenue Code Section 72(p) (rather than a distribution) to the participant and shall be equal to the lesser of (a) \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the new loan is made, or (b) the greater of (i) one-half of the Member's Vested Account or (ii) \$10,000 reduced by any outstanding loan balance on the date the new loan is made. Each loan bears a reasonable fixed rate of interest as determined by the Loan Administrator. Loan repayments are amortized in level payments, not less frequently than quarterly, over a period not exceeding five years from the date of the loan. However, if the loan is for the purchase of a principal residence, the Loan Administrator may permit a longer repayment term.

F. Payment of Benefits

On termination of service due to retirement, death, or permanent disability, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account, or annuity payments over a fixed period.

G. Forfeitures

Generally, when a participant terminates participation in the Plan, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce the company's matching contributions for the plan year. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$473,690 and \$593,313, respectively. During 2021 and 2020, \$539,641 and \$337,680, respectively, of forfeited participant accounts were used to reduce the Company's contributions.

Note 2-Summary of Significant Accounting Policies

A. Basis of Accounting

The accompanying financial statements are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in FASB Accounting Standards Codification (ASC) 962, *Plan Accounting - Defined Contribution Pension Plans*, investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from plan net assets during the reporting period. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, including interest earned on notes receivable from participants, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Generally, contract value of the Voya Fixed Account, which is a fully benefit-responsive investment contract, is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to market value adjustments in connection with contract holder directed withdrawals or under limited circumstances for certain in-service participant withdrawals. The fair value of the Voya Fixed Account which consists of an underlying guaranteed investment contract (GIC) owned by the Plan is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

D. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based on the terms of the Plan document.

E. Payment of Benefits

Benefits are recorded when paid.

Note 2-Summary of Significant Accounting Policies (Continued)

F. Operating Expenses

General Plan operating expenses, such as legal fees and administrative costs, have generally been paid for directly by the Company. Fees specific to the participant's investment selections and accounts, such as loan fees and managed account fees, are charged against that participant's account balance.

Note 3-Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the quoted net asset values of the shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3-Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Fair Value Measurement			Total
	Level 1	Level 2	Level 3	
December 31, 2021				
Mutual funds	<u>\$ 144,827,800</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 144,827,800</u>
December 31, 2020				
Mutual funds	<u>\$ 136,240,854</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 136,240,854</u>

Note 4-Guaranteed Investment Contract with Insurance Company

As of December 31, 2021 and 2020, the Plan maintained one GIC-related investment option, the Voya Fixed Account issued by VRIAC (a party-in-interest). The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC Topic 962, *Plan Accounting – Defined Contribution Pension Plans*. As of December 31, 2021 and 2020, the contract value of the investment in the Voya Fixed Account was \$10,010,538 and \$12,666,510, respectively.

The crediting interest rate to participants for the contract as of December 31, 2021 was 1.00%. The guaranteed minimum crediting interest for the contract for the year ended December 31, 2020 was 1.00%. VRIAC makes this guarantee, and although VRIAC may credit a higher interest rate, the credited rate will not fall below the lifetime guaranteed minimum of 1.00%.

VRIAC's determination of credited interest rates reflect a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

VRIAC has the option to payout 100% of the current value of the contract after completion of five contract years.

As described in Note 2, because the Voya Fixed Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Voya Fixed Account. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Voya Fixed Account at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Note 5-Tax Status

The IRS has determined and stated by a letter dated June 30, 2020, that the prototype plan under which the Plan was adopted, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and exempt from taxation as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6-Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7-Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was prepared by or derived from information provided by Voya Retirement Insurance and Annuity Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears in the financial statements and supplemental schedule related to the following:

- Investments in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividends, and interest in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of assets (held at end of year) as of December 31, 2021.

Note 8-Party-in-Interest Transactions

Certain plan investments are shares of mutual funds that were managed by the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Custodial fees of the Plan were paid by the Plan and are presented on the statement of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions. Custodial fees paid to Voya Retirement Insurance and Annuity Company, which are included in administrative expenses, were \$375,017 for the year ended December 31, 2021.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Note 10-Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11-Subsequent Events

Management of the Plan evaluated subsequent events through October 3, 2022, the date the financial statements were available to be issued. As a result, management noted no subsequent events that required adjustment to, or disclosure in, these financial statements.

Independent Auditor's Report

Board of Trustees
H&E Equipment Services, Inc. 401(k) Profit Sharing Plan
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about H&E Equipment Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about H&E Equipment Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

H&E Equipment Services, Inc.
401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021

Note 1-Description of Plan

The following description of H&E Equipment Services, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all active, full time employees of H&E Equipment Services, Inc. (the "Company") and any subsidiary or affiliate which is a member of its related group which has adopted the Plan. Other companies who have adopted the provisions of the Plan are: H&E Equipment Services (Mid-Atlantic), Inc., Great Northern Equipment, Inc., and H&E Equipment Services (California), LLC. The Plan is intended to be a qualified retirement plan under the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established to provide employees with an opportunity to accumulate funds for retirement.

Effective September 3, 2021, \$322,929 of assets were transferred out of the Plan to the Manitowoc Company 401(k) Plan as a result of two Arkansas branches being acquired by Manitowoc Company. The Plan was amended, effective September 27, 2021, stating that participants impacted by the acquisition by Manitowoc Company and participants who were affected by the branch closures in Arkansas shall be 100% vested regardless of years of service.

B. Contributions

Participant Contributions

A participant may elect to contribute in the aggregate from one percent (1%) to eighty percent (80%) of earned compensation as a pre-tax and/or designated Roth contribution. Unless an election to contribute zero percent (0%) of compensation is made, employees shall be deemed to have elected to defer four percent (4%) of their compensation as a pre-tax contribution.

Company Contributions

Matching company contributions are made to the accounts of participants who make employee salary deferrals to the Plan. The Company will make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. However, any salary deferrals that are "catch-up contributions" will not be matched. Matching company contributions are credited to the participant's Basic Match subaccount. For the year ended December 31, 2021, the Company matched up to 5% of eligible compensation, not to exceed \$6,500 per participant.

Profit Sharing Contributions

Benefits under the Plan are provided by contributions made by the Company and the employees who become participants in the plan. The Company may make profit sharing contributions (without regard to current or accumulated profits) at the discretion of the Company's board of directors for any plan year. No profit-sharing contributions were made for the year ended December 31, 2021. Profit sharing contributions made by the Company are allocated to the Basic Profit-Sharing subaccount of each eligible participant based on the pro-rata compensation of all participants.

Notes to Financial Statements

Note 1-Description of Plan (Continued)

C. Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching and profit-sharing contributions plus Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All funds are participant-directed.

D. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

<u>Years of Service Credit</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

E. Notes Receivable from Participants

Participants may borrow from their fund accounts. The amount of a loan shall not exceed the maximum amount that may be treated as a loan under Internal Revenue Code Section 72(p) (rather than a distribution) to the participant and shall be equal to the lesser of (a) \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the new loan is made, or (b) the greater of (i) one-half of the Member's Vested Account or (ii) \$10,000 reduced by any outstanding loan balance on the date the new loan is made. Each loan bears a reasonable fixed rate of interest as determined by the Loan Administrator. Loan repayments are amortized in level payments, not less frequently than quarterly, over a period not exceeding five years from the date of the loan. However, if the loan is for the purchase of a principal residence, the Loan Administrator may permit a longer repayment term.

F. Payment of Benefits

On termination of service due to retirement, death, or permanent disability, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account, or annuity payments over a fixed period.

G. Forfeitures

Generally, when a participant terminates participation in the Plan, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce the company's matching contributions for the plan year. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$473,690 and \$593,313, respectively. During 2021 and 2020, \$539,641 and \$337,680, respectively, of forfeited participant accounts were used to reduce the Company's contributions.

Note 2-Summary of Significant Accounting Policies

A. Basis of Accounting

The accompanying financial statements are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in FASB Accounting Standards Codification (ASC) 962, *Plan Accounting - Defined Contribution Pension Plans*, investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from plan net assets during the reporting period. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, including interest earned on notes receivable from participants, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Generally, contract value of the Voya Fixed Account, which is a fully benefit-responsive investment contract, is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to market value adjustments in connection with contract holder directed withdrawals or under limited circumstances for certain in-service participant withdrawals. The fair value of the Voya Fixed Account which consists of an underlying guaranteed investment contract (GIC) owned by the Plan is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

D. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based on the terms of the Plan document.

E. Payment of Benefits

Benefits are recorded when paid.

Note 2-Summary of Significant Accounting Policies (Continued)

F. Operating Expenses

General Plan operating expenses, such as legal fees and administrative costs, have generally been paid for directly by the Company. Fees specific to the participant's investment selections and accounts, such as loan fees and managed account fees, are charged against that participant's account balance.

Note 3-Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the quoted net asset values of the shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3-Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Fair Value Measurement			Total
	Level 1	Level 2	Level 3	
December 31, 2021				
Mutual funds	<u>\$ 144,827,800</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 144,827,800</u>
December 31, 2020				
Mutual funds	<u>\$ 136,240,854</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 136,240,854</u>

Note 4-Guaranteed Investment Contract with Insurance Company

As of December 31, 2021 and 2020, the Plan maintained one GIC-related investment option, the Voya Fixed Account issued by VRIAC (a party-in-interest). The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC Topic 962, *Plan Accounting – Defined Contribution Pension Plans*. As of December 31, 2021 and 2020, the contract value of the investment in the Voya Fixed Account was \$10,010,538 and \$12,666,510, respectively.

The crediting interest rate to participants for the contract as of December 31, 2021 was 1.00%. The guaranteed minimum crediting interest for the contract for the year ended December 31, 2020 was 1.00%. VRIAC makes this guarantee, and although VRIAC may credit a higher interest rate, the credited rate will not fall below the lifetime guaranteed minimum of 1.00%.

VRIAC's determination of credited interest rates reflect a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

VRIAC has the option to payout 100% of the current value of the contract after completion of five contract years.

As described in Note 2, because the Voya Fixed Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Voya Fixed Account. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Voya Fixed Account at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Note 5-Tax Status

The IRS has determined and stated by a letter dated June 30, 2020, that the prototype plan under which the Plan was adopted, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and exempt from taxation as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6-Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7-Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was prepared by or derived from information provided by Voya Retirement Insurance and Annuity Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears in the financial statements and supplemental schedule related to the following:

- Investments in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividends, and interest in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of assets (held at end of year) as of December 31, 2021.

Note 8-Party-in-Interest Transactions

Certain plan investments are shares of mutual funds that were managed by the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Custodial fees of the Plan were paid by the Plan and are presented on the statement of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions. Custodial fees paid to Voya Retirement Insurance and Annuity Company, which are included in administrative expenses, were \$375,017 for the year ended December 31, 2021.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Note 10-Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11-Subsequent Events

Management of the Plan evaluated subsequent events through October 3, 2022, the date the financial statements were available to be issued. As a result, management noted no subsequent events that required adjustment to, or disclosure in, these financial statements.
