With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Participants and the Administrator
New England Life Care, Inc. 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of New England Life Care, Inc. 403(b) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (GAAP).
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NEW ENGLAND LIFE CARE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of New England Life Care, Inc. 403(b) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more information.

General

The Plan is a defined contribution plan sponsored by New England Life Care, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Transamerica Retirement Solutions Corporation (Transamerica) became the Custodian of the Plan on January 1, 2021 when all assets were transferred from Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual was the custodian of Plan assets until December 31, 2020.

Eligibility

Employees are eligible for participation in the Plan immediately upon their hire date.

Contributions

The Company matches 50% of participant's voluntary contribution for the first 10% of compensation.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's and employer's contributions and an allocation of investment income, and charged with an allocation of the investment gains and losses and certain administrative expenses. Allocations are based on participants' earnings or account balances, as defined. All contributions to the Plan are participant-directed.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and are presented in conformity with U.S. generally accepted accounting principles (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for disclosures of fair value measurements.

NEW ENGLAND LIFE CARE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

The Plan permits participants to take a note receivable from the Plan. Participants may borrow up to 50% of their individual account balance. The minimum note is \$1,000. All notes will bear an interest rate of prime plus 2% and are to be repaid within five years unless the note is for a mortgage. Mortgage notes have a maximum maturity of thirty years. Participants are limited to one note outstanding at any given time.

Vesting and Forfeited Accounts

Effective January 1, 2016, the vesting schedule for the Company matching contribution changed from a one-year cliff vesting schedule to a four-year graded schedule.

One year of service	25% Vested
Two years of service	50% Vested
Three years of service	75% Vested
Four years of service	100% Vested

Any employees hired prior to January 1, 2016 will remain on the one-year cliff vesting schedule. Employees hired prior to January 1, 2012 are 100% vested in their matching contributions account at all times. Employees are immediately vested in all deferrals. During 2021, \$18,135 of forfeitures were used to offset Company contributions; however, a balance of \$25,880 and \$30,393 remained in the forfeiture account at December 31, 2021 and 2020, respectively.

NEW ENGLAND LIFE CARE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Subsequent Events

Management has considered transactions or events occurring through October 7, 2022, which was the date that the financial statements were available to be issued.

3. Investment Contract with Insurance Company

The Plan is invested in a Transamerica Retirement Solutions Corporation Guaranteed Investment Option Account (GIA), which is the general investment account investment option for defined contribution plans provided through a group annuity contract. Under the terms of the contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Contract value is often referred to as book value. Transamerica considers this investment option to be fully benefit responsive notwithstanding the contract provisions that limit the ability of the Plan to transact at contract value when a market value event occurs. Such events may include: removal from the plan of one or more groups or classifications of participants; partial or complete plan termination; or plan disqualification.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield earned is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value. The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the Plan year by the average annual fair value. The average yield earned by the Plan and the average interest rate credited to participants is the same, therefore, no adjustment is needed. The average crediting rate was 1.30% and 1.50% in 2021 and 2020, respectively.

4. Information Prepared and Certified by Transamerica

The investments, notes receivable from participants, investment transactions, net appreciation in fair value of investments, and interest and dividends were obtained by management and agreed to or derived from the information certified by Transamerica, the custodian, as complete and accurate. This information is included in the following:

Statements of Net Assets Available for Benefits
Statement of Changes in Net Assets Available for Benefits
Schedule H, line 4i – Schedule of Assets (Held at End of Year)
Note 3 in the Notes to Financial Statements

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Fair Value Measurement

The Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020:

Mutual funds: Valued at quoted market prices of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investment, at fair value, are held in mutual funds and are Level 1 investment with fair values of \$23,510,273 and \$21,877,062 as of December 31, 2021 and 2020, respectively.

NEW ENGLAND LIFE CARE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

7. Tax Status

The Internal Revenue Service has determined and informed by letter, dated March 31, 2017, that the Plan, a volume submitter, is designed in accordance with Section 403(b) of the Internal Revenue Code (IRC) and the regulations issued thereunder. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Party-in-Interest Transactions

Certain Plan investments are managed by Transamerica Retirement Solutions, the Plan's custodian and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to Transamerica Retirement Solutions by the Plan were \$48,211 for the year ended December 31, 2021.
